Birth Report

Dear Victoria P,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mercury Trine Pluto". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

You are a rather secretive person; you think hard and deeply, and sometimes you are plagued by compulsive ideas and fears. Much of this is a result of childhood anxiety connected with lies, secrets or lack of communication. Because you do not always let on what you are thinking, you can easily be misunderstood. Put people's minds at rest by clearing up these misunderstandings and strive to be as open as circumstances permit. When your feelings are hurt you can be silent for long periods. And when you are insecure, you tend to be suspicious of your partner. Harmony in relationships comes when you resist the tendency to argue for hours at a time, or to use silence as a weapon, and instead learn to be open and trusting.

How this influence affects your professional life:

You have an investigative mind and considerable talent for finding out about hidden issues and analysing things in depth. You are also good at keeping secrets. As such you are a natural detective and are able to find the root cause of problems. This is a useful talent in psychological matters, when working with computers or anything requiring fanatical attention to detail. There is an ability to tap hidden sources of

information. In your professional life, however, you are inclined to be suspicious, fearing that important information is being kept from you. People can feel that you interrogate them, and they tend to clam up. Sometimes you express yourself far too forcefully and do not allow people to come with their views. Success comes when you overcome communication problems connected with anxiety.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Jupiter Trine Uranus". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

How this influence affects your professional life:

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel

and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
