Birth Report

Dear Krishna Gypta,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Sun Conjunction Jupiter". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

You are an inspiring person with a wonderful capacity for positive thinking and looking on the bright side. You are a seeker of wisdom, and this search will lead to many studies and many travels to widen your intellectual horizons. During the course of your life, you acquire a set of opinions and personal convictions which play rather a dominating role in your environment. Gaining understanding of the meaning of your own life is important, and you identify strongly with the conclusions you come to. You have a great need to find a mentor or wise person who can instruct you, but few people will have the capacity to impress you on an intellectual or spiritual level. If you do not cultivate a sensitivity to the ideas of others you can become opinionated and arrogant. Others can find you mentally dominating or over-forceful in discussions. There is more dignity in giving your opinion only when asked, than in foisting your beliefs on others. Generally however, you will create a good impression because of the wide span of your mind, and a tolerant attitude towards others.

How this influence affects your professional life:

One of your greatest professional assets is your optimism and ability to envision and empower the future. You have the capacity to occupy a high profile position in which your charisma and personal identity play a leading role. As you are strongly motivated to acquire insight in your life, and rather philosophically minded, you would function well as an advisor, counsellor or simply as a leader figure, whom people turn to for advice and a sense of direction. It is essential that your profession offers you the opportunity for growth. You need wide horizons and you will probably find that you travel a lot in your work. You are cosmopolitan by nature, and enjoy the cultural aspect of your work. You have very strong convictions indeed, and may be rather morally high-minded. This side of your character can lead to ideological confrontations with influential people. You have great difficulty in admitting your mistakes, and although you have vision and prophetic sense, you can be wildly optimistic about the future, and are often to be seen chasing dreams of prosperity. Inasmuch as vision is necessary for success, you will generally reach your goals, but greater attention to planning, more realism and more patience would help you consolidate your position.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Uranus Sextile Neptune". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This rather subtle influence will affect those people who are sensitive to inner realms of consciousness and the imagination. It is a great time for

fantasy and spiritual creativity although care has to be taken not to lose all contact with reality. Many deep emotions are stirred now, giving rise to new consciousness states and a transcendental awareness. If you can channel these rarefied energies through meditation or group work, you can expect considerable spiritual growth now. This is the time to see auras, enter dream states and develop intuitive and clairvoyant powers.

How this influence affects your professional life:

This influence is rather subtle in its effect, although it can be felt strongly by those with a strong Pisces nature. It is very transcendental in nature encouraging you to get in touch with subliminal forces in society and harness them in your professional life. This influence is good for mass marketing techniques, working with the media and advertising, and international contacts. It is especially good for New Age interests, awakening latent talents for clairvoyance, astrology and the like. Unrealistic dreams and expectations can take flight now, so try to be as realistic as possible.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
