Written and designed by Adrian Duncan

Birth Report

Dear Debangi Sanyal,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mercury Opposition Neptune". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

In intimate relationships you are very attuned to what your partner is thinking. You are a mind-reader, and as such you often feel you know what another person will say before it is said. Whilst this is often the case, problems can arise because of a tendency to adjust what you say to conform to the other person's supposed expectations, and to hide thoughts and ideas which you think will not be received well. If this habit goes on for too long, you may find that you start living in another world - isolated and misunderstood. Effort must be made to improve communication and to say what is really on your mind. You are oversensitive to environmental stimuli - particularly noise - and partners may feel you overreact or are over-critical in this area. However you do need to be in a peaceful environment to function well.

How this influence affects your professional life:

You have a very refined mental sensitivity which may be expressed through some form of imaginative and creative work. You possess a wonderful intuition, but formal learning and dry facts do not interest you. You can be quite a perfectionist and are very good at spotting

mistakes and errors. In your dealings with others, you are very good at tuning in to their ideas, and you will go very far - perhaps too far - to avoid confrontation and argument. You tend to hope difficulties will disappear if you ignore them, and you have a tendency to create a smokescreen around issues. Thus you like to get your own way through being indirect and confusing the opposition. However if you do not make an effort to stick to ethical principles and honest representations, you may find yourself getting ensnared by the stories you create. You have a talent for creative communication - as a writer, in advertising or the media, or as a general part of your work.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Neptune Opposition Venus". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

During this period you can develop a greater awareness of the needs of the heart to find lasting values which can be relied on to bring happiness and contentment. It is an excellent time for spiritual discovery and devotion. You need to contact people now who allow themselves to be inspired by aesthetic values. These contacts will enrich your life. If you have any creative or artistic interests, set time aside to pursue these interests now. It is also a time in which love and romance can blossom and take flower. And just as Spring blossoms bring their blessings yet disappear so fast, love at this time is full of promise, yet rarely delivers lasting results. There is a tendency to get attracted to musical, artistic or spiritual people at this time, who

express ideas which really appeal to your dreams. During the course of time, however, reality impinges on romance to reveal a scenario of normality and human weakness, which deflates the early romantic idealisation. The point of love in this period is to refine the heart and bring one in touch with the divine. "Better to have loved and lost, than never to have loved at all".

How this influence affects your professional life:

During this period you must ask yourself what has value for you. New people come into your life at this time, enhancing the quality of your professional relationships. Through their influence you should be able to discover a new appreciation of your social life, and a greater awareness of the importance of aesthetic factors for enjoyment. It is an excellent period for developing your artistic and creative interests. Indeed it might pay you to put your ambitions on the back-burner for a while, so that you can cultivate your capacity to experience life's pleasures. Life offers many distractions at this time, and you can be led astray by your desire for magical experience. There is a great emphasis on matters of the heart, though promises made at this time are not destined to pass the test of time. You can also be seduced by economic sandcastles. Whereas it is good to seek greater quality and integrate more beauty and taste into projects, care has to be taken not to invest in glittering ventures which show surface promise but no long-term stability.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
