Dear Rochelle,

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

During your 46th year there is a growing sense that professional ambition and family security is not necessarily the answer to all your needs. There is also the matter of your personal destiny, and questions arise now as to whether the path you are treading conforms to your inner evolutionary needs. The time has long gone when you could afford to chop and change as regards work and partnership, you need to focus on what has meaning for you as an evolving soul. Generally speaking, this mean being honest about who you want to spend time with and be influenced by, and this year you may wish to move away from some people, and towards others who are more in tune with your spiritual needs. The crucial question when looking at the balance of your life right now is whether focus on a need to prove yourself through creative achievement, children and love, prevents you from realizing the benefits of pooling your skills with a group. Perhaps true inspiration comes through being part of a greater social movement rather than through personal acclaim Even more specifically it is worth considering whether your are circumscribing your mental development through a focus on the superficial, rather than opening up to the world through international travel and philosophical investigation.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by

step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life the major challenges lie in relationships. Living with or relating to another individual and seeing your strength and flaws reflected by this person is a major learning experience. Any weaknesses in the way you have historically related to other people are exposed now, and your future success depends on you resolving them. This influence started growing around January - 2015 and will ebb out around December - 2017. You encounter tough people who try to impose their authority on you, and you will have to judge how much you are prepared to commit to long-term relationships, and where to set limits. Learning to share your time with another person is part of a maturing process for you now, and the more effort you put in to it, the better the results.

In this period of your life there is a transition in the way you relate to partners and the world. Over the last few years you have made a lot of effort to create harmonious and rewarding relationships, and to a large degree lived up to your responsibility to others, helping those you love if they have been in difficulty. A new period is dawning that challenges you to break down the barriers that prevent true intimacy on an emotional and sexual level. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is not so much what you do or what you say that counts now, but how well you open up emotionally, how vulnerable you dare to be, and how brave you are in confronting your inner demons.

Opportunities for Success

After having built up comfortable circumstances in your domestic life, what is important for you between September - 2016 and October - 2017 is to appreciate the fruits of having a satisfying base, so that you can express yourself through creative activity and enjoy the art of living. Expansion and satisfaction come from living life to the full - through sport, festivity, love, children and romance. This is the time to fully be yourself without reservations or doubt. Larger than life characters will show you how through encouraging you to celebrate existence.

After a period of living life to the full through creative projects, children and festivities, new possibilities arise in your working environment from October - 2017 to November - 2018 because of opportunities abroad, or through an expansion of your area of expertise and encounters with intellectually inspiring colleagues. This is a time to expand the influence of your ideas and disseminate information that your

really believe in. It is possible that there is more work to do, but it is more interesting work and it brings personal development for you.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 46. Three very important issues that make this year special are:

- A period when a deep interest in psychological influences in your character is awakened through therapy or other study. People or studies that may have interested you in the past are dropped in favor of a new fascination with secrets and people who have the answers to them.
- You enter a very busy period with a host of distractions that affect your concentration. You tend to dissipate your energy through pointless travel or unimportant discussions about the merits or rightness of one course of action over another. Focus.
- Your heart is opened and there is a growing desire for both romantic satisfaction and material comfort. Appetites are strong - so strong that they can lead you astray. Ethical principles and moral consideration tend to recede into the background when desires rule.
