Birth Report

Dear tania ,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mars Conjunction Neptune". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

There is no doubt that moral issues are a big challenge for you in your life. Early experiences may have inclined you to be wary of acting spontaneously and openly, and this can give rise to great misunderstandings and often deceit in relationships. Women with this aspect will often find themselves getting attracted to men who disappoint them, perhaps through lying or being unfaithful, or through alcohol misuse. Men have problems regulating their material and sexual appetites. Women are attracted to creative, artistic or spiritual men, who fulfil their inner need to also develop these qualities. Whilst falling for a sensitive man however, there is paradoxically a fear of weaknesses in the male. An exaggerated focus on these supposed weaknesses and a fear of being lied to by the man actually causes the man to conceal his true desires and needs. This can result - in extreme cases - in a double life. The man with this influence cannot find satisfaction in simple material and sexual gratification, no matter how hard he tries - and he tries hard. Happiness comes when both sexes learn that satisfaction is only to be found in creative or spiritual goals - partnership will not in itself provide it. Dissatisfaction has to be seen as a divine discontent which drives the person to higher achievements.

How this influence affects your professional life:

Learning to be motivated and being able to define what you really want to do is one of the greatest challenges for you. You have many talents, especially on the creative side, and these can express themselves in advertising and marketing, matters concerning body energies (for example healing and massage), and many other areas - including social care. Paradoxically you have high ideals, yet may get involved in ethically questionable ventures. You can be driven by a nagging dissatisfaction connected with the meaning of what you are doing, and you thrive best when you work creatively or for a cause which transcends material interests. Doing something you believe in is what motivates you. You have strong socialist impulses. There is an extraordinarily repetitive theme about being cheated which can affect your working conditions. You will experience on occasions that people go behind your back or over your head - seemingly without any explanation. This is connected with your perfectionism and a tendency to express dissatisfaction. People hide things from you partially to avoid experiencing your disappointment. If you analyse your own behaviour you will discover that you also have a tendency to hide things from others! By being honest and accepting apparent imperfections, you can avoid unpleasant repetition of these happenings. It is also important for you to speak your mind and take a confrontation when it arises, to clear the air.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Pluto Square Venus". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This period brings a major reorientation of personal taste and values. This will affect your likes and dislikes in all matters - particularly relationships. This is the testing phase for any relationship that you doubt. Weak relationships based on inequality, power misuse, submission or false kindness cannot, and should not, survive this influence. A strong relationship will benefit from a new psychological insight which develops from a new intensity and self-examination. But even strong relationships can undergo a crisis at this time. This is one of the best periods of your life for getting into contact with your erotic needs. You may well feel a desire to explore forbidden areas of sexuality to deepen your enjoyment of sex, and it is a good time for overcoming prudishness and letting go of inhibitions. Relationships started at this time will be passionate and incredibly demanding emotionally. Some may last, bringing about a transformation in the capacity to express love and sexuality. In others the new lover is forced to give expression to every ounce of love and emotion, and may be squeezed quite dry. There is an obsessive element to love affairs at this time, and the sexual element plays a major role. There is a danger of losing one's heart to a person who does not truly care, and this can lead to a humiliating experience, and a draining sense of personal worthlessness. A relationship built on these premises cannot survive, and the sooner it is over the better. When you emerge from this period, you will have a much deeper awareness of your relationship needs. The names of those you could not trust will soon disappear from your address book.

How this influence affects your professional life:

This is a more challenging period professionally for women, than for men. This can strongly affect personal self-worth and esteem, even giving a certain unpopularity. You can no longer rely on personal charm to achieve results. There is considerable pressure on social relationships, and you may find that allies you have counted on disappear, because of basically different views on life. Redefining your self-esteem is dependant on getting rid of false values. It is essential at this time to cut back on material things - especially luxury items. The more you cut back, the better prepared you will be for the future. Do

not throw good money after bad, even if this means selling something that is costing you too much. It is better to take a loss. You will be tempted to loan money at this time partly because of financial difficulties, but also because of changes in taste and personal values. Make sure you do not loan to acquire luxury or prestige items. Make double sure that your investment is good. If possible get by through economising. This is a good time for psychological dealings with people, and for the transformation of waste products into something of value. Where there's muck, there's brass.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
