Birth Report

Dear Nadia Iacob,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mercury Trine Jupiter". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

Gaining intelligence is a strong motivating factor in your life. Attending courses and studies, learning languages, travelling and meeting people, are all important activities for you, because they give you the opportunity to train and expand your mind. A foreign language may play an important role in your life - you certainly have the capacity to master more than one language. You can be witty and a mine of information. On the other hand you may feel a strong need to impose your ideas and opinions on others. You hate to be belittled mentally, and you may compensate for this by becoming argumentative, or by dutifully trying to enlighten people about what the truth is. It is better to fulfil this need in some job for which you get paid - rather than tire your partner with your constant need to explain and inform. It is wisest to give your opinion only when it is consciously sought by others.

How this influence affects your professional life:

One of your great professional assets is your intellectual curiosity and interest in communication and information. You can be something of a perpetual student, accumulating knowledge and insight for a rainy day.

These intellectual talents bring you success in fields which require study, writing, meeting people, travel and generally exchanging ideas. You have excellent teaching talents, because you both have the capacity to concentrate on details, and at the same time can draw wide-ranging conclusions. You can maintain an overall perspective, even when drowned in facts and figures. You can also be extremely persuasive, and this can give a talent for sales. People can come to you for advice and information. You are also suited to a position in an office, where you have access to phones and faxes, computers etc. You may be rather restless, so you need to work in a position in which you work with a whole spectrum of daily tasks, or in a situation in which you meet a variety of different people, perhaps whilst travelling around.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Neptune Trine Saturn". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This period may be one of personal hardship, because many of the structures and principles on which you have built your life can dissolve. Whatever represents authority for you needs to be revised, and you have to acquire a new sense of flexibility. People and things which you have grown used to and founded your security upon, can slip away from your grasp. This brings a new opportunity for you to define how you want to shape your life, and to make new choices as regards what to rely on. Any structures or beliefs which have been inflexible will disappear. It is especially important for you to consider long-term

material goals and ask yourself if they provide lasting values. When your life is over, it will be the quality of your life, and the actions that you have taken, which will be of value - personal status and material acquisitions will have very little meaning.

How this influence affects your professional life:

Your ambitions in life should be revised at this time, as you can no longer expect the same kind of satisfaction through hard work and the attainment of goals. The goals you are trying to reach will prove elusive - perhaps meaningless, so perhaps you should take time off to muse on the direction your professional life is leading you. Dealings with authorities, or establishing your own authority can prove especially frustrating now. Institutions get swept away by new trends. For some people this is a period when their professional security is really undermined. Jobs can be lost and personal economy weakened. Things built up over long periods of time can dissolve. Nothing can be done to shore up the sinking ship at this time. A degree of fatalism and acceptance can be necessary for a time. Allow unwanted constructions to be swept away by the passage of time, develop patience, and start to define new goals for your future.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
