## HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

## THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

## PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

## PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

## THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from [www.worldofwisdom.co.uk](http://www.worldofwisdom.co.uk)

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

## Life Path

### Ascendant In Sagittarius

**PROFESSIONAL - LIFE-PATH:** Influence & understanding  
You are philosophical, love freedom and open horizons, and these needs will be reflected in your choice of job. You would be happiest in an employment which offers dynamic possibilities, constant change and future promise. You would work well in pioneering ventures, especially if they offered connections abroad, or the opportunity to expand your inner or outer horizons. You are a person of extremely strong convictions and you are a passionate believer in justice. As your ideals are all-important, you have a need to see your work having an effect on society in some way. It is also essential for you to feel that what you do has meaning on a larger scale. Winning the hearts and minds of other people is important, so you may involve yourself in further education projects, consultancy, publishing and the media, or shaping public opinion in some way.

**PERSONAL - LIFE-PATH:** Influence & understanding  
You are powerfully motivated to understand your place in the world and the meaning of your existence. Your curiosity and need to explore your boundaries will lead you to travel considerably during the course of your life. If or when you prefer the settled life, then you will read, study and discuss to gain further insight into the world. You are philosophically orientated, seeking depth and answers. In partnership matters you may often feel that your opinions are trivialised; conversely other people feel you take yourself too seriously. When you are bombastic and opinionated, other people compensate by being flippant or, in your eyes, superficial. An acceptance of the relativity and diversity of truth, and a certain self-deprecating humour, can make you easier to get on with.

### Ascendant Sextile Moon

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - LIFE PATH:** Unconscious attunement  
You have an emotionally compelling nature which profoundly affects the feelings of the people you associate with. You are very concerned with the emotional bonds which hold people together, as well as issues of security.

You can therefore work for example with the needs of the public in some way especially as related to homes, family or motherhood. You infuse all your work with an emotional investment. A hard professional environment is bad for you.

**PERSONAL - LIFE PATH:** Unconscious attunement  
You are a moody person and will often find yourself affected by fluctuating emotional states - especially through worrying about family matters or security issues. You have a deep appreciation of the power of the unconscious and instinctual behaviour. In your dealings with people unspoken feelings have far greater priority than rational concerns or argument. You are finely tuned to changes in atmosphere, and adjust accordingly.

### Ascendant Trine Mercury

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - LIFE PATH:** The messenger  
You are a person of many talents, chiefly in the field of information and communication. Meeting people and creating contacts are a part of your professional life-style - you have a message to deliver, and you do so in a flurry of activity. Intelligent and informed, you keep yourself up-to-date on all the latest developments.

**PERSONAL - LIFE PATH:** The messenger  
You are easy to make contact with, and always willing to exchange the time of day with anyone you meet. Easily distracted, you can find yourself getting involved in many things at the same time - but then you hate to be bored. You give the impression of being a person on the move. Being gregarious and talkative, you are an excellent catalyst for getting people together. You fascinate people with your ideas.

### Ascendant Opposition Venus

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - LIFE PATH:** Aesthetic comportment  
You have the ability to create a pleasing impression, and generally you comport yourself diplomatically and with all

the social graces. As the ability to win the affections and confidence of others is one of your greatest talents, you would do well dealing with people in one form or another in your professional life. Aesthetic issues are also of great importance to you, and this may be reflected in your work.

**PERSONAL - LIFE PATH:** Aesthetic comportment

You exude an aura of grace and good taste, and this can win you many friends and admirers. Your dress, and taste in personal adornment, creates a very harmonious and pleasing atmosphere. You are easily seduced by beauty, and often led astray by affairs of the heart. Stable relationships can be threatened by your need for romance. Love is the spice of life. You have a weakness for sensory stimulation and luxury.

## **Jupiter In Cancer**

**PROFESSIONAL - WISDOM:** Expand your intimate sphere  
Professionally you are inclined towards a career in which loyalty to the firm is a high priority, and where there is a strong sense of belonging. You are able to express a strong concern for the well-being of your associates, and you can create a very secure environment. Understanding and insight comes to you through an instinctive feeling about what is right and what is wrong. You are strongly swayed by your emotional convictions in your judgements, for good or ill. You manifest a strong moral judgement. Personal success may not be quite so important to you as the well-being of those you are close to, but these two things are not mutually exclusive - you tend to experience good fortune. By trusting in your intuitions, and by putting the weight of strong feelings behind expansion goals you create the optimal conditions for success.

**PERSONAL - WISDOM:** Expand your intimate sphere

You were born in a year of profound cultural changes as regards family values. This change happened both on a personal and national level, giving a strong need to unite and belong. The passage of Jupiter through Cancer happened for example in 1989/90, coinciding with the independence of many East-European states and the unifying of the two Germanies. You will feel this influence on a personal level as a great welling up of intense personal emotion, and this emotion is particularly stimulated as far as intimate loyalties are concerned. You have a need to create strong bonds, and the emotional capacity to build up family structure across the generation gap. In many ways your values are traditional and conventional, and they are founded on strong moral convictions about what is right and what is wrong.

## **Jupiter In 7th House**

**PROFESSIONAL - WISDOM:** Relationship rewards

One of your greatest professional assets is your insight into other people. You have excellent judgement and would succeed in a career in which people came to you for advice. You thrive when working in large concerns, and in a career which offers wide horizons. You are often helped on your way by older people who are favourably disposed towards you, and are generally fortunate in all partnership affairs. Generally speaking you choose to see the best in other people, and this attitude brings out the best in them. You are excellent at motivating people as regards the future, and this positive attitude evokes optimism in them. You have considerable diplomatic talents which are best used on a collective level where the ability to have an overall perspective is the essential ingredient.

**PERSONAL - WISDOM:** Relationship rewards

Other things being equal you have a very fortunate fate in relationships. Marriage will often bring social and material advancement for you, and you are usually lucky in finding a person who helps you and has your best interests at heart. The most important asset a partner can possess in your eyes is an intelligent and cultured manner. A wise partner imbues your life with meaning and expands your philosophical horizons. You are stimulated by a good discussion, but must take care that you do not fall out with your partner on foolish matters of principle. Differing opinions tend to sabotage your harmony. Your partner may have special political or religious interests, or may come from another country. You can have great pleasure from travelling together and cultivating your shared cultural interests.

## **Identity**

### **Sun In Taurus**

**PROFESSIONAL - IDENTITY:** Stabilise your foundation

The main issues in your life centre around building up a strong sense of self-worth. In career matters you would be happiest with a stable job and a regular income. Attaining a stable sense of self and building up a set of personal values that stand the test of time is priority number one. This may well manifest in a material way, but this is mainly because you have the ability to both appreciate, enjoy and administrate the material things of this world. Because you have a fine appreciation of quality, this will naturally be reflected in the things you acquire. When you function well

professionally people will see you as a person who they can rely on and count on for support. You are patient and determined, and you know how to consolidate your position after you have achieved a goal. You are extremely good at maintaining gains, once they are achieved.

**PERSONAL - IDENTITY:** Stabilise your foundation

Basically you seek stability and security. However some of the greatest testing times of your life come when your values change and periods of instability arise. These periods will often be accompanied by the need to lose or give up something to which you are extremely attached. Your fate is to understand the very nature of attachment and yet develop greater flexibility in the face of gain or loss. Partnerships can be affected by your inertia as regards the need for renewal and change. When your self-worth is reflected by inner values which can never be lost, you become a tower of strength for yourself and others. Other things being equal you can build a wall of security around your loved ones. However you may have rather fixed ideas and principles, and you rarely allow yourself to be influenced. When those around you desire change, this can create a good deal of frustration.

## Sun In 4th House

**PROFESSIONAL - IDENTITY:** Pride in the family

Professionally your concerns centre around your immediate environment, land and property. You may identify strongly with your family or your country, and you are motivated to form strong bonds of loyalty - whether it be to the company you work for, or larger national interests. You need to feel needed. You have a talent for creating a homely and secure environment for other people and have strong convictions about family values. For you to function well in a career it is important for you to have a secure home base. You are attracted to an expensive home, because living well is a matter of prestige for you.

**PERSONAL - IDENTITY:** Pride in the family

Your upbringing has had an especially profound effect on your identity, and your father's influence will have been particularly strong in this respect. You have had a compelling need to look up to him and use him as a role model - for good or ill. Later in life you will draw great strength from the family you build up yourself, and your children will probably take a central role in your life. Your home and family will be the most important motivating influence for you, and you will be aggressively protective of them. You identify strongly with your home and may also take a special interest in your family history. You will not

mind spending a lot of your time at home - this where you can really be yourself.

## Jupiter transiting Opposition Sun

22-11-2017 -> 14-08-2018

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

**PROFESSIONAL - IDENTITY:** Creating your future

During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

**PERSONAL - IDENTITY:** Creating your future

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

## Emotions

## **Moon In Pisces**

### **PROFESSIONAL - EMOTIONS: Purify your emotions**

With your naturally compassionate being and understanding nature, you can achieve success in creative areas, or through working with people who really need emotional help. You are attuned to sensory states which other people are not aware of, and some of the major turning points in your life arise when you develop an deep awareness of the hidden forces in life, in human relations and in nature. You are not particularly motivated by personal prestige or material temptations, and you may be quite willing to sacrifice your comforts to benefit others. You do have to avoid indulging negative feelings about the odds being stacked against you. This only happens because you have difficulties setting limits for what you are prepared to do for others.

### **PERSONAL - EMOTIONS: Purify your emotions**

In comparison to many other people, you are extremely sensitive to the emotional atmosphere around you. You are no stranger to sadness, and there was probably a unhappy quality in your family relationships - particularly in regard to your mother. You tend to take on the vibrations of others just as a chameleon changes colour, so it is important to be discriminative as regards who you are with, and what you do. As you mature, you learn to be watchful of your own moods, as they change with the least stimulus. By cultivating an emotionally positive attitude, you can avoid the negative energy states that made you feel helpless in the face of adversity when you were young. In relationships it helps to know that there is no dignity in martyrdom.

## **Moon In 2nd House**

### **PROFESSIONAL - EMOTIONS: Attachment to personal values**

Security and stability are major issues for you. You have a strong appreciation of what has value, and what doesn't, and as such you can achieve professional success dealing with property, food and catering for the basic needs of others. You prefer a job with a guaranteed income - childhood experiences connected with parental economy have taught you to play it safe and hang on to what you have got. Early memories of economic insecurity, especially as reflected by your mother's attitude to the administration of family finances give you a profound hunger for economic stability, and this inner need to avoid threats to you own financial security can mean that you stay longer than necessary in an unsatisfactory work situation.

### **PERSONAL - EMOTIONS: Attachment to personal values**

You are very attached to the things you own, as they represent important emotional connections for you. You really do tend to hold on to things from the past, and they can clutter up your home. Your children and family connections are major values for you, and it is a traumatic process when upheavals come in this area, and when bonds have to be cut. Some people may view you as materialistic and possessive, but you are a very giving person, just as long as you feel secure. Sometimes you eat just to feel secure. However you may be too fixated on security, and there will come periods in your life where you will lose the things that you are most attached to. Learning to adjust to economic fluctuations is part of a process of maturity for you.

## **Moon Sextile Mercury**

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

### **PROFESSIONAL - EMOTIONS: Emotional awareness**

You have great persuasive talents because you make an emotional investment in everything you say. At its best you can use these communicative talents to sway the feelings of the people around you - obviously a great asset when speaking to a public. You know how to tune in to the mood of the crowd and have an instinctive talent for saying the right thing. You need to be passionately engaged in your work, and function best in a role which gives you human contact. You work better with people than with things, but there is good business talent, especially as regards property. You are not an analytical type, and your judgements are easily swayed by your feelings. Thus you are easy to read, and will often stumble verbally, when you encounter conflict. You would find success in a career in which you utilised your talent for listening and speaking to people.

### **PERSONAL - EMOTIONS: Emotional awareness**

You are a person who likes to communicate on an intimate level with those you are close to, though you have difficulty opening up to those you do not know well. Other people are comfortable entrusting their thoughts and feelings to you however. Your word and tone of voice are always tinged by your emotions, and this ensures you a good audience. Your emotions tend to swing a lot, and when you are feeling negative it can be very difficult for you to express yourself

clearly. Under extreme emotional conditions you will be rather irrational. You have probably been profoundly emotionally affected by sibling relationships, and even now may have a powerful emotional bond to a brother or a sister. Your school years will also have had a great emotional impact on you, for better or worse. You are extremely sensitive to being criticised or misunderstood on a mental level. In many ways you are able to build a mental bridge between the conscious and unconscious mind, clarifying emotions through mental awareness.

## **Jupiter transiting Square Moon**

**05-11-2018 -> 01-12-2018**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

### **PROFESSIONAL - EMOTIONS: Expanding your base**

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

### **PERSONAL - EMOTIONS: Expanding your base**

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

## **Mentality**

### **Mercury In Taurus**

#### **PROFESSIONAL - MENTALITY: Sell solid values**

You are a dogged learner, and you feel most secure with tried and tested facts. When you are sure of your knowledge you can impart it to others in a patient and thorough way. You have a special talent for dealing with practical issues - especially economic matters - and this ability can enable you to achieve business success. You are keenly aware of the value of things, good at making finances multiply and excellent at avoiding mistakes. As you are reluctant to innovate, you may miss opportunities as you feel it's better to be safe than sorry. Therefore you function best in charge of administrative activities.

#### **PERSONAL - MENTALITY: Sell solid values**

In communication matters, you tend to exude calm and good sense, but you may lack tolerance for other people's point of view - especially if it is provocative. Other things being equal you will communicate rather slowly and sonorously, and with deep conviction. Indeed there may be a certain beauty in your tone of voice, and a fine self-expression. You like to have time to formulate your ideas and hate being interrupted. You have the patience to give other people your full attention, when they tell you what is on their mind.

Security is a major concern for you, and you may have considerable skill in budgeting and ensuring that you and those close to you are well provided for. You do not feel comfortable with extravagance, but will often show a fine judgement in your purchases.

### **Mercury In 4th House**

#### **PROFESSIONAL - MENTALITY: A stimulating home**

You need a stimulating mental environment in your work, and value creating a positive mental contact to your colleagues. You can be very loyal to the people you work

for, and expect loyalty from others. You have special talents as regards property and the land, and a good eye for a business deal in these areas. Bonds to brothers or sisters may be important in your later career - the family network can be an aid in your professional advancement. Family worries can however distract you from career interests.

**PERSONAL - MENTALITY:** A stimulating home

Communication was a very important factor in your upbringing, either because of stimulating relationships to siblings, or because of interesting discussions between your parents. This has given you a need to be mentally stimulated, so you will wish to have strong mental bonds with your partner. You need a lot of activity in your home, and children can be an important factor here. You are good at creating contact to children, and will be powerfully motivated to give your family a good education. Perhaps you will have a lot of books at home. You like to be on the move, may have two homes, or move often.

### Mercury Square Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - MENTALITY:** Disseminating information

One of your great professional assets is your intellectual curiosity and interest in communication and information. You can be something of a perpetual student, accumulating knowledge and insight for a rainy day. These intellectual talents bring you success in fields which require study, writing, meeting people, travel and generally exchanging ideas. You have excellent teaching talents, because you both have the capacity to concentrate on details, and at the same time can draw wide-ranging conclusions. You can maintain an overall perspective, even when drowned in facts and figures. You can also be extremely persuasive, and this can give a talent for sales. People can come to you for advice and information. You are also suited to a position in an office, where you have access to phones and faxes, computers etc. You may be rather restless, so you need to work in a position in which you work with a whole spectrum of daily tasks, or in a situation in which you meet a variety of different people, perhaps whilst travelling around.

**PERSONAL - MENTALITY:** Disseminating information

Gaining intelligence is a strong motivating factor in your life.

Attending courses and studies, learning languages, travelling and meeting people, are all important activities for you, because they give you the opportunity to train and expand your mind. A foreign language may play an important role in your life - you certainly have the capacity to master more than one language. You can be witty and a mine of information. On the other hand you may feel a strong need to impose your ideas and opinions on others. You hate to be belittled mentally, and you may compensate for this by becoming argumentative, or by dutifully trying to enlighten people about what the truth is. It is better to fulfil this need in some job for which you get paid - rather than tire your partner with your constant need to explain and inform. It is wisest to give your opinion only when it is consciously sought by others.

### Jupiter transiting Opposition Mercury

09-10-2017 -> 04-11-2017

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

**PROFESSIONAL - MENTALITY:** Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

**PERSONAL - MENTALITY:** Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can

see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

## Uranus transiting Conjunction Mercury

06-05-2018 -> 06-04-2020

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - MENTALITY:** New communication boundaries

This is a period of great mental inspiration and excitement. To attain professional success now it is essential to think in new channels, and not allow yourself to be limited by conventional ideas or "the voice of experience". It is the new and untraditional that brings success, so experiment, invent and surprise people. If you are involved in a long and boring period of education or training, then you are in trouble. Mental restlessness at this time will incline you to abandon traditional teaching and seek new ideas which will stimulate your imagination. You will learn best in experiential groups or by yourself.

This is an excellent time for improving New Age interests - particularly astrology. It is a time to travel and meet different kinds of people, and a good period to learn or use another language. You should modernise communication systems now, improve computer capacity and generally hook into networks which unite people. As far as contacts and agreements are concerned, this period is rather unpredictable. Being tied down or committed to time schedules does not suit your needs at this time.

**PERSONAL - MENTALITY:** New communication boundaries  
During this inspiring period, you should grasp opportunities to drop activities which bore you, and start learning new things which keep you up to date with modern trends. Many inventive ideas pop up into your mind now, and you have to find people to share them with. You will be impatient with people with entrenched ideas and opinions, and you may feel the urge to provoke others into thinking in new ways. This impatience can bring tension and misunderstanding in

relationships, in which case you should associate with people with whom you can communicate and share your visions.

Time moves fast in this period, and you too may be on the move, travelling and meeting people. Avail yourself of new transport opportunities, buy yourself a car, or hop on a plane. Develop language talents, and immerse yourself in new technological developments, particularly as regards communication. Enrol on consciousness-raising courses, or get involved in grass-roots movements. There are very few times in your life when you will be so mentally open to radically new ideas,

## Values

### Venus In Gemini

**PROFESSIONAL - VALUES:** Enjoy meeting people

There is a natural talent for communication, often on a creative or aesthetic level. Professionally this gives a number of valuable abilities, not least a charming persuasiveness. You will thrive in situations in which you are required to meet people. You are good at facilitating contact, and may also have talents connected with personnel. As you have extremely good literary judgement, you may wish to try your hand at writing. You have the ability to make rapid adjustments when meeting others, and there is a talent for really reaching people mentally. You will not thrive in an isolated position. You need social stimulation and a variety of tasks to perform. Your friendships will be a powerful resource in your life.

**PERSONAL - VALUES:** Enjoy meeting people

In love relationships there can be a lack of stability, as a single partnership will have difficulty satisfying the need for social contact. Therefore there is a certain innocent flirtatiousness. Both men and women with this position seek stimulating mental relationships, culture, intelligence and a special kind of social mobility. Freedom to get out and about is an essential ingredient in a satisfying relationship. Without change, travel and an active social life, there is a risk of feeling stifled by the partner. In women a youthful charm is apparent, and men with this position are particularly attracted to the elfish, carefree type of partner. Good communication is the cornerstone of a satisfying love-life.

### Venus In 6th House

**PROFESSIONAL - VALUES:** Loving care

Harmony in your working environment is important for you. Where there is no harmony you can create it. One particular

area where this can be put to good use is in dealing with personnel. You function best in aesthetic surroundings - and may work creating them, although you are more suited to working with people than with things. However you do have an appreciation for objects of beauty, and you could work with them in some way or another. Quality of life at work is most important, and career success involves being able to influence other people with your values in this area. You will be valued by co-workers for the atmosphere of calm around you.

#### **PERSONAL - VALUES: Loving care**

You get a great deal of personal satisfaction through being of service to those you care for. Every act of help you perform is also an act of devotion or affection - you are a very caring person. You bring a loving and aesthetic quality into your daily life and hope in this manner to earn appreciation and affection. Being helpful, however, may not be the most effective way of winning your partners love - you may find yourself spending too much time on daily tasks, or loved ones may simply demand more and more, without you feeling more appreciated. It is also important to take time off to enjoy the results of your labours. If you are fortunate you will be loved for what you do, but you risk assuming an inferior role in partnership, unless you also insist on being loved for who you are.

### **Venus Trine Mars**

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

#### **PROFESSIONAL - VALUES: Enjoyment**

You have a dynamic creativity, but how you use it depends greatly on the nature of the aspect. Harmonious contacts between Venus and Mars give an exciting and winning nature, and the ability to work creatively with both sexes in whatever field you may be in. Inharmonious aspects also give considerable creative power, but conflict regarding sexual roles can sabotage success in one way or another. There is a strong erotic element in your character, and this can lead to sexual involvements which distract you from your business. Men with these aspects tend to be more active in their sexual pursuits, women often feel they are on the receiving end. It all depends on the unconscious signals that you send, as you have a natural sex-appeal. If all goes well you can emanate warmth and congeniality which brings professional popularity. This can lead you to success in

many fields, especially those in which physical strength is combined with grace in some form. You would also work well in public relations, and in dealing with children. Entertainment and having a good time can be very important for you in your work.

#### **PERSONAL - VALUES: Enjoyment**

As Mars and Venus are the male and female archetypes, this combination brings a powerful need to resolve the dilemma between the sexes. Harmonious aspects show greater ease in this matter, but inharmonious contacts and the conjunction bring extremely difficult challenges. Often confusion about the sexual role stems from the impression given by the parents concerning their love-life, particularly if infidelity was involved. Women with this aspect often experience a strong contrast between the demands of femininity and those of sexuality, and in extreme cases the man is perceived as being a primitive only interested in sexual satisfaction. Actually the woman sends strong sexual signals but gets confused about the response she receives, not knowing whether to take the initiative, (ladies don't do that), or be passive. The paradox is that women with this aspect have strong masculine traits, and can resent the man taking the initiative. Men with this aspect will sometimes have rather feminine traits, and have difficulty taking the initiative.

Whatever the circumstances, the erotic life plays an important role in the character, and there is a strong tendency towards sexual involvements which can be a threat to stable relationships. There is in both sexes a difficulty in integrating the loving nature with passion and desire - when to be tender and affectionate, when to go your own way? When to be attached, when to be detached? When to be chaste, when to let the body take over? When a balance is found, then there is great potential to have enjoyable relationships on both the physical and spiritual level.

### **Venus Square Uranus**

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

#### **PROFESSIONAL - VALUES: Untraditional relationships**

You need to work in an exciting environment where you are together with people who have untraditional ideas, or who come from unusual cultures or backgrounds. You function best when you meet a number of different people during the

course of your working day - preferably interesting or unconventional types. You have a talent for working with the media - you may also function well in a job which brings travel to exotic places. As you have a strong interest in consciousness-raising groups you may get involved with political, spiritual or social movements. You function well in a team - but not in a conventional working environment where you meet the same people all the time. You need to feel as free as a bird. You have a talent for making friendships - you make an electric impression on others, but actually you are rather detached yourself.

#### PERSONAL - VALUES: Untraditional relationships

The major characteristic of your love-life is your need for excitement and the unpredictable, coupled with a restlessness which you feel when relationships do not offer you the opportunity for personal development. You have a tendency to form relationships to people from foreign countries, different cultures or unusual environments - in other words with a person who can bring an element of the exotic into your life. Often you can find yourself in a situation, in which you choose not to actually live together with a partner. Preferring to keep your independence - especially as regards the freedom to have your own friends - you maintain the excitement of romance by periodic meetings where you can constantly have your need for excitement fulfilled. In extreme cases you experience "airport-love" - short but exciting relationships with someone from another area of the world. In this way you avoid committing yourself emotionally. If you want a more permanent or stable relationship, or if you would like to feel more secure with your loved-one, it is essential to make a deeper emotional commitment.

#### Venus Square Pluto

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

#### PROFESSIONAL - VALUES: Transformation of values

You have the ability to awaken deep sympathy in the hearts of other people, and you are probably willing to go to great lengths to be appreciated. Your attention to others can evoke a very positive atmosphere and genuine good feelings, if you learn to avoid a few simple weaknesses. You tend to go too far in pleasing others and trying to create a good impression. In this way you can monopolise some people and alienate those who are not impressed by your

apparent charm. Businesswise you have a special talent for getting the most out of resources. You can see the value in items other people might throw away, and can turn waste into something valuable. Financially you must avoid the trap of getting into debt by buying prestige items. Do not throw good money after bad. Above all avoid becoming economically dependent on others - you could end up being manipulated.

#### PERSONAL - VALUES: Transformation of values

Your intimate relationships are characterised by their intensity. You are simply not interested in a superficial or casual relationship. You have a tendency to invest a lot of energy into winning love and attention and this is actually a throwback to childhood experiences which equated love with survival. You will often feel that it is fate that has brought you and your partner together, and that nothing will break the bond that has been established. Unfortunately, an unconscious fear of losing love can result in many exhausting emotional scenes. Relationships can lurch from crisis to crisis. When these negative influences have been transformed you will discover a real talent for giving loving support to others.

#### Jupiter transiting Opposition Venus

09-02-2019 -> 09-11-2019

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

#### PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

#### PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

## Saturn transiting Opposition Venus

01-01-2017 -> 04-11-2017

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

### PROFESSIONAL - VALUES: Building self-worth

Economical issues come to the fore now, and you will probably find yourself having to work long and hard, perhaps without getting the financial rewards you would like. It pays to economise and save now, or to make very secure investments. By careful economical planning you can create the foundations for future growth, although short-term success is unlikely. Working on professional relationships may be necessary now, and you could be asked to make a long-term commitment.

It would be to your advantage to pay more attention to subtle influences on your career, such as your appearance and personal style. If you want to open doors which have been closed for you until now, learn for example the finer points of diplomacy and overcome clumsiness or shyness in dealing with people. An understanding and appreciation of taste and style can be the keys to much desired status improvements.

### PERSONAL - VALUES: Building self-worth

You can expect many challenges in your personal relationships now. How great is your commitment? Can your affections stand the test of time? No trivial relationship can survive this period, simply because you feel that you do not have the time to waste on romantic attentions that are not genuine. Those people who are in long-term relationships will go through a testing phase - the old cliché

## Drives

### Mars In Libra Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

#### PROFESSIONAL - DRIVES: Manifest your judgement.

You have a strong sense of justice and are strongly motivated to create balance in your working environment. Your greatest asset is your aesthetic sense, and this can manifest in employment where matters of taste are important - for example fashion, decoration and other areas where a good judgement is required. Your manners are most probably rather refined.

There can be an element of indecisiveness as far as decision-making is concerned. First of all you are not comfortable offending others, and secondly you have a true ability to see both sides of an issue. By coming down on one side or another imbalance is created, and this brings a sense of discomfort. So you will tend to make compromises and generally get by on your charm. This can be a disadvantage in situations where a firm stance is required. People feel nervous when they don't know what position you take - this can give an untrustworthy impression. It can be an advantage for you to jump sometimes, instead of staying on the fence.

#### PERSONAL - DRIVES: Manifest your judgement.

Other things being equal, you will have a gentle manner and controlled temperament, except in situations where you feel an injustice is being done. In these circumstances you fight hard to get a fair hearing for yourself and others. You have a natural flair for handling public relations, and this can certainly give you success when dealing with the opposite sex. Men with this position of Mars have a tendency to flirt, and may take advantage of women through being manipulative. Women are attracted to men with good taste, poise and style, though there is a tendency to be deceived

by appearances and smooth talk. Conflicts in relationships can arise over unfaithfulness or differences in opinions as regards taste and judgement. Though you are strongly motivated to enjoy partnership, contention often arises in one area or another. You are on the one hand reluctant to get into conflict, yet on the other quite sharp in your judgement of others.

## **Mars In 9th House**

**PROFESSIONAL - DRIVE:** Intellectual pioneer

Your opinions and convictions are an important part of your professional life. You have a strong desire to increase your knowledge and understanding, but you function better when you are self-taught. Too many intellectual conflicts arise when other people try to foist their opinions on you. You are extremely powerful - perhaps too dominating - in putting forward your point of view. Nevertheless you can have success as a teacher or working in some field which necessitates persuasion or the spreading of information and ideas. You are very dynamic in your outreaching to others and may travel a considerable amount in connection with your work.

**PERSONAL - DRIVE:** Intellectual pioneer

You are a fearless searcher for truth and understanding, and this search may well bring you to foreign lands. You are an explorer type, constantly striving to increase your horizons and develop your interests. Women with this position of Mars are often attracted to men from a different culture or country, men may discover partnership abroad. You have strong opinions and these probably arose because you had to hold your own against an intellectually dominating brother, father or perhaps teacher in your early days. As a result you tend to be too aggressive when defending your own convictions. Your spiritual development may be profoundly affected by a mentor of some kind, though you have little inclination to subjugate yourself to the principles or convictions of anybody else. You may see your God as wrathful or severe, but you are inspired to rise to meet spiritual challenges in your journey to find truth.

## **Jupiter transiting Conjunction Mars**

**01-01-2017 -> 29-08-2017**

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - DRIVES:** Burning enthusiasm

It is important for you to harness the energy and enthusiasm

which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

**PERSONAL - DRIVES:** Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

## **Saturn transiting Square Mars**

**07-02-2019 -> 02-01-2020**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - DRIVES:** Developing willpower

This is a time to mobilise reserves of willpower and pursue goals with indefatigable determination. You can expect a lot of resistance now, especially from older men in positions of authority. Effort, long-term strategy and hard work is the remedy for problems that arise at this time. Courageous action leads to the building of lasting edifices now.

First of all it is necessary to overcome lack of self-confidence. You may feel that there are men of greater experience available to do the jobs you want, but by training and perseverance, you can - in time - achieve the goals you set yourself. If you don't succeed, try and try again. You will become stronger and more efficient. Great satisfaction can be achieved through the power of organisation and self-discipline - if you rise to the challenge, you will achieve success. This is an excellent time for hard physical work - particularly as regards building and construction.

#### **PERSONAL - DRIVES: Developing willpower**

This period can be rather a trying time, and there are many obstacles to be overcome. However with hard work and determination, you should be able to have things the way you want them - finally. Men will feel unsure of themselves at this time, and there will especially be a question mark as regards their sexual needs and performance. There may be a reluctance to take the initiative in these matters for fear of being rebuffed, yet it is at precisely this time that a man can get into contact with his body, learn more about his needs and develop the confidence and assertiveness to handle sexual relationships. Circumstances may however dictate less sex during this period.

Women who experience this influence will also be concerned about their body, especially as concerned blockages preventing spontaneous enjoyment of erotic pleasures. It pays to take more time in a relationship to improve sexual contact. More patience is needed in the warming-up phase, and less focus on erogenous zones. Many sexual fears about dominance and authority can be dealt with, and the long-term effect on sexuality can be beneficial. Sometimes an older or more experienced man comes into the life now. Both sexes benefit from more exercise or training through body-building, aerobics and the like.

### **Pluto transiting Square Mars**

**01-01-2017 -> 04-12-2019**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

#### **PROFESSIONAL - DRIVES: Redevelop your strength**

This is a time of great personal pressure both on a professional and private level. In this testing time there will be a feeling that the odds are against you, perhaps in an unfair way. Power battles are often unavoidable... and it seems as if there is some kind of conspiracy. Trade union issues often come to the fore at this time, for good or ill. Authoritarian and dominating people (mostly male) will seem to put you in a vice. The time demands great perseverance, but you have to know when to draw the line - when to fight and when to give up. It is no use continuing an impossible battle. There is a tendency to overwork - often late at night - because you can be gripped by a fanatical desire to accomplish something. There tends to be a fascination with computers and secret things.

Undercover issues surface now - anything you want to keep hidden will surely come up. You will be strongly motivated to act secretly. Any work situation you cannot tolerate will change. Either you will seek new work in which you can feel 100% absorbed, or you will make radical changes in your working environment. There can be interest in social or political work under extreme situations, as well as the discovery of psychological or occult talents. There are good opportunities now to eliminate corruption or pollution problems. This is a ruthless time which requires strength in the face of crisis, the ability to cut through, fire people, to seek a new job, or to give up exhausting power struggles.

#### **PERSONAL - DRIVES: Redevelop your strength**

This can be a time of crisis in relationships because a shift in the balance of power occurs. Women with this influence will no longer accept subservience in connection with men. A woman in an inferior position will now fight to establish her own power. This is the time that a new decisiveness comes up to the surface under the greatest psychological pressure. Paradoxically there is a tendency at this time to meet men with unusual power and sexual magnetism, and to encounter one's own powerlessness in the face of strong desires and jealousies. Men who experience this influence will also encounter power struggles and strong desires, and will often find themselves under the influence of emotions they cannot control.

On a sexual level there is fatal attraction towards taboo issues and the urge to live out desires which have been under control for too long. On the positive side this leads to the discovery and release of new sexual potential, though the costs can be high.

There is no astrological influence which gives has a stronger psychological effect. This is because forgotten

anger and repressions now rise to the surface to be dealt with by the conscious mind. Therapy is often advisable during the duration of this transit, and it is a great period for enhancing psychological insight. As anxiety on a deep level is dealt with at this time it is a good idea to eliminate fears by developing a stronger body-consciousness, for example through learning the art of self-defence, or through embarking on a gruelling physical fitness programme.

### Jupiter Trine Neptune

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

#### PROFESSIONAL - WISDOM: Expansive dreams

As these planets are relatively slow-moving their influence is felt most on a collective level. Insofar as you channel their influence in your profession you will wish to work on the collective effect of knowledge, the intellect and social influence. There may be a talent for marketing or advertising or selling a dream or vision. There can also be a drive to evangelise on a social, religious or political level. You can be strongly motivated by altruistic ideals and identify with some kind of vision or dream that transcends your own dreams. On a more down to earth level there can be a talents for dealing with oil and related products - particularly plastics. There may also be an interest in oceans, the film industry and anything which enchants on a collective level. You can be hopelessly overoptimistic - heed realistic advice!

#### PERSONAL - WISDOM: Expansive dreams

This influence shows that you can be moved by dreams and visions. There will be some aspect of your life in which you are touched by something magic that completely transcends your everyday life. This can bring great happiness, if you choose to cultivate your intellectual drive towards greater spiritual understanding through creative, artistic or meditative interests. At the same time there may be a total lack of grounding, or a tendency to be completely absorbed

by unrealistic ideas. There are dreamers of dreams who achieve nothing, and weavers of dreams, who can bring visions down to earth. Ultimately people will be disappointed in you, if you are the former. You have the capacity to make faith and hope guiding lights for your actions.

### Jupiter transiting Square Jupiter

13-09-2017 -> 11-10-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

#### PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

#### PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

### Uranus transiting Square Jupiter

10-04-2017 -> 10-03-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be

able to make dramatic progress in your life.

#### PROFESSIONAL - WISDOM: Journey into Space

This is a very dynamic period for the expansion of your horizons. There will often be long-distant travel to exotic destinations at this time, or increased contact with foreign countries. International contacts can prove valuable to your profession, and should be cultivated. During this explosively expansive period there can be considerable restlessness - you can hardly be satisfied with a desk job now, or any kind of education or training which does not offer an experiential curriculum. Surprising and unpredictable developments can arise - particularly in connection with legal matters; therefore care should be taken as regards contracts or commitments. You can use the energies of this period optimally by integrating new visions of the future into your goals. Enhanced consciousness and interest in unconventional subjects can play a role in your future.

#### PERSONAL - WISDOM: Journey into Space

This may well be a period of increased social activity and intellectual curiosity. During these months revolutionary new opinions can lead to a radical change in your viewpoint. Contact with foreigners and their cultures can be a catalyst in this process. You may find yourself getting involved with New Age or international groups. This is a great time for inspiration and radical consciousness change, but you may find yourself at cross purposes with people who have traditionally had a strong influence in your life. You have a desire to overthrow intellectual and religious authorities now, and replace restrictive ideologies with ideals about freedom of the individual. You want to define and follow your own path to personal growth at this time, without the heavy hand of any guru or mentor.

Other people can feel small or even ignorant in your presence - make allowances for this. You have deep convictions on a religious, political or philosophical level and probably enjoy a good discussion. Generally you display a great appetite for life, are willing to take a gamble and often ride to success on your unshakeable faith in a benevolent future.

### Jupiter transiting Conjunction 10th House

01-01-2017 -> 05-09-2017

#### PROFESSIONAL - WISDOM: Believe in yourself.

Professional success should come naturally for you, and you may find yourself being helped on your way by influential people who are well-disposed towards you. Success will come in 12 year cycles of expansion and decline. Your ability to grasp opportunities before other people, and a strong belief in your own abilities contribute towards personal success. You are a believer in the principles of growth and laissez-faire, and you know instinctively how important positive thinking is for the achievement of goals. Failures can occur when you rely too much on blind faith, and visions must be backed up by strategic planning. International connections may be an essential ingredient for success. Your personal convictions may have considerable social influence, and people may pay well for your professional advice. This is due to your long-term vision and perspective.

#### PERSONAL - WISDOM: Believe in yourself.

You were probably fortunate to have a parent who encouraged you strongly to reach out and attain your dreams in life. From this springs a natural confidence in your abilities to get ahead, and a general trust in the world. With success comes influence and a belief in the validity of your views on life. You have to take care not to be too dominating when broadcasting these views in your personal life. Your predisposition for achieving success means that you should

be able to guarantee security in partnership matters, and bring the possibility of advancement and higher status to a relationship.

## **Jupiter transiting Conjunction 11th House**

**14-12-2017 -> 17-09-2018**

### **PROFESSIONAL - WISDOM: Social influence**

You benefit professionally from the influence of good friends and people in high places. Your social connections are thus very valuable, and you tend to be very lucky as regards meeting the right people in the right places at the right time. You would function well in a large organisation - especially if it has international connections. Your ability to gain an overview over large social organisations, combined with the many friendly relations you cultivate with people who have great influence, will bring success and prosperity in your life. Perhaps being member of a club will bring certain privileges for you - at least it certainly does not harm your career if you mix with the higher echelons of society.

### **PERSONAL - WISDOM: Social influence**

Great benefits come to you through the kind guidance of good friends. A particular person or a particular group can have a considerable influence on your intellectual development. You cultivate the best contacts and other people may experience you as rather elitist or snobbish because of the people you choose to spend your time with. From your point of view, mixing with successful or cultured people is essential for your own development. Their good fortune rubs off on you. You too will in turn be able to benefit other people through your own insight or knowledge - particularly if you work with groups in some way. You can attain an influential position in society thanks to your social vision or ideals about the future.

## **Challenges**

### **Saturn In Aries**

#### **PROFESSIONAL - SELF-RELIANCE: Believe in yourself**

Saturn was in Aries in the years 1937-1940, 1967-1969 and 1996-1998. This heralded periods when it was a difficult time to be a leader. Remember Neville Chamberlain and Munich, or Lyndon Johnson and Vietnam. You too will feel difficulties in asserting your influence in leadership situations. You don't like being pushed around, but you feel clumsy taking the reins yourself. You will often be challenged to take a leading role, but lack of self-esteem can undermine your confidence. If you refuse to accept the

mantle of leadership you will probably find yourself getting dominated by immature leaders, and will feel that you could do better yourself. As time goes by, and as you meet each leadership challenge one by one, you may find yourself assuming a leadership role later in life. It is important for you to overcome a reluctance for taking the initiative or taking a risk. If you do not risk failure, you will never attain success.

#### **PERSONAL - SELF-RELIANCE: Believe in yourself**

Early experiences have undermined your faith in yourself as an independent person capable of taking care of your own life. Often when you try to be spontaneous or youthful you find yourself learning some painful lesson about restraint. You have been taught to stifle immaturity, but this can also cast a shadow over your ability to be carefree and dynamic. When you cast caution to the winds you do it clumsily and come to grief. Yet as you mature you have to learn to risk being spontaneous, and to take being snubbed or judged. Remember: nothing ventured nothing gained. You cannot get ahead without risking your reputation. You are very competitive, but tend to hide it for fear of being seen to lose. Your honour may be dear to you, but nobody else notices, so take a gamble. Dynamism combined with careful planning will yield good results.

### **Saturn In 3rd House**

#### **PROFESSIONAL - SELF-RELIANCE: Educate yourself**

Education, ease of expression and intelligence are high priorities for you. You work hard and are extremely conscientious, as it is important for you to feel respected for your abilities. When you overcome a lack of self-confidence as regards your intellectual prowess you will succeed in a profession where mastery of information is important. Despite early fears you will continue to meet mental challenges, perhaps taking training courses quite late on in life to develop your abilities. Your realism can be invaluable in meetings... you are the type who likes to be sure of the facts, before drawing any conclusions. When you express an opinion, it is well thought out and generally carries the weight of experience.

#### **PERSONAL - SELF-RELIANCE: Educate yourself**

Family influences - particularly in connection with a brother or sister - and early painful experiences at school will have had a rather traumatic effect on your mental development. Your confidence in your intelligence will have been undermined, and you can feel uncomfortable when you meet people. Light conversation does not come naturally. Under pressure a sudden mental block descends, and fear of appearing dim-witted obstructs the mental flow. You work

twice as hard as anyone else just to be sure you are not going to be shown up mentally. Mental confidence rarely comes before the age of 30, and if you have given up on an education as a young person, you may take it up again after this age. Your concern with getting the facts right can hinder your ability to get an overall view - often you can't see the wood for the trees. You can become an authority on a specific subject.

## **Saturn transiting Square Saturn**

**27-01-2018 -> 22-12-2018**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - SELF-RELIANCE:** Adjusting direction

As Saturn takes 29-30 years to orbit the Sun, it makes a major aspect to itself about every 5 years, and these are times when adjustments of direction and goals have to be made. At the age of 29 to 30 however, a major reorientation is necessary. You have to look carefully at what structures you have built up in your life and why. If you don't make changes now, when can you? Are your ambitions your own, or are you simply fulfilling the expectations of your parents or of authority figures in society?

It is essential to spend some time sensing what it is exactly you want for yourself in life. Cast aside all the unnecessary baggage which you have accumulated in your efforts to carve yourself a professional niche in society. Don't worry about personal status and ambition for the time being, and don't listen to people who tell you what they think is good for you. The older you get the more important it becomes not to waste time pursuing superficial career goals which will be of no benefit in the long run.

**PERSONAL - SELF-RELIANCE:** Adjusting direction

All phases of the 30 year Saturn cycle are important, although the ages 30, 44, and 52 are perhaps the most significant. These are times when you have a chance to review the passage of time and assess the unfolding of your life. Are you satisfied with the direction it is taking? If not, change it now. Change need not be radical, you just have to define what it is you truly want to spend time on. Remember your responsibility is first to yourself. The biggest gift you can give to others, is to show that you are satisfied with your own life.

It is important to weigh the balance between career and family commitments now. Do not be influenced by what other people expect of you - only you can know what it is

that you really need in life. The yardstick for decisions at this time is: Imagine you were on your death bed...what then, would you wish you had achieved in your life? The wrong decision now can mean years wasted on unfulfilling work.

## **Originality**

### **Uranus In Virgo Retrograde**

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

### **Uranus In 9th House**

**PROFESSIONAL - ORIGINALITY:** Consciousness change

You may be able to harness an unusual intellectual talent in your career. You have the capacity to intuitively grasp intellectual and spiritual truths. Your further education may have been interrupted or broken off in some way - probably because you do not have the patience to go through long periods of training. You learn fast and prefer to teach yourself - and in conventional teaching situations you tend to be provocative. Professionally you have special talents in relation to exotic countries or cultures. You may have a special teaching skill connected with a rather untraditional subject. Perhaps you can experience some success connected with the electronic media, radio or television.

**PERSONAL - ORIGINALITY:** Consciousness change

You have a bird's eye view of life. Unusual events - perhaps connected with exotic travels abroad - have brought radical transformations of your consciousness and led you to develop some very untraditional opinions about the meaning of life. In your understanding you see things interrelated on subtle levels in a way that is hard to explain logically. Your opinions tend to be provocative and may even shock other people in some way. You probably functioned badly in traditional educational institutions, and you have had a tendency to drop out and pursue your own radical views or interests. You learn best in an experimental, group-oriented environment, and you will find excitement and fulfillment through going to consciousness-raising courses, or through learning revolutionary mental techniques.

### **Uranus Sextile Neptune**

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be

strong and very creative, and the negative consequences minimal.

#### PROFESSIONAL - ORIGINALITY: Spiritual revolution

This long-lasting aspect will be shared by everyone born in any particular 4-year period, but if you express its influence in your career you will be able to channel a talent for working with the electronic media on one level, or personal consciousness on another. There is an electric idealism with this aspect and very little grounding. Some people may be able to tune into latent telepathic and clairvoyant powers, and use them in their job. Contact with international companies which have strong cross-border communications brings good fortune. Work with advanced technology, especially connected with instantaneous communication is another possibility. There is an inbuilt tension between the principles of freedom and service which can be expressed in irrational political and social convictions.

#### PERSONAL - ORIGINALITY: Spiritual revolution

This aspect has an influence on a particular generation, but you may personally feel and express its power through an interest in aspects of human consciousness which are on a very subtle level. This can relate to the power of dreams, clairvoyance etc. - in fact the whole spectrum of the New Age movement. If personal planets also aspect these distant planetary giants, you will feel a deep longing to transcend yourself through some kind of spiritual interest. Drastic changes will occur in the pursuit of your dream, and you may be willing to abandon the secure structures you have built up to follow your ideals. Needless to say you will often be disappointed, but the whole process enhances your awareness and spiritual consciousness. You can be deluded by the allure of charismatic personalities - take care.

### Uranus Conjunction Pluto

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

#### PROFESSIONAL - ORIGINALITY: Total revolution

This influence last over a period of years and affects whole generations. It is connected with social and technological renewal which transforms world consciousness. If this influence is made personal in your life by aspects to personal planets in your horoscope, you will meet it in the outer world in the form of revolutionary groups or outsiders,

or through dealing with the technology of radical change. You may also have a talent for creating revolutionary change in large organisations. There can be a particular talent for working with computers or in organisation where automation is an issue. Or you may play a social role dealing with the personal upheavals that the electrification of society causes. Sudden and extreme employment change may arise as you get swept up in vast collective trends.

#### PERSONAL - ORIGINALITY: Total revolution

On a personal level you may experience periodic traumatic upheaval and this can lead to a transformation of personal consciousness. In the face of this energy the human mind is often gripped by powerful obsessions - this was for example witnessed on a collective level in Germany when Hitler came to power in 1933. (Uranus square Pluto). You will almost certainly encounter someone in your circle during your life, whose obsessions wield a fascination over you, or evoke horror. If this influence manifests on an intimate level you have to be aware of a tendency to evoke anxiety in your partner through an extreme unpredictability or self-destructiveness. By avoiding extremism and concentrating on personal growth you can mitigate tensions that may arise.

### Jupiter transiting Square Uranus

01-02-2019 -> 02-11-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

#### PROFESSIONAL - ORIGINALITY: The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

#### PERSONAL - ORIGINALITY: The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can

blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

## Transcendence

### Neptune In Scorpio Retrograde

Because of the relative position of this planet in relationship to the Sun and Earth, it appears to be moving backwards. This may make you more thoughtful or introverted in the area concerned.

### Neptune In 11th House

PROFESSIONAL - TRANSCENDENCE: Utopia

It is rare for you to find pleasure or security through the social connections related to your professional life. You may feel a sense of social isolation on the one hand, but on the other you find it hard to share the values of your business associates and prefer your own company. You would function best in a job where your social idealism could be expressed. You need the company of caring and creative people, artists and musicians in your working environment to be truly fulfilled. Though you are something of a social visionary and extremely sensitive to the plight of those less fortunate than yourself, you may be rather unrealistic as regards solutions. An attitude of tolerance towards human weakness is to be recommended - you only have to think of your own.

PERSONAL - TRANSCENDENCE: Utopia

You are on a never-ending journey in search of Utopia. If you found it, you would be disappointed. You have such high ideals concerning friendships that disappointment is inevitable. It is important to be realistic in your social expectations - particularly because you prefer the company of artistic or musical types. These people - though they may be inspiring on a creative or spiritual level - are hardly the types to spend a lot of time cultivating the warmth and security of friendships. The people you value socially bring something quite unique into your life. This is a intangible quality of transcendence - a few magic moments in which you are taken out of yourself and experience a universal bond that weaves all people together as one. To cultivate this kind of enriching experience you may benefit from meditative, musical or creative work in groups.

## Jupiter transiting Conjunction Neptune

24-01-2018 -> 22-10-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

PERSONAL - TRANSCENDENCE: Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

## Transformation

### Pluto In Virgo Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

### Pluto In 9th House

PROFESSIONAL - TRANSFORMATION: Ideology

You have extremely strong ideological convictions, and you are prepared to fight for them. This intensity and determination can be an asset in a job which requires more than the gentle art of persuasion as regards getting the

other people to see your point of view, or if you have to work with getting a difficult message across. Knowing the weaknesses of the human mind you can learn powerful communication techniques and use them in a very convincing manner. You know how to make an offer people can't refuse. You also understand the power of a faith or belief, and you have the psychological capacity to change other people's ideas through the power of your own beliefs.

#### **PERSONAL - TRANSFORMATION: Ideology**

The pursuit of truth and understanding can sometimes be seen as a survival issue for you. In your upbringing you may have been the victim of a strong-willed person with tyrannical convictions, perhaps at home, perhaps in school. At any rate you now identify very strongly with your own convictions, and have an irrationally strong reaction when people disagree with you, or try to influence your beliefs. You are intellectual inflexible. Relationships can stand or fall on ideological issues - particularly if you have a Scorpio Ascendant. Yet, if you look back on your own past you will see that you have totally abandoned ideas you totally believed in and fought for - so is it wise to defend your ideas with such intensity now? A transformation of beliefs brings a deep psychological change in you in the late thirties. This may be connected with a journey which brings emotional catharsis. At this time you may discover a talent for psychological or spiritual matters.

### **Jupiter transiting Square Pluto**

**18-01-2019 -> 20-10-2019**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

#### **PROFESSIONAL - TRANSFORMATION: Power play**

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

#### **PERSONAL - TRANSFORMATION: Power play**

There is a leap in your awareness of the power of the

unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

### **Neptune transiting Opposition Pluto**

**08-04-2018 -> 31-12-2020**

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

#### **PROFESSIONAL - TRANSFORMATION: Dissolution of power**

This influence is rather subtle in its effect, and will be experienced most powerfully by those who have their Ascendant in Scorpio. It can affect areas in your professional life where you experience anxiety, and where you try to force your way through in an unconscious, compulsive or fanatical manner. If control is an important factor in your life, you will lose the ability to exert this control. Learning to give in gracefully and accept the higher forces in society which guide collective life may be the right tactics now. On a positive note, this is a time when you can tune in to collective forces which steer human opinion. You can now understand and use the forces of marketing and propaganda, for better or for worse.

#### **PERSONAL - TRANSFORMATION: Dissolution of power**

This rather subtle influence - which will be felt most strongly by Scorpio types - can teach you a lot about the forces in the unconscious mind on both a collective and personal level. Negatively you may experience some weird fantasies now which can fuel any latent paranoia. However this is an excellent period to learn visualisation techniques for defusing trauma or harnessing the power of the unconscious. Enormous forces can be channelled and released during this period, though these forces will manifest most strongly through your contact with underground forces in society. Take care to avoid becoming contaminated by lower elements, and purge yourself of useless fantasies.

**Destiny**

## **N.Node In Taurus, S.Node In Scorpio**

**PROFESSIONAL - DESTINY:** Into a safe harbour

Strong survival instincts are a major motivational force in your career. Unconscious and seemingly irrational fears that you will lose whatever you have built up because of some supposed future upheaval can make you reluctant to embark on any long-term project. The basic foundation of your life is rocky, and makes success difficult. It is therefore important for you to embark on a thorough reorganisation of your values in life, and set out to create a solid economic foundation. Some emotional trauma may lie at the root of your deep-felt need for security, and by learning more about your psychological make-up you can pave the way for economic success. Achieving your economic goals and attaining security can give you a deeply-felt calm.

**PERSONAL - DESTINY:** Into a safe harbour

The first part of your life is governed by deep-seated passions which often bring you into emotional turmoil. You may have great difficulties controlling irrational feelings of jealousy, which are based on deep anxieties about self-worth. Sexual drives exert a strong hold on you, yet satisfaction is elusive. The more you indulge your desires, the emptier you feel. You cast about amongst the left-overs of others searching for a set of personal values that you can embrace. Your greatest longing is for a safe haven of security, where you can experience emotional and economic security, and in time this will come. In your search for peace you constantly build up and then abandon life-structures designed to quench the flames of your needs. Peace come from a surprising quarter, when you embrace values which conserve instead of destroy. Perhaps it is a question of tuning in to the richness of your senses, so that you can fully appreciate what you have, rather than mourning what you have lost.

## **N.Node In 4th House, S.Node In 10th House**

**PROFESSIONAL - DESTINY:** Broadening the emotional base

Early in life much of your energy will be focused on professional ambitions. There is no doubt that you have great natural talents in this area, and you will probably experience a degree of success early in life. Actually you have a great hunger for recognition and respect which in the long run cannot be satisfied. When you do achieve success there still remains a sense of being unfulfilled. Whilst you have an exaggerated sense of professional duty, you have a tendency to neglect family responsibilities, and these in turn begin to undermine your professional success. You cannot

achieve success without first building a solid emotional base. It is essential for you to find a balance between these two areas of your life, and this will probably happen in your mid-thirties. You can find greater satisfaction in a career based more on environmental concerns than personal desire for fame.

**PERSONAL - DESTINY:** Broadening the emotional base

You are profoundly influenced by parental expectations, but major development comes in your life when you assert your own true ambitions. As your life develops you discover that true satisfaction is connected with enriching your emotional life through creating a family of your own. Though torn between professional ambitions and early desires for recognition and respect, you learn the value of deep family bonds and rewarding emotional commitments. It is important to see the demands of family not as a hindrance to your personal progress, but rather as an opportunity for personal growth and happiness. Your home can become a haven for you - a solid base for going out into the world.

## **Jupiter transiting Opposition N.Node**

**29-10-2017 -> 25-11-2017**

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

**PROFESSIONAL - DESTINY:** Understanding karma

You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

**PERSONAL - DESTINY:** Understanding karma

This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions - though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.

### The Square

(90 degrees... orb 6 degrees)

Key word: Tension

This aspect occurs when planets are at right angles to each other in the chart. It shows two needs at war with each other. This brings considerable dynamism, but a lot of trouble.

### The Trine

(120 degrees ... orb 8 degrees)

Key word: Harmony

This aspect occurs when planets are a third of the circle away and normally in the same element. This shows the harmonic confluence of needs, bringing happiness and harmony.

### The Sextile

(60 degrees... orb 4 degrees)

Key word: Creativity

If the circle is divided by a six-pointed star, the sextile would take place on two of the points next to each other. There is both dynamism and pleasure connected with this aspect.
