Birth Report

Dear Lingstone Ngulube,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mercury Conjunction Uranus". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

Other things being equal you have a very quick mind, and you attract attention through your ability to give conversations a surprising turn. You are quickly bored by conventional waffling and you are prepared to say anything, repeat anything, to give conversation more interest. Although at times you can be very amusing, this tendency easily leads to confusion and misunderstandings in relationships. You break the flow of communication - a habit you learned in childhood - and this leads to a rather stressful atmosphere in intimate relationships. You need to involve yourself with friends or groups which have similar interests to you, rather than expecting to get all the mental stimulation you desire from your partner. When you get bored in intimate relationships, you tend to say and do the opposite of what is expected, just to get results. You also tend to make provocative statements. This can be exasperating for the partner.

How this influence affects your professional life:

You have some mental qualities that border on genius. Being receptive to signals in the environment which go over the head of the average

person, you know how to integrate radical new ideas into your work. You have the inventor spirit, and you are always willing to experiment with new methods. By developing your knowledge of the scientific functioning of the mind, you can be a driving force for renewal at work. You may be skilled at technical matters, computers or untraditional, even provocative subjects. It is important for you to learn to put your ideas across in a constructive manner however. You have a tendency to talk at cross purposes, without ensuring the other person is following you. Coupled with this you may also be impatient with people as they fumble with old concepts and ideas. You can be provocative, or go off at a tangent - and this may only serve to alienate you. Clarify your intentions when you communicate. You have a talent for exotic languages.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Jupiter Square Sun". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance. This is a very favourable time for religious

growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

How this influence affects your professional life:

During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want. It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
