# Birth Report

**Dear Saira Falak,**

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Sun Square Uranus". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

## **How this influence affects your personal life:**

You are a true individual and other people may regard you as rather eccentric. You like to express yourself through actions which surprise others in some way, and you enjoy embracing ideas which are provocative. You do not like to feel tied down, and function best in a relationship which gives you a lot of personal freedom. Often your friends will seem more important than your family, and as a result partners can feel that they are unable to establish an intimate contact with you, though you are usually quite open and fair-minded. During certain periods of your life you will choose to change your direction radically. These personal revolutions are often accompanied by new interests of an untraditional nature - for example astrology, electronics and technical matters, or mental powers. You have an electric and rather unstable aura around you, and often your nerves are on edge. People feel uncertain around you as they feel that anything can happen, so you would be wise to put them at ease about your intentions.

## **How this influence affects your professional life:**

Your chief contribution to society is your ability to entertain original ideas and experiment with new ways of doing things. You need to work

in an independent position or with a company which respects and encourages your originality. You quickly become bored if you have to perform the same functions day in day out. You need to meet people - and you thrive on unusual challenges, especially if they involve travel and dealing with radically different cultures. You may travel long distances to exotic countries, or work with advanced technology. Alternatively you will go your own unique direction in your professional life, developing unconventional talents - perhaps connected with consciousness development in one form or another. You are not one to stand on ceremony either - you hate stuffy protocol and thrive on contacts with young and old, rich and poor. It is your job to pave the way to the future with new ideas and an original life-style.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Neptune Trine Saturn". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

### **How this influence affects your personal life:**

This period may be one of personal hardship, because many of the structures and principles on which you have built your life can dissolve. Whatever represents authority for you needs to be revised, and you have to acquire a new sense of flexibility. People and things which you have grown used to and founded your security upon, can slip away from your grasp. This brings a new opportunity for you to define how you want to shape your life, and to make new choices as regards what to rely on. Any structures or beliefs which have been inflexible will disappear. It is especially important for you to consider long-term

material goals and ask yourself if they provide lasting values. When your life is over, it will be the quality of your life, and the actions that you have taken, which will be of value - personal status and material acquisitions will have very little meaning.

### **How this influence affects your professional life:**

Your ambitions in life should be revised at this time, as you can no longer expect the same kind of satisfaction through hard work and the attainment of goals. The goals you are trying to reach will prove elusive - perhaps meaningless, so perhaps you should take time off to muse on the direction your professional life is leading you. Dealings with authorities, or establishing your own authority can prove especially frustrating now. Institutions get swept away by new trends. For some people this is a period when their professional security is really undermined. Jobs can be lost and personal economy weakened. Things built up over long periods of time can dissolve. Nothing can be done to shore up the sinking ship at this time. A degree of fatalism and acceptance can be necessary for a time. Allow unwanted constructions to be swept away by the passage of time, develop patience, and start to define new goals for your future.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
