HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Virgo

PROFESSIONAL - LIFE-PATH: Efficiency

Your professional life means a lot to you, and you work hard and conscientiously to become well-integrated in your whatever field of interest you choose. You are more concerned with efficiency and service than with getting personal recognition, and this makes you an asset in any working team. You labour industriously behind the scenes to make things function, and still find time to look after the needs of your colleagues. You have special abilities as regards service functions, organisation and analysis, and health matters, and are especially concerned about cleanliness and purity. You do however have a tendency to underestimate yourself, never being quite satisfied with your efforts - or for that matter the efforts of others. As you are strongly motivated to create order, you tend to focus on disorderliness in others. Learning to relax and be content with your efforts takes the pressure off you.

PERSONAL - LIFE-PATH: Efficiency

One of your better qualities is your self-deprecating nature. You are often willing to put others first and are generally quite content to take on a low-profile role, in which you concentrate on getting everyday life to function smoothly for all concerned. You are both critical and self-critical, and may often feel that life is hard work - a never-ending stream of tasks waiting to be done. In contrast your partners seem to let things just flow along in a disorganised, even lazy manner. This is of course a natural consequence of your own over-diligent manner, in which you tend to take on the duties of others. You can learn a lot from partners by being content with, and accepting, things as they are. It can be a great satisfaction for you to develop greater health consciousness during the course of your life, as you have natural abilities as regards nutrition and the influence of thoughts and emotions on physical health.

Ascendant Square Sun

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: I, myself, me

Whether you would prefer to have a low profile or not, you

will often dominate your surroundings through the force of your personality. Professionally you strive to do your very best - for success is a matter of honour for you. You have a magnanimous disposition, and are generous in your dealings with others. Creative work and self-expression must be an important element in your professional life. You stand on your pride too much.

PERSONAL - LIFE PATH: I, myself, me

You have a radiant personality, with a touch of self-importance. You take yourself - and the impression you make on others - very seriously indeed. Some people may consider you self-centred. You tend at least to be the centre of attention, and although you invest all of yourself when you relate to others, you give your own personal development needs priority. You have plenty of surplus energy, and your playful nature can make you a figurehead for young people.

Ascendant Square Mars

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: Undiluted force

You display a rugged personality, and invest energy and enthusiasm in everything you do. An aggressive or overly defensive attitude brings out a competitive attitude in others. This will lead to a number of professional conflicts. You are ever-willing to take up the battle. Nevertheless you are effective in action as long as you are given the freedom to decide things for yourself. You are a good general, but a bad diplomat.

PERSONAL - LIFE PATH: Undiluted force

You create a forceful impression, and people have a tendency to be somewhat nervous when they are around you. Those who know you well will appreciate your forthrightness, but the meek and sensitive will avoid your company - not that you care. You are headstrong, reckless and therefore rather prone to accidents. You are basically frank and honest, so people know where they stand with you.

Ascendant Conjunction Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild

effect in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - LIFE PATH: The counsellor

You are not interested in trivia, and therefore seek a profession which gives some kind of overall meaning. You are probably destined for success, and can exert considerable influence through the power of your opinions or good judgement. You have a tendency to overestimate the importance of your ideas, and may be unreceptive to the views of others. Generally, however, you maintain a fine perspective on the important issues. You are an excellent adviser.

PERSONAL - LIFE PATH: The counsellor

You are a larger than life character with strong views on most issues, and a deep interest in spiritual issues. You are open and willing to expand your philosophical horizons. Generally blessed with good fortune and an optimistic frame of mind, you have the ability to expect the best of the future. There may be a tendency to overindulge or be too extravagant. People value your ability to understand in depth the things that move them.

Mercury In Gemini

PROFESSIONAL - MENTALITY: Explore the mind

You are a true all-rounder, with amazing communicative abilities. You probably have a finger in several pies, and a good deal of knowledge in a variety of areas. You probably talk in a rapid way and change the subject often. Your diversity will give you success in mental pursuits, establishing contact with others, teaching, working with the mind etc. You are an ideas-person, and as such it is essential for you to have contact with people who can put your ideas into practice. You can work wonders on the telephone and feel generally at home with modern communication techniques. It is your job to teach, persuade and inform, and it is up to others to consolidate the results.

PERSONAL - MENTALITY: Explore the mind

You are young in heart and mind and manifest a constant curiosity regarding people and the changes that go on around you. You hop from subject to subject when talking, and your voice tone is probably musical and light, and quite fast. You are restless and like to get involved in several things at the same time. Being as flexible as you are, truth can be seen as relative to the task at hand. In other words you do not like to commit yourself to a particular idea or truth for any length of time, but instead you find pleasure in

exploring the whole spectrum of human interests and beliefs. It is more the dance of the mind that appeals to you - practical conclusions and applications may just be boring. Travel, meeting people and exchanging gossip about life are appealing pursuits for you.

Mercury In 10th House

PROFESSIONAL - MENTALITY: Get your message across

You have certain specific professional talents which will lead you to work in several different areas in your life. Basically however your greatest professional asset are your mental talents and your special communication abilities. Contact with a variety of people, both locally and internationally, and a sense of being in touch with others - whether it is being up to date on what goes on inside the office or faxing and telephoning outside - are essential ingredients for professional success and satisfaction. You may do a good deal of local travelling, and work for you will be a constant learning and teaching process. New mental challenges are essential for your well-being - otherwise you will get bored. Develop your communication abilities through courses and improving communication techniques.

PERSONAL - MENTALITY: Get your message across.

You are a busy person, and your ceaseless search for the good professional opportunity distracts you rather from personal and emotional issues. Sensing your destiny is to communicate, you have a tendency to feel that relationships make you deviate from your path - unless you have a partner who can share your interests in your career. Professional worries and a chronic tendency to plan ahead mean that you set too little time aside for domestic pleasures. A partner who was active in the home would be the ideal counterpoint for you because when you come home from work you need an atmosphere which encourages relaxation.

Identity

Sun In Taurus

PROFESSIONAL - IDENTITY: Stabilise your foundation

The main issues in your life centre around building up a strong sense of self-worth. In career matters you would be happiest with a stable job and a regular income. Attaining a stable sense of self and building up a set of personal values that stand the test of time is priority number one. This may well manifest in a material way, but this is mainly because you have the ability to both appreciate, enjoy and administrate the material things of this world. Because you

have a fine appreciation of quality, this will naturally be reflected in the things you acquire. When you function well professionally people will see you as a person who they can rely on and count on for support. You are patient and determined, and you know how to consolidate your position after you have achieved a goal. You are extremely good at maintaining gains, once they are achieved.

PERSONAL - IDENTITY: Stabilise your foundation

Basically you seek stability and security. However some of the greatest testing times of your life come when your values change and periods of instability arise. These periods will often be accompanied by the need to lose or give up something to which you are extremely attached. Your fate is to understand the very nature of attachment and yet develop greater flexibility in the face of gain or loss. Partnerships can be affected by your inertia as regards the need for renewal and change. When your self-worth is reflected by inner values which can never be lost, you become a tower of strength for yourself and others. Other things being equal you can build a wall of security around your loved ones. However you may have rather fixed ideas and principles, and you rarely allow yourself to be influenced. When those around you desire change, this can create a good deal of frustration.

Sun In 9th House

PROFESSIONAL - IDENTITY: Search for meaning

You can be an intellectual authority in some area - well-respected for your opinions and good judgement. As you are powerfully motivated to gain insight and wisdom in your life, and thereby gain greater perspective over world events, you may be suited to a position of influence in which people defer to your judgement. Areas concerned with the law, publishing, foreign affairs, or dissemination of ideas through publicity or marketing can all appeal to you. You do not like to have your horizons restricted, and you may feel the need to expand your influence over the borders of your own native land. You are a person of strong principles, believing in the values of higher education and training. In many ways you are a teacher's teacher.

PERSONAL - IDENTITY: Search for meaning

You have a powerful drive to realise yourself through intellectual, philosophical or spiritual interests. This probably arises from a father who had similar interests. You are fascinated by what makes the world go round, and what your place is in the scheme of things. When you find deeper significance in the events that go on around you, you formulate strong opinions which form the basis of your

identity. Indeed people may find you opinionated and rather intellectually dominating. As a seeker of truth you can give others deep inspiration, though it is better to let others come to you, than for you to foist your convictions on them. During the course of your life you are disposed towards strong religious experiences, and you might benefit from - though you will never allow yourself to be subservient to - the guidance of a wise man.

Sun Conjunction Venus

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Style

This contact evokes in you a very strong aesthetic awareness and quite considerable personal charm. You have the ability to make a warm and enriching contact to others and inspire them with your presence. Your diplomatic talents, and strong sense of personal values, gives you many advantages in a variety of areas. You are not a forceful person, and in general you do not like competition, but you can get your way through persuasiveness and charm. Your natural charisma and winning manner ensures personal popularity. You would not be happy in a job in which confrontation and conflict plays a role, and your talents are best utilised dealing with personnel, diplomacy, or matters related to taste, style or a refined judgement.

PERSONAL - IDENTITY: Style

It is extremely important for you to feel liked, and you go to considerable lengths to make a good impression. You are personally warm and affectionate, and enjoy both making and being the recipient of romantic gestures. Your mild manner probably comes from your father, who may well have been very loving and considerate. Indeed, women with this aspect often idealise their fathers and have difficulty shaking off their attachment. Later in life they will tend to become romantically involved with a softer type of man, in whom they imagine very gallant properties. For both sexes problems can arise through denial of the shadow side of the personality and the reluctance to see that people cannot always be ladies and gentlemen. Sometimes too, there may be a tendency to manipulate others through the conscious use of charm, and a far too rosy self-portrayal. Nevertheless personal self-esteem is a central issue for the identity, and learning to love and accept yourself is a prerequisite before you can function well in a relationship.

Sun Square Jupiter

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Insight

One of your greatest professional assets is your optimism and ability to envision and empower the future. You have the capacity to occupy a high profile position in which your charisma and personal identity play a leading role. As you are strongly motivated to acquire insight in your life, and rather philosophically minded, you would function well as an advisor, counsellor or simply as a leader figure, whom people turn to for advice and a sense of direction. It is essential that your profession offers you the opportunity for growth. You need wide horizons and you will probably find that you travel a lot in your work. You are cosmopolitan by nature, and enjoy the cultural aspect of your work. You have very strong convictions indeed, and may be rather morally high-minded. This side of your character can lead to ideological confrontations with influential people. You have great difficulty in admitting your mistakes, and although you have vision and prophetic sense, you can be wildly optimistic about the future, and are often to be seen chasing dreams of prosperity. Inasmuch as vision is necessary for success, you will generally reach your goals, but greater attention to planning, more realism and more patience would help you consolidate your position.

PERSONAL - IDENTITY: Insight

You are an inspiring person with a wonderful capacity for positive thinking and looking on the bright side. You are a seeker of wisdom, and this search will lead to many studies and many travels to widen your intellectual horizons. During the course of your life, you acquire a set of opinions and personal convictions which play rather a dominating role in your environment. Gaining understanding of the meaning of your own life is important, and you identify strongly with the conclusions you come to. You have a great need to find a mentor or wise person who can instruct you, but few people will have the capacity to impress you on an intellectual or spiritual level. If you do not cultivate a sensitivity to the ideas of others you can become opinionated and arrogant. Others can find you mentally dominating or over-forceful in discussions. There is more dignity in giving your opinion only when asked, than in foisting your beliefs on others. Generally however, you will create a good impression

because of the wide span of your mind, and a tolerant attitude towards others.

Sun Trine Uranus

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - IDENTITY: Consciousness change

Your chief contribution to society is your ability to entertain original ideas and experiment with new ways of doing things. You need to work in an independent position or with a company which respects and encourages your originality. You quickly become bored if you have to perform the same functions day in day out. You need to meet people - and you thrive on unusual challenges, especially if they involve travel and dealing with radically different cultures. You may travel long distances to exotic countries, or work with advanced technology. Alternatively you will go your own unique direction in your professional life, developing unconventional talents - perhaps connected with consciousness development in one form or another. You are not one to stand on ceremony either - you hate stuffy protocol and thrive on contacts with young and old, rich and poor. It is your job to pave the way to the future with new ideas and an original life-style.

PERSONAL - IDENTITY: Consciousness change

You are a true individual and other people may regard you as rather eccentric. You like to express yourself through actions which surprise others in some way, and you enjoy embracing ideas which are provocative. You do not like to feel tied down, and function best in a relationship which gives you a lot of personal freedom. Often your friends will seem more important than your family, and as a result partners can feel that they are unable to establish an intimate contact with you, though you are usually quite open and fair-minded. During certain periods of your life you will choose to change your direction radically. These personal revolutions are often accompanied by new interests of an untraditional nature - for example astrology, electronics and technical matters, or mental powers. You have an electric and rather unstable aura around you, and often your nerves are on edge. People feel uncertain around you as they feel that anything can happen, so you would be wise to put them at ease about your intentions.

Sun Opposition Neptune

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Find meaning in spirituality
On a professional level almost anything is possible for you - as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and personal ambition. You have high, and perhaps unattainable expectations of yourself...and often of others. You have an intuitive insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

PERSONAL - IDENTITY: Find meaning in spirituality
You are a sensitive and impressionable person with a strong need to be able to define who you are. You often feel that your grasp on reality is not tangible. If life becomes boring or monotonous, this can strike at the very core of your identity. Women with this aspect put their men on a pedestal from which they rapidly fall. In your longing to find an ideal that does not dissolve like a mirage in front of you, you will constantly refine your nature. Your longing and dissatisfaction is the engine of spiritual change in your life. You find yourself by going within yourself. Meaning in life comes when you seek to attain idealistic goals and develop a collective vision which benefits others. You would definitely benefit from meditative practice.

Jupiter transiting Opposition Sun

14-10-2018 -> 11-11-2018

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - IDENTITY: Creating your future
During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

PERSONAL - IDENTITY: Creating your future
During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

Emotions

Moon In Aquarius

PROFESSIONAL - EMOTIONS: Caring humanity
You are a very socially conscious person, strongly motivated to create cohesion in groups. Paradoxically however, you often feel on the fringe as far as your relationships are concerned. You have a taste for unusual environments and function best when you consciously choose alternative relationships where people's differences are more apparent than their similarities. This gives an attraction to foreign environments or experimental life-styles. With your natural friendliness, deep social commitment and group consciousness you will have a special ability for working with people on the social fringe. You have a striking intuition, and may have talents for an unconventional profession.

PERSONAL - EMOTIONS: Caring humanity

You were brought up in an unusual parental environment characterised by rather special family relationships. You probably learned at an early age that it did not pay to be too dependent, and neither does it suit you, as you prefer friendships based on equality and shared interests. As such it is likely that your family relationships were characterised by intellectual principles of equality or liberation, whilst you may have missed the emotional supportiveness most children take for granted, although you may well have had a very friendly relationship to your mother. As many of the deepest bonds in your life are to true friends or groups, some of your greatest difficulties are experienced when these attachments are broken.

Moon In 6th House

PROFESSIONAL - EMOTIONS: Work security

You are an extremely service-oriented person, strongly motivated to care for the needs of others. You thrive when you have a stable working rhythm, and it is important for you to have a feeling of security and belonging as regards your working environment and the people in it. Your sensitivity to others makes you suited to the helping professions. Emotional problems can arise at work because of oversensitivity and unconscious overreaction - especially when you feel your security is threatened. You feel threatened by change, yet paradoxically are very good at adjusting when changes come. Your work will bring you into contact with the general public - you may have connections to the food industry, or some public service industry.

PERSONAL - EMOTIONS: Work security

As a very helpful person you like to make yourself indispensable through being of service. You are excellent at tuning in to the physical needs of others, and generally happy take on a lot of tasks - both in your career and around the house. If you are not careful however, other people will take advantage of you. You may be reluctant to say no because of your dependence on the goodwill of others. You may also waste too much energy on menial tasks, thus getting distracted from the broader visions in your life. As you are very sensitive to your working environment, you tend to worry too much about how other people are feeling. Learn to tune in to your own needs, so that you can set limits in relation to the imagined demands of others.

Moon Trine Mercury

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. Because

there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Emotional awareness

You have great persuasive talents because you make an emotional investment in everything you say. At its best you can use these communicative talents to sway the feelings of the people around you - obviously a great asset when speaking to a public. You know how to tune in to the mood of the crowd and have an instinctive talent for saying the right thing. You need to be passionately engaged in your work, and function best in a role which gives you human contact. You work better with people than with things, but there is good business talent, especially as regards property. You are not an analytical type, and your judgements are easily swayed by your feelings. Thus you are easy to read, and will often stumble verbally, when you encounter conflict. You would find success in a career in which you utilised your talent for listening and speaking to people.

PERSONAL - EMOTIONS: Emotional awareness

You are a person who likes to communicate on an intimate level with those you are close to, though you have difficulty opening up to those you do not know well. Other people are comfortable entrusting their thoughts and feelings to you however. Your word and tone of voice are always tinged by your emotions, and this ensures you a good audience. Your emotions tend to swing a lot, and when you are feeling negative it can be very difficult for you to express yourself clearly. Under extreme emotional conditions you will be rather irrational. You have probably been profoundly emotionally affected by sibling relationships, and even now may have a powerful emotional bond to a brother or a sister. Your school years will also have had a great emotional impact on you, for better or worse. You are extremely sensitive to being criticised or misunderstood on a mental level. In many ways you are able to build a mental bridge between the conscious and unconscious mind, clarifying emotions through mental awareness.

Moon Square Venus

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Empathy

You have very winning ways with all kinds of people and can gain a great deal of personal popularity. Dealing with others - particularly the public - in some way or another, can be an important ingredient in your profession. You may simply like people; at least people feel as if you do. You have a particular talent for dealing with women, partly because you have an instinctive understanding of their ways. Women can play an important role in your professional advancement - indeed you may be rather dependent on their goodwill for better or worse. Basically you are a caring and sympathetic person - and you show it. Therefore you would function well in a position which gave you daily contact with people and the opportunity to support and nurture them in some way. You shun hard professional tactics and are easily hurt when rebuffed. This means that you may be too fragile to handle the rough and tumble of the marketplace. To feel secure you need to have a solid economy, otherwise you tend to be afflicted by worry. You have a talent for investment - particularly in property.

PERSONAL - EMOTIONS: Empathy

You have an affectionate nature - you have both the capacity to give succour and love, and a deep need to receive it. Obviously therefore, relationships are extremely important to you, and you tend to form lasting bonds at an early age. Actually the greatest bond will be to your own family, particularly the mother - for better or for worse. Men with this aspect tend to marry early and unconsciously compare their loved one with the mother. There is a tendency to slink back to the family home for a good meal from time to time, and the wife can have great difficulty asserting her own authority over the mother's. In more extreme cases the man evokes maternal behaviour in his partner, and finds her wanting sexually as a mistress. It is difficult to feel sexually attracted to a mother figure, so unfaithfulness can ensue, as the man seeks to fulfil his sexual needs elsewhere.

Women with this aspect have to learn to integrate the two feminine functions - maternal and erotic - into their lives in some way. If she has difficulty with this she will find the sexual element in the relationship deteriorating, and will end up spending all her time on the house or with the children. A maid might be the answer!

For both sexes there is a tendency to be overattached and clinging, and too fixated on material security. Unconscious and unresolved childhood needs for love and security spill over into later relationships. It pays to develop a more detached attitude and a greater indifference to the need for constant approval.

Moon Sextile Saturn

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Self-sufficiency

You are a very responsible and dutiful person who is very motivated to live up to your commitments to society. You can work well in a role which requires hard work and a lot of responsibility, especially if this entails formal relations with the public in some way. You can function effectively as a buffer between the public and the authorities. You may have a special talent for working with old people, or with people who have emotional problems or very difficult life circumstances. You have a measured response to the people you meet and can evoke considerable respect from others, just as long as you do not allow yourself to be crippled by shyness. You can perform monotonous tasks patiently, and are good at systematising things and creating order. Professionally you are strongly motivated by job security and continuity at work. You are not very flexible, and tend to stick to long-term habits and work-patterns. On the other hand you are reliable and conscientious.

PERSONAL - EMOTIONS: Self-sufficiency

You are extremely sensitive emotionally, but present a very solid facade to the outer world, giving the impression that you are quite cool, even invulnerable. Behind your formal manners is a person who was never fully allowed to enjoy a carefree childhood. At an early age you took responsibility in the family, repressing your own spontaneity and lowering your expectations because of emotional hurt. In later relationships you have difficulty letting down your protective barriers, even though you have a deep desire for intimacy. If you do get hurt emotionally you rarely let on, and you close the shutters on your feelings so that your loved one has no chance to make amends. After the age of 30 you learn more successful strategies for intimacy. First of all it is essential for you to be emotionally self-sufficient - if you sell yourself for security, you will end up in a prison. From a position of inner strength you can then allow yourself to be more trusting and vulnerable - you have nothing to lose and everything to gain by opening up emotionally without making any demands.

Moon Sextile N.Node

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DESTINY: Mother Earth

You can play an important role channelling the hopes and dreams of on the one hand large numbers of people, and on the other more intimate groups - especially females. You may feel a strong identification with your country - or a pull away from it. Your unusual intuitive power can give you certain talents as regards tuning in to changes that happen on a collective plane - especially in connection with the world of Nature. You are the channel through which group feeling is manifested.

PERSONAL - DESTINY: Mother Earth

Negotiating the twists and turns of your emotional relationships is a full-time occupation for you. As a woman you will be moved by the primitive archetypal urges of the female energy in Nature; as a man you will be attracted to earth divas because you need to feel the full force of emotional power flowing through you. You will lose your footing more than once because of the universal power of emotional attraction or dependence, and plunge into the emotional maelstrom. Sudden changes can take you far from home, and growth in life finally comes when you learn to orientate yourself in the world of your feelings and your unconscious mind.

Jupiter transiting Square Moon

21-12-2017 -> 24-09-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - EMOTIONS: Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important

role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Mercury Sextile Saturn

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - MENTALITY: Mental discipline

You have a logical and disciplined mind, and special skills as regards working out systems and performing tasks which require patience for long periods of time. You prefer to stick

to rules and established methods, but you can apply your mind to any task in a very conscientious way, if required. You may be rather suspicious in allowing the imagination to have too much influence - you are the kind of person who reads instructions carefully and follows them. This can make you a little inflexible as regards integrating new methods. Furthermore your admirable attention to detail can hinder you in getting an overall perspective on things. In the first phase of your professional life you can be afflicted by a sense of mental inferiority, so it is important for you to spend time on further education in a constant process of acquiring new skills.

PERSONAL - MENTALITY: Mental discipline

You are oversensitive about your intelligence and have a tendency to work twice as hard to prove to yourself and to others that you can meet intellectual demands. As you put so much effort into improving your mind, you can become quite an expert in your chosen field. However in personal relationships you can become very defensive when you are misunderstood, and in situations when you try to understand another person, a mental block can descend because you invest too much self-conscious effort in the process. Relationships would benefit dramatically if you were more relaxed in this respect. You are reluctant to admit it when you do not understand, and this can lead to an escalating situation of misunderstandings. You are also rather a stickler for detail and can be frustratingly pedantic, and your formal style tends to stand in the way of mental spontaneity. Many of the problems around communication improve after the age of 30, as you learn that communication is not a competition but rather a two-way process in which understanding brings mutual benefit.

Mercury Square Pluto

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - MENTALITY: From secrecy to openness

You have an investigative mind and considerable talent for finding out about hidden issues and analysing things in depth. You are also good at keeping secrets. As such you are a natural detective and are able to find the root cause of problems. This is a useful talent in psychological matters, when working with computers or anything requiring fanatical attention to detail. There is an ability to tap hidden sources of information. In your professional life, however, you are

inclined to be suspicious, fearing that important information is being kept from you. People can feel that you interrogate them, and they tend to clam up. Sometimes you express yourself far too forcefully and do not allow people to come with their views. Success comes when you overcome communication problems connected with anxiety.

PERSONAL - MENTALITY: From secrecy to openness

You are a rather secretive person; you think hard and deeply, and sometimes you are plagued by compulsive ideas and fears. Much of this is a result of childhood anxiety connected with lies, secrets or lack of communication. Because you do not always let on what you are thinking, you can easily be misunderstood. Put people's minds at rest by clearing up these misunderstandings and strive to be as open as circumstances permit. When your feelings are hurt you can be silent for long periods. And when you are insecure, you tend to be suspicious of your partner. Harmony in relationships comes when you resist the tendency to argue for hours at a time, or to use silence as a weapon, and instead learn to be open and trusting.

Mercury Sextile N.Node

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DESTINY: Mind games

You are possessed of considerable mental talent and more than a touch of genius. It is difficult for you to know where you get your ideas - you are moved by distant memories and seem to be able to tap in to thought processes which have their roots in something universal. What you think, write and say can have a particular significance for your generation, because it touches a chord in them which they instinctively understand. When you work with communication in one form or another, you are close to fulfilling your destiny.

PERSONAL - DESTINY: Mind games

You can have a peculiarly deep mental contact with certain people during the course of your life, and you may feel a particular bond - or perhaps an emptiness - concerned with a brother or sister or some lost connection. You will often find yourself mentally clutching at elusive ideas or memories - searching for words and meaning to describe inner sensations. At times you are gripped by fantastic ideas which seem to have a significance beyond your own

identity, though you may be at a loss to communicate your ideas. You might be inspired to keep a diary or commentary on past events in your life, but perhaps your future requires throwing out the mementoes which clutter your past.

Jupiter transiting Opposition Mercury

23-01-2019 -> 25-10-2019

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

Values

Venus In Taurus

PROFESSIONAL - VALUES: Protect your values

You have a strong sense of values, and will tend to become powerfully attached to the things which are dear to you. With your fine appreciation of quality, and your determination to get value-for-money, you have a professional talent for dealing with banking, finances, material items and perhaps matters concerning houses and land. You are basically a reliable type with excellent judgement and you expect to be paid generously for these qualities. Being quite materialistic, you have a strong need for a solid income. Material possessions become a showcase for self-worth. You are however a careful investor, capable of saving up for the things you want.

PERSONAL - VALUES: Protect your values

A woman with this position will be physical and sensual. There is a strong need for a stable relationship with physical and material expressions of love. Gifts work wonders here, and body contact is important. Men with this position will seek a reliable and very feminine partner, and a good sex life will be an important ingredient in the relationship. Other things being equal there is a tendency to enjoy long and stable relationships. Material needs can be a point of contention, and economic upheavals strongly test the relationship. Both sexes will tend to have a gentle and loving nature with a great capacity for enjoying the good things in life. You have a true appreciation of nature and of the beauty inherent in things, and you feel a deep satisfaction connected with the things you acquire during the course of your life.

Venus In 9th House

PROFESSIONAL - VALUES: Aesthetic judgement

You have a very fine judgement in all cultural matters, and one of your greatest professional talents is your discernment as regards what is of value, and what is not. People appreciate your ideas - which are strongly based on aesthetic concepts and a sense of inner balance - and what is more they appreciate the gentle and persuasive manner with which you put them across, and your willingness to listen to their opinions. You have therefore talent as a critic in one form or another. As your cultural interests also extend to foreign climes, you may draw from an international set of values. You have talent for sales and presentation, marketing and the media, and anything connected to the

enshrining of the principles of good judgement.

PERSONAL - VALUES: Aesthetic judgement

In relationship matters you are far more interested in intelligence than good looks, erotic pursuits or the like. Your romantic yardstick is related to how much you can learn from partners, and to whether you can respect them for their understanding. You are often attracted to a partner who comes from a foreign land because stimulating cross-cultural contact means so much to you. Discussions and learning will be an integral part of the relationship. For you "beauty is truth, and truth beauty". Spiritual or philosophical insights are high up on your list of priorities. You believe in the principle of a merciful and loving God, and you have the capacity to show great devotion in religious matters. In your own intellectual growth you are more inclined to the arts than the sciences.

Venus Opposition Neptune

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - VALUES: Acceptance

You have an extraordinarily refined aesthetic sense. Disharmony evokes an almost physical unease in you, so you are strongly motivated to recreate balance in your inner and outer world. Professionally this can manifest in a career where matters of taste are important, or diplomatic talents necessary. You are especially suited to public relations matters, but your genuine compassion for other people may incline you to work helping others in some way. Although you may be strongly inspired by items of physical beauty, you will rarely be satisfied by material well-being alone. You have musical and artistic talents.

PERSONAL - VALUES: Acceptance

You are willing to make sacrifices for love, and as an incurable romantic you are skilled at creating circumstances for personal disappointment, either through poor judgement regarding potential partners, or unrealistic expectations. You are looking for more than a worldly love - you need to feel as if your soul is touched by your partner, you need to feel a spiritual bond. To be happy in this area of your life you must understand and accept so-called imperfections in others. The perfect partner does not exist and you will never find him or her. It is important to choose an equal - not someone

you idealise or want to save - and it is important that the chosen one shares ideals and dreams which transcend conventional relationship needs. Unhappiness and dissatisfaction in love is actually the result of unconscious impressions from your distant past, and these feelings actually have a spiritual purpose now.

Venus Trine Pluto

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - VALUES: Transformation of values

You have the ability to awaken deep sympathy in the hearts of other people, and you are probably willing to go to great lengths to be appreciated. Your attention to others can evoke a very positive atmosphere and genuine good feelings, if you learn to avoid a few simple weaknesses. You tend to go too far in pleasing others and trying to create a good impression. In this way you can monopolise some people and alienate those who are not impressed by your apparent charm. Businesswise you have a special talent for getting the most out of resources. You can see the value in items other people might throw away, and can turn waste into something valuable. Financially you must avoid the trap of getting into debt by buying prestige items. Do not throw good money after bad. Above all avoid becoming economically dependent on others - you could end up being manipulated.

PERSONAL - VALUES: Transformation of values

Your intimate relationships are characterised by their intensity. You are simply not interested in a superficial or casual relationship. You have a tendency to invest a lot of energy into winning love and attention and this is actually a throwback to childhood experiences which equated love with survival. You will often feel that it is fate that has brought you and your partner together, and that nothing will break the bond that has been established. Unfortunately, an unconscious fear of losing love can result in many exhausting emotional scenes. Relationships can lurch from crisis to crisis. When these negative influences have been transformed you will discover a real talent for giving loving support to others.

Jupiter transiting Opposition Venus

25-12-2017 -> 28-09-2018

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

Drives

Mars In Gemini

PROFESSIONAL - DRIVES: Develop your mind

You are a person with many mental gifts and a very active mind. Your mind is like a sharp tool which can be used in many different areas, and you thrive when you are given several tasks to do at once. This love of diversity is only a disadvantage if you start too many things, and forget to finish them. Boredom is your greatest enemy in this respect. As long as a project has your interest you will keep at it. You are however not so good at following up on your successes, as you are more interested in ideas than in the results they bring.

You will almost certainly do a lot of travelling in your life - especially locally. Some kind of personal transport is essential for your well-being. Meeting people keeps you stimulated, and you probably have a talent for inspiring and teaching others. You must watch a tendency to be sharp or sarcastic - your intellect is a double-edged sword, and being a fast thinker yourself, you have a tendency to get impatient with the slower pace of others. If you slowed down a little yourself and worked in a steadier fashion, you would make fewer mistakes and be able to consolidate your gains.

PERSONAL - DRIVES: Develop your mind

You are a quick thinking person, rather impulsive in self-expression, even to the point of being rude or cheeky. At the same time you can be humorous and witty and quite a success socially. Men with this position of Mars will be the roving type, always on the move either mentally or physically. In relationships this may also mean a roving eye and the tendency to flirt rather harmlessly. Women with this position will be attracted to the youthful type of man who is full of ideas and bubbling enthusiasm. There is a tendency - which may be more or less pronounced - to get involved in more than one relationship. There is a danger of being far too argumentative in relationships, perhaps because of an innate mental restlessness. Nevertheless relationships will normally embody an element of excitement and travel, which can be very stimulating for both partners.

Mars In 10th House

PROFESSIONAL - DRIVE: Professional initiative

Professional success is a continual battle for you, and you throw considerable energy into making your mark on society. You are a fighter, and this can mean that you get involved in professional squabbles - particularly with male superiors. You work best when you are free to make your own decisions. It is really too much to expect you to take orders from others. On the other hand, if you are given sufficient room to manoeuvre, you will be an asset to any

company because you fight hard and rarely give up. The competitive spirit will normally bring the best out in you, and it is essential for you to have constant challenges. You are a typical "hands on" person - a fair but tough boss, and a rather fractious employee. Physical work may appeal to you, and there may be a professional connection with machines or the building trade.

PERSONAL - DRIVE: Professional initiative

You are a strong character and have a tendency to be rather dominating. Battles of will with your parents, or the experience of troubles in the family have evoked a fighting spirit in you. Although this brings progress professionally, it may bring domestic disharmony, particularly because you tend to invest a lot of energy in your work. As a man it is important for you to give more time to your sexual life, and yet to overcome a tendency to want to prove your manhood or see sex as some kind of performance. Women with this position are often attracted to go-getter men with a high professional profile. Sexual problems can arise at work either because of flirtation or because (if you are a woman) you have not yet learned to make a stand against the advances or demands of men.

Jupiter transiting Opposition Mars

27-11-2018 -> 23-12-2018

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

Wisdom

Jupiter In Leo

PROFESSIONAL - WISDOM: Have faith in yourself

The year of your birth brought powerful leadership issues to the fore, for good or ill. It was also a period when there was a strong focus on national entertainment, issues connected with children and education, the world of the elite, and matters of privilege. By tuning in to this influence you will discover the capacity to win respect and honour in a particular area of your life. With your winner mentality and burning faith in yourself, you simply attract success. Self-esteem is the key to achievement for you. By developing the capacity to visualise your future, and by consciously and vividly imagining the kind of circumstances you would like to experience, you can create the conditions for a prosperous future. Remember however that everyone is expendable - you tend to overdramatize your influence and effect, and to be unreceptive to the advice of others.

PERSONAL - WISDOM: Have faith in yourself

Making a favourable impression is very important for you, and you are good at it. When you channel this planetary influence you will radiate a natural confidence and charisma. You appreciate the luxuries of life and have a taste for

quality items. You are a gambler by nature, and you believe in endless expansion. As you have a tendency to overestimate yourself it is important for you to cultivate the capacity to quit while the going is good. You are also concerned about gaining insight into your identity, and this may incline you towards self-development, though you hate to subordinate yourself to anyone else in this process. You have strong personal convictions, and your identity is very tied up with them, making it difficult for you to show flexibility or admit mistakes. You can have considerable influence on the ideas of those who surround you.

Jupiter In 12th House

PROFESSIONAL - WISDOM: Spiritual ballast

As you are person with a deep faith and many spiritual and psychological resources you can be of great help to people professionally through giving assurance, advice and support. People can be helped by your faith and ability to have a positive view in a difficult situation. You can work in a large organisation, especially if connected with humanitarian ventures, or with the general well-being of the population - for example with hospitals, welfare institutions etc. You are helped in your work by a deep belief in the qualities of mercy and the importance of service to humanity. You have a keen knowledge of the levelling nature of personal misfortune and the transience of worldly benefits.

PERSONAL - WISDOM: Spiritual ballast

Some of the most rewarding experiences in your life come from the spiritual or creative insights that you are blessed with from time to time. For you the inner world of the imagination is richly populated with beneficent influences. It is obvious to you that faith can move mountains, and you can receive great benefits by drawing on your capacity to use this knowledge. Mobilisation of your capacity for positive thinking can bring you success, but your personal values are more spiritual than material. Perhaps you already have a strong religious faith, perhaps you are still on a spiritual journey to find meaning in life. The teachings you receive will enable you to greatly enrich the lives of others who are in spiritual distress. Care must be taken, however, to ensure that you do not foist your own opinions and convictions on others.

Jupiter Square Neptune

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after

you have expended time and effort.

PROFESSIONAL - WISDOM: Expansive dreams

As these planets are relatively slow-moving their influence is felt most on a collective level. Insofar as you channel their influence in your profession you will wish to work on the collective effect of knowledge, the intellect and social influence. There may be a talent for marketing or advertising or selling a dream or vision. There can also be a drive to evangelise on a social, religious or political level. You can be strongly motivated by altruistic ideals and identify with some kind of vision or dream that transcends your own dreams. On a more down to earth level there can be a talents for dealing with oil and related products - particularly plastics. There may also be an interest in oceans, the film industry and anything which enchants on a collective level. You can be hopelessly overoptimistic - heed realistic advice!

PERSONAL - WISDOM: Expansive dreams

This influence shows that you can be moved by dreams and visions. There will be some aspect of your life in which you are touched by something magic that completely transcends your everyday life. This can bring great happiness, if you choose to cultivate your intellectual drive towards greater spiritual understanding through creative, artistic or meditative interests. At the same time there may be a total lack of grounding, or a tendency to be completely absorbed by unrealistic ideas. There are dreamers of dreams who achieve nothing, and weavers of dreams, who can bring visions down to earth. Ultimately people will be disappointed in you, if you are the former. You have the capacity to make faith and hope guiding lights for your actions.

Jupiter transiting Square Jupiter

11-10-2018 -> 08-11-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate

yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

Jupiter transiting Conjunction 3rd House

08-01-2017 -> 30-09-2017

PROFESSIONAL - WISDOM: Spread your opinions

You are probably a widely-travelled person - at least you have wide interests and constantly seek to expand your mental horizons. You have a natural wisdom and the talent to discern the main issues and true meaning behind everyday events. You have natural abilities as an advisor or teacher, particularly at higher levels of education. You could be a skilled negotiator, perhaps on an international level. Your unquenchable thirst for knowledge and understanding inclines you towards a profession in which you are asked to draw conclusions after studying a wide variety of material. You may be involved in the further education system.

PERSONAL - WISDOM: Spread your opinions

You experienced considerable mental stimulation as a child, and a family member or teacher will have played an important role - perhaps as a mentor - encouraging you to learn and ask questions about life. Mental Ping-Pong at an early age will have evoked extremely strong mental convictions in you, making you a very persuasive person. You are probably knowledgeable and interesting to listen to, but you may be opinionated and dominating in an innocent kind of way. To be truly wise, one must also be receptive to other people's ideas. In relationships you respect intelligence and demand mental equality. You have little

time for superficiality and are always seeking profundity. You find meaning in the small things in life.

Jupiter transiting Conjunction 4th House

16-10-2018 -> 12-11-2018

PROFESSIONAL - WISDOM: Moral foundations

One of your greatest assets on a professional level is your good judgement and lucky disposition as regards property. You can expand holdings and generally earn money through dealing with property. You can generally count on the loyal support of your family, for whom you have a strong moral commitment. Business commitments may draw you to foreign countries. Cultural and environmental issues can absorb you on both a national and international level. You will enjoy your retirement, and will probably have a comfortable economy at this time.

PERSONAL - WISDOM: Moral foundations

Generally speaking you have had a fortunate upbringing, perhaps growing up in an international environment, or in a large family or a large house. A stimulating intellectual or philosophical atmosphere at home will have provided you with a solid emotional ballast later on in life. Your father, who probably had strong convictions, may have played a strong role in shaping your opinions. You may have found family members rather dominating on an intellectual or moral level, but this has a good effect on you in the long term. You too will have powerful moral convictions in family matters. You like to live in a large house and may at some time reside abroad.

Challenges

Saturn In Aries

PROFESSIONAL - SELF-RELIANCE: Believe in yourself

Saturn was in Aries in the years 1937-1940, 1967-1969 and 1996-1998. This heralded periods when it was a difficult time to be a leader. Remember Neville Chamberlain and Munich, or Lyndon Johnson and Vietnam. You too will feel difficulties in asserting your influence in leadership situations. You don't like being pushed around, but you feel clumsy taking the reins yourself. You will often be challenged to take a leading role, but lack of self-esteem can undermine your confidence. If you refuse to accept the mantle of leadership you will probably find yourself getting dominated by immature leaders, and will feel that you could do better yourself. As time goes by, and as you meet each leadership challenge one by one, you may find yourself

assuming a leadership role later in life. It is important for you to overcome a reluctance for taking the initiative or taking a risk. If you do not risk failure, you will never attain success.

PERSONAL - SELF-RELIANCE: Believe in yourself

Early experiences have undermined your faith in yourself as an independent person capable of taking care of your own life. Often when you try to be spontaneous or youthful you find yourself learning some painful lesson about restraint. You have been taught to stifle immaturity, but this can also cast a shadow over your ability to be carefree and dynamic. When you cast caution to the winds you do it clumsily and come to grief. Yet as you mature you have to learn to risk being spontaneous, and to take being snubbed or judged. Remember: nothing ventured nothing gained. You cannot get ahead without risking your reputation. You are very competitive, but tend to hide it for fear of being seen to lose. Your honour may be dear to you, but nobody else notices, so take a gamble. Dynamism combined with careful planning will yield good results.

Saturn In 8th House

PROFESSIONAL - SELF-RELIANCE: Relinquishing control
During the first part of your life you will feel a strong - even obsessive - need to attain your ambitions and establish a security based on a secure status and solid economy. You exude an air of power and authority, and you can hold down a job which requires tremendous determination and survival powers. However you are not comfortable being under the authority of others - though you will find you often are. Compromising yourself to maintain high status or a secure economic position forces you to establish a rigid facade of emotional coolness. These kind of ambitions does not lead to any long-term satisfaction. If you do achieve the high status or respect that you long for, you will experience it as an emotional prison and will feel considerable anxiety about losing your privileges. It is just a question of time before this kind of false security splinters, and you replace earlier obsessive drives with a total redefinition of your personal values. This brings an emotional release from driving ambitions, and leads to the discovery and definition of new personal goals.

PERSONAL - SELF-RELIANCE: Relinquishing control

The major challenge of your life is to break down the emotional barrier that prevents you from enjoying intimacy with others. Early emotional pain has taught you to protect yourself by building up a wall of indifference. This wall can bring despair and frustration to your partner. Behind this wall you are hungry for a deep emotional commitment. As long

as the wall exists it is difficult for you to experience any deep satisfaction. Your defensiveness prevents you in particular from enjoying sex. Sexual satisfaction is dependent on showing emotional vulnerability - the thing which you fear most. Paradoxically it is only when you show your vulnerability that you discover you cannot be hurt. When you discover intimacy, the floodgates of emotional gratification open to you. Life is a long development process of liberation from emotional blockages.

Jupiter transiting Opposition Saturn

01-01-2017 -> 09-09-2017

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework

At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

Saturn transiting Square Saturn

28-02-2019 -> 19-01-2020

Major irritation factors arise as a result of this influence, yet

if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - SELF-RELIANCE: Adjusting direction

As Saturn takes 29-30 years to orbit the Sun, it makes a major aspect to itself about every 5 years, and these are times when adjustments of direction and goals have to be made. At the age of 29 to 30 however, a major reorientation is necessary. You have to look carefully at what structures you have built up in your life and why. If you don't make changes now, when can you? Are your ambitions your own, or are you simply fulfilling the expectations of your parents or of authority figures in society?

It is essential to spend some time sensing what it is exactly you want for yourself in life. Cast aside all the unnecessary baggage which you have accumulated in your efforts to carve yourself a professional niche in society. Don't worry about personal status and ambition for the time being, and don't listen to people who tell you what they think is good for you. The older you get the more important it becomes not to waste time pursuing superficial career goals which will be of no benefit in the long run.

PERSONAL - SELF-RELIANCE: Adjusting direction

All phases of the 30 year Saturn cycle are important, although the ages 30, 44, and 52 are perhaps the most significant. These are times when you have a chance to review the passage of time and assess the unfolding of your life. Are you satisfied with the direction it is taking? If not, change it now. Change need not be radical, you just have to define what it is you truly want to spend time on. Remember your responsibility is first to yourself. The biggest gift you can give to others, is to show that you are satisfied with your own life.

It is important to weigh the balance between career and family commitments now. Do not be influenced by what other people expect of you - only you can know what it is that you really need in life. The yardstick for decisions at this time is: Imagine you were on your death bed...what then, would you wish you had achieved in your life? The wrong decision now can mean years wasted on unfulfilling work.

Uranus transiting Conjunction Saturn

01-01-2017 -> 30-03-2017

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - SELF-RELIANCE: Renewal of plans

This may well be a period of increased social activity and

intellectual curiosity. You should ask yourself questions now concerning the viability of long-term plans and well-established traditions in your career. Should things continue as they have been, or would it be wise to experiment and integrate new techniques? Unpredictable events can arise which force you to make changes. It would be to your advantage to consider the humanitarian aspects of your work, and do something which has positive social consequences. International contacts and modern technology can also benefit you. On a deeper level you may want to take a closer look at professional commitments and change your values, so that you can have more freedom and independence. Freedom, experimentation and flexibility are key words now, as you cannot thrive under the command of others, or with a rigid work schedule.

PERSONAL - SELF-RELIANCE: Renewal of plans

If your life is dominated by rigid patterns and tight schedules, you will be wanting to liberate yourself from their tyranny now. Many of the structures that you have built up in your life serve only to constrict you and prevent further development and growth. Now is the time to open doors and take a few risks with your life. Cut back on commitments, put your Time Manager away and brush away the cobwebs of your mind. It is no use being restricted by the same old arguments about responsibility to others - parents and partner must accept that there is also a personal responsibility to develop greater consciousness. Unpredictable things can happen now, structures break down, carefully laid plans are abandoned - you need a dash of excitement.

Pluto transiting Square Saturn

21-01-2017 -> 13-12-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - SELF-RELIANCE: Replace antiquated structures

Old structures break down and disintegrate now, and after a rather chaotic period are replaced by new. This can be a violent process with power-battles, as the old guard struggles to maintain their position. However the replacement of the old with the new is inevitable. Old faces in the working environment move on or are forced out; systems which have existed for an age are ruthlessly replaced. There can be conflict in connection with trade unions.

Ask yourself in what way have you have allowed rigid structure and habit to strangle your progress and vision. Who and what is limiting you? Sometimes the whole house must be pulled down, before you can start on something new. At the very least radical reorganisation of work structures is necessary. Do not hang onto security out of fear or attachment to personal prestige, but go for change in the knowledge that new structures will be better.

PERSONAL - SELF-RELIANCE: Replace antiquated structures

This influence is personal for some people - especially those with a Capricorn or Aquarius Ascendant - but affects others on a more collective level. You may be forced to eliminate the habits and structures which have served to protect you for many years. Authorities - both in your home and work environment - have to be unseated so that you can take greater responsibility for your own life. You have to confront anxiety about security and accept the fact that growth can only come when you emerge from the cocoon of fear which shields you from living life. Power struggles deep within your psyche make you aware of the transience of the structures in human existence, the rapid passage of time, and the inevitable approach of the grim reaper - death. These processes may be paralleled by actual restructuring and rebuilding at home.

Originality

Uranus In Virgo Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

Uranus In 1st House

PROFESSIONAL - ORIGINALITY: Be unique

You have many unusual and original character traits, and you take pride the elements of your life which are unique. You have a provocative style and a desire to bring renewal in your personal environment. Professionally you are not suited to a job which cramps your style, and you may prefer to strike out on your own. You have inventive talents, global interests and a need for unpredictability in you day-to-day life. There may be talent for untraditional or futuristic interests. There may be technical talents or be interest in New Age matters - but whatever you do you need to feel that you have a special role, perhaps a little bit on the

periphery of society. Sudden and radical changes in your professional direction are to be expected. The lure of exotic climes may bring travel.

PERSONAL - ORIGINALITY: Be unique

You were probably born under unusual circumstances which in some way created an outsider mentality in you. You have not taken kindly to parental influence, preferring to make your own rules as you go along. You tend to prove your point by doing the opposite of what is expected of you. You have a slightly disturbing influence on others, as you like to provoke changes in your environment. The more extreme your life-style and opinions, however, the more you are likely to feel alienated. You walk the delicate tightrope between creating much-needed renewal or just upsetting others. Nevertheless you can be well-liked, and probably enjoy a wide spectrum of friends. As you do not believe in favouritism in any shape or form, you can attract very unusual people into your sphere of influence. In partnership matters you insist on personal freedom.

Uranus Sextile Neptune

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - ORIGINALITY: Spiritual revolution

This long-lasting aspect will be shared by everyone born in any particular 4-year period, but if you express its influence in your career you will be able to channel a talent for working with the electronic media on one level, or personal consciousness on another. There is an electric idealism with this aspect and very little grounding. Some people may be able to tune into latent telepathic and clairvoyant powers, and use them in their job. Contact with international companies which have strong cross-border communications brings good fortune. Work with advanced technology, especially connected with instantaneous communication is another possibility. There is an inbuilt tension between the principles of freedom and service which can be expressed in irrational political and social convictions.

PERSONAL - ORIGINALITY: Spiritual revolution

This aspect has an influence on a particular generation, but you may personally feel and express its power through an interest in aspects of human consciousness which are on a very subtle level. This can relate to the power of dreams, clairvoyance etc. - in fact the whole spectrum of the New

Age movement. If personal planets also aspect these distant planetary giants, you will feel a deep longing to transcend yourself through some kind of spiritual interest. Drastic changes will occur in the pursuit of your dream, and you may be willing to abandon the secure structures you have built up to follow your ideals. Needless to say you will often be disappointed, but the whole process enhances your awareness and spiritual consciousness. You can be deluded by the allure of charismatic personalities - take care.

Uranus Conjunction Pluto

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - ORIGINALITY: Total revolution

This influence last over a period of years and affects whole generations. It is connected with social and technological renewal which transforms world consciousness. If this influence is made personal in your life by aspects to personal planets in your horoscope, you will meet it in the outer world in the form of revolutionary groups or outsiders, or through dealing with the technology of radical change. You may also have a talent for creating revolutionary change in large organisations. There can be a particular talent for working with computers or in organisation where automation is an issue. Or you may play a social role dealing with the personal upheavals that the electronification of society causes. Sudden and extreme employment change may arise as you get swept up in vast collective trends.

PERSONAL - ORIGINALITY: Total revolution

On a personal level you may experience periodic traumatic upheaval and this can lead to a transformation of personal consciousness. In the face of this energy the human mind is often gripped by powerful obsessions - this was for example witnessed on a collective level in Germany when Hitler came to power in 1933. (Uranus square Pluto). You will almost certainly encounter someone in your circle during your life, whose obsessions wield a fascination over you, or evoke horror. If this influence manifests on an intimate level you have to be aware of a tendency to evoke anxiety in your partner through an extreme unpredictability or self-destructiveness. By avoiding extremism and concentrating on personal growth you can mitigate tensions that may arise.

Jupiter transiting Square Uranus

04-03-2019 -> 24-11-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - ORIGINALITY: The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

PERSONAL - ORIGINALITY: The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

Saturn transiting Square Uranus

09-01-2017 -> 04-12-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - ORIGINALITY: Limiting individualism

This influence may not be so obvious in your life, unless you have strong Aquarius characteristics. It is a time when it pays to make constructive use of modern techniques in your career, or perhaps pursue interests connected with exotic cultures or people. Concrete work on untraditional or new age interests is also favoured. You will probably find that you will have to make some compromises with your tendency to be an outsider and to hold society at arm's length. It pays to build a bridge between old traditions and modern trends. Social idealism and commitment is

favoured.

PERSONAL - ORIGINALITY: Limiting individualism

During this phase of your life, you will find that you have to take more responsibility for those sides of your nature which are outrageous or provocative. Authority figures will demand more self-discipline and social awareness, and you will not be permitted to merely indulge your extremist views. However this is a good time to develop your interests in original and untraditional subjects, new age matters, and global awareness, especially if you have constructive plans in these fields. This may be a time when you will want to make a more formal commitment to an unusual group.

Transcendence

Neptune In Scorpio Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

Neptune In 3rd House

PROFESSIONAL - TRANSCENDENCE: Develop intuitive knowledge

You have a great imagination and many visionary ideas. Your intellectual interests probably centre around mystical, artistic or musical subjects. Professionally this could express itself in a communication form connected with pictures, emotions or fantasy...for example in the advertising industry or connected with art in some way. In communication matters you are often disappointed that colleagues seem unable to grasp your ideas. Express yourself in a language they can understand. Concentration is not your strong side, so in educational matters you need to be inspired, otherwise you go off into a dream. You can captivate others with your visions and ideals.

PERSONAL - TRANSCENDENCE: Develop intuitive knowledge

It is unlikely that you thrived in school unless you had a connection with a teacher who you could idealise. Dry facts and information seem meaningless to you, so you direct your interests towards subjects that capture your imagination - especially if they have a spiritual side. You tend to express yourself rather vaguely, perhaps because you don't like to be pinned down to any particular point of view, but the result is that you are often misunderstood, and this adds to your sense of isolation. When pressed you hide

behind a smokescreen. In your relationships to brothers or sisters, there may be some peculiar unhappiness or loneliness which has a profound affect on your sense of what is meaningful in life.

Jupiter transiting Conjunction Neptune

11-02-2018 -> 30-10-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

PERSONAL - TRANSCENDENCE: Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

Transformation

Pluto In Virgo Retrograde

Because of the relative position of this planet in relationship to the Sun and Earth, it appears to be moving backwards. This may make you more thoughtful or introverted in the area concerned.

Pluto In 1st House

PROFESSIONAL - TRANSFORMATION: Trust the world

You have an intense nature and a subtle but powerful

impact on your environment. Survival issues early in your life have evoked an ability for you to handle crisis situations and weigh up threatening influences around you.

This gives you the ability to work under stress, especially when dealing with powerful people. You, too, know how to administrate power, and you have an uncanny ability for seeing the weaknesses in others and exploiting them.

Your natural psychological talent, your x-ray eyes and hypnotic presence make you an imposing person to deal with. Very little can be concealed from you. Major crises in your late thirties can bring a transformation and change of professional direction which may draw you into the investigation of emotional issues.

PERSONAL - TRANSFORMATION: Trust the world

There will have been some trauma connected with your birth or early childhood which will have evoked in you a superhuman effort to survive. Your anxiety about being helpless in your environment paradoxically brings out in you an extremely dominating behaviour which alienates others. This manifests as a manipulative tendency in which you try to maintain control over the people around you. Whilst this is a self-protective reflex in you, it does not give others much of a chance to unfold. Your view of the world has to be transformed from seeing it as life-threatening to seeing it as supportive. When you have overcome your secret anxieties about being powerless and losing control, you will discover inner resources which can help you transform the lives of others in a positive way.

Jupiter transiting Square Pluto

30-01-2019 -> 31-10-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSFORMATION: Power play

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

PERSONAL - TRANSFORMATION: Power play

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

Destiny

N.Node In Aries, S.Node In Libra

PROFESSIONAL - DESTINY: Trial by fire

The issue of leadership and individuality is extremely important to you because you have an instinctive need to be very considerate to others. You will often compromise in situations when you would be much happier cutting through and taking the lead. Your affairs function better when you ask yourself what you truly want, rather than what other people want. By letting your leadership qualities come to the fore, you will find that you can still use your knack for tuning into others and making compromises when necessary, yet you will also fulfil your destiny - which is to be an example to others through living out your own individuality. It is important not to let your need for harmony around you stifle your ability to take action.

PERSONAL - DESTINY: Trial by fire

Deep and unconscious drives, which have their roots far back into the past, create situations in which you - when young - almost stand on your head to take other people's views and needs into consideration. You are motivated by the need to be liked and appreciated, but a time will come when you will experience a major reorientation in this respect. By going for what you really want - by allowing yourself to take the initiative and go for what is right for you - you will find your true self. It is important for you to risk doing what you really want, even if you feel it alienates others. Things simply do not work for you when you unctuously try to win approval, whereas when you strike out on your own you win the respect and appreciation of others.

N.Node In 8th House, S.Node In 2nd House

PROFESSIONAL - DESTINY: Transformation of values

Your early life is profoundly influenced by material and family bonds. Indeed you can be weighed down by a lifetime

of acquisitions, and you can feel that you are in a rut in personal relationships. You may have gravitated to a job which guaranteed you a good income, pension rights and material security, but as you get older the sense of being suffocated by "things" can become unbearable. You feel you work hard to ensure economic stability and that this prevents you from realising deeper qualities. A radical professional transformation will then take place with a much greater emphasis on emotional and psychological interests. This may be accompanied by an interest in the occult and mystery. This transformation will endow you with a greater sense of personal power. You will be prepared to take an economical loss to achieve these new goals.

PERSONAL - DESTINY: Transformation of values

Your early life is profoundly influenced by material and family bonds. Indeed you can be weighed down by a lifetime of acquisitions, and you can feel that material commitments prevent you from fulfilling your deepest desires. A turning point comes at some point - at the age of 37 at the latest - when you experience a transformation of personal values. There can be a considerable material upheaval at this point in your life in which you renounce possessiveness - both in intimate relationships and material bonds - and embrace a completely different set of values based on deeper issues of the soul. You may discover some psychological talents at this time, and you will be moved to learn more about the hidden side of life. You will be strongly motivated to improve your experience of sexuality, and to get to know your partner on a much deeper level, when this transformation takes place.

Jupiter transiting Opposition N.Node

28-03-2017 -> 18-08-2017

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - DESTINY: Understanding karma

You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

PERSONAL - DESTINY: Understanding karma

This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions - though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.

Saturn transiting Square N.Node

21-01-2019 -> 17-12-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DESTINY: Group responsibilities

This period is characterised by a professional commitment with a group and the responsibilities that this commitment involves. The interests of the collective may turn out to be more relevant for your career development than your own ambitions or desire for status. Older people in authority may impose limitations on your development, and you can experience a compelling need for greater self-discipline to deal with the demands made on you. The decisions made now can have an important formative effect on your destiny. Benefit comes through subordinating ego needs for the good of others, and accepting the hand of fate, as it moves in your career.

PERSONAL - DESTINY: Group responsibilities

This is a time when time will stand still for a while, so that you can take stock of your ambitions and goals in life and see where they have led you. It is a fateful period in which your responsibilities to others and your role in society can become very important. Some people feel that their life direction leads to a blind alley in these months, or that plans for the future are futile and empty. There is benefit to be attained through inner spiritual discipline, as the hunger felt at this time can not be satiated by outer success.
