

CHARACTER AND DESTINY REPORT

ASTROWOW.COM
Written and designed by Adrian Duncan

Birth Report

Dear Srinivas Duvvuri,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mars Conjunction Jupiter". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

You may well be an exciting person to be with because of your sharp intellect, optimistic nature and sense of fun. If you are a man, you will enjoy the company of your own sex, and be engaged in many activities, perhaps connected with sport or travel. You can excel in mental sparring contests and the thrill of debate. However there may be a tendency to pontificate, or generally make your opinions known in a rather dominating manner. Knowledge and understanding are strong motivating factors for you, so you like to sharpen your mind with discussion and involve yourself in cultural interests. Women with this aspect are attracted to intelligent men, and often have attachments to foreigners. The most important motivation factor when choosing a man is his ability to expand her mental horizons - either through religious, political, philosophical or cultural interests. An intellectual watershed arises in the relationship, where the man is no longer able to satisfy the intellectual hunger of the woman. How this issue is dealt with is critical for the success of the relationship. The most important thing for both sexes is to take personal responsibility for ensuring constant intellectual or philosophical expansion and personal growth. Relationships would improve dramatically, if you were able to admit that sometimes you are

wrong.

How this influence affects your professional life:

You are a person with considerable optimism and energy, and your generally dynamic nature and positive attitude to the future will most probably bring expansion and success in your professional life. You are endowed with great courage and enjoy a challenge, so you would thrive in employment which gave you the opportunity to expand your horizons and travel. There is something of the pioneer in you. As intellectual challenges are also important, you need mental stimulation and the opportunity to discuss issues and get important messages across. You can be very persuasive, but perhaps you also have a tendency to browbeat others. You have an almost religious zeal when it comes to convincing others about what is right and what is wrong. You may even see yourself as a fighter for justice, and whereas this ability to fight for a cause can be very useful under some circumstances, it can also lead to tiring conflicts and disagreements with superiors. Obviously, a job which utilises your energy, enthusiasms and deep convictions would be the best channel for your ebullient energy.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Neptune Square Mars". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This is a time when the will to achieve, and the ability to take an

initiative seems to be undermined. You don't like what you have, but don't know what you want. By refining your motives and actions, and tuning in to spiritual or creative needs, you can acquire new talents. Women at this time are disposed towards very curious experiences with men. There can be attractions to inspiring, musical or artistic men who later turn out to be frauds or disappointing in some way. Rather shady affairs can arise, as the woman seeks to recapture some of the magic she expects from love and sexuality. This is a projection process by which the woman seeks in the man creative and magical qualities she should be developing in herself. Men of weak character - particularly those who are easily seduced by their desires - tend to make a mess of relationships at these times through infidelity. Sexual satisfaction is found to be illusory however. It is beneficial to develop a better contact with the body now, perhaps channelling the invisible energies in the environment through Tai Chi, yoga, dance, swimming or similar activities. A new-found awareness of the body can give greater sexual satisfaction at this time. The power of the imagination and of film, music, wine etc. as sexual stimulants may be discovered. Take time off work to develop your creativity.

How this influence affects your professional life:

You will probably experience a lot of confusion as regards your goals right now. It can be extremely difficult for you to define exactly what it is you want to do, and even if you know, it can be difficult to know how to do it. This confusion will be felt as an inner dissatisfaction - at least you know what you don't want to do! Using this feeling to guide you, strive to attain your ideals and work only on those things which really interest and inspire you. This is an excellent period for idealistic work, both as far as social, creative and spiritual issues are concerned. In your dealings with others you need to take great care. There is an air of decadence or dissolution about the people you meet at this time - particularly men. Alcohol and drugs can play a particularly negative role, and it is best to avoid stimulants as far as possible. You are very vulnerable to being cheated or led astray now - your moral fibre is being tested. There is a tendency to go behind people's backs, or to feel that others go behind your back. Keep on the straight and narrow path if you wish to avoid swampy ground.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
