Dear Sónia,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

Your 44th year is characterized by a strong awareness of the limitations imposed by both your personal and professional relationships. You meet resistance to your plans, and this leads you to consider making structural adjustments in your goals. There can be changes in your career, and serious re-evaluations of your emotional commitments. Setbacks are liable to occur, and a patient attitude is essential to overcome the challenges that arise. Challenges now have a lot to do with special difficulties encountered early in your life, which have made you overcautious or insecure in communication. Relations with brothers or sisters, or difficulties at school have evoked a certain reticence in expressing your ideas. You learn to proceed at a slow and steady pace, however, and the work you do, you do thoroughly. These challenges have a lot to do with a latent insecurity that you feel together with friends and groups. Early social experiences have made you defensive in relations to social demands, yet time will show that you can take a position of responsibility in relation to a group and help it grow, even if you maintain the position of an outsider. This is a year when you gain considerable insight, but can make hasty judgments.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the

challenges that naturally arise during the course of the year.

In this period of your life you are focused on developing your creative skills and displaying the fruit of hard-working efforts to express yourself. This influence started growing around January - 2015 and will ebb out around December - 2017. Overcoming reticence and concern about whether what you produce is good enough is a major issue. There is considerable sensitivity about everything which is a reflection of who you are - your children, your love life and your ability to shine in social gatherings. In brief your ability to enjoy the art of living. If you cannot achieve spontaneity and be carefree, do not worry. What is needed is committed application to activities that interest you. Repeated failure always paves the way to success if you cultivate the virtue of perseverance.

In this period of your life you are searching for ways to apply your creative skills in practice. You have been working hard to overcome blockages in self-expression and to acquire the confidence to put yourself and your creativity on the line. A transition is now taking place that requires committed cooperation with others to put your skills to good use. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is no longer so much about you, but about how you integrate with others and offer your services for the benefit of the whole. In this process you will encounter challenges at work and with colleagues, which test your humility and willingness to serve. It is good training. This is also a time to focus on your body, which, if it is to serve you well, needs to be nurtured with healthy daily habits.

Opportunities for Success

Once you have learned how to capitalize on your unique resources and gain confidence and self-assurance, you need to reach out to others between September - 2016 to October - 2017. This leads to travel and an expansion of your skills educationally. This is a great year to widen your network of contacts. Through increased communication on all levels, you learn how to make sure-footed progress.

Having developed your education and communication skills, and widened your network of contacts through travel, there is an urge to expand your influence and potential on the home front between October - 2017 and November - 2018. This brings insight and good fortune connected with property and family. At this time you broaden your emotional foundations, partly because you gain understanding of the influence of your upbringing, and partly because you are curious to learn more about how to create a nurturing and stimulating environment for yourself and those

near to you.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 44. Three very important issues that make this year special are:

- You have the time and the will to mobilize your energy over the long term to produce creative results. This is a great time for physical work, training and building. Good planning and a willing assistant can bring lasting practical results in your life.
- There are many changes in your social life and relationships, as you seek more excitement, space and freedom. Involvement in fringe groups brings consciousness growth. Encounters with people from radically different cultures bring new methods of relating.
- You are challenged to become more self reliant, both in your love life and in regard to your economy. Romantic illusions founder on the rocks of reality, but this can be a healthy process which ultimately can provide the conditions for stability in relationships.
