Dear Colin,

Read on and prepare yourself for a great journey...

The Significance of your Age

During your 47th year you experience a surge of personal confidence and a renewed vision of just what you are aiming for in life. Insight and understanding come easily to you, and you are drawn to deeper study and an urge to widen your horizons through travel. Your opinions and convictions become more pronounced, and you are not prepared to allow intellectual and spiritual authorities to browbeat you. Whilst you are willing to receive instruction from the truly wise, you have no time for self-appointed gurus. Enjoying life is a question of attitude, and this year your natural optimism ensures that you attract good fortune and success. Your diplomatic abilities are excellent and you have a natural sense of what is right and fair, which means that you go a long way in the cause of justice. A natural ease with relationships makes rewarding partnership a constant blessing in your life. You love to learn, and this is expressed in aesthetic and cultural interests and talents. This will reflect itself in your marvelous communication abilities and insatiable appetite to expand into your local environment and learn more. In the current year you can expect success and satisfaction in these areas, and a general expansion of your network.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the

challenges that naturally arise during the course of the year.

In this period of your life you are focused on developing your creative skills and displaying the fruit of hard-working efforts to express yourself. This influence started growing around January - 2015 and will ebb out around December - 2017. Overcoming reticence and concern about whether what you produce is good enough is a major issue. There is considerable sensitivity about everything which is a reflection of who you are - your children, your love life and your ability to shine in social gatherings. In brief your ability to enjoy the art of living. If you cannot achieve spontaneity and be carefree, do not worry. What is needed is committed application to activities that interest you. Repeated failure always paves the way to success if you cultivate the virtue of perseverance.

In this period of your life you are searching for ways to apply your creative skills in practice. You have been working hard to overcome blockages in self-expression and to acquire the confidence to put yourself and your creativity on the line. A transition is now taking place that requires committed cooperation with others to put your skills to good use. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is no longer so much about you, but about how you integrate with others and offer your services for the benefit of the whole. In this process you will encounter challenges at work and with colleagues, which test your humility and willingness to serve. It is good training. This is also a time to focus on your body, which, if it is to serve you well, needs to be nurtured with healthy daily habits.

Opportunities for Success

Once you have learned how to capitalize on your unique resources and gain confidence and self-assurance, you need to reach out to others between September - 2016 to October - 2017. This leads to travel and an expansion of your skills educationally. This is a great year to widen your network of contacts. Through increased communication on all levels, you learn how to make sure-footed progress.

Having developed your education and communication skills, and widened your network of contacts through travel, there is an urge to expand your influence and potential on the home front between October - 2017 and November - 2018. This brings insight and good fortune connected with property and family. At this time you broaden your emotional foundations, partly because you gain understanding of the influence of your upbringing, and partly because you are curious to learn more about how to create a nurturing and stimulating environment for yourself and those

near to you.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 47. Three very important issues that make this year special are:

- There are mental challenges ahead, which - though you may at first doubt your abilities - you meet head on and overcome. Through the application of your powers of concentration, you build up proficiency in particular areas which stand you in good stead for the future.
- You feel an exhilarating urge to throw out ideas and beliefs that have been imposed on you by so-called intellectual authorities and experiment with a whole new set of convictions, especially as regards the future. Intercontinental travel and unconventional groups expand your mind.
- You are challenged to grow and develop, but the framework you have built to protect you from difficulty stand in the way. This is the time to take advice from people who think positively, and adjust the framework of your life to accommodate the future.
