HOW TO READ YOUR ASTRO CALENDAR REPORT

The AstroCalendar report from World of Wisdom enables you to plan your moves for a period of three months and to perfect your timing in your love life, your relationships and your career. This report is based on the movement of the planets in this period in relation to your birth horoscope (which is shown as a full color wheel at the beginning of the report). Transits of all the planets - Sun, Moon, Mercury, Venus, Mars, Jupiter, Saturn, Uranus, Neptune and Pluto - are mapped, and the precise influence of these contact to your birth chart is described in a short and concise text.

However, it is not enough to read about an influence. What is important is to know how to act. There are times when it is crucial to take action, and times when it is wise to keep a low profile or remain passive. In relationships, sometimes you need to powerfully defend your position, at other times it helps to know when you may be on the wrong track. The AstroCalendar report helps you by imagining what kind of questions you might ask yourself as a result of the astrological influence. And providing answers.

What would happen for example, if the planet of love, Venus, came to conjoin Mars in your horoscope? The AstroCalendar report describes this influence in this way:

Love and Excitement: You are turned on today. Dance, romance and make love. Be assertive and forget the finer sensibilities for a while. Enjoy your desires.

It then goes on to suggest that you may ask the question: Is it OK to flirt? and the answer is clearly: If you don't flirt today, you'll never flirt. The suggestion of sex definitely spices up life, and today you should be thinking about how to be more alive..

By using a question and answer technique in the reports (there are three questions and three answers for each influence) you, the reader, have to really think about what you are feeling, and if you are in doubt, then the answers will enable you to follow what you unconsciously know is the right path. In this way you can use the report to plan ahead, avoiding days when negative trends decrease your chances of success, and making the most of days that are astrologically favorable for you.

Whilst this report shows trends that last from just one day to several months, it is important to also understand your personal birth chart in depth. If you have not already had one made, it is really worth ordering World of Wisdom's Birth Horoscope report. This describes your character in detail, both in relationships and in your career, and it also contains a more detailed description of long-term trends that are affecting your life in the years ahead. If you would like to learn more about your horoscope, a concise description of the planets, signs, aspects and houses is included at the end of this report.

Some things to remember when you read your report: Some things to remember when you read your report:

Your birthday: The program registers when the Sun returns to the exact place it was when you were born. In some cases this can happen on the day before or after your official birthday!

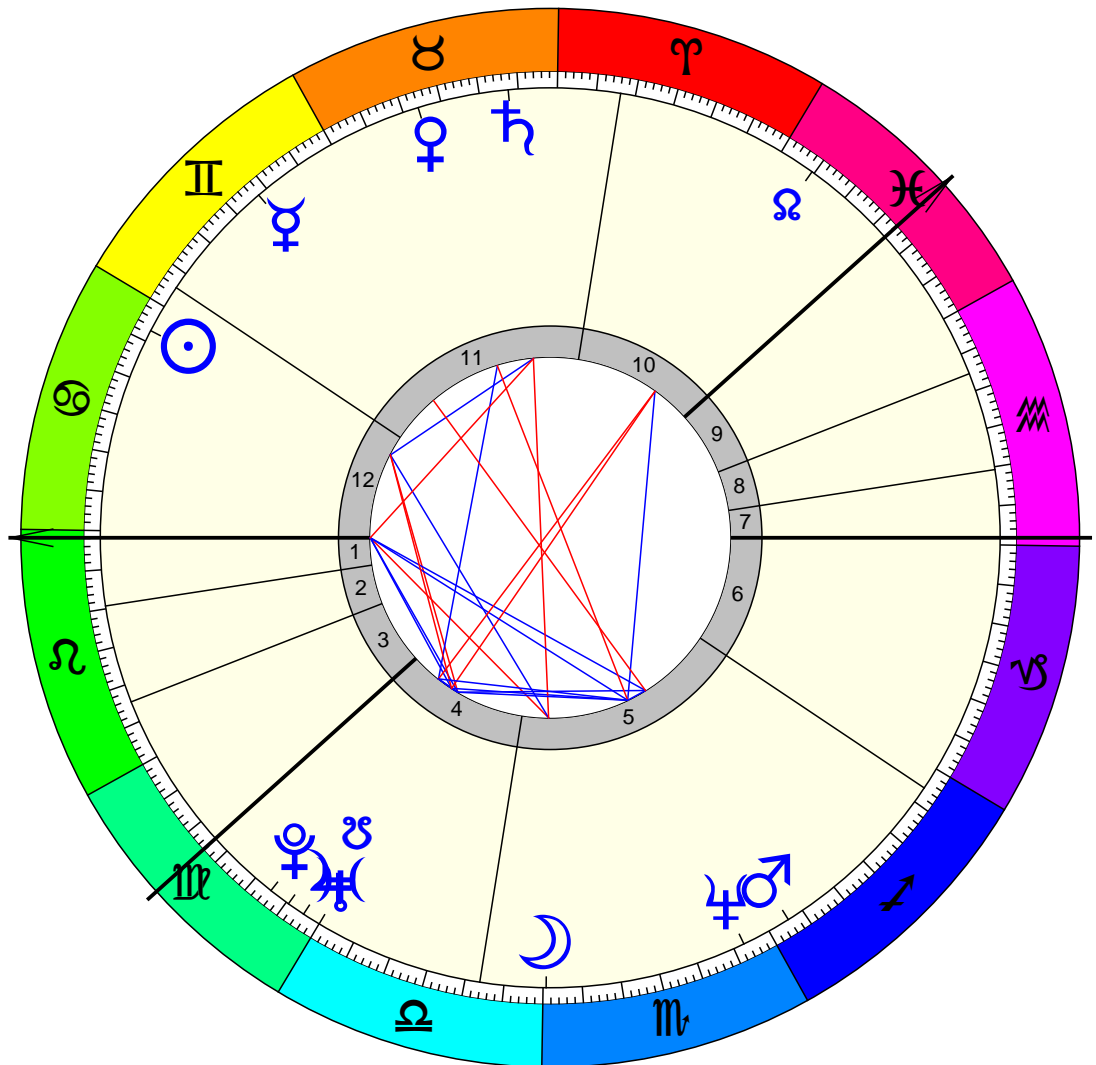

If you find there are days when there are no influences, this is because no planets activate your birth horoscope that day (although the Moon will).

The influence of the Sun, Mercury, Venus and Mars is very transient, whilst that of Jupiter, Saturn, Uranus, Neptune and Pluto can last many months. All the interpretations take this time element into consideration.

Retrograde movement: Occasionally the planets appear to stop and move backwards (owing to their relative movement in relation to that of the Earth). This can mean that the same influence will be shown more than once in the report.

Transiting Sun positive your Mercury

CREATIVE COMMUNICATION: You're feeling pretty clever today, and you also want to be on the move. So meet people, or grab the phone, and get your message across.

Is what I've got to say important?

It's important to you, and if you want to make an impact, make sure your voice is heard. Use all your charm, humor and skill to make your influence felt.

Should I travel first class, or second class?

Sell yourself as high as you can. The best way to do this is to create a good impression. Take the first class option.

Should I do things myself, or delegate?

Don't get bogged down in details. Use your connections. There are skilled people just waiting to be of service.

01-04-2017

Transiting Mercury challenges your Moon

CONFUSED BY FEELINGS: Feelings overwhelm you... home and family are uppermost in your mind. If you're smart, you'll know what makes your unconscious tick.

Should I tell people how I feel?

Only if you can express yourself clearly and concisely - otherwise people will feel you are maudlin, or just rambling. It's no use saying the first thing that comes into your head.

How can I handle my worries?

Thoughts come today, and are gone tomorrow. Worrying is just a reflex activity of the mind - it makes no difference whatsoever. Kick the habit!

Is it OK to gossip sometimes?

People do it, but it just muddies the mind. You may be tempted by tongue-wagging today, but the same tongues may also wag about you later.

Transiting Venus positive your Ascendant

PLEASURES IN LIFE: Nice people let you know that life has its blessings. This evokes your loving side. Take time off together with a loved one and enjoy.

How can I get my love life to blossom?

Express yourself. Social get-togethers make life fun. Dancing and art is one option, travel another. Do something creative.

Are appearances important?

Appearances can be crucial. Spend money on your looks and work on your personal style. Be irresistible.

Will things go smoothly?

This is a time when people are well disposed towards you. The more friendly and charming you are, the more others will bless you.

Transiting Mercury challenges your Ascendant

THOUGHTS UPSET BALANCE: Perhaps you would enjoy a change of place or change in viewpoint, but this might require careful explanation in relation to others.

Should I get out and about, even if this means upsetting others' plans?

It's good to get out of a rut, even if this means discussions and disagreement. What is important is that you get out and seek mental stimulation.

Is it a day to travel or stay at home?

Just as long as you are active on the phone or through other means of communication, you don't need to travel. But it's a good idea to have a change of scenery.

Should the emphasis be on business or relationships?

It's good to touch base in family relationships right now, but otherwise business should take priority over your personal life.

02-04-2017

Transiting Neptune conjoins your Midheaven

TAKE TIME OFF: Career initiatives run into mud. Your goals are empty. First, know what you don't want to do, then go for that dream of what you do want to do.

How can I keep my job?

Are you really, really sure you want to? Do you go off to work whistling happily? If your work is not meaningful to you or others, it's better to let it go and drift for a while.

How can I find more meaning at work?

If you have a social motivation, you can find meaning. If you can work creatively, with images and visions, then you might be satisfied. You don't have a duty to rot at work.

How can I maintain security for my family?

Those close to you should have your best interests at heart, and accept any changes you may wish to make at work. This may mean a chaotic family situation for a period.

03-04-2017

Transiting Venus challenges your Uranus

ROMANTIC RISKS: You're tempted to cross boundaries today. Risks in love bring excitement but no security. An experiment may be called for to reduce distance.

Should I make a sudden move in a relationship?

It's not wise. The urge for independence is strong, but there can be regrets. Take a day off from the demands of love, and meet some interesting and exciting people.

How are new people who come into my life today?

Those you meet today are on the fringe. There is an aura of unreliability. This may not be safe. Amazonian women declare their rights, but protest too much.

How should I handle restlessness?

Do something different today, and meet new people. Unusual social environments will stimulate you, but also remind you of the value of what you already have.

04-04-2017

Transiting Mars conjoins your Venus

TEMPTATION: Objects of desire transfix you. Whether it's love, sex or material matters, how can you resist? Don't blow amorous moves by being coarse.

If someone makes a pass at me, what should I do?

If you're free at heart, then what are you waiting for? You don't always have to go through all the preliminaries. Don't take offence if someone finds you desirable.

Should I take the initiative in a relationship?

Wait no longer. Someone must take action. If your heart is on fire, stop beating around the bush, and declare your passion. Platonic love has had its day.

How can I cope with disruption in my love life?

Nature designed your body specifically for this eventuality. Banish argument, reason and mental games - the bedroom's the place to sort out your differences.

05-04-2017

Transiting Mercury positive your Sun

EXPRESSING YOURSELF: Make sure people get to know the real you. Visit important people, and promote yourself confidently and humorously. Be seen and heard.

Can I expect to be popular today?

You can. The words that come out of your mouth miraculously command attention. You seem to find the right combination of levity and clarity.

Should I give audience to people?

Yes, people seek you out because they respect you. And maybe they have an idea or two you can benefit from. You'll work best in a team today - help is at hand from others.

Should I travel in style?

Today you should treat yourself to first class. Who knows who you might meet? Sometimes impressions speak louder than words.

09-04-2017

Transiting Venus challenges your Jupiter

COMPROMISED JUDGMENT: Appetites are strong, and this could prove costly. Though you're convinced your choices are right, it's doubtful your credit stretches this far.

Shall I spend lots of money today?

Your extravagance peaks today, whilst your judgment is swayed by sensory desire. Don't spend money on people and things that are not worth it.

Should I give in when I know better?

You can be persuaded! Charming people appeal to your tolerance and generosity, and how can you resist? Still, avoid investing in something which is not to your taste.

Should I expect extra expenses today?

High costs can sometimes not be avoided, especially when traveling. You may need to spend more than you wish to smooth the path.

10-04-2017

Transiting Mars positive your Pluto

SHOW YOUR STRENGTH: You find incredible reserves of energy. It's the removal of blockages. Eliminate bad habits. Take something old and completely transform it.

Should I be flexible, or should I be firm?

If flexible means letting others have their way, don't. Now's the time to assert your will and push through projects, even if it means a show of force.

How can I best express my erotic needs?

It's a day when you are connected to primeval urges. If you can transform desire into a love that binds the soul, then the deepest sexual transformation can occur.

Do I have the energy to survive current challenges?

Your strength is superhuman now. If you mobilize your willpower, there is nothing you cannot achieve. Take whatever steps necessary to remove blockages

in your path.

14-04-2017

Transiting Mars positive your N.Node

GOING FOR IT: Sometimes you know when you're on the right path. People you meet show you the way, so give full power to your efforts to make progress.

Can I expect events to proceed smoothly today?

Probably not. There is a test of strength, especially in group ventures. Nobody gets anywhere without a certain degree of assertiveness.

How can I make progress in life?

Use your skills from the past, but channel them into activities connected with what you really desire for yourself in the future. Fight for what you want.

How should I integrate my sexuality into my life?

Desire can be a driving force. Lust for life and lust for sex can be equated. This is not the time to apply restraint.

15-04-2017

Transiting Mercury positive your Sun

EXPRESSING YOURSELF: Make sure people get to know the real you. Visit important people, and promote yourself confidently and humorously. Be seen and heard.

Can I expect to be popular today?

Should I give audience to people?

Yes, people seek you out because they respect you. And maybe they have an idea or two you can benefit from. You'll work best in a team today - help is at hand from others.

Should I travel in style?

Today you should treat yourself to first class. Who knows who you might meet? Sometimes impressions speak louder than words.

16-04-2017

Transiting Mars challenges your Neptune

IN THE MIRE: Only unselfish action has a chance of success. You stray off the straight and narrow. There is confusion, possibly subterfuge. Passivity pays off.

Can I trust what's going on?

If you smell a rat, there's a sewer around. Somewhere there is dirty business. Make sure your hands are

clean.

Should I give in to temptation?

Not today! Immorality has a subtle price. Words and actions are undermined in the struggle to keep up appearances.

How can I express my sexual needs?

Routine or mechanical sex does not satisfy you. Forget about desire for the body, and research the seductive recesses of the soul. You can bend a lot of rules today.

18-04-2017

Transiting Mars positive your Jupiter

ENERGY AND ENTHUSIASM: Your most positive side is activated, and in this state how can you fail? Make brave moves to broaden your horizons. Travel and learn.

What kind of performance can I expect from myself now?

Your very, very best. Believe completely in yourself and your abilities. Let everybody know that you are a winner, and act accordingly.

What are my strongest cards?

You have the physical strength to carry things through, and the intellectual strength to convince others your way is the right way. This is a very persuasive combination.

What if something unforeseen happens?

This is not the time for any doubts whatsoever. Nothing can go wrong. You are a winner. Believe in yourself and others will believe in you.

Transiting Saturn challenges your Jupiter

DOWN TO REALITY: Unrealistic hopes are dashed in this period. Far better to put a brake on expansion than to discover you're overextended in the months ahead.

How can I build up prosperity?

You are suffering from the consequences of unrealistic expectations. The antidote is to work on improving what you have. Be guided by the voice of experience, not hope.

Can I trust my judgment?

Be guided by those who have trodden the path. Your judgment is unreliable in this period. It's the realities in society that rule, so don't get worked up about injustice.

How can I rebuild my faith?

Slow and steady is the way to go. When the path ahead is impeded, learn about the hindrance. If everything went your way, your faith in yourself would

never be tested.

Transiting Sun challenges your Moon

BE AWARE OF YOUR EMOTIONS: Unconscious and instinctual behavior surfaces today, and it's not something to be proud of. Guard against childishness.

Should I be guided by my feelings?

Make sure you rule your feelings - don't let them rule you. You know what's mature and what's immature.

Choose the former.

Should I put my family first?

If you put your family first, you'd still be with Mom and Dad.

How should I balance my needs with the needs of those dependent on me?

Those close to you feel uncomfortable when you change, but they choose you because of who you are. Be true to yourself, and you'll never disappoint them.

Transiting Sun challenges your Ascendant

AUTHENTICITY OR COMPROMISE: The focus is on you, but family and career needs are paramount. Your country needs you! But don't blow it by being selfish.

How do I reconcile worldly demands with my need for personal growth?

It's a question of balance. You'll never get away from life's commitments, invest your prestige in doing your best, and personal growth comes automatically.

What if my aims create tension in partnership?

You have to be true to yourself. Those who really value you, value you for who you are. Partners must adjust to what's important for you right now.

Not right now. Break out of your shackles and express what is unique in you. Surprise yourself and surprise others by acting out your unconventional side.

Foreign influences should have highest priority. This could mean sudden long-distance travel. Don't be stuck in a rut, whatever you do, do something different.

You're far too impulsive and unreasonable right now. Wait a day or so before you do anything drastic. Why not start something new and exciting as a distraction?

Why are other people so impossible?

You're feeling alienated and something of an outsider. Try meeting some really weird people and you'll feel better!

Transiting Mercury challenges your Uranus

FOOT IN MOUTH: There is no virtue in being provocative. You feel alienated, and the lines of communication are broken. Differentiate between genius and madness.

As hard as you try, you are unlikely to succeed with diplomacy. You may try shock tactics, but this just brings disruption. Perhaps it's better to go off alone, and experiment with something different.

Will travels and communication run smooth today?

It is very unlikely. Disruption happens when you least expect it. Perhaps this is what happens when you rely too much on technology. Take things as they come without expectation.

Why am I misunderstood?

Ask yourself rather whether you have made any effort to attune yourself to the thinking of others. If you can't enroll others, then your ideas will come to nothing.

Education is the key to career success, so make sure you avail yourself of opportunities for self-improvement, such as business courses.

Transiting Sun positive your Saturn

WELL TIMED PLANS: Make important agreements today, and they will have a long-lasting effect. Self-discipline and determination now bring great results later.

Should I find short-term solutions, or take a long-term view?

Plan ahead. Think in terms of years. First of all prioritize what you need to achieve in your life, then move forward a step at a time.

What is the right attitude to setbacks now?

There are no problems... just challenges. Setbacks are valuable because they harden your resolve and force you to concentrate. This creates the foundations for a solid future.
