## **MINIREPORT FOR YOUR CURRENT YEAR**

**Jan: October 11, 1947**

**Report for October 11, 2017 to October 11, 2018**

**Dear Jan,**

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

### **The Significance of your Age**

As you enter your seventies, there is everything to gain by following your unique individual impulses, and nothing to lose. You have the opportunity to associate with people and groups who can show you an alternative future, and if you are so inspired you can travel and experience countries and cultures which illustrate the great diversity of life. This is the time to demonstrate what it is about your life that is different. For you and your generation there is a willingness to experiment with new ways of thinking and communicating that revolutionize the way people connect. Your particular way of expressing your uniqueness in this respect is through going your own way as far as education is concerned, and in gaining understanding and insight through travel or contact with cultures very different from your own. Even if it means detaching yourself from people and groups who have meant something to you in the past, now is the time to invite the new into your life.

### **The Challenges Ahead**

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you are working hard to develop educational and communication skills that will serve you well into the future. This is a challenging

task, and there will be times when confidence in your intellectual abilities is low, or when you simply feel the process is too long or too full of setbacks. This is when you have to apply yourself with more determination than ever. Avoid being defensive about what you do not know or cannot do; just plan to improve step by step. These influences started growing around January - 2015 and will ebb out around December - 2017. You will reach your goal, and in the process you will build a valuable network of contacts who appreciate your diligence and application.

In this period of your life there is a major transition process that puts the focus on home-building and family life. For several years it has been important for you to develop your educational and communication skills and increase your reach through travel and networking with others. But now it is crucial to put down roots, and you find yourself thinking back to your own heritage and upbringing with a view to create a nurturing environment for those who are dependant on you. These new influences start growing around December - 2017 and will ebb out around March - 2020. During this time you will have established a very solid base from which to make forays out into the world. But it is early days yet, and right now you may feel ill-prepared. It starts by taking responsibility for the family and working on the home.

### **Opportunities for Success**

An awareness of the spiritual forces behind your individual evolution has enriched your understanding of your self and the universe, and this now ushers in a period from September - 2016 to October - 2017 when you are ready to emerge from seclusion and apply this inner wisdom more directly in your dealings with others. A new confidence is reflected by a more forceful personal presence in which your ideas and opinions pave the way for personal expansion.

Having gained tremendous insight into the direction your life in the period, a new period is ushered in from October - 2017 to November - 2018 when the focus moves to your earning capacity. You gain a better understanding as to what it takes to strengthen your economy, and what assets you need to develop. This understanding leads to increased personal resources and a broadening of your economic base, which will provide the foundation for increased growth.

### **Crucial Issues This Year**

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 70. Three very important issues that make this year special are:

- You spiral deeper and deeper into a personal crisis because circumstances that have existed for some time, but which you are completely tired of, become more intense and acute. Ultimately you eliminate the past and leap into an unknown, yet empowering, future.
- A time that makes you keenly aware of what is missing from your life and work that would satisfy your dreams and imagination. Music and the arts bring renewed pleasure, repetition and routine undermine your spirit. This is the time to express your creative communicative powers.
- Current relationships are shaken up as you search for more freedom and excitement. Values change and you make unconventional choices, travel long distances for love, and enjoy relationships with fringe groups and people who walk on the wild side.
