**Alison: January 01, 1973**

**Report for January 01, 2017 to January 01, 2018**

**Dear Alison,**

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

### **The Significance of your Age**

Your 44th year is characterized by a strong awareness of the limitations imposed by both your personal and professional relationships. You meet resistance to your plans, and this leads you to consider making structural adjustments in your goals. There can be changes in your career, and serious re-evaluations of your emotional commitments. Setbacks are liable to occur, and a patient attitude is essential to overcome the challenges that arise. Challenges now have a lot to do with special difficulties encountered early in your life, which have made you overcautious or insecure in communication. Relations with brothers or sisters, or difficulties at school have evoked a certain reticence in expressing your ideas. You learn to proceed at a slow and steady pace, however, and the work you do, you do thoroughly. These challenges have a lot to do with a latent insecurity that you feel in offering your services to others. You tend to aim low and get stuck in work that is monotonous and without perspective, and perhaps this comes from low expectations or criticism when you were young. With maturity you learn to structure your daily life, develop administrative skills and assume greater responsibility. This is a year when you gain considerable insight, but can make hasty judgments.

### **The Challenges Ahead**

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the

challenges that naturally arise during the course of the year.

In this period of your life the major challenge is how you adjust to a phase in your life when material ambitions and professional achievement do not provide all the answers. There is a gnawing dissatisfaction, and a feeling that the many results you have attained in recent years are now getting more difficult to attain, or when attained are not inspiring enough. This is an influence that starts growing around January - 2015 and will ebb out around December - 2017. New goals and a new mission in life will come at the end of this phase, but right now if you want happiness, you need to explore and structure your inner life. This means developing your spiritual nature, and enjoying creative processes that arise when you withdraw from the rat race and spend time on your own. It may be a lonely period, but if you build spiritual foundations, the next phase of your life will be rewarding.

In this period of your life there is a major transition which inaugurates a whole new epoch. In many ways this transition is welcome, because over the last few years it has seemed extremely difficult to get new projects off the ground, and in your heart you have realized that this is because the old formulas for success are redundant. Now you begin to get a glimpse of future possibilities. This is an influence that starts growing around December - 2017 and will ebb out around March - 2020. At times it seems that the challenges are heavy, but just to be able to envision a new plan or path for the future is extremely empowering, and much to be preferred to the sense of dissolution you experienced in the past. Knowing where to put your energy and commitment, you are willing to discipline your life, organize your time, and accept heavier demands for the sake of building a new path and new life goals.

### **Opportunities for Success**

From September - 2016 to October - 2017 you capitalize on the knowledge and experience you have garnered earlier to make a concrete success of your life. Good fortune smiles on professional endeavors in this period, and you can expand your sphere of influence. Influential people will support you, and if you strive for recognition, you will achieve it. If you go for your hopes and dreams now, then your expectations have a good chance of being fulfilled.

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and

influence at social gatherings.

### **Crucial Issues This Year**

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 44. Three very important issues that make this year special are:

- A period when you experience a crisis of belief, possibly triggered by undue pressure from an ideological group or fanatical individual. There is a sense that previously imagined future scenarios are no longer valid for you. This is the time to cast old convictions aside and reinvent your future.
- A series of educational or communication challenges undermine your confidence in your abilities. Through mental focus and improvement of skills you rise to the challenges and become more adept, even if you are initially overcome by worry or dejection.
- You embark on a process of mental experimentation, gaining familiarity with new communication technologies or mental developments methods. This is a time when you encounter new languages and travel considerable distances to ensure that you are where it is all happening.
