Dear Sónia,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

As you enter your 38th year there is a sense of exotic promise. New experiences are awaiting on the horizon, but you may not know what they are to be as yet. After a period of effort and measured growth, the urge is now to pull out all the stops and expand your horizons. It may seem as if your local environment cannot supply the inspiration that you need, in which case you may start investigating possibilities farther afield. There is a growing sense that meaning is more important than achievement, and therefore a need to expand on the new circle of acquaintances you acquired last year to attain personal growth and consciousness change.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around December - 2017 and will ebb out

around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

Opportunities for Success

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 38. Three very important issues that make this year special are:

- A period of intense mental activity which easily leads to exhaustion. Old ideas that you have fixated on prove to be useless, but letting go of them is a painful process. In relationships you tend to go on and on about issues without finding catharsis. Psychological insight dawns.
- A time that evokes a sense of confusion about what you want to do. Decisiveness is undermined, energy is dissipated. Sexually there can be listlessness and a longing for more magic. Above all it is difficult to be inspired by routine work. Longing leads to a new creativity.
- You expand your skills and mental horizons, and have success in educational and communication ventures. This may bring travel and a growth in your personal network. You associate with people who think as you do, and together you can pursue a shared agenda.
