Birth Report

Dear Ligia ,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mars Conjunction Saturn". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

As a child your spontaneity was probably hindered in some way, and there may have been difficulties with a father or brother connected with discipline and responsibility. Your upbringing may have been rather authoritarian, even to the point of physical violence. There may have been a strict moral code in the family. In later relationships you expect a lot of resistance, so you invest a lot of energy either in self-control, or in trying to impose your authority. Women with this aspect are often attracted to older men, who tend to become buried in their work. Often the relationship develops in such a way that the woman feels dominated - but this can be due to hidden unconscious needs to recreate the atmosphere of structure and discipline from childhood, and a refusal to discipline her own life. Men place a high priority on their professional life to the detriment of their emotional or sexual relations. A fear of being controlled can bring battles of will and severe confrontations. These problems resolve themselves with time, as you learn to relax and be kinder to yourself. Less work and more play and greater flexibility as regards behavioural rules leads to more rewarding relationships.

How this influence affects your professional life:

You are the workaholic type, and can during the course of your life develop an incredible self-discipline. You may have special talent for working in the building industry, or with mechanics and engineering, or in any field which requires will-power and hard physical work. On occasions however, you can be stricken with inertia, and find it very difficult to get started. You have a fear of failure and can feel particularly vulnerable in competitive situations with other men. Difficulties can arise with male authorities, as you are very sensitive to being dominated or ordered around. You have the will-power and ability to work for yourself, being particularly good at making long-term plans and strategies. To succeed professionally it would be to your advantage to work smarter rather than harder. You can end up using all your time on monotonous work precisely because you are so disciplined and persevering. It can pay for you to take a risk, even though you have a strong fear of failure. Try to be motivated by anticipation of future success rather than fear of past difficulties.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Neptune Sextile Saturn". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This period may be one of personal hardship, because many of the structures and principles on which you have built your life can dissolve. Whatever represents authority for you needs to be revised, and you

have to acquire a new sense of flexibility. People and things which you have grown used to and founded your security upon, can slip away from your grasp. This brings a new opportunity for you to define how you want to shape your life, and to make new choices as regards what to rely on. Any structures or beliefs which have been inflexible will disappear. It is especially important for you to consider long-term material goals and ask yourself if they provide lasting values. When your life is over, it will be the quality of your life, and the actions that you have taken, which will be of value - personal status and material acquisitions will have very little meaning.

How this influence affects your professional life:

Your ambitions in life should be revised at this time, as you can no longer expect the same kind of satisfaction through hard work and the attainment of goals. The goals you are trying to reach will prove elusive - perhaps meaningless, so perhaps you should take time off to muse on the direction your professional life is leading you. Dealings with authorities, or establishing your own authority can prove especially frustrating now. Institutions get swept away by new trends. For some people this is a period when their professional security is really undermined. Jobs can be lost and personal economy weakened. Things built up over long periods of time can dissolve. Nothing can be done to shore up the sinking ship at this time. A degree of fatalism and acceptance can be necessary for a time. Allow unwanted constructions to be swept away by the passage of time, develop patience, and start to define new goals for your future.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
