Read on and prepare yourself for a great journey...

The Significance of your Age

There could be a sense in your 69th year that if there are adventures in your life that you still want to experience, then this might just be the year to do it. During the course of your life you have discovered many of the qualities that make you unique in comparison to others. For you and your generation there is a willingness to experiment with new ways of thinking and communicating that revolutionize the way people connect. Your particular way of expressing your uniqueness in this respect is through a pronounced personal projection of individuality and even idiosyncrasy. You inspire others through being different, but often feel like an outsider. There is nothing in your life to stop you pursuing interests that inspire you now. The very structure and backbone of your life supports you in making realistic moves to go out and make some waves. You can meet exciting and perhaps younger people now, who show you new possibilities for the future. And you can let go of bonds to friends and groups who no longer accord with your vision of the future.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life the major challenges lie in relationships. Living with or

relating to another individual and seeing your strength and flaws reflected by this person is a major learning experience. Any weaknesses in the way you have historically related to other people are exposed now, and your future success depends on you resolving them. This influence started growing around January - 2015 and will ebb out around December - 2017. You encounter tough people who try to impose their authority on you, and you will have to judge how much you are prepared to commit to long-term relationships, and where to set limits. Learning to share your time with another person is part of a maturing process for you now, and the more effort you put in to it, the better the results.

In this period of your life there is a transition in the way you relate to partners and the world. Over the last few years you have made a lot of effort to create harmonious and rewarding relationships, and to a large degree lived up to your responsibility to others, helping those you love if they have been in difficulty. A new period is dawning that challenges you to break down the barriers that prevent true intimacy on an emotional and sexual level. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is not so much what you do or what you say that counts now, but how well you open up emotionally, how vulnerable you dare to be, and how brave you are in confronting your inner demons.

Opportunities for Success

After having built up comfortable circumstances in your domestic life, what is important for you between September - 2016 and October - 2017 is to appreciate the fruits of having a satisfying base, so that you can express yourself through creative activity and enjoy the art of living. Expansion and satisfaction come from living life to the full - through sport, festivity, love, children and romance. This is the time to fully be yourself without reservations or doubt. Larger than life characters will show you how through encouraging you to celebrate existence.

After a period of living life to the full through creative projects, children and festivities, new possibilities arise in your working environment from October - 2017 to November - 2018 because of opportunities abroad, or through an expansion of your area of expertise and encounters with intellectually inspiring colleagues. This is a time to expand the influence of your ideas and disseminate information that you really believe in. It is possible that there is more work to do, but it is more interesting work and it brings personal development for you.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 69. Three very important issues that make this year special are:

- A new cycle of professional growth begins now, but things go slow because you need to build a solid foundation if you really want to realize a long term vision. Allow yourself to be guided by the voice of experience, but maintain a clear vision of what you want to achieve.
- A time that evokes a deep dissatisfaction or confusion about who you are and where you are going. In your search for answers to existential questions you discover new and inspiring paths that have a social, creative or spiritual content.
- You have the time and the will to mobilize your energy over the long term to produce creative results. This is a great time for physical work, training and building. Good planning and a willing assistant can bring lasting practical results in your life.
