Written and designed by Adrian Duncan

Birth Report

Dear Wendy Woodcock,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Venus Opposition Uranus". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

The major characteristic of your love-life is your need for excitement and the unpredictable, coupled with a restlessness which you feel when relationships do not offer you the opportunity for personal development. You have a tendency to form relationships to people from foreign countries, different cultures or unusual environments - in other words with a person who can bring an element of the exotic into your life. Often you can find yourself in a situation, in which you choose not to actually live together with a partner. Preferring to keep your independence - especially as regards the freedom to have your own friends - you maintain the excitement of romance by periodic meetings where you can constantly have your need for excitement fulfilled. In extreme cases you experience "airport-love" - short but exciting relationships with someone from another area of the world. In this way you avoid committing yourself emotionally. If you want a more permanent or stable relationship, or if you would like to feel more secure with your loved-one, it is essential to make a deeper emotional commitment.

How this influence affects your professional life:

You need to work in an exciting environment where you are together with people who have untraditional ideas, or who come from unusual cultures or backgrounds. You function best when you meet a number of different people during the course of your working day - preferably interesting or unconventional types. You have a talent for working with the media - you may also function well in a job which brings travel to exotic places. As you have a strong interest in consciousness-raising groups you may get involved with political, spiritual or social movements. You function well in a team - but not in a conventional working environment where you meet the same people all the time. You need to feel as free as a bird. You have a talent for making friendships - you make an electric impression on others, but actually you are rather detached yourself.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Saturn Conjunction Saturn". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

All phases of the 30 year Saturn cycle are important, although the ages 30, 44, and 52 are perhaps the most significant. These are times when you have a chance to review the passage of time and assess the unfolding of your life. Are you satisfied with the direction it is taking? If not, change it now. Change need not be radical, you just have to define what it is you truly want to spend time on. Remember your responsibility is first to yourself. The biggest gift you can give to others, is to show that you are satisfied with your own life. It is important to

weigh the balance between career and family commitments now. Do not be influenced by what other people expect of you - only you can know what it is that you really need in life. The yardstick for decisions at this time is: Imagine you were on your death bed...what then, would you wish you had achieved in your life? The wrong decision now can mean years wasted on unfulfilling work.

How this influence affects your professional life:

As Saturn takes 29-30 years to orbit the Sun, it makes a major aspect to itself about every 5 years, and these are times when adjustments of direction and goals have to be made. At the age of 29 to 30 however, a major reorientation is necessary. You have to look carefully at what structures you have built up in your life and why. If you don't make changes now, when can you? Are your ambitions your own, or are you simply fulfilling the expectations of your parents or of authority figures in society? It is essential to spend some time sensing what it is exactly you want for yourself in life. Cast aside all the unnecessary baggage which you have accumulated in your efforts to carve yourself a professional niche in society. Don't worry about personal status and ambition for the time being, and don't listen to people who tell you what they think is good for you. The older you get the more important it becomes not to waste time pursuing superficial career goals which will be of no benefit in the long run.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
