HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from AstroWOW are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The AstroWOW birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Aquarius

PROFESSIONAL - LIFE-PATH: Future vision

It is difficult for you to find a foothold that really satisfies you in the professional sphere, and you may feel that professional options are boring or uninspiring. You are a very socially-oriented person with a driving vision for your fellow human beings. You are best suited to work with a team or group of people. You would find even greater satisfaction in international ventures, as you thrive on contact with people from exotic environments. You are well-suited for work in humanitarian areas. You may also have an interest in, and talent for, New Age projects. By working in an unconventional area you find the necessary space to demonstrate your flamboyant and untraditional nature. You are a strong-principled person, and your work may be shaped by your political convictions.

PERSONAL - LIFE-PATH: Future vision

You may well have had an unusual upbringing which will have brought out the outsider in your nature. You are a friendly person, extremely curious about other people, yet you may often feel that you do not belong. You seek out groups to be with and are extremely loyal, but may be disappointed by your friends. It is difficult for you to understand that the bonds of friendship do not supersede those of family or marriage. In your own intimate relationships, partners find you friendly but cool and distant. You have very little personal ego, and have difficulty understanding what you see as other people's self-obsession. You are stubborn, particularly as regards your opinions. However you are an original and fascinating person. You can strike out on a unique course in life and pave a way into the future which can be an inspiring example for future generations.

Ascendant Trine Sun

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: I, myself, me

Whether you would prefer to have a low profile or not, you will often dominate your surroundings through the force of your personality. Professionally you strive to do your very best - for success is a matter of honour for you. You have a

magnanimous disposition, and are generous in your dealings with others. Creative work and self-expression must be an important element in your professional life. You stand on your pride too much.

PERSONAL - LIFE PATH: I, myself, me

You have a radiant personality, with a touch of self-importance. You take yourself - and the impression you make on others - very seriously indeed. Some people may consider you self-centred. You tend at least to be the centre of attention, and although you invest all of yourself when you relate to others, you give your own personal development needs priority. You have plenty of surplus energy, and your playful nature can make you a figurehead for young people.

Ascendant Trine Saturn

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: The hard school

You take your professional life very seriously, rising to the many challenges that arise during the course of your career. As you convey an air of efficiency and self-discipline, you will gravitate towards positions of authority. Lack of self-confidence, and a certain shyness in relation to others can hinder your progress, but the older you get the better you are able to overcome your fears.

PERSONAL - LIFE PATH: The hard school

You can be rather an inhibited person - at least in the early stages of your life. Experience has made you wary in your dealings with others, and rather taciturn in style. You may feel uncomfortable about your personal appearance, and you have low expectations as regards your potential in life. Nevertheless you can inspire trust in others because of your considered, serious nature. The older you get, the more you lighten up.

Saturn In Gemini

PROFESSIONAL - SELF-RELIANCE: Mental discipline

Saturn was in Gemini in the years 1941-43 and 1971-73, and this ushered in a period in which difficulties in communication were overcome, and travel systems improved. Inasmuch as you channel this collective influence in your career, you will also find yourself working on

improving systems of communication. You may however feel somewhat afflicted by a lack of confidence in your own intelligence and ability to express yourself and your ideas, and it is important for you to overcome blockages in this area, if you are to advance professionally. Through mental discipline, attendance of courses and pursuance of further education, you can build up a repertoire of skills which will build up your mental self-confidence and assure advancement.

PERSONAL - SELF-RELIANCE: Mental discipline

You will experience special challenges in your life as regards overcoming learning difficulties or communication problems. Early schooling may have been affected by a trend of education policies which stunted your interest and intellectual curiosity or stifled your mental creativity. This can mean that you have learned mental discipline and important facts, but have lost touch with an overall view of the issue. This in turn can make you rather pedantic, as you are eager to prove your knowledge and appear intelligent. An older brother or sister may possibly have made you feel intellectually inferior. As you mature you will learn to give yourself a freer rein intellectually. You need to overcome an oversensitivity as regards proving your mental capability.

Saturn In 4th House

PROFESSIONAL - SELF-RELIANCE: Environmental challenges

You have a deeply ingrained need to live up to professional responsibilities. Perhaps this comes from parental expectations. Make sure that your ambitions are your own rather than your parents! You may wish to serve your community or country in some way. You have also a talent for administrating property or working in the building industry. Your need for job security inclines you to take a job which protects you over a number of years, guaranteeing long-term employment and a pension. However on retirement you may miss the daily discipline of hard work. You are profoundly aware of your commitment to your family, and domestic pressures can be a distracting element in your work.

PERSONAL - SELF-RELIANCE: Environmental challenges

Your early upbringing was something of a trial. The atmosphere was probably rather heavy, without any sense of enjoyment. Perhaps this was a result of genuine hardship, perhaps your father was something of a disciplinarian, perhaps you felt the relationship between your parents was cold and strained. But the result is that you are defensive emotionally, and have difficulty devoting

yourself to potential partners, though you are certainly dutiful and prepared to live up to your family responsibilities. Emotional inhibitions arise from the bonds you had to impose on yourself in childhood, when you felt very vulnerable. Now those who want to get close to you find an impenetrable barrier. Later developments in the family will encourage you to loosen up and learn to trust those who want to give you their love, so that you rediscover a rewarding emotional life.

Uranus In Libra Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

Uranus In 7th House

PROFESSIONAL - ORIGINALITY: Unconventional relationships

You have the ability to change other people through daily contact with them. You may have many abrupt meetings with people during your work and actually you like the distraction of seeing new faces during the course of the day. You have a talent for dealing with people who are outsiders in society, whether because of social inequality or because they come from another culture or land. You are at your most inspired when you can shock people into action or raise their consciousness in some way. As you rather dislike being limited by conventional relationships, you function best in an independent position in which you can choose who you want to be with and who you don't. Business partnerships can end suddenly and unpredictably because your criteria for co-operating with others are centred around interest and novelty rather than stability.

PERSONAL - ORIGINALITY: Unconventional relationships

You have a need for relationships which run contrary to conventional expectations. Partners can be much older or much younger, from another land or culture, have an extraordinary position in society, or simply be socially provocative in one way or another. This is because you sense that being with someone totally different is very stimulating for your awareness. If you make the mistake of a conventional marriage early in life, the likelihood of divorce is strong. As you tend to break accepted conventions in relationships, the stability of your relationship is not protected by the usual strict taboos of marriage. Indeed you may prefer an informal to a formal relationship, even living

apart or in separate places. Periodic separations actually suit your style, so if the partner travels a lot or is away for some other reason, this need not have a negative influence.

Identity

Sun In Gemini

PROFESSIONAL - IDENTITY: Explore your ideas

Your chief characteristic is an insatiable curiosity through which you explore and learn about the world in which you live. The world of ideas is a playground in which you roam. The magic of the mind enchants you, as one idea captivates your imagination after another. Meeting people, travelling, reading, talking and learning are all means for you to gain a viewpoint on your own personal identity. You don't let your identity rest on ideas, but rather on the very nature of the mind itself. Thoughts are fleeting but mental activity is endless. You are happiest in a career which utilises your mental talent and gregariousness; you need variety and stimulation. This can involve travel, communication, talking to people - anything which gives you the opportunity to develop your mind and contact others.

PERSONAL - IDENTITY: Explore your ideas

The greatest challenges come for you when communication problems arise. Often an important break with a brother, sister or close friend can inaugurate a complete mental revaluation. In your essential search for meaning you can feel a bond to two very different schools of thought, or you can have two mentors with quite different ideas. Variety and polarity is the stuff of life for you, and you feel distinctly uncomfortable if you are asked to identify yourself with one single direction or opinion. Tension can arise in partnership matters because of your changeability and seeming inconstancy. Often it is enough for you to entertain fleeting ideas as a kind of mental gymnastics. Thus frustration arises in others because you don't always act on your ideas. Nevertheless you are fun to be with; you rarely take yourself too seriously, and are always willing to adapt to change.

Sun In 4th House

PROFESSIONAL - IDENTITY: Pride in the family

Professionally your concerns centre around your immediate environment, land and property. You may identify strongly with your family or your country, and you are motivated to form strong bonds of loyalty - whether it be to the company you work for, or larger national interests. You need to feel needed. You have a talent for creating a homely and secure environment for other people and have strong convictions

about family values. For you to function well in a career it is important for you to have a secure home base. You are attracted to an expensive home, because living well is a matter of prestige for you.

PERSONAL - IDENTITY: Pride in the family

Your upbringing has had an especially profound effect on your identity, and your father's influence will have been particularly strong in this respect. You have had a compelling need to look up to him and use him as a role model - for good or ill. Later in life you will draw great strength from the family you build up yourself, and your children will probably take a central role in your life. Your home and family will be the most important motivating influence for you, and you will be aggressively protective of them. You identify strongly with your home and may also take a special interest in your family history. You will not mind spending a lot of your time at home - this where you can really be yourself.

Sun Square Mars

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Competition

You are an extremely dynamic person with an excellent sense of when to grasp opportunities. You thrive on competition and love a good fight. You are no diplomat, but in situations which require courage and decision, you are the right person. Women with this aspect may early in life experience many conflicts with dominating or aggressive men, but ultimately these problems are solved by learning to be more self-assertive in a confident manner. You are suited to a job which provides you with a challenge. You have a pioneering spirit and are willing to take on the necessary confrontations to get ahead. You get bored easily, and when you get bored, you can get into trouble. When you encounter an obstacle you tend to bang your head against it until it gives way. It would pay for you to plan more before you act, and strive to be less impulsive. If you find yourself getting into unnecessary conflicts, try to cultivate a spirit of compromise. Winning is a little too important for your ego.

PERSONAL - IDENTITY: Competition

You are the kind of person who likes action, excitement and adventure. Being easily bored you tend to be rather provocative. Women with this aspect may have had a young

or immature father, and in the more extreme cases there may even have been physical violence in childhood. Alternatively the woman with this aspect will have had a "buddy" relationship to the father and become involved with masculine pursuits. Later in life there will be a tendency to be attracted to a very masculine type of man. It may be important for the woman to really respect and look up to the man - but there is often an attraction to rather immature males, who never quite got out of adolescence. Subsequently the man may have great difficulty living up to masculine archetypes which basically exist within the woman's character, and this will lead to conflicts or battles of power, until the woman accepts a more personally assertive role.

Men with this aspect are very concerned about their masculinity and take pride in their ability to compete in the world. Sexual performance and the ability to take on a classic male role in relation to a woman are essential elements in the character. This Tarzan syndrome has its drawbacks. Problems can arise because of lack of sensitivity to the emotional needs of the woman. The man's over-identification with the male role can be perceived as faintly comical by the woman who would probably set greater store by demonstrations of tenderness and affection. The woman tends to be the prize which the man wins and later guards and protects.

Sun Conjunction Saturn

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Winning self-esteem

You are a hard-working and ambitious person with a strong drive to prove yourself in society. There may however be difficulties with authorities, despite your desire to live up to the expectations of society. The first 30 years of your life will bring a great deal of obstacles to success, but you will learn important lessons and ultimately develop a self-sufficiency and discipline which lays the foundation for success later in life. It is important for you to overcome negativity or pessimism concerning the future. Not all success is won by hard work alone. You are often more motivated by the fear of failure than the promise of reward, and this can hold you back from realising your full potential. If all goes well you will acquire more and more responsibility during the course of your life - and you deserve it. You are conscientious and

take your responsibilities seriously. You are the kind of person other people can rely on. You would rather be the power behind the throne, than have a high profile yourself. Remember to take time to enjoy the fruits of your efforts, instead of continuously driving yourself onwards.

PERSONAL - IDENTITY: Winning self-esteem

You are a rather formal person who takes life seriously. Childhood experiences - especially the relationship with your father - has undermined your self-confidence and made you reluctant to stick your neck out. You are more likely to bury your "talent" than gamble with it. You have a strong need for approval, but as a child love and approval was always conditional on your performance. You have been more appreciated for what you did, than for who you are. Later in life you tend to judge yourself harshly, and you have a bad conscience about enjoying life and relaxing. You tend to be too dismissive when offered love and affection, and rather severe when giving it. There may be authoritarian tendencies and a lack of flexibility as regards rules. Nevertheless, you are a person who can be trusted. You have high principles, and as you do not indulge expectations of the easy life, you work hard to build up a secure structure in life for those you hold dear.

Sun Square Pluto

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Transformation of identity

It is important for you to make a strong impression on people, and you invest a lot of energy in this - more than you are aware of. Much can be gained by toning down your personal energy. You are suited to positions requiring the use of power and psychological insight. Whatever you do, you like to be deeply - sometimes fanatically - involved. This may often lead to battles of will, and you tend to win, basically because you cannot contemplate personal defeat. More flexibility would actually benefit you and help you avoid tiring power games.

Personal power is a natural asset - as you will discover after a number of significant personal crises which lead to a revaluation of your role. These crises are centred around achievement at all costs, or fanatical attachment to a particular role which outlives its meaning for you. When you learn to tone down your sensitivity about self-esteem, and

invest your considerable willpower into projects which really mean something to you, and to others, you can achieve success. You may have a talent for psychology or dealing with the powers of the unconscious.

PERSONAL - IDENTITY: Transformation of identity

Early personal experiences have made you sensitive about your identity, and anxious about self-esteem. However this means, paradoxically, that you often overwhelm others with your presence. Thus you tend to be a dominating figure in intimate relationships. You need a partner who is not superficial and who shares your intense approach to life. To achieve harmony here you should relax instead of asserting yourself, otherwise relationships will become very exhausting. It is important to realise that power battles are related to inner fears about your identity. Women with this influence will often be attracted to a dominating man, only to find that he does not match her own strength which was acquiring through trying times in childhood. More intimacy can be achieved by daring to show vulnerability.

Jupiter transiting Opposition Sun

08-11-2019 -> 05-12-2019

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - IDENTITY: Creating your future

During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

PERSONAL - IDENTITY: Creating your future

During this phase of your life you will be given the

opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

Saturn transiting Opposition Sun

01-02-2017 -> 24-12-2017

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - IDENTITY: Long-term strategy

You can use this period to rise to the many professional challenges in your life and create the foundations for lasting growth. This is no easy time; many difficulties arise and you will have to work harder and shoulder more responsibilities. Authority figures make demands on you, seemingly without giving you any recognition. If you try to avoid commitment now, you are likely to be dogged by worries and problems. Your self-confidence may be low, and you may feel that you cannot live up to the expectations of others. Time will show that you can overcome difficulties and achieve goals.

Planning and strategy is of the essence, and it pays to plan months ahead and to tighten up schedules, working to realistic deadlines in a committed manner. By completing your work in stages and dividing large projects into smaller sections, you will find that you can handle enormous responsibility. You will not get something for nothing now, but hard work will be rewarded in the long term, so roll your sleeves up and get down to it.

PERSONAL - IDENTITY: Long-term strategy

At the beginning of this phase you will probably not be feeling so good about yourself. You may feel that you do not get enough - or don't deserve - recognition. There is a strong inner feeling that you must pull yourself together and do something worthwhile, and the sooner you do this, the better you will feel. There is a general feeling of being

weighed down by burdens, and there may be a lot of pressure to live up to the expectations of others.

It is time to take responsibility for your own life and to define new goals, whilst you can send a strong signal to other people - parents in particular - that you can look after yourself. By rising to the challenges of the time, you can develop a strong inner feeling of self-satisfaction, based on the results that come from hard work and effort. You will be facing central issues concerned with identity and self-sufficiency, and will emerge from this period as a stronger and more self-reliant person.

Emotions

Moon In Aquarius

PROFESSIONAL - EMOTIONS: Caring humanity

You are a very socially conscious person, strongly motivated to create cohesion in groups. Paradoxically however, you often feel on the fringe as far as your relationships are concerned. You have a taste for unusual environments and function best when you consciously choose alternative relationships where people's differences are more apparent than their similarities. This gives an attraction to foreign environments or experimental life-styles. With your natural friendliness, deep social commitment and group consciousness you will have a special ability for working with people on the social fringe. You have a striking intuition, and may have talents for an unconventional profession.

PERSONAL - EMOTIONS: Caring humanity

You were brought up in an unusual parental environment characterised by rather special family relationships. You probably learned at an early age that it did not pay to be too dependent, and neither does it suit you, as you prefer friendships based on equality and shared interests. As such it is likely that your family relationships were characterised by intellectual principles of equality or liberation, whilst you may have missed the emotional supportiveness most children take for granted, although you may well have had a very friendly relationship to your mother. As many of the deepest bonds in your life are to true friends or groups, some of your greatest difficulties are experienced when these attachments are broken.

Moon In 12th House

PROFESSIONAL - EMOTIONS: Inner refuge

You do not function well in the hurly-burly of the market place. On the other hand you can feel very comfortable

when you can express your professional talents in a remote or out-of-the-way environment. As you also are extremely concerned about the suffering which many people go through, you may choose to help those who are unfortunate in one way or the other. You have a compassionate spirit and feel deeply for the losers in this world. Your talents suit you to employment in institutions where people are isolated from society in some way. At the same time you personally have a deep longing to seek refuge in something which transcends everyday life. Perhaps this will manifest itself in creative, musical or artistic work which enables you to merge your spirit with the greater ocean of the collective spirit.

PERSONAL - EMOTIONS: Inner refuge

In your childhood you probably experienced long periods of isolation in which you were removed from everyday life in some way. Perhaps, too, you were profoundly influenced by the dreams, longing or loneliness of your mother. At any rate, you now have a need to withdraw from the world from time to time and commune with nature or your inner feelings. Really you ought to have a room of your own which is sacred to you, and where you can be alone. You are extremely sensitive to your environment and spend a lot of time enveloped in a very private emotional world where other people have difficulty getting into contact with you. In this private sphere you have many dreams and longings. Perhaps it would be wise for you to work more consciously with the inner world of your imagination through creative work or meditative practice.

Moon Sextile Mars

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Temperament

You have a dynamic and forceful personality, and generally get your way in your professional dealings. Your greatest enemy is your temperament - you get angry easily, and when you get angry, you take ill-considered actions. So if your job involves dealing with the public, there will tend to be a lot of conflict. You may however function well if your job entails the need to confront people and get things done, but not if it involves diplomacy or sympathy. You are impatient, but on the other hand you tend to invest your heart and soul into your work and get things done quickly and efficiently. However, you create an atmosphere of tension around you,

and are extremely sensitive to criticism. You often imagine attacks which do not actually take place, instinctively going on the offensive, or defensive, to deal with supposed threats. Obviously this kind of reaction evokes the very kind of attack you are seeking to avoid. Only by taking a long, cool look at your assertive nature and by developing greater sensitivity and calm as regards others, can you hope to win goodwill in your professional life.

PERSONAL - EMOTIONS: Temperament

You were brought up in an atmosphere of tension which has made you constantly on guard. Perhaps your mother was an unusually aggressive woman, or perhaps there were many struggles in your family life. Whatever the reason you tend to get easily upset now - especially in your domestic life. Women with this aspect are often attracted to emotional men who express their feelings passionately and intensely. However this may be because of unconscious provocation from the woman, who - never having experienced peace and calm in her early life - recreates the atmosphere of tension through criticism or angry moods.

Men with this aspect tend to have a short fuse, and often go about in an irritated state of mind. By identifying early childhood patterns of tension it may be possible to combat these negative emotional anger-states, which can be the source of a great deal of internal pain. Expression of anger rarely solves anything. It does not pay to let anger out, as you may fondly imagine. It pays to be conscious of the reasons for anger, before it arises.

As you mature and you gain insight into your emotional nature, you can learn to create an atmosphere of excitement around you. You will be inspiring to be with, and moreover, you learn to combat insecurity by giving freedom of movement and encouraging independence in those you are attached to.

Moon Trine Pluto

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Deep emotional involvement

You are strongly motivated on an unconscious level by a need for security - a need which is very difficult to fulfil. However when you turn outwards and concern yourself with others, you will discover a special talent for helping other people find security. This may manifest as social

consciousness. You also have a talent for dealing with people in crisis, possessing an inborn psychological ability to transform how people feel. You are suited to work which requires a deep personal involvement combined with a certain power and distance. You have the power to investigate deep emotional states in other people, and this can be connected with psychology or the occult.

PERSONAL - EMOTIONS: Deep emotional involvement

You are a person who feels everything very deeply, although people who only know you superficially might not be aware of this. Your need to protect yourself emotionally comes from a number of disturbing childhood experiences which mean that you tend to play it cool in times of crisis. Problems arise in intimate relationships because you never let on how you really feel - if you had the courage to show your vulnerability, people would treat you better. You cling to emotional bonds with great intensity, yet in times of crisis you can suddenly amputate your feelings and become ice-cold. It is unwise to deal with crises by giving ultimata. It is essential to overcome these destructive defence mechanisms, if you want to enjoy warm relationships.

Jupiter transiting Square Moon

03-10-2017 -> 30-10-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - EMOTIONS: Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - EMOTIONS: Change of environment

This is an exciting and perhaps disturbing period because of radical and unexpected changes in your environment. You cannot expect to feel very secure now - the period requires flexibility as regards working habits and place of work. There may be more travel than usual, and there is a chance of greater international commitment, perhaps involving contact with people from exotic cultures. A growing awareness of social issues may inspire you to work with people who are displaced in society in some way, either as social outsiders or refugees.

As this is a time of considerable emotional awakening and awareness, you can acquire a greater knowledge and consciousness of unconscious processes. If you can integrate this awareness into your work, you may find yourself applying newly-discovered talents for dealing with people - particularly as far as consciousness-raising activities are concerned. There is a strong likelihood of career involvement with groups and with collective ventures now.

PERSONAL - EMOTIONS: Change of environment

This is a time of emotional restlessness and unpredictable change, which will strongly affect the environment you live in. Events can arise which shake you up emotionally and force you to gain greater insight into the unconscious mind and habitual emotional reactions. Greater awareness and objectivity is required when dealing with your feelings now. In reality there is a growing need for change, and this is going to affect family life. There is a strong urge to live a gipsy-like existence - and indeed you may find yourself moving around or in temporary accommodation for a while.

If you are thinking of moving, this is the time when it will happen. It is fine to be somewhat impulsive now, just as long as you get free of environments which no longer mean much to you. It is however not an especially good time for settling down. It is better to be on the move, to travel and to discover new places, countries and people, without allowing yourself to be tied down for too long. You may strike up an important attachment to an untraditional group now, and you will be attracted to people who live on the fringe of society.

Mentality

Mercury In Cancer

PROFESSIONAL - MENTALITY: Trust your intuition

You are a canny person with a head for business. You are not keen on taking risks, and like to hang on to gains when achieved. You are strongly motivated to attain security for the people who are dear to you. You are muted in your opinions, yet the emotional message in what you say can have quite a powerful effect on the mood of other people. On the other hand, if you are emotionally aroused, you may express yourself rather clumsily. You prefer to work in a secure position, and are inclined to serve loyally if treated with respect. You have a very fertile mind and an excellent intuition in business matters. You may not be very logical, but you can rely on your instincts.

PERSONAL - MENTALITY: Trust your intuition

You are a deeply impressionable person, and you tend to express your knowledge and opinions only after checking things out with your inner feelings. This emotionality will be discernible in your voice, which will probably be quite charged and variable in tone. You are sensitive and intuitive, and this can express itself in an instinctive talent for grasping the thoughts and feelings of other people. In partnership you are inclined to be rather quiet and very receptive. It is rather difficult for people to really know what is on your mind. When you do communicate, it is with those

you really trust, and you do so with feeling. You function better on an intimate level, than on a superficial social level.

Mercury In 5th House

PROFESSIONAL - MENTALITY: Mental creativity

You have a creative attitude to your profession and have a quick eye for profit. Generally you are confident enough to want to take a risk to get on in the world. You have a talent for getting your message across with charm and charisma, so you may find yourself involved with teaching or communicating. Certainly you have a way with children and a fine sense of fantasy and adventure. You are sensitive about your intelligence, and it is important for you to be able to impress others with your grasp of detail and general competence.

PERSONAL - MENTALITY: Mental creativity

You have a rather impish nature and good sense of fun and can excel as a storyteller. Humour and wit, and a natural ability to communicate with charm means that you have a tendency to involve yourself in reasonably harmless romantic contacts. You are less motivated by erotic needs in romance than the need to be on the same mental wavelength. Your partner will appreciate your playful nature, and children will feel that you meet them on their own mental level. One weakness is that you tend to be flirtatious. Really your need to have an audience is best satisfied by creative work.

Mercury Conjunction Venus

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - MENTALITY: Affability

You are a very versatile person, combining good judgement with taste and the ability to convey information in a pleasant manner. Success comes when you work with communication in one form or another. You may excel in the arts or in public speaking. You bring a human element into your professional dealings, and advancement will often come through the goodwill of others. Your mild manner and diplomatic nature leaves a good impression on others. You would function well in a position with lots of contact with people, for example dealing with personnel. You are very concerned about justice and make a strong effort to see both sides of any issues. You can secure agreement because you are willing to listen to others, and you are

careful not to alienate people with impulsive remarks. Obviously with these talents you will prefer a harmonious professional environment to one in which there was too much trouble or competition.

PERSONAL - MENTALITY: Affability

You have a gentle and sensitive nature, and strive to maintain harmony in your personal relationships, going a long way to meet the needs or demands of another, before you allow yourself to feel provoked. In love relationships communication is the single most important factor. This may stem from a very close relationship to a brother or sister when you were a child. Even now, you probably cultivate a brotherly or sisterly manner in your relationships, where games and the element of play have an important role. As mental stimulation is so important for you, you can get bored with your partner, and for some people this may mean a tendency to become romantically involved on the side, though there is rarely any malice involved, should this be the case. Erotic desire is hardly a motivating factor for you, but you do have a tendency to flirt, and this can make your life more complicated than you would wish.

Mercury Square Uranus

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - MENTALITY: Inventiveness

You have some mental qualities that border on genius. Being receptive to signals in the environment which go over the head of the average person, you know how to integrate radical new ideas into your work. You have the inventor spirit, and you are always willing to experiment with new methods. By developing your knowledge of the scientific functioning of the mind, you can be a driving force for renewal at work. You may be skilled at technical matters, computers or untraditional, even provocative subjects. It is important for you to learn to put your ideas across in a constructive manner however. You have a tendency to talk at cross purposes, without ensuring the other person is following you. Coupled with this you may also be impatient with people as they fumble with old concepts and ideas. You can be provocative, or go off at a tangent - and this may only serve to alienate you. Clarify your intentions when you communicate. You have a talent for exotic languages.

PERSONAL - MENTALITY: Inventiveness

Other things being equal you have a very quick mind, and you attract attention through your ability to give conversations a surprising turn. You are quickly bored by conventional waffling and you are prepared to say anything, repeat anything, to give conversation more interest. Although at times you can be very amusing, this tendency easily leads to confusion and misunderstandings in relationships. You break the flow of communication - a habit you learned in childhood - and this leads to a rather stressful atmosphere in intimate relationships. You need to involve yourself with friends or groups which have similar interests to you, rather than expecting to get all the mental stimulation you desire from your partner. When you get bored in intimate relationships, you tend to say and do the opposite of what is expected, just to get results. You also tend to make provocative statements. This can be exasperating for the partner.

Jupiter transiting Square Mercury

01-01-2017 -> 18-09-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important

process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

Uranus transiting Square Mercury

01-01-2017 -> 12-02-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - MENTALITY: New communication boundaries

This is a period of great mental inspiration and excitement. To attain professional success now it is essential to think in new channels, and not allow yourself to be limited by conventional ideas or "the voice of experience". It is the new and untraditional that brings success, so experiment, invent and surprise people. If you are involved in a long and boring period of education or training, then you are in trouble. Mental restlessness at this time will incline you to abandon traditional teaching and seek new ideas which will stimulate your imagination. You will learn best in experiential groups or by yourself.

This is an excellent time for improving New Age interests - particularly astrology. It is a time to travel and meet different kinds of people, and a good period to learn or use another language. You should modernise communication systems now, improve computer capacity and generally hook into networks which unite people. As far as contacts and agreements are concerned, this period is rather unpredictable. Being tied down or committed to time schedules does not suit your needs at this time.

PERSONAL - MENTALITY: New communication boundaries
During this inspiring period, you should grasp opportunities to drop activities which bore you, and start learning new things which keep you up to date with modern trends. Many inventive ideas pop up into your mind now, and you have to find people to share them with. You will be impatient with people with entrenched ideas and opinions, and you may

feel the urge to provoke others into thinking in new ways. This impatience can bring tension and misunderstanding in relationships, in which case you should associate with people with whom you can communicate and share your visions.

Time moves fast in this period, and you too may be on the move, travelling and meeting people. Avail yourself of new transport opportunities, buy yourself a car, or hop on a plane. Develop language talents, and immerse yourself in new technological developments, particularly as regards communication. Enrol on consciousness-raising courses, or get involved in grass-roots movements. There are very few times in your life when you will be so mentally open to radically new ideas,

Pluto transiting Opposition Mercury

29-03-2017 -> 31-12-2020

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - MENTALITY: Replace outdated ideas

This is a time of mental pressure, when the mind incessantly dwells on issues without being able to solve them. This mental energy should be used to investigate new subjects and understand the core of things, rather than on needless worries and anxieties. Avoid getting obsessed about issues at this time. Secrets come up now - both your own and other people's - so it is important to be honest. There can be a feeling of a conspiracy, or maybe vicious gossip in the working environment. It is better to be aloof than involved. Lies surface, and so does the truth. However it is now that investigations brings results, even though the truth can be unpleasant. Vigorous action needs to be taking to root out dishonesty or corruption.

This is an excellent period for working with computers and gaining psychological insight. Courses connected with the science of the mind are favoured. Old systems of accounting, bookkeeping, filing, etc. should be replaced by new. This is an extremely hard-working period, and you may even find yourself working into the night-time hours. Take it easy, as your health can suffer during this period. Acute problems can be experienced with existing transport - this is the time to scrap old vehicles - and new transport possibilities may arise.

PERSONAL - MENTALITY: Replace outdated ideas

During this period you will be under considerable psychological pressure. One of the main problems is that

you find yourself obsessively dwelling on issues, whilst no amount of effort can eliminate the worries you feel. On a deeper level what is happening is that there is a welling up of powerful new mental powers which, if not channelled constructively, become the destructive source of anxieties. By channelling this mental energy into new fields of learning, particularly as regards occult and psychological issues, you will discover amazing new talents which can be the source of later success.

You must eliminate old ideas and convictions now - their time is past. Teachers, friends or siblings who have had a profound mental influence on you have now outlived their usefulness. In your personal relationships there is the danger of getting involved in endless and fruitless discussions. If you find yourself talking exhaustively into the early hours in an effort to resolve difficult relationship issues, stop. These discussions - or interrogations - will only lead to the exhaustion of your partner and ultimately to long frustrating silences. There are other more creative ways to channel your mental energies.

Values

Venus In Cancer

PROFESSIONAL - VALUES: Build a loving environment

You have a very strong caring attitude, and you form deep emotional attachments wherever you work. Professionally this may manifest as a need to care for and nurture others. You have a very strong sense of conventional values and are quite careful economically. There may be a talent for dealing with property. Loyalty and security are important career criteria, and if these criteria are fulfilled you work hard and devotedly. Although you may hide your feelings, you are extremely sensitive in relationships, and easily hurt by unfeeling people. Therefore you work best in a protected environment in which there are warm personal relationships, and you are skilled at creating such an environment. As family values mean so much to you, you can be torn between your home and your career.

PERSONAL - VALUES: Build a loving environment

Family feelings are central in your emotional life. Women with this position are motivated to create a warm home atmosphere, cook good food, and generally cater for the needs of the partner. They are looking for a man who will be a good father to the children. Men will be attracted to the mothering type. Communication takes place far more on an emotional than mental level. Faithfulness and family loyalty are essential values, and a relationship will not function

without them. If the feelings are hurt, there is a powerful tendency to withdraw emotionally. Love centres around the home, and there is little need to go out and meet people. There is a strong sentimental attachment, even to relationships from the distant past.

Venus In 5th House

PROFESSIONAL - VALUES: Romance

You have an advanced sense of style and aesthetic judgement, with a creative flair for making a good impression. With a talent for presentation in one way or another, you generally thrive in situations where you are in the forefront displaying your talent for design or other matters of good taste. You pride yourself on your good breeding and may be something of a snob. It is extremely important for you to have positive feedback for the work you do. You thrive on admiration.

PERSONAL - VALUES: Romance

You are an extremely romantic person, in love with the idea of love. You believe in the noble virtues of chivalry, wooing and being wooed, and are extremely good at making romantic gestures. Your weakness is in matters of the heart, and you will almost certainly have a number of passionate love-affairs in your life. There is a narcissistic element to your inclination for romance - eyes that adore, gifts that prove your importance to the loved one. Although you can reap tremendous pleasure from matters of the heart, you may find that romantic passions burn out all too soon. Having children can satisfy your need to give and receive love, and bring peace on the relationship front. You can spend a lot of money on adornment and have a inclination towards extravagance.

Venus Square Uranus

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - VALUES: Untraditional relationships

You need to work in an exciting environment where you are together with people who have untraditional ideas, or who come from unusual cultures or backgrounds. You function best when you meet a number of different people during the course of your working day - preferably interesting or unconventional types. You have a talent for working with the media - you may also function well in a job which brings travel to exotic places. As you have a strong interest in

consciousness-raising groups you may get involved with political, spiritual or social movements. You function well in a team - but not in a conventional working environment where you meet the same people all the time. You need to feel as free as a bird. You have a talent for making friendships - you make an electric impression on others, but actually you are rather detached yourself.

PERSONAL - VALUES: Untraditional relationships

The major characteristic of your love-life is your need for excitement and the unpredictable, coupled with a restlessness which you feel when relationships do not offer you the opportunity for personal development. You have a tendency to form relationships to people from foreign countries, different cultures or unusual environments - in other words with a person who can bring an element of the exotic into your life. Often you can find yourself in a situation, in which you choose not to actually live together with a partner. Preferring to keep your independence - especially as regards the freedom to have your own friends - you maintain the excitement of romance by periodic meetings where you can constantly have your need for excitement fulfilled. In extreme cases you experience "airport-love" - short but exciting relationships with someone from another area of the world. In this way you avoid committing yourself emotionally. If you want a more permanent or stable relationship, or if you would like to feel more secure with your loved-one, it is essential to make a deeper emotional commitment.

Jupiter transiting Square Venus

02-04-2017 -> 15-08-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future.

However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

Saturn transiting Opposition Venus

16-01-2019 -> 11-12-2019

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - VALUES: Building self-worth

Economical issues come to the fore now, and you will probably find yourself having to work long and hard, perhaps without getting the financial rewards you would like. It pays to economise and save now, or to make very secure investments. By careful economical planning you can create the foundations for future growth, although short-term success is unlikely. Working on professional relationships may be necessary now, and you could be asked to make a long-term commitment.

It would be to your advantage to pay more attention to subtle influences on your career, such as your appearance and personal style. If you want to open doors which have

been closed for you until now, learn for example the finer points of diplomacy and overcome clumsiness or shyness in dealing with people. An understanding and appreciation of taste and style can be the keys to much desired status improvements.

PERSONAL - VALUES: Building self-worth

You can expect many challenges in your personal relationships now. How great is your commitment? Can your affections stand the test of time? No trivial relationship can survive this period, simply because you feel that you do not have the time to waste on romantic attentions that are not genuine. Those people who are in long-term relationships will go through a testing phase - the old cliché

Drives

Mars In Pisces

PROFESSIONAL - DRIVES: Go for your dreams

You are motivated by creative challenges and do not feel at all comfortable in a competitive environment. You would rather leave the field to your opponent and get involved with something that interests you. As an idealist you can be inspired by social goals to be of help to other people. You may prefer to work in a creative environment - and there may be particular gifts connected with drawing, writing, film or advertising. You are capable of working all on your own, just as long as there is meaning in your work. Work for you should be more than just a means of earning money, if you are to feel at all inspired to get out of bed in the morning. A bad atmosphere or gossip in your working environment undermines you - and you may often encounter situations where people appear to go behind your back. This is partly because you are oversensitive, and partly because you have often find fault with both your own efforts and the efforts of others. There is a talent for spiritual and intuitive matters. You work best when inspired and are rarely moved by appeals to your sense of duty, responsibility, material desires etc.

PERSONAL - DRIVES: Go for your dreams

You are motivated by your dreams and imagination, and whether you are active or not is totally dependent on whether you are inspired or not. You often feel misunderstood, and have difficulty understanding the motivations of others. If the world could stop, you might get off. Sometimes there is an inner despair as regards what to do with your life and which direction to go. Creativity, music, nature and spiritual matters are what motivate you most.

Men with this position of Mars can be loners, and though kind and helpful towards their partner, they have difficulty being 100% involved in their partner or family. Women with this placement are attracted to the creative kind of man who gives the impression that he can fulfil her dreams. There is a tendency to feel let down by the partner, mostly because expectations are unrealistic. Both sexes have problems living up to their commitments - saying one thing yet doing another. There is a world of difference between a dreamer of dreams, and a weaver of dreams, so honesty and self-discipline are prerequisites for personal fulfilment.

Mars In 1st House

PROFESSIONAL - DRIVES: Energise your environment

You are a plucky person who exhibits considerable "fight" in taking on the world. There is a zest and dynamism to your nature which really gets people moving in your environment. Professionally you are a person who needs a challenge. You excel in testing situations which require decisiveness and action. You are capable of taking tough decisions, when others shy away. You are combative and cut through to the essence of any issue. Conversely you tend to be over-competitive. You rarely back off from confrontation, so there tends to be a little too much trouble around you. Given a territory to defend you are fearless and determined. You are well placed in jobs which require hard physical work, or where you have freedom of movement to solve problems your own way without interference from others.

PERSONAL - DRIVES: Energise your environment

Strong masculine traits are developed with this position. This may be because of a competitive family life, a dominating brother, or other themes of dominance in childhood. People will respect your rugged personality and forthright nature, but they may be nervous, or even feel threatened, in your presence. Early trends where you had to protect yourself to survive make you a little too challenging towards others later in life. You often interpret the behaviour of others as hostile, and you are too quick to go on the defensive. Your independence and freedom of movement is important to you, but you are rarely aware of the consequences of your own behaviour on others. You may have a quick temper and impulsive nature, and this will undermine harmony in relationships. By leading an active life, you can channel all this dynamic energy creatively.

Mars Square Saturn

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong

configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DRIVE: Discipline

You are the workaholic type, and can during the course of your life develop an incredible self-discipline. You may have special talent for working in the building industry, or with mechanics and engineering, or in any field which requires will-power and hard physical work. On occasions however, you can be stricken with inertia, and find it very difficult to get started. You have a fear of failure and can feel particularly vulnerable in competitive situations with other men. Difficulties can arise with male authorities, as you are very sensitive to being dominated or ordered around. You have the will-power and ability to work for yourself, being particularly good at making long-term plans and strategies. To succeed professionally it would be to your advantage to work smarter rather than harder. You can end up using all your time on monotonous work precisely because you are so disciplined and persevering. It can pay for you to take a risk, even though you have a strong fear of failure. Try to be motivated by anticipation of future success rather than fear of past difficulties.

PERSONAL - DRIVE: Discipline

As a child your spontaneity was probably hindered in some way, and there may have been difficulties with a father or brother connected with discipline and responsibility. Your upbringing may have been rather authoritarian, even to the point of physical violence. There may have been a strict moral code in the family. In later relationships you expect a lot of resistance, so you invest a lot of energy either in self-control, or in trying to impose your authority. Women with this aspect are often attracted to older men, who tend to become buried in their work. Often the relationship develops in such a way that the woman feels dominated - but this can be due to hidden unconscious needs to recreate the atmosphere of structure and discipline from childhood, and a refusal to discipline her own life. Men place a high priority on their professional life to the detriment of their emotional or sexual relations. A fear of being controlled can bring battles of will and severe confrontations. These problems resolve themselves with time, as you learn to relax and be kinder to yourself. Less work and more play and greater flexibility as regards behavioural rules leads to more rewarding relationships.

Mars Opposition Pluto

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DRIVE: Cutting through decay

This influence has a major effect on your career. In your life you are confronted with the issue of power - and powerlessness. You may not be aware of how forceful you are, and therefore you often encounter confrontations and get involved in power battles. Your strength in this area equips you to deal with crisis situations which other people would rather avoid. Thus you can get involved politically or socially, perhaps in trade union activity or in the corridors of power. Although you have a lot of abilities in this respect you may not find great satisfaction in these areas. You have a good deal of psychological talent, and may find fulfilment in helping people in crisis, or people who have adjustment problems. You may have psychic or healing talents.

You work hard and very intensely, often into the late hours, and actually you may have difficulty knowing when to stop. It is important to identify this obsessive quality, otherwise you can drive yourself to collapse. By structuring your working hours, you can avoid exhaustion. Life would be easier for you if you were more relaxed. You are very sensitive to what you consider the misuse of power - this is connected with humiliating situations connected with will and power in childhood. Later in life you run into similar situations, especially with authoritarian or dominating - even tyrannical - men, and you tend to overreact. This leads to battles of the will which are quite exhausting - even more for others than yourself. These situations are best defused by seeing them in a different light. By clearly showing others the limits you are prepared to accept, and by sticking to them diplomatically, you can win respect and avoid power games. Remember, if your motives are straight, you will attract people who will be straight with you. It is important for you to think positively about others. You are a powerful ally and a dangerous enemy.

PERSONAL - DRIVE: Cutting through decay

You have experienced a number of deep traumas in your childhood through events which may be secret or repressed. This can be linked to the influence of men - particular your father or a brother. Often a stepfather or half-brother plays an important role. Sometimes a sexual theme is involved. You may also have been deeply affected by someone who had a deep psychological problem. In some way your will was totally overridden at some point in your childhood, and

you are profoundly affected by the humiliation this incurred. It is also possible that you experienced your father - who was dominating, but weak - being humiliated in some way.

Later on, intimate relationships are characterised by great intensity and power games. There is a need for a strong partner who can stand up and fight his or her own battles. Women with this aspect are profoundly attracted to magnetic and powerful men. Such a relationship develops predictably: where the man initially starts as the dominating figure, the woman begins to discover weaknesses as time goes by, and in doing so loses respect. When the relationship ends, the roles have been reversed and the man often ends up in a humiliating position.

Men put too much focus on sexuality and the need to demonstrate masculinity. Jealousy and control can be dominating, though concealed, factors in love. The relationship tends to be marred by criticism of weaknesses and bitter discussions over influence. Often therapy can solve difficulties connected with the complex psychological projections involved in this kind of relationship. As time goes by you will discover the benefits of your enormous energy resources and latent power. As a result you stop struggling against imagined power misuse, and simply no longer feel threatened. Deep satisfaction comes from discovering psychological and psychic talents.

Jupiter transiting Square Mars

14-11-2019 -> 10-12-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is

wrong, it pays to gain insight first and cultivate greater tolerance.

PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

Saturn transiting Square Mars

15-02-2017 -> 04-01-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Developing willpower

This is a time to mobilise reserves of willpower and pursue goals with indefatigable determination. You can expect a lot of resistance now, especially from older men in positions of authority. Effort, long-term strategy and hard work is the remedy for problems that arise at this time. Courageous action leads to the building of lasting edifices now.

First of all it is necessary to overcome lack of self-confidence. You may feel that there are men of greater experience available to do the jobs you want, but by training and perseverance, you can - in time - achieve the goals you set yourself. If you don't succeed, try and try again. You will become stronger and more efficient. Great satisfaction can be achieved through the power of organisation and self-discipline - if you rise to the challenge, you will achieve success. This is an excellent time for hard physical work -

particularly as regards building and construction.

PERSONAL - DRIVES: Developing willpower

This period can be rather a trying time, and there are many obstacles to be overcome. However with hard work and determination, you should be able to have things the way you want them - finally. Men will feel unsure of themselves at this time, and there will especially be a question mark as regards their sexual needs and performance. There may be a reluctance to take the initiative in these matters for fear of being rebuffed, yet it is at precisely this time that a man can get into contact with his body, learn more about his needs and develop the confidence and assertiveness to handle sexual relationships. Circumstances may however dictate less sex during this period.

Women who experience this influence will also be concerned about their body, especially as concerned blockages preventing spontaneous enjoyment of erotic pleasures. It pays to take more time in a relationship to improve sexual contact. More patience is needed in the warming-up phase, and less focus on erogenous zones. Many sexual fears about dominance and authority can be dealt with, and the long-term effect on sexuality can be beneficial. Sometimes an older or more experienced man comes into the life now. Both sexes benefit from more exercise or training through body-building, aerobics and the like.

Wisdom

Jupiter In Aquarius Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

PROFESSIONAL - WISDOM: Awaken others

As you are strongly future-oriented, you thrive best in a career which offers the possibility of personal growth. You would work well in a cosmopolitan environment, especially if this meant dealing with people from very different backgrounds. You are socially and politically conscious, and this can mean success in larger government institutions which offer you the opportunity of realising your ideals. You have a natural talent and openness towards untraditional subjects, and whatever your career, you will almost certainly experience an explosive awakening of awareness at some point in your life. Success comes when you develop your higher consciousness through courses and contact with

unusual people. You work well in a job with humanitarian goals.

PERSONAL - WISDOM: Awaken others

The year of your birth was infused with excitement and leaps of human consciousness. You have the capacity to realise the spirit of this time by embracing humanitarian principles and breaking down the boundaries that separate you from your fellow men. You are a socially-oriented person inspired by very powerful ideals. At worst you can be provocative and opinionated, at best you espouse a faith in the principles of equality and fairness. You are destined to awaken other people on a large scale or be inspired by those who do. You have extremely powerful, though rather untraditional convictions. Your beliefs are unshakeable, but you have enough respect not to foist them on other people. Indeed, you believe in the freedom of individuals to follow their own convictions. You are likely to build up a large circle of friends in many different countries during the course of your life.

Jupiter In 12th House

PROFESSIONAL - WISDOM: Spiritual ballast

As you are person with a deep faith and many spiritual and psychological resources you can be of great help to people professionally through giving assurance, advice and support. People can be helped by your faith and ability to have a positive view in a difficult situation. You can work in a large organisation, especially if connected with humanitarian ventures, or with the general well-being of the population - for example with hospitals, welfare institutions etc. You are helped in your work by a deep belief in the qualities of mercy and the importance of service to humanity. You have a keen knowledge of the levelling nature of personal misfortune and the transience of worldly benefits.

PERSONAL - WISDOM: Spiritual ballast

Some of the most rewarding experiences in your life come from the spiritual or creative insights that you are blessed with from time to time. For you the inner world of the imagination is richly populated with beneficent influences. It is obvious to you that faith can move mountains, and you can receive great benefits by drawing on your capacity to use this knowledge. Mobilisation of your capacity for positive thinking can bring you success, but your personal values are more spiritual than material. Perhaps you already have a strong religious faith, perhaps you are still on a spiritual journey to find meaning in life. The teachings you receive will enable you to greatly enrich the lives of others who are in spiritual distress. Care must be taken, however, to ensure

that you do not foist your own opinions and convictions on others.

Jupiter transiting Square Jupiter

20-11-2017 -> 08-08-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

Jupiter transiting Conjunction 8th House

11-09-2017 -> 09-10-2017

PROFESSIONAL - WISDOM: Depth understanding

You understand the importance of influence and power in all your professional dealings. You have the intellectual ability to see behind appearances and draw wise conclusions as regards most matters concerning finance and investment. In

this respect you like to think big. People trust you with their money and other resources, and you can make them grow. You may also have good fortune concerning legacies or inheritances. You have a choice of direction as far as expansion is concerned. You can make a lot of money, if you put your mind to it. You certainly have the know-how. But it is unlikely that you will be satisfied by material success, and you would achieve greater satisfaction expanding your influence, ideology and power. True satisfaction especially comes when you turn your understanding and investigative talents onwards to explore the fascinating realm of psychology and related subjects.

PERSONAL - WISDOM: Depth understanding

You can have a rich and rewarding emotional life. Not being satisfied with any superficial relationships, you have a hunger for intimacy and a deep understanding of the emotional motivations of your partner. You are both curious and talented as regards gaining access to the feelings of others, and you have the capacity for explaining hidden psychological factors. You may have a tendency to tout your own opinions and beliefs in a rather dominating way though. Stubborn insistence on matters of principle or conviction can easily sabotage emotional harmony. When you look back on your life you will notice that you have totally changed your own convictions at least once, so why let them become an issue in relationships? In a good relationship there should be plenty of space for a divergence of opinion.

Jupiter transiting Conjunction 9th House

12-10-2018 -> 09-11-2018

PROFESSIONAL - WISDOM: Expansion of understanding

As you have considerable intellectual depth and a fine overall perspective you are suited to a profession in which your powers of judgement and capacity to exert influence play an important role. Matters concerning the law, or the broadcasting of cultural values, or any situation in which you can get convictions across to the general public are all areas of employment in which you can thrive. Higher education can be important for you, and in your professional life you would appreciate the chance to constantly enhance your abilities through further training. You tend to be tolerant and cosmopolitan so you will demand a job which gives you wide intellectual and cultural horizons - even the opportunity to travel long distances abroad.

PERSONAL - WISDOM: Expansion of understanding

You have been endowed with considerable natural wisdom and the capacity to understand the significance of your life.

Your upbringing will have been influenced by strong parental convictions, and this has stimulated you to work things out for yourself and develop your own understanding of the world. Powerful religious, political or philosophical beliefs shape your life. You are extremely persuasive in your beliefs, but you should bear in mind that other people may find you rather dominating. It is important for you to listen to the world view of other people if you want to avoid becoming bigoted. You may be profoundly influenced by a mentor or guru-figure from a foreign land.

Jupiter transiting Conjunction 10th House

14-01-2019 -> 14-10-2019

PROFESSIONAL - WISDOM: Believe in yourself.

Professional success should come naturally for you, and you may find yourself being helped on your way by influential people who are well-disposed towards you. Success will come in 12 year cycles of expansion and decline. Your ability to grasp opportunities before other people, and a strong belief in your own abilities contribute towards personal success. You are a believer in the principles of growth and laissez-faire, and you know instinctively how important positive thinking is for the achievement of goals. Failures can occur when you rely too much on blind faith, and visions must be backed up by strategic planning. International connections may be an essential ingredient for success. Your personal convictions may have considerable social influence, and people may pay well for your professional advice. This is due to your long-term vision and perspective.

PERSONAL - WISDOM: Believe in yourself.

You were probably fortunate to have a parent who encouraged you strongly to reach out and attain your dreams in life. From this springs a natural confidence in your abilities to get ahead, and a general trust in the world. With success comes influence and a belief in the validity of your views on life. You have to take care not to be too dominating when broadcasting these views in your personal life. Your predisposition for achieving success means that you should be able to guarantee security in partnership matters, and bring the possibility of advancement and higher status to a relationship.

Saturn Trine Uranus

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - SELF-RELIANCE: Structural renewal

This rare combination of planets is part of a 46-year cycle, and the influence will affect everyone over a period of approximately a year. In so far as you channel this influence through your career you have the capacity to deal with large organisations and will often find yourself in the position of establishing a bridge from the old to the new. With one foot in tradition and the established values of collective experience, you will also have to deal with the necessity of reform to adjust to a new future. Depending on which side of this equation you are on, there can be conflict with established authorities. Thus you will often be confronted by two separate and very different camps with very different viewpoints. You deal with social structures which have outlived their usefulness; perhaps a revolution is necessary to make room for the future. You can be skilled at finding ways of putting new technology to practical use. You can work in areas concerned with social reform.

PERSONAL - SELF-RELIANCE: Structural renewal

Your personal struggle is very much connected with when to release your attachment to the past and open yourself and your life to the necessity of change. Often you hang on to restrictive life-patterns too long, and when sudden change comes - as it invariably does - the edifice you have built up can disintegrate as you uncompromisingly embark on a completely new venture. You tread the tightrope between generations and have the capacity to bridge the gap between young and old. Sometimes you identify with the establishment, yet there will come decisive breaks as you violently strive to adjust to change. You have a role in society in which you should bear the banner of reform.

Jupiter transiting Opposition Saturn

27-02-2019 -> 21-11-2019

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework

At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

Saturn transiting Opposition Saturn

04-01-2017 -> 29-11-2017

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - SELF-RELIANCE: Adjusting direction

As Saturn takes 29-30 years to orbit the Sun, it makes a major aspect to itself about every 5 years, and these are times when adjustments of direction and goals have to be made. At the age of 29 to 30 however, a major reorientation is necessary. You have to look carefully at what structures you have built up in your life and why. If you don't make changes now, when can you? Are your ambitions your own, or are you simply fulfilling the expectations of your parents or of authority figures in society?

It is essential to spend some time sensing what it is exactly you want for yourself in life. Cast aside all the unnecessary baggage which you have accumulated in your efforts to

carve yourself a professional niche in society. Don't worry about personal status and ambition for the time being, and don't listen to people who tell you what they think is good for you. The older you get the more important it becomes not to waste time pursuing superficial career goals which will be of no benefit in the long run.

PERSONAL - SELF-RELIANCE: Adjusting direction

All phases of the 30 year Saturn cycle are important, although the ages 30, 44, and 52 are perhaps the most significant. These are times when you have a chance to review the passage of time and assess the unfolding of your life. Are you satisfied with the direction it is taking? If not, change it now. Change need not be radical, you just have to define what it is you truly want to spend time on. Remember your responsibility is first to yourself. The biggest gift you can give to others, is to show that you are satisfied with your own life.

It is important to weigh the balance between career and family commitments now. Do not be influenced by what other people expect of you - only you can know what it is that you really need in life. The yardstick for decisions at this time is: Imagine you were on your death bed...what then, would you wish you had achieved in your life? The wrong decision now can mean years wasted on unfulfilling work.

Uranus In 7th House

Please read page 2 : Uranus In 7th House

Jupiter transiting Conjunction Uranus

01-01-2017 -> 31-08-2017

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - ORIGINALITY: The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as

technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

PERSONAL - ORIGINALITY: The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

Saturn transiting Square Uranus

11-02-2019 -> 06-01-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - ORIGINALITY: Limiting individualism

This influence may not be so obvious in your life, unless you have strong Aquarius characteristics. It is a time when it pays to make constructive use of modern techniques in your career, or perhaps pursue interests connected with exotic cultures or people. Concrete work on untraditional or new age interests is also favoured. You will probably find that you will have to make some compromises with your tendency to be an outsider and to hold society at arm's length. It pays to build a bridge between old traditions and modern trends. Social idealism and commitment is favoured.

PERSONAL - ORIGINALITY: Limiting individualism

During this phase of your life, you will find that you have to take more responsibility for those sides of your nature which are outrageous or provocative. Authority figures will demand more self-discipline and social awareness, and you will not be permitted to merely indulge your extremist views. However this is a good time to develop your interests in original and untraditional subjects, new age matters, and global awareness, especially if you have constructive plans in these fields. This may be a time when you will want to make a more formal commitment to an unusual group.

Pluto transiting Square Uranus

01-01-2017 -> 19-12-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - ORIGINALITY: Eliminate extremes

This is normally a minor influence, but it may involve a shock or unexpected event. This can effect technological systems, computers and transport and may involve long-term renewal of technology. However the whole question of growth and progress becomes a major issue - perhaps because you realise how brutal the forces of survival in the marketplace are. People can seem as pawns in a game played by higher powers. Mechanisation and modernisation can be a very alienating and dehumanising influence, so you may resolve to absorb yourself in social or humanitarian interests in protest.

PERSONAL - ORIGINALITY: Eliminate extremes

On a personal level this is a time to eliminate extreme manifestations of independence which alienate others. Changes on a collective level which are beyond your control can lead to some kind of radical renewal in your personal environment. Groups or associations can play an important role in your life now, and you may be confronted with power struggles on the subject of group integrity. You may in particular be confronted by the darker side of power-hungry people in social organisations to the extent that you wish to withdraw. If you are interested in personal development, radical changes of consciousness can arise as energy channels are opened in your body. This influence is more powerful if you have an Aquarius Ascendant.

Transcendence

Neptune In Sagittarius Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

Neptune In 9th House

PROFESSIONAL - TRANSCENDENCE: Dreaming the truth
You have an unusual perception of what constitutes truth, and how people's beliefs are influenced. This may give you some talent for swaying the minds of others - particularly on a collective level. Thus advertising, music, the media etc. can all be areas of professional interest to you. You know how fickle public opinion is, and this knowledge gives you

the ability to identify or use propaganda. You have a very flexible attitude to moral principles - remember you may understand what you mean or why something is right or wrong, but it is society which decides. Legal troubles will arise if you insist on using your definition of justice!

PERSONAL - TRANSCENDENCE: Dreaming the truth

You spend a lot of time in an elusive search for truth. Early experiences will have taught you about the relativity of personal convictions or opinions and now you simply do not trust them. Each time you try to define your beliefs or adhere to a set of principles, something happens to disappoint you. Experience divests you of all your illusions. Take great care that these experiences do not give rise to a cynical attitude - it is important in your personal dealings with others to have a set of principles that work in society, and to stick to them. During the course of your life you embark on a spiritual journey, and your signposts are dreams, ephemeral intuitions and the occasional spark of divine intervention. Your destination is also your starting point - if you could define the truth, then it would not be the truth. You have the capacity to understand the nature of the mind as void.

Neptune Sextile Pluto

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

PERSONAL - TRANSCENDENCE: Mass vision

If you have this influence powerfully evoked by other factors in your horoscope, you will be deeply affected by spiritual issues, and constantly seeking to refine your consciousness. At these times you are likely to experience great personal disorientation and confusion, as old dreams and visions are replaced by new, deep psychological insights. Inner growth will have major priority in intimate relationships. During periods of your life you will undergo deep transformations in which your fantasy and imagination will play a powerful role. It is essential to learn to use your imagination in a positive way by learning about the power of the unconscious.

Jupiter transiting Conjunction Neptune

20-11-2018 -> 16-12-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

PERSONAL - TRANSCENDENCE: Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

Transformation

Pluto In Libra

Pluto In 7th House

PROFESSIONAL - TRANSFORMATION: Meeting the shadow

You are inscrutable in your dealings with others, and this can be an advantage when it is important for you to conceal your hand. As you also possess considerable psychological insight, you are good at driving bargains, though there can be a tendency to rely on a show of power rather than working towards a consensus that reflects shared interests. If you feel anxious when relating to others and suspicious of their intentions, and try to compensate through exerting control, you might benefit from developing greater trust and faith in your fellow citizens. Remember, people also feel anxious when relating to you precisely because of the efforts you make to maintain control. Relax. You can help people who feel alienated from society, perhaps by some form of healing or therapy. At your best you can give people the power to totally transform their lives.

PERSONAL - TRANSFORMATION: Meeting the shadow

You form relationships with passion and intensity, and the erotic element of love will be very important to you - indeed there may be an obsessive quality about it. Because you allow yourself to get totally absorbed by the other, there are times when you feel totally possessed by him or her and without power. There are a number of dangers here. First of all, you tend to deny your own personal power and shadow side, project them on the partner, and thereafter experience the partner as dominating or manipulative. Get wise. If you can integrate your own shadow and your own power, if you can also admit to the ugly sides of your own nature, you relieve your partner from a great burden. In its extreme form you can experience, or even evoke, psychosis or cruel behaviour in the partner. Do not invest everything in your partnership - if too much pressure is exerted, the partner will bow out of the relationship without warning. As you mature you gain great psychological insight through your relationships.

Jupiter transiting Square Pluto

27-11-2019 -> 23-12-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSFORMATION: Power play

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power

misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

PERSONAL - TRANSFORMATION: Power play

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

Saturn transiting Square Pluto

10-12-2017 -> 29-10-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSFORMATION: Bonds on power

This influence may not be felt very strongly, unless you have strong Scorpio traits. This is a period when you are confronted with power manifestations in society, and it can be necessary for you to summon up reserves of strength and determination to handle situations which seem beyond your control. Take care in your dealings with police, tax authorities or underworld characters, as you are liable to meet people and groups who are in a position to humiliate you. In professional matters you have to take a closer look at what goes on under the surface. Eliminate any corrupt elements, and look more closely at your motivation when asserting your power.

PERSONAL - TRANSFORMATION: Bonds on power

Though sometimes rather subtle, this influence can release powerful elements in your unconscious mind. If you are a victim of emotional states such as jealousy and paranoia, now is the time to make an effort to deal with them. Deep-rooted psychological complexes which manifest as obsessive behaviour will surface now and the more you try to repress them, the greater power they will have over you.

A sure danger sign is if you start accusing other people of evil behaviour, or if you feel that you are being shadowed or persecuted. Inner demons manifest in outer events now, yet solutions are to be found within your own being. You can contact archetypal forces now, for example through shamanism.

Destiny

N.Node In Capricorn, S.Node In Cancer

PROFESSIONAL - DESTINY: Growing up

Achieving professional success in your case involves your overcoming dependent tendencies and a feeling of being vulnerable. Early in your career you may choose to work in a caring profession, or in a job which affords you security. You expect to be provided for and looked after. As time goes by you find that the price of dependence is a feeling of being stifled. An inner need to manifest your executive talents arises, and this will often involve a powerful emotional transition in which you demonstratively take responsibility for your life. At such times you may even wish to start out for yourself as your own boss, and you will manifest great determination and self-discipline in this process. New businesslike tendencies replace the vulnerable softness which previously characterised your nature.

PERSONAL - DESTINY: Growing up

You are strongly attached to the bonds of the past, and your family can play an extremely important role in maintaining feelings of dependence in you. At some point in your life these bonds have to be cut, so that you have the opportunity to take responsibility for your own life. When young you are tempted to manipulate partners by appealing to their protective nature, and this results in your being held in a childish role. In reality there is a grown-up in you bursting to get out, and the sooner you manifest your maturity in this respect, the more satisfaction you will feel. Children and family represent something of a dilemma for you, perhaps because you instinctively sense the great responsibilities that parenthood will bring. Raising a family is easier when you make the transition from dependence to self-sufficiency. You are an emotional person, yet as you get older you learn that there is greater dignity in self-control.

N.Node In 11th House, S.Node In 5th House

PROFESSIONAL - DESTINY: Group visions

Early on in your professional life you may be motivated by a drive for fame and recognition. You certainly have creative

talents, but you will not find true fulfilment in your drive for personal recognition, even though you may achieve it. Your destiny lies in dealing with groups or in connection with your social visions. When you put individual needs behind you, and discover the satisfaction of working with others to achieve joint goals, you will feel that you have found your path in life.

PERSONAL - DESTINY: Group visions

You have a strong need to be respected as an individual, yet you will discover that this need is exaggerated and cannot be fulfilled. Should you for example choose to find self-confirmation through love-affairs, you will end up in a very complex situation, and your self-respect will take a dive. Romance is often an abyss which undermines your ego even further. Children can result from romantic ventures and be a burden on your progress in life. Having children will not satisfy your need for personal significance. It is essential for you to realise as soon as possible that personal happiness comes when you devote yourself to enhancing your consciousness through social involvement. Group interests bring great satisfaction, and other people will benefit greatly from your creative efforts in social fields.

Saturn transiting Conjunction N.Node

06-02-2018 -> 31-12-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - DESTINY: Group responsibilities

This period is characterised by a professional commitment with a group and the responsibilities that this commitment involves. The interests of the collective may turn out to be more relevant for your career development than your own ambitions or desire for status. Older people in authority may impose limitations on your development, and you can experience a compelling need for greater self-discipline to deal with the demands made on you. The decisions made now can have an important formative effect on your destiny. Benefit comes through subordinating ego needs for the good of others, and accepting the hand of fate, as it moves in your career.

PERSONAL - DESTINY: Group responsibilities

This is a time when time will stand still for a while, so that you can take stock of your ambitions and goals in life and see where they have led you. It is a fateful period in which your responsibilities to others and your role in society can become very important. Some people feel that their life

direction leads to a blind alley in these months, or that plans for the future are futile and empty. There is benefit to be attained through inner spiritual discipline, as the hunger felt at this time can not be satiated by outer success.

THE TWELVE HOUSES

The Ascendant - Lifepath

This is by far the most important position in the horoscope. It represents you, your life and how you occupy the stage - your style. Planets placed here dominate the life.

The Second House - Resources

This house is connected with self-worth. How you feel about your body, your assets and talents - and therefore your financial status - is reflected by planets in this house.

The Third House - Connections

This shows mental abilities and experiences connected with education, siblings, neighbors and everyone in the local environment. The house of travel and networking.

Descendant (7th) - Relationships

Whilst the Ascendant is connected with yourself, the Descendant is to do with others. This house shows where we reach out and meet people, and form lasting relationships.

The Eighth House - Intimacy

This house is connected with life's inevitabilities like sex, death and taxes. This is where we feel most anxious and vulnerable, and where we confront emotional and sexual taboos.

The Ninth House - Understanding

Planets placed here express themselves through insight and understanding gained through travel and further education. This is where beliefs are formed and judgments given.

The IC of Fourth House - Roots

This shows the family heritage, the atmosphere at home, and the ability to connect to roots and put down new roots. Parents and family are shown here, as well as property and ancestry.

The Fifth House - Expression

Planets placed in this house are strongly identified with and projected onto the stage. This house is connected with feeling confidence through creativity, children, love and play.

The Sixth House - Service

Planets placed here show the need to relate with others via practical issues such as work and domestic tasks. This house is connected with health and the daily environment.

Midheaven (10th) - Achievement

This house represents crowning achievement - your goals and mission. It also shows your career and superior authorities like parents, bosses etc. Planets here achieve success.

The Eleventh House - Groups

This house is connected with your social life. It has to do with friendships at school and in later life, as well as groups and associations, or the social sphere you are a part of.

The Twelfth House - Isolation

This shows isolated places in society like prisons and hospitals, or simply living away from it all. Planets placed here show where inner development takes place when feeling alone.

THE ASTROLOGICAL ASPECTS

The Conjunction

(0 degrees... orb allowed: 12 degrees)

Key word: Fusion

This aspect is in effect when two planets are close to each other, normally in the same sign. It represents the fusion of planetary principles.

The Opposition

(180 degrees... orb: 10 degrees)

Key word: Separation

This aspect - when two planets are in opposite signs - shows a split or division between the needs shown by two planets. There is also an attraction between opposites.

The Square

(90 degrees... orb 6 degrees)

Key word: Tension

This aspect occurs when planets are at right angles to each other in the chart. It shows two needs at war with each other. This brings considerable dynamism, but a lot of trouble.

The Trine

(120 degrees ... orb 8 degrees)

Key word: Harmony

This aspect occurs when planets are a third of the circle away and normally in the same element. This shows the harmonic confluence of needs, bringing happiness and harmony.

The Sextile

(60 degrees... orb 4 degrees)

Key word: Creativity

If the circle is divided by a six-pointed star, the sextile would take place on two of the points next to each other. There is both dynamism and pleasure connected with this aspect.
