**Dear Tamara,**

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

### **The Significance of your Age**

During your 46th year there is a growing sense that professional ambition and family security is not necessarily the answer to all your needs. There is also the matter of your personal destiny, and questions arise now as to whether the path you are treading conforms to your inner evolutionary needs. The time has long gone when you could afford to chop and change as regards work and partnership, you need to focus on what has meaning for you as an evolving soul. Generally speaking, this mean being honest about who you want to spend time with and be influenced by, and this year you may wish to move away from some people, and towards others who are more in tune with your spiritual needs. The crucial question when looking at the balance of your life right now is whether focus on a need to prove yourself through creative achievement, children and love, prevents you from realizing the benefits of pooling your skills with a group. Perhaps true inspiration comes through being part of a greater social movement rather than through personal acclaim Even more specifically it is worth considering whether loyalty to the family and attachment to your roots is in fact preventing you from pursuing your ambitions and assuming a position of authority in society.

### **The Challenges Ahead**

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the

challenges that naturally arise during the course of the year.

In this period of your life the major challenges lie in breaking down emotional barriers between yourself and those you love. This influence started growing around January - 2015 and will ebb out around December - 2017. There are hidden complexes both in yourself and in partners, which can prevent intimacy, and these will be especially reflected in sexual frustrations that at their root are to do with anxiety. Working with therapy can loosen these blockages. Dealing with faceless authorities like the tax, police, council, trade unions and powerful financial institutions can also be a challenge at this time, because you are likely to meet a power over which you have no control. Generally this is a very challenging period emotionally, because you have to deal with more extreme circumstances than normal but you develop great resilience and survival power.

In this period of your life old emotional challenges make way for new philosophical growth. On the one hand there are still a great number of issues concerned with emotional relationships, sexuality and sharing that you are working on. There are times when it feels like you are in a state of purgatory, and that a cloud obscures the future. Nevertheless you will soon emerge from this rather heavy emotional state, and see the path ahead. This new influence starts growing around December - 2017 and will ebb out around March - 2020. In the process you gain an overview of what the future will bring, and develop the skills and understanding necessary to tackle it. You will develop your full intellectual potential and build up your influence in the world through travel and cultural exchange. A new set of beliefs will take form, bringing a positive view of the future.

### **Opportunities for Success**

After a period of living life to the full through creative projects, children and festivities, new possibilities arise in your working environment from September - 2016 to October - 2017 because of opportunities abroad, or through an expansion of your area of expertise and encounters with intellectually inspiring colleagues. This is a time to expand the influence of your ideas and disseminate information that you really believe in. It is possible that there is more work to do, but it is more interesting work and it brings personal development for you.

Having thoroughly established considerable success in your working environment, you are ready to build up one-to-one relationships through partnership in the period from October - 2017 to November - 2018, expanding your sphere of influence and reaching out socially. Fortunate meetings with cosmopolitan and wise people can

bring happiness and a new optimistic view of your potential to make an impact on others.

### **Crucial Issues This Year**

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 46. Three very important issues that make this year special are:

- Exhilarating new relationship possibilities arise, particularly in connection with unconventional or international groups with an agenda for change. If single there is an electric attraction to an outsider type; if in a committed relationship there is a need for freedom and space.
- You are challenged to become more self reliant, both in your love life and in regard to your economy. Romantic illusions founder on the rocks of reality, but this can be a healthy process which ultimately can provide the conditions for stability in relationships.
