Dear Rosa,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

During your 47th year you experience a surge of personal confidence and a renewed vision of just what you are aiming for in life. Insight and understanding come easily to you, and you are drawn to deeper study and an urge to widen your horizons through travel. Your opinions and convictions become more pronounced, and you are not prepared to allow intellectual and spiritual authorities to browbeat you. Whilst you are willing to receive instruction from the truly wise, you have no time for self-appointed gurus. Enjoying life is a question of attitude, and this year your natural optimism ensures that you attract good fortune and success. You have a natural capacity to investigate hidden and secret material in your own psyche and in the world. An awareness of life as a process of constant death and rebirth brings psychological wisdom, gained through ruthlessly pursuing authenticity and emotional truth, whilst nurturing an understanding of the demons other people struggle with. This will reflect itself in an influential position socially and a large network of friends. The current year will bring an expansion of your influence, major social events, and a general increase in influence and popularity.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

Opportunities for Success

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 47. Three very important issues that make this year special are:

- There are daunting challenges ahead which initially undermine your self confidence and belief in your capabilities. Progress is slow or non-existent as obstacles arise at every turn. Through concerted effort and perseverance you prove to yourself that you can do it.
- A time that awakens a longing to use your time on projects that concur with your dreams and spiritual goals. A sense that you can get more out of your work and sexual life inspires you to discover new ways of working and new forms of physical

expression.

- A series of educational or communication challenges undermine your confidence in your abilities. Through mental focus and improvement of skills you rise to the challenges and become more adept, even if you are initially overcome by worry or dejection.
