Written and designed by Adrian Duncan

Birth Report

Dear Cheryle Maracle,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Sun Opposition Pluto". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

Early personal experiences have made you sensitive about your identity, and anxious about self-esteem. However this means, paradoxically, that you often overwhelm others with your presence. Thus you tend to be a dominating figure in intimate relationships. You need a partner who is not superficial and who shares your intense approach to life. To achieve harmony here you should relax instead of asserting yourself, otherwise relationships will become very exhausting. It is important to realise that power battles are related to inner fears about your identity. Women with this influence will often be attracted to a dominating man, only to find that he does not match her own strength which was acquiring through trying times in childhood. More intimacy can be achieved by daring to show vulnerability.

How this influence affects your professional life:

It is important for you to make a strong impression on people, and you invest a lot of energy in this - more than you are aware of. Much can be gained by toning down your personal energy. You are suited to positions requiring the use of power and psychological insight.

Whatever you do, you like to be deeply - sometimes fanatically - involved. This may often lead to battles of will, and you tend to win, basically because you cannot contemplate personal defeat. More flexibility would actually benefit you and help you avoid tiring power games. Personal power is a natural asset - as you will discover after a number of significant personal crises which lead to a revaluation of your role. These crises are centred around achievement at all costs, or fanatical attachment to a particular role which outlives its meaning for you. When you learn to tone down your sensitivity about self-esteem, and invest your considerable willpower into projects which really mean something to you, and to others, you can achieve success. You may have a talent for psychology or dealing with the powers of the unconscious.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Uranus Conjunction Venus". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

Radical changes can arise in your personal relationships at this time. If you are free and unattached you will almost certainly get involved with some untraditional romance. Because there is a strong need for a relationship which gives mutual freedom, and because you long for the unpredictable and exciting in love, you could meet someone from a radically different country, age group or culture, or someone who is an outsider in society. You may choose to live alone and have a weekend partner. It is unlikely that you can cement love affairs started at this

time, but the most important consequence is the awakening of your emotions and the stimulation of your erotic awareness. If you are in a stable partnership, sparks can fly as you try to assert a new-found need for autonomy and independence. If you are feeling bored with you partner and in need of a change, try to avoid being over-impulsive and strive to understand your partner's anxiety. You cannot compromise on your need for a renewal in your relationship and more social involvement, but if you value your relationship you should do more to reassure your partner. If your partner does not want to share your new interests, find a group of people with whom you can be inspired. This is a excellent time for involvement in consciousness-raising groups. It is also a good time for the awakening of the creative and aesthetic impulse. Love affairs at this time lead to a dramatic awakening of the feelings but rarely become settled. There is a tendency to have short intense meetings - often in airports - and then to return to the calm of private domestic life. Separations threaten weak partnerships at this time.

How this influence affects your professional life:

Sudden changes of values now can inspire you to make changes and adjustments in your career. This is a more social period, so you will not be content with jobs that just involve facts and figures. You need to get out, travel and meet people - preferably unconventional types who can surprise and inspire you. This need to be surrounded by new people may be a problem if you are working in a very formal and stuffy environment, and you might wish to consider job change, to satisfy your need to be socially and aesthetically stimulated. You would thrive in an international environment now, in which you can make use of language ability and social qualities. You are less likely to be hung up on economy and material things at this time - you discover new values and pleasures through contact with new peoples and cultures. You may discover a capacity for bringing awareness and a new quality of life to others, particularly as regards principles of freedom and unattachment.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply

your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
