Birth Report

Dear ohn kyaw,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Sun Conjunction Pluto". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

Early personal experiences have made you sensitive about your identity, and anxious about self-esteem. However this means, paradoxically, that you often overwhelm others with your presence. Thus you tend to be a dominating figure in intimate relationships. You need a partner who is not superficial and who shares your intense approach to life. To achieve harmony here you should relax instead of asserting yourself, otherwise relationships will become very exhausting. It is important to realise that power battles are related to inner fears about your identity. Women with this influence will often be attracted to a dominating man, only to find that he does not match her own strength which was acquiring through trying times in childhood. More intimacy can be achieved by daring to show vulnerability.

How this influence affects your professional life:

It is important for you to make a strong impression on people, and you invest a lot of energy in this - more than you are aware of. Much can be gained by toning down your personal energy. You are suited to positions requiring the use of power and psychological insight.

Whatever you do, you like to be deeply - sometimes fanatically - involved. This may often lead to battles of will, and you tend to win, basically because you cannot contemplate personal defeat. More flexibility would actually benefit you and help you avoid tiring power games. Personal power is a natural asset - as you will discover after a number of significant personal crises which lead to a revaluation of your role. These crises are centred around achievement at all costs, or fanatical attachment to a particular role which outlives its meaning for you. When you learn to tone down your sensitivity about self-esteem, and invest your considerable willpower into projects which really mean something to you, and to others, you can achieve success. You may have a talent for psychology or dealing with the powers of the unconscious.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Uranus Trine Mercury". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

During this inspiring period, you should grasp opportunities to drop activities which bore you, and start learning new things which keep you up to date with modern trends. Many inventive ideas pop up into your mind now, and you have to find people to share them with. You will be impatient with people with entrenched ideas and opinions, and you may feel the urge to provoke others into thinking in new ways. This impatience can bring tension and misunderstanding in relationships, in which case you should associate with people with whom you can

communicate and share your visions. Time moves fast in this period, and you too may be on the move, travelling and meeting people. Avail yourself of new transport opportunities, buy yourself a car, or hop on a plane. Develop language talents, and immerse yourself in new technological developments, particularly as regards communication. Enrol on consciousness-raising courses, or get involved in grass-roots movements. There are very few times in your life when you will be so mentally open to radically new ideas,

How this influence affects your professional life:

This is a period of great mental inspiration and excitement. To attain professional success now it is essential to think in new channels, and not allow yourself to be limited by conventional ideas or "the voice of experience". It is the new and untraditional that brings success, so experiment, invent and surprise people. If you are involved in a long and boring period of education or training, then you are in trouble. Mental restlessness at this time will incline you to abandon traditional teaching and seek new ideas which will stimulate your imagination. You will learn best in experiential groups or by yourself. This is an excellent time for improving New Age interests - particularly astrology. It is a time to travel and meet different kinds of people, and a good period to learn or use another language. You should modernise communication systems now, improve computer capacity and generally hook into networks which unite people. As far as contacts and agreements are concerned, this period is rather unpredictable. Being tied down or committed to time schedules does not suit your needs at this time.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
