Dear Dawed,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

Your 52nd year is a time when you breathe new life into communication and educational influences and are very active in networking with others. Your communication talents lie in your ability to get a detailed overview. Your broad knowledge on many levels gives you a persuasive edge. These talents are channeled into a variety of imaginative interests that you pursue on a private level. You are moved by human dilemmas. Your interests go far beyond your material life, relationships and career now - you are interested in finding more meaning in your life, and if necessary making radical changes and a personal transformation to live a life of intensity and authenticity.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction.

These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

Opportunities for Success

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 52. Three very important issues that make this year special are:

- A period when there may be an element of force majeure in your life, which can lead to revolutionary change, if that is what you want. Wild travels and contact with some pretty strange individuals or groups bring about consciousness transformation.
- A time that brings the sense that structures that you have spent years building up are the subject of forces beyond your control which are dissolving them. The best course of action is to surrender and let go - when the ocean comes the castles of sand are swept away.
- A wonderful period of growth, spiritual awareness and awakening of compassion, perhaps because you are swept up in an inspiring collective event, or through the influence of a spiritual mentor, music, film or art. You attune to the rewards within your own mind.
