Dear MARIA,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

After the many changes in the early forties, and the successful resolution of challenges in professional and personal partnerships last year, during your 45th year you are in a position to consolidate the structures that have been established, and build upon them. There is a realization that you have a duty to give back to society as well as receive, and you may feel you have the surplus energy to do something for the community. This is a year when your energy peaks, and - as you now have a clear idea what goals you want to achieve - there can be considerable achievement. By nature you exude a deep passion and determination. You probe the mysteries of power and sexuality and maintain inscrutable control over emotions. The inner world of the imagination can be a battleground for you, as destructive fantasies are strong, and you tend to imagine threats which do not necessarily exist. With this new forcefulness and maturity the way is paved for promotion and success.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges,

delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around January - 2015 and will ebb out around December - 2017. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

In this period of your life you feel that you have set in motion a new plan for your life. The framework is in place, your intentions have been made clear, and when you examine your feelings, you know you are on the right track. Now you enter a transition phase that requires concrete results. You need to consolidate your position and nurture your resources, so that you can actually achieve the new goals you have set yourself. This new influence starts growing around December - 2017 and will ebb out around March - 2020. In this coming period you will be crucially aware of a shortage of funds, and this is an ideal motivation for increasing your earning power. You need to build the structural framework for future prosperity, and this has to start with economy and restraint. Learning about saving and budgeting are key issues, but it is also important for you not to underestimate your potential worth.

Opportunities for Success

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from October - 2017 to November - 2018 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

An awareness of the spiritual forces behind your individual evolution has enriched your understanding of your self and the universe, and this now ushers in a period from November - 2018 to December - 2019 when you are ready to emerge from seclusion and apply this inner wisdom more directly in your dealings with others. A new confidence is reflected by a more forceful personal presence in which your ideas and opinions pave the way for personal expansion.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 45. Three very important issues that make this year special are:

- A time when bonds to people and groups are examined and found wanting. You are drawn in to new alliances, which offer some kind of initiation into the world of power, psychologically, economically or socially.
- You start a new period of mental excellence, expanding your wisdom, knowledge and understanding, meeting mentors who have the skills you need and traveling considerable distances to learn and teach.
- Your psychological integrity and stability is tested by encounters with powerful people and authorities where there is an agenda of survival and structural change. If cracks appear in the foundations, it may be necessary to rebuild from the bottom up.
