### **The Significance of your Age**

During your 47th year you experience a surge of personal confidence and a renewed vision of just what you are aiming for in life. Insight and understanding come easily to you, and you are drawn to deeper study and an urge to widen your horizons through travel. Your opinions and convictions become more pronounced, and you are not prepared to allow intellectual and spiritual authorities to browbeat you. Whilst you are willing to receive instruction from the truly wise, you have no time for self-appointed gurus. Enjoying life is a question of attitude, and this year your natural optimism ensures that you attract good fortune and success. Your diplomatic abilities are excellent and you have a natural sense of what is right and fair, which means that you go a long way in the cause of justice. A natural ease with relationships makes rewarding partnership a constant blessing in your life. You love to learn, and this is expressed in aesthetic and cultural interests and talents. This is expressed in the way you project a larger than life personality, and celebrate love, children and creativity with great gusto; you enter a period when there will be confidence-enhancing experiences in these areas.

### **The Challenges Ahead**

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life the major challenges lie in relationships. Living with or relating to another individual and seeing your strength and flaws reflected by this person is a major learning experience. Any weaknesses in the way you have historically related to other people are exposed now, and your future success depends on you resolving them. This influence started growing around January - 2015 and will ebb out around December - 2017. You encounter tough people who try to impose their authority on you, and you will have to judge how much you are prepared to commit to long-term relationships, and where to set limits. Learning to share your time with another person is part of a maturing process for you now, and the more effort you put in to it, the better the results.

In this period of your life there is a transition in the way you relate to partners and the world. Over the last few years you have made a lot of effort to create harmonious and rewarding relationships, and to a large degree lived up to your responsibility to others, helping those you love if they have been in difficulty. A new period is dawning that challenges you to break down the barriers that prevent true intimacy on an emotional and sexual level. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is not so much what you do or what you say that counts now, but how well you open up emotionally, how vulnerable you dare to be, and how brave you are in confronting your inner demons.

### **Opportunities for Success**

After having built up comfortable circumstances in your domestic life, what is important for you between September - 2016 and October - 2017 is to appreciate the fruits of having a satisfying base, so that you can express yourself through creative activity and enjoy the art of living. Expansion and satisfaction come from living life to the full - through sport, festivity, love, children and romance. This is the time to fully be yourself without reservations or doubt. Larger than life characters will show you how through encouraging you to celebrate existence.

After a period of living life to the full through creative projects, children and festivities, new possibilities arise in your working environment from October - 2017 to November - 2018 because of opportunities abroad, or through an expansion of your area of expertise and encounters with intellectually inspiring colleagues. This is a time to expand the influence of your ideas and disseminate information that you really believe in. It is possible that there is more work to do, but it is more interesting work and it brings personal development for you.

## **Crucial Issues This Year**

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 47. Three very important issues that make this year special are:

- Challenges arise which at first powerfully affect your self confidence, as successes are few and far between and recognition and respect lacking. By working on building your character and patiently shouldering responsibility, you establish a position of confidence.
- You experience setbacks and trials of endurance when trying to achieve your goals - particularly in your dealings with male authorities. By steeling your will to overcome these challenges, you develop the necessary muscle to win through with your agenda.
- A period when you examine the structural component of your work and ambitions and create reform. Powerful organizations are reshuffled and you abandon edifices that no longer accord with your long-term goals.
