Dear SAURABH,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

The age of 24 is a time when matters of the heart become very important for you, and the desire to define and express your aesthetic and personal taste is strong. The focus is on how you relate and express your love, and on how your values harmonize with those close to you. Furthermore you wish to acquire material objects now that reflect your values, so efforts are centered on earning money and living a more comfortable life. In relationships, commitment is the key for you. You are prepared to overcome many challenges to be, and stay with, the partner you are destined for. Love and status go hand in hand as you consolidate your position in society. Your relationships come first. The impact you make when entering the scene guarantees a very active love life. You can generally expect smooth progress during the course of the year, as the plans you have set into motion for your career create firm economic and social foundations on which you can build. It is now that you can earn yourself respect. At the same time you associate yourself with people who share some of your goals, and who can help you reach them. It is not so much a question of what you know, but more who you know.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

Opportunities for Success

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 24. Three very important issues that make this year special are:

- A period when there is a rite of passage that sees one illusion after another being ruthlessly examined and discarded. You are no longer prepared to see your energy being dissipated by your own folly. You realize that you cannot attain your goals by frittering energy away on dreams.
- You experience an awakening that shakes you out of the rut and leads you to break out of professional and personal limitations so that you can pursue your own unique path of self-development. Travel and contact with fringe groups bring self-

awareness.

- Current relationships are shaken up as you search for more freedom and excitement. Values change and you make unconventional choices, travel long distances for love, and enjoy relationships with fringe groups and people who walk on the wild side.
