Dear Carmel,

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

As you enter your 42nd year, things are beginning to fall into place after a fairly radical transformation, which has seen you take risks and make what is for you some revolutionary changes. You have confronted many inner demons in this process, and gained psychological insight. You have weighed up the pros and cons of freedom versus commitment. There have been times of confusion and helplessness, but somehow life is richer and more meaningful, and intimacy is more rewarding. You have gained a higher degree of independence, and as you have done so, the focus now moves onto the important relationships in your life. This is the time to set limits, and to maintain your individuality, whilst considering just how much responsibility you are ready to take on.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were

trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around January - 2015 and will ebb out around December - 2017. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

In this period of your life you feel that you have set in motion a new plan for your life. The framework is in place, your intentions have been made clear, and when you examine your feelings, you know you are on the right track. Now you enter a transition phase that requires concrete results. You need to consolidate your position and nurture your resources, so that you can actually achieve the new goals you have set yourself. This new influence starts growing around December - 2017 and will ebb out around March - 2020. In this coming period you will be crucially aware of a shortage of funds, and this is an ideal motivation for increasing your earning power. You need to build the structural framework for future prosperity, and this has to start with economy and restraint. Learning about saving and budgeting are key issues, but it is also important for you not to underestimate your potential worth.

Opportunities for Success

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from October - 2017 to November - 2018 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

An awareness of the spiritual forces behind your individual evolution has enriched your understanding of your self and the universe, and this now ushers in a period from November - 2018 to December - 2019 when you are ready to emerge from seclusion and apply this inner wisdom more directly in your dealings with others. A new confidence is reflected by a more forceful personal presence in which your ideas and opinions pave the way for personal expansion.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 42. Three very important issues that make this year special are:

- A series of educational or communication challenges undermine your confidence in your abilities. Through mental focus and improvement of skills you rise to the challenges and become more adept, even if you are initially overcome by worry or dejection.
- You receive an enormous consciousness boost, awakening an interest in untraditional subjects and bringing you into contact with exciting and alternative groups. This is a period of freedom, international travel and positive change.
- An awakening of your capacity to experience love at its highest level, especially through spiritual experience and the arts. Whilst this is a romantic period, personal love is often experienced as illusory or unrequited. It is the universal nature of love and compassion that enriches.
