## HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

## THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

## PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

## PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

## THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from [www.worldofwisdom.co.uk](http://www.worldofwisdom.co.uk)

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

## Life Path

### Ascendant In Leo

PROFESSIONAL - LIFE-PATH: Self-projection

Building up a strong sense of identity is a major motivating factor for you on a professional level, so you will thrive in a high profile job in which you can win recognition. Your ability to succeed is dependant on many other factors in your chart, but major assets will be your self-confidence, charisma and personal style. You may also have access to creative talents which can manifest in many areas of your life, from art to teaching. It is important for you to be at the centre of things, and - other things being equal - other people will accept you as a leader in their group. When you stand out and excel you are at your happiest, and so are other people. If you hide your light under a bushel, nobody is satisfied. As you are extremely aware of your personal power and the influence to have on others, you will be very sensitive to the unavoidable fluctuations in your personal confidence during the years. The older you get, the more secure you feel about your identity.

PERSONAL - LIFE-PATH: Self-projection

You are extremely aware of yourself and the impression you make on others. The spotlight is on you, and this is reflected in a sense of drama about your life. Basically you are a warm-hearted person, endowed with a sense of humour and fun and with a natural ability to liven up any gathering. Your appetite for life inclines you towards activities which give you a solid sense of who you are. Creative pursuits, romance, and involvement with children are all important areas of interest. You are the kind of person people notice, even to the point of seeming self-centred. Nevertheless, many people will seek your company. In intimate long-term relationships you tend to evoke a certain emotional distance in the partner, who knows you too well to fall for your charming manner. By cultivating a more detached view of yourself, you gain greater intimacy with those close to you.

### Ascendant Sextile Mercury

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: The messenger

You are a person of many talents, chiefly in the field of

information and communication. Meeting people and creating contacts are a part of your professional life-style - you have a message to deliver, and you do so in a flurry of activity. Intelligent and informed, you keep yourself up-to-date on all the latest developments.

PERSONAL - LIFE PATH: The messenger

You are easy to make contact with, and always willing to exchange the time of day with anyone you meet. Easily distracted, you can find yourself getting involved in many things at the same time - but then you hate to be bored. You give the impression of being a person on the move. Being gregarious and talkative, you are an excellent catalyst for getting people together. You fascinate people with your ideas.

### Ascendant Conjunction Mars

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - LIFE PATH: Undiluted force

You display a rugged personality, and invest energy and enthusiasm in everything you do. An aggressive or overly defensive attitude brings out a competitive attitude in others. This will lead to a number of professional conflicts. You are ever-willing to take up the battle. Nevertheless you are effective in action as long as you are given the freedom to decide things for yourself. You are a good general, but a bad diplomat.

PERSONAL - LIFE PATH: Undiluted force

You create a forceful impression, and people have a tendency to be somewhat nervous when they are around you. Those who know you well will appreciate your forthrightness, but the meek and sensitive will avoid your company - not that you care. You are headstrong, reckless and therefore rather prone to accidents. You are basically frank and honest, so people know where they stand with you.

### Ascendant Square Pluto

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: Aura of mystery

You are attracted to positions of power in which you can exert control over your environment and professional relations. You have the power to deal with unpleasant confrontations, and you can make difficult decisions under pressure. There may be a ruthless streak to your character, as you often imagine threats to your position. This means that you can exhaust your resources in battles for power.

**PERSONAL - LIFE PATH:** Aura of mystery

You have a magnetic personality and tend to exert a powerful influence on your environment. Secret efforts to feel secure in your personal relationships can be exhausting - both for you and for others. Though you have psychological talents and an ability to penetrate facades, you tend to allow an obsessive ideologies or opinions to poison your relationships. When you relinquish control you discover peace.

## Sun In Cancer

**PROFESSIONAL - IDENTITY:** Sense of belonging.

You are a loyal person easily moved by the bonds of attachment that link you to others - particularly family members. You work best in a secure environment with people you know, and your place of work can be a second family to you. You resent intruders, and it takes time for you to get used to new people in your professional circle. However you are talented at understanding others, and strongly motivated to help care for people. You are a vulnerable person and will seldom forget it if someone harms you, or someone else who you care about. You are particularly attached to your territory and defend it fiercely. Actually you work hard to create a cosy atmosphere at your place of work. You have a natural business talent for increasing your assets. You hang grimly on to professional gains, but often future growth is prevented by past clutter. Economic insecurity can make you physically ill, because you are so attached to home and family and fear loss. But you are dynamic and industrious, so you tend to steadily advance in life.

**PERSONAL - IDENTITY:** Sense of belonging.

The bond to your mother will have been particularly formative. You are sensitive and easily hurt - though this may not be immediately apparent on the outside. Likewise, you are loyal and passionate in your defence of those you love - injury done to them is also done to you. You have a strong and instinctive protective nature. The greatest dilemma in your life comes when the bonds of attachment are broken - for example in connection with changes in the family structure. At these times it is important to recognise

the dangers of sentimental attachment to the past. Your reluctance to let things go can stand in the way of your personal development. You have a great talent for building up a nurturing environment for those who are close to you, yet it can also help to be more open to those who are not necessarily so close. You are easily upset by changes in your daily rhythm, and can be rather grumpy when called upon to change habitual behaviours. Your home is your castle.

## Sun In 11th House

**PROFESSIONAL - IDENTITY:** Group consciousness

You have fine leadership qualities because you know how to integrate yourself into a group without dominating it. As a result people will automatically respect you because they do not feel threatened by you. You function best in a team. You give the impression that the well-being of others is important to your heart - and it is. You have humanitarian instincts, believing in the power of consensus and group enterprise. Obviously these talents are best used through having some kind of social power: you can represent people, act as a spokesman or be a group leader of some sort. Over and above social and political interests, you may have some untraditional talents connected with mental development.

**PERSONAL - IDENTITY:** Group consciousness

Some of the most important personal developments for you come through your experiences in groups and with friends. Your social life is central. You set great store on being accepted and respected in the social scene, and you are in general a loyal and warm-hearted friend. Your social connections have such a high priority that they may affect the harmony of intimate relationships. Your partner may feel that you are avoiding emotional intimacy, but it would be wise to encourage you in your social interests, because you become a more whole person through contact with others. You have a fascination and talent for working in consciousness-raising groups, and benefit greatly from contact with untraditional people from international backgrounds.

### Sun In 11th House

Please read page 2 : Sun In 11th House

## Sun Opposition Saturn

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

### PROFESSIONAL - IDENTITY: Winning self-esteem

You are a hard-working and ambitious person with a strong drive to prove yourself in society. There may however be difficulties with authorities, despite your desire to live up to the expectations of society. The first 30 years of your life will bring a great deal of obstacles to success, but you will learn important lessons and ultimately develop a self-sufficiency and discipline which lays the foundation for success later in life. It is important for you to overcome negativity or pessimism concerning the future. Not all success is won by hard work alone. You are often more motivated by the fear of failure than the promise of reward, and this can hold you back from realising your full potential. If all goes well you will acquire more and more responsibility during the course of your life - and you deserve it. You are conscientious and take your responsibilities seriously. You are the kind of person other people can rely on. You would rather be the power behind the throne, than have a high profile yourself. Remember to take time to enjoy the fruits of your efforts, instead of continuously driving yourself onwards.

### PERSONAL - IDENTITY: Winning self-esteem

You are a rather formal person who takes life seriously. Childhood experiences - especially the relationship with your father - has undermined your self-confidence and made you reluctant to stick your neck out. You are more likely to bury your "talent" than gamble with it. You have a strong need for approval, but as a child love and approval was always conditional on your performance. You have been more appreciated for what you did, than for who you are. Later in life you tend to judge yourself harshly, and you have a bad conscience about enjoying life and relaxing. You tend to be too dismissive when offered love and affection, and rather severe when giving it. There may be authoritarian tendencies and a lack of flexibility as regards rules. Nevertheless, you are a person who can be trusted. You have high principles, and as you do not indulge expectations of the easy life, you work hard to build up a secure structure in life for those you hold dear.

## Sun Opposition Uranus

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

### PROFESSIONAL - IDENTITY: Consciousness change

Your chief contribution to society is your ability to entertain original ideas and experiment with new ways of doing things. You need to work in an independent position or with a company which respects and encourages your originality. You quickly become bored if you have to perform the same functions day in day out. You need to meet people - and you thrive on unusual challenges, especially if they involve travel and dealing with radically different cultures. You may travel long distances to exotic countries, or work with advanced technology. Alternatively you will go your own unique direction in your professional life, developing unconventional talents - perhaps connected with consciousness development in one form or another. You are not one to stand on ceremony either - you hate stuffy protocol and thrive on contacts with young and old, rich and poor. It is your job to pave the way to the future with new ideas and an original life-style.

### PERSONAL - IDENTITY: Consciousness change

You are a true individual and other people may regard you as rather eccentric. You like to express yourself through actions which surprise others in some way, and you enjoy embracing ideas which are provocative. You do not like to feel tied down, and function best in a relationship which gives you a lot of personal freedom. Often your friends will seem more important than your family, and as a result partners can feel that they are unable to establish an intimate contact with you, though you are usually quite open and fair-minded. During certain periods of your life you will choose to change your direction radically. These personal revolutions are often accompanied by new interests of an untraditional nature - for example astrology, electronics and technical matters, or mental powers. You have an electric and rather unstable aura around you, and often your nerves are on edge. People feel uncertain around you as they feel that anything can happen, so you would be wise to put them at ease about your intentions.

## Sun Opposition Neptune

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. There will be great difficulty in integrating these two planetary influences, and the promised

harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - IDENTITY:** Find meaning in spirituality  
On a professional level almost anything is possible for you - as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and personal ambition. You have high, and perhaps unattainable expectations of yourself...and often of others. You have an intuitive insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

**PERSONAL - IDENTITY:** Find meaning in spirituality  
You are a sensitive and impressionable person with a strong need to be able to define who you are. You often feel that your grasp on reality is not tangible. If life becomes boring or monotonous, this can strike at the very core of your identity. Women with this aspect put their men on a pedestal from which they rapidly fall. In your longing to find an ideal that does not dissolve like a mirage in front of you, you will constantly refine your nature. Your longing and dissatisfaction is the engine of spiritual change in your life. You find yourself by going within yourself. Meaning in life comes when you seek to attain idealistic goals and develop a collective vision which benefits others. You would definitely benefit from meditative practice.

## **Jupiter transiting Opposition Sun**

**06-12-2019 -> 31-12-2019**

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

**PROFESSIONAL - IDENTITY:** Creating your future  
During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that

it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

**PERSONAL - IDENTITY:** Creating your future

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

## **Saturn transiting Opposition Sun**

**25-12-2017 -> 18-11-2018**

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

**PROFESSIONAL - IDENTITY:** Long-term strategy

You can use this period to rise to the many professional challenges in your life and create the foundations for lasting growth. This is no easy time; many difficulties arise and you will have to work harder and shoulder more responsibilities. Authority figures make demands on you, seemingly without giving you any recognition. If you try to avoid commitment now, you are likely to be dogged by worries and problems. Your self-confidence may be low, and you may feel that you cannot live up to the expectations of others. Time will show that you can overcome difficulties and achieve goals.

Planning and strategy is of the essence, and it pays to plan months ahead and to tighten up schedules, working to realistic deadlines in a committed manner. By completing your work in stages and dividing large projects into smaller

sections, you will find that you can handle enormous responsibility. You will not get something for nothing now, but hard work will be rewarded in the long term, so roll your sleeves up and get down to it.

**PERSONAL - IDENTITY:** Long-term strategy

At the beginning of this phase you will probably not be feeling so good about yourself. You may feel that you do not get enough - or don't deserve - recognition. There is a strong inner feeling that you must pull yourself together and do something worthwhile, and the sooner you do this, the better you will feel. There is a general feeling of being weighed down by burdens, and there may be a lot of pressure to live up to the expectations of others.

It is time to take responsibility for your own life and to define new goals, whilst you can send a strong signal to other people - parents in particular - that you can look after yourself. By rising to the challenges of the time, you can develop a strong inner feeling of self-satisfaction, based on the results that come from hard work and effort. You will be facing central issues concerned with identity and self-sufficiency, and will emerge from this period as a stronger and more self-reliant person.

## Emotions

### Moon In Pisces

**PROFESSIONAL - EMOTIONS:** Purify your emotions

With your naturally compassionate being and understanding nature, you can achieve success in creative areas, or through working with people who really need emotional help. You are attuned to sensory states which other people are not aware of, and some of the major turning points in your life arise when you develop an deep awareness of the hidden forces in life, in human relations and in nature. You are not particularly motivated by personal prestige or material temptations, and you may be quite willing to sacrifice your comforts to benefit others. You do have to avoid indulging negative feelings about the odds being stacked against you. This only happens because you have difficulties setting limits for what you are prepared to do for others.

**PERSONAL - EMOTIONS:** Purify your emotions

In comparison to many other people, you are extremely sensitive to the emotional atmosphere around you. You are no stranger to sadness, and there was probably a unhappy quality in your family relationships - particularly in regard to your mother. You tend to take on the vibrations of others

just as a chameleon changes colour, so it is important to be discriminative as regards who you are with, and what you do. As you mature, you learn to be watchful of your own moods, as they change with the least stimulus. By cultivating an emotionally positive attitude, you can avoid the negative energy states that made you feel helpless in the face of adversity when you were young. In relationships it helps to know that there is no dignity in martyrdom.

### Moon In 8th House

**PROFESSIONAL - EMOTIONS:** Emotional purging

One of your greatest talents is your ability to tune in to the deepest emotional signals in other people. You have the capacity to help other people in emotional need, and you would make an effective counsellor on a psychological level. If you learn to face your inner emotional fears, you can guide others through theirs. You may also have interest in, and talent for, occult matters. However in the early part of your life you may feel too insecure to use these talents. Some people with this influence settle for a job which promises them total security right up to the age of retirement. This type of person is very good at advising others about how to administrate their resources, or in connection with insurance and related fields. At some point there will be a strong desire to cast off dependency and embark on a demanding personal journey in which material anxiety no longer plays a dominating role.

**PERSONAL - EMOTIONS:** Emotional purging

You have a deep, deep, emotional nature. Early childhood experiences - in which the fear of death or destruction played a role - undermine your ability to find emotional calm. A complex relationship to the mother - who may have had some acute but perhaps unspoken fears herself - has given you a deep but frustrated desire to belong, to feel secure. No matter how hard you strive for some kind of guarantee that you will be protected, you will never get one. Experience will teach you that you must not rely on other people to provide emotional security for you. A turning point will arise in your thirties in which you discover how much more rewarding it is to give than to demand. Anxiety has taught you to map out and understand the deepest and most hidden emotions. The resources you unearth in your own nature will be of great help to everyone you contact on an intimate level. Before this transformation relationships can be rather painful because of fear of loss, jealousy or extreme emotional experiences. Later your relationships acquire depth and understanding.

### Moon Square Mercury

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

#### PROFESSIONAL - EMOTIONS: Emotional awareness

You have great persuasive talents because you make an emotional investment in everything you say. At its best you can use these communicative talents to sway the feelings of the people around you - obviously a great asset when speaking to a public. You know how to tune in to the mood of the crowd and have an instinctive talent for saying the right thing. You need to be passionately engaged in your work, and function best in a role which gives you human contact. You work better with people than with things, but there is good business talent, especially as regards property. You are not an analytical type, and your judgements are easily swayed by your feelings. Thus you are easy to read, and will often stumble verbally, when you encounter conflict. You would find success in a career in which you utilised your talent for listening and speaking to people.

#### PERSONAL - EMOTIONS: Emotional awareness

You are a person who likes to communicate on an intimate level with those you are close to, though you have difficulty opening up to those you do not know well. Other people are comfortable entrusting their thoughts and feelings to you however. Your word and tone of voice are always tinged by your emotions, and this ensures you a good audience. Your emotions tend to swing a lot, and when you are feeling negative it can be very difficult for you to express yourself clearly. Under extreme emotional conditions you will be rather irrational. You have probably been profoundly emotionally affected by sibling relationships, and even now may have a powerful emotional bond to a brother or a sister. Your school years will also have had a great emotional impact on you, for better or worse. You are extremely sensitive to being criticised or misunderstood on a mental level. In many ways you are able to build a mental bridge between the conscious and unconscious mind, clarifying emotions through mental awareness.

### Moon Square Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised

harmonious results will only arise after you have expended time and effort.

#### PROFESSIONAL - EMOTIONS: Horizons

You would thrive in a profession which offered you the opportunity to travel and explore different cultures. You could easily work or settle in a foreign country. Being restless in spirit, you get rather bored in a job which does not have an element of exploration - culturally, intellectually or geographically. You are essentially a very curious person, and the pursuit of knowledge is food for your soul. You can also be very caring, and your generous disposition can give you a talent for working with the public, especially as regards public opinion, marketing, or broadcasting values of some sort or another. Children would be especially benefited by your attention, and you have both the humour and educational drive to be a good teacher. You are not the kind of person to stay in any one job for a great length of time, unless it offers opportunities for growth and expansion.

#### PERSONAL - EMOTIONS: Horizons

Foreign environments may have played an important role in your upbringing, and generally speaking you will enjoy the cultural stimulation of travel and new horizons. You have very strong empathy, and your emotional life exerts a powerful influence on your environment. You feel things very strongly, especially as regards what is right and what is wrong. You react powerfully to perceived injustice, and instinctively flare up or get upset when you think something is unfair. Above all, you dislike restrictions on your personal freedom, and you can manifest a strong independence if you feel encroached upon. You may often overreact to quite normal expectations on the part of the partner, as regards commitment and responsibility. Generally however, your optimistic and light-hearted nature brings a lot of joy and happiness to personal relationships, just as long as you are allowed to feel free, travel and pursue your intellectual interests.

### Moon Trine Pluto

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

#### PROFESSIONAL - EMOTIONS: Deep emotional involvement

You are strongly motivated on an unconscious level by a

need for security - a need which is very difficult to fulfil. However when you turn outwards and concern yourself with others, you will discover a special talent for helping other people find security. This may manifest as social consciousness. You also have a talent for dealing with people in crisis, possessing an inborn psychological ability to transform how people feel. You are suited to work which requires a deep personal involvement combined with a certain power and distance. You have the power to investigate deep emotional states in other people, and this can be connected with psychology or the occult.

**PERSONAL - EMOTIONS: Deep emotional involvement**

You are a person who feels everything very deeply, although people who only know you superficially might not be aware of this. Your need to protect yourself emotionally comes from a number of disturbing childhood experiences which mean that you tend to play it cool in times of crisis. Problems arise in intimate relationships because you never let on how you really feel - if you had the courage to show your vulnerability, people would treat you better. You cling to emotional bonds with great intensity, yet in times of crisis you can suddenly amputate your feelings and become ice-cold. It is unwise to deal with crises by giving ultimata. It is essential to overcome these destructive defence mechanisms, if you want to enjoy warm relationships.

## **Jupiter transiting Square Moon**

**12-01-2019 -> 12-10-2019**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - EMOTIONS: Expanding your base**

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may

however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

**PERSONAL - EMOTIONS: Expanding your base**

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

## **Neptune transiting Conjunction Moon**

**12-05-2017 -> 31-12-2020**

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - EMOTIONS: Refining emotions**

This is a wonderful time for the stimulation of fantasy and the imagination - but not a very good time for the pursuance of serious ambitions. Your emotional sensitivity is at its peak at this time, you can be easily hurt and very easily upset by negative influences in the environment. If you are working on an emotional or environmental level however - and this is a good time for such interests - you can expect enhanced awareness and ability. This is an excellent time for greater consciousness of, and respect for, Nature. Intuitive and spiritual abilities can be trained and refined.

Probably you feel a good deal of discontent now, perhaps because of dissolution or distractions on the domestic front. If conditions are difficult, remember that acceptance is more effective than action. You can learn a lot by giving greater attention to your emotional needs, so do not ignore inner

feelings, even if they seem unpleasant at first glance. Your primary job is to enlarge your emotional spectrum and cultivate greater interest and identification with the emotional processes other people are undergoing.

#### **PERSONAL - EMOTIONS: Refining emotions**

During this period you have the opportunity to get into contact with emotional states you have ignored for a long period. Feelings well up to the surface and you experience an indefinable sense of dissatisfaction, without being able to put your finger on the precise cause. You may give voice to complaints about being unfulfilled, or disappointment with yourself or your partner. By turning within at this time, you can create a many-faceted foundation for future satisfaction.

What is really happening is that you are becoming aware of new emotional needs which you must express to enrich your future life. The first stage is dissatisfaction, the next is taking action to express your feelings. This can be done by cultivating a spirit of service towards others, in recognition that all people have their inner sorrows. You may also wish to commune with nature, to develop your spiritual practice or be more creative, especially musically. It is no use expecting your partner to fulfil these inner needs now - if you do, disappointment is guaranteed.

## **Mentality**

### **Mercury In Gemini**

#### **PROFESSIONAL - MENTALITY: Explore the mind**

You are a true all-rounder, with amazing communicative abilities. You probably have a finger in several pies, and a good deal of knowledge in a variety of areas. You probably talk in a rapid way and change the subject often. Your diversity will give you success in mental pursuits, establishing contact with others, teaching, working with the mind etc. You are an ideas-person, and as such it is essential for you to have contact with people who can put your ideas into practice. You can work wonders on the telephone and feel generally at home with modern communication techniques. It is your job to teach, persuade and inform, and it is up to others to consolidate the results.

#### **PERSONAL - MENTALITY: Explore the mind**

You are young in heart and mind and manifest a constant curiosity regarding people and the changes that go on around you. You hop from subject to subject when talking, and your voice tone is probably musical and light, and quite fast. You are restless and like to get involved in several things at the same time. Being as flexible as you are, truth

can be seen as relative to the task at hand. In other words you do not like to commit yourself to a particular idea or truth for any length of time, but instead you find pleasure in exploring the whole spectrum of human interests and beliefs. It is more the dance of the mind that appeals to you - practical conclusions and applications may just be boring. Travel, meeting people and exchanging gossip about life are appealing pursuits for you.

### **Mercury In 11th House**

#### **PROFESSIONAL - MENTALITY: Social contact**

You are a very stimulating person to be with, and your talent for inspiring other people may be an important factor in your work. You have a lot of ideas about how groups and society in general should function, and this can give you success in the field of social services, education, or any employment in which you can get your ideas across to larger groups. You can learn communication techniques for enhancing group consciousness. In other respects it is not what you know but who you know that helps you get on in the world - the social network you are capable of building up stands you in good stead for making professional connections.

#### **PERSONAL - MENTALITY: Social contact**

Your friendships are extremely important to you and some of your most mentally formative experiences have come from inspiring talks with people who you respect for their intelligence. Belonging to a set of friends or special social group with untraditional interests is the best way for you to express your ideas. You need a wide audience for your ideas, and you can function well in groups who need to hear what you have to say. You also derive great benefit from going on courses which are experiential and group-oriented. Mental contact with others is as important to you as the air you breathe, and in intimate relationships you will still insist on being able to go out and about with your friends.

### **Jupiter transiting Opposition Mercury**

**20-12-2018 -> 30-08-2019**

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

#### **PROFESSIONAL - MENTALITY: Expanding contact**

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an

increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

#### **PERSONAL - MENTALITY: Expanding contact**

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

### **Neptune transiting Square Mercury**

**01-01-2017 -> 04-02-2019**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

#### **PROFESSIONAL - MENTALITY: Mental sensitivity**

This is a time when you should be able to realise your creative mental potential. If you have ambitions in connection with film, poetry, writing or any unusual forms of communication, you should do what you can to encourage the flow. You are capable of channelling subtle information and ideas now. If you are considering any kind of intellectual training, ensure that it inspires you. If you embark on some long-term study which does not interest you sufficiently, you will regret it later. You need intuitive and spiritual inspiration, so avoid business or secretarial courses which require

hours of learning by rote.

Although this period is excellent for creativity, you cannot trust all the signals you receive at this time. This is partly connected with your uncritical acceptance of information you want to be true - which means you can easily be confused by a smokescreen - and partly because of a tendency to meet people who can't exactly be relied on at this time. Bear this in mind if you are considering signing contracts or making binding agreements. In many ways it is a good period to give material ambitions a rest and seek to enrich yourself mentally.

#### **PERSONAL - MENTALITY: Mental sensitivity**

During this period of enhanced mental sensitivity, you can learn many things about the way the mind functions and the nature of reality. The phrase "It's all in the mind" takes on an entirely new meaning at this time. By learning to channel your thoughts, you can alter the way you experience reality. However this period is characterised by a feeling of pronounced mental dissatisfaction - a sense that you cannot express exactly what you think and feel, and a feeling that you are not truly being listened to.

A sense of being misunderstood can increase the feeling of loneliness and isolation in your relationships. Avoid expressing disappointment in connection with this, as this will only increase the confusion of others. In reality you are being challenged to find new ways of reaching people. Bearing in mind that scientific studies have shown that communication is 55% body language, 38% voice tone and only 7% words, strive to tune in to the factors in communication which really have a deep influence. You would benefit through attending courses connected with communication at this time.

## **Values**

### **Venus In Cancer**

#### **PROFESSIONAL - VALUES: Build a loving environment**

You have a very strong caring attitude, and you form deep emotional attachments wherever you work. Professionally this may manifest as a need to care for and nurture others. You have a very strong sense of conventional values and are quite careful economically. There may be a talent for dealing with property. Loyalty and security are important career criteria, and if these criteria are fulfilled you work hard and devotedly. Although you may hide your feelings, you are extremely sensitive in relationships, and easily hurt by unfeeling people. Therefore you work best in a protected environment in which there are warm personal relationships,

and you are skilled at creating such an environment. As family values mean so much to you, you can be torn between your home and your career.

**PERSONAL - VALUES:** Build a loving environment

Family feelings are central in your emotional life. Women with this position are motivated to create a warm home atmosphere, cook good food, and generally cater for the needs of the partner. They are looking for a man who will be a good father to the children. Men will be attracted to the mothering type. Communication takes place far more on an emotional than mental level. Faithfulness and family loyalty are essential values, and a relationship will not function without them. If the feelings are hurt, there is a powerful tendency to withdraw emotionally. Love centres around the home, and there is little need to go out and meet people. There is a strong sentimental attachment, even to relationships from the distant past.

## Venus In 12th House

**PROFESSIONAL - VALUES:** Spiritual devotion

You are a romantic at heart, and would function well in a job which gave you the opportunity to express your aesthetic sensitivity. You are undoubtedly a very giving and devotional type, and these qualities can be expressed in many ways. On the one hand you may wish to find a channel for your compassion by giving your services to people in need of care. You may also have creative talents in connection with the arts or marketing because you know what has subliminal appeal to the broad mass of people. And you may prefer your own private, inner world where your aesthetic qualities can be expressed for your inner benefit alone. Although you may experience material benefits from your work, this will not be an important motivating factor. Inner satisfaction is far more important for you.

**PERSONAL - VALUES:** Spiritual devotion

You have a deep longing for a meaningful love relationship. It is not the sexual or material benefits that are important so much as the need to experience a form of spiritual communion or ecstasy. In your pursuit of romantic ideals you have a tendency to imagine qualities in the partner which he or she does not possess. Of course experience will divest you of your illusions, and you may be afflicted by a feeling of disappointment in your partner. If you indulge this feeling too much, your partner will begin to feel unsure or unhappy, and become isolated in relation to you. Women with this influence often have a tendency to become involved in love affairs in which they are the courtesan - wife

number 2. Obviously such a relationship allows one to indulge the illusion that if the man left wife number one, then everything would be rosy. This of course never happens, or if it does, how can one then maintain the precious romantic illusions? Men too have the longing for the ideal love - but only through spiritual devotion can these deep longings be satisfied.

## Jupiter transiting Square Venus

09-01-2017 -> 30-09-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - VALUES:** Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

**PERSONAL - VALUES:** Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a

partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

## **Uranus transiting Square Venus**

**25-02-2017 -> 08-04-2018**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - VALUES:** New social environment

Sudden changes of values now can inspire you to make changes and adjustments in your career. This is a more social period, so you will not be content with jobs that just involve facts and figures. You need to get out, travel and meet people - preferably unconventional types who can surprise and inspire you. This need to be surrounded by new people may be a problem if you are working in a very formal and stuffy environment, and you might wish to consider job change, to satisfy your need to be socially and aesthetically stimulated.

You would thrive in an international environment now, in which you can make use of language ability and social qualities. You are less likely to be hung up on economy and material things at this time - you discover new values and pleasures through contact with new peoples and cultures. You may discover a capacity for bringing awareness and a new quality of life to others, particularly as regards principles of freedom and unattachment.

**PERSONAL - VALUES:** New social environment

Radical changes can arise in your personal relationships at this time. If you are free and unattached you will almost certainly get involved with some untraditional romance. Because there is a strong need for a relationship which gives mutual freedom, and because you long for the unpredictable and exciting in love, you could meet someone from a radically different country, age group or culture, or someone who is an outsider in society. You may choose to live alone and have a weekend partner. It is unlikely that you can cement love affairs started at this time, but the most important consequence is the awakening of your emotions and the stimulation of your erotic awareness.

If you are in a stable partnership, sparks can fly as you try to assert a new-found need for autonomy and

independence. If you are feeling bored with your partner and in need of a change, try to avoid being over-impulsive and strive to understand your partner's anxiety. You cannot compromise on your need for a renewal in your relationship and more social involvement, but if you value your relationship you should do more to reassure your partner. If your partner does not want to share your new interests, find a group of people with whom you can be inspired. This is an excellent time for involvement in consciousness-raising groups. It is also a good time for the awakening of the creative and aesthetic impulse. Love affairs at this time lead to a dramatic awakening of the feelings but rarely become settled. There is a tendency to have short intense meetings - often in airports - and then to return to the calm of private domestic life. Separations threaten weak partnerships at this time.

## **Drives**

### **Mars In Leo**

**PROFESSIONAL - DRIVES:** Develop leadership qualities

You have a very strong sense of identity and are motivated by a desire to create a powerful impression. Recognition of your efforts is essential, and you will tend to measure your success by the prestige you achieve in other's eyes. Never being content with a back seat you seek personal challenges so that you can prove yourself. You are creative and function well when you are at the centre of attention - for example teaching children. You like to see yourself reflected in the work you do. There is a lot of pride, and the very idea of failure is unacceptable for you. This can mean that you stubbornly stick to the wrong course of action just to save face, or that you come into conflict because you have difficulty admitting you are wrong. When you overcome these weaknesses you can be an excellent leader as people will automatically look up to you.

**PERSONAL - DRIVES:** Develop leadership qualities

You are a warm-blooded person with charm and a forceful personality. You have a soft spot for children and considerable creative talent. You like to cultivate a romantic view of yourself, being both gallant and courageous. You are easily manipulated by flattery and appeals to your honour. Men with this position of Mars see themselves as great lovers, and they can launch wooing campaigns in which no expense is spared to sweep women off their feet. Women are attracted to men who have a certain position or prestige, or someone they can look up to in some way. Both sexes are romantic and possess a passionate nature. There

is a tendency to get involved in heated love-affairs. There is also a taste for luxury and the good things in life. In long-term relationships, mutual respect is an important ingredient - if this is lost, love dies.

## **Mars In 12th House**

### **PROFESSIONAL - DRIVES: Inner struggle**

It is not easy for you to feel motivated by your work, or to take your ambitions so seriously. You are not a competitive type - or at least you are half-hearted about taking up the fight, basically because you cannot see the point. You function best when you can work in your own space, without too much interference from others. You are not a team person and should find a position behind the scenes in some way. It is difficult for you to define what you really want to do. You feel most inspired when you can work for a cause - especially if you can help people in real trouble in society. Selfless service of this nature can inspire you, and you have a special talent for helping people with mental troubles. The essential element in your professional life is to be inspired by a collective ideal.

### **PERSONAL - DRIVES: Inner struggle**

Many of the troubles in your life stem from the inner world of your imagination. Worries and fears often stem from early disturbing experiences in connection with a brother or a father. Because you have a very active imagination you can have a very real sense of being threatened by shadowy forces. You have to take care not to exacerbate these feelings through drugs, pill misuse or alcohol as you are simply oversensitive to bad vibrations. For women with this influence, dealings with men have a tendency to be affected by unrealistic expectations which simply invite disappointment. In sexual matters there may be a dream of a special kind of holy union and rejection of carnal desire. Secret sexual encounters in which you hope to realise this dream lead to confusion and chaos. This influence is best utilised in the search for spiritual understanding - but even here you need to ensure that both feet are planted firmly on the ground. Hard work for the benefit of others purifies your soul.

## **Jupiter transiting Square Mars**

**22-10-2017 -> 17-11-2017**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

### **PROFESSIONAL - DRIVES: Burning enthusiasm**

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

### **PERSONAL - DRIVES: Burning enthusiasm**

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

## **Uranus transiting Square Mars**

**15-07-2018 -> 31-12-2020**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

#### PROFESSIONAL - DRIVES: Sparks

This is a dynamic and inspiring period, though not without an element of danger. You can hardly tolerate anyone telling you what to do now, so you are likely to experience conflict with those in authority. If there is trouble at work, seen objectively it is probably you who is being unreasonable. Your restlessness and desire for change hardly inclines you to compromise and settle in to some boring job now. You need excitement, independence, and a challenge. You would function better on your own now, especially if you could do some travelling internationally. If you have been dreaming of setting yourself up independently, this is the time to do it. There is very little fear of taking risks during this period, and plenty of energy to go it alone.

This is an excellent period for taking initiatives concerning change and renewal. There is a strong likelihood of long-distance travel to exotic destinations. Unconventional work is favoured, particularly in connection with New Age matters. However patience is low, and temper is high. This is an explosive cocktail which can make you more provocative than usual, so take care. You may be fascinated by mechanical or technical matters now, and this is a good time to develop talents in this area.

#### PERSONAL - DRIVES: Sparks

This is one of the most impulsive periods in your life, and you can expect a lot of excitement - or trouble - in these months. There is a resurgence of energy and a desire to break free and do something different. Feeling bored is like the ringing of an alarm clock, which is telling you to take steps to create a more stimulating backdrop for your life. People at this time are inclined to take risks - parachuting, karate, mountain climbing and similar activities exert an almost magnetic attraction. Women at this time are inclined to get restless in their relationships and be rather provocative. If unattached there is a tendency to get involved with a very unpredictable type of man who can bring an element of excitement into the life. Often there are meetings with foreigners or long-distance travel in connection with love.

Sexually this can be a time of dramatic awakening, partly due to a more experimental attitude towards sex. Though love-affairs may serve to galvanise the mind and body now, relationships are characterised by tension and periodic separation. Men experiencing this transit will also be restless, and have a roving eye. For men too, this is a good time for sexual experimentation. The urge for freedom tends to threaten established relationships. To avoid sabotaging worthwhile relationships now, it is essential to find new

challenges at work or exciting projects to undertake in your private life.

## Wisdom

### Jupiter In Gemini

PROFESSIONAL - WISDOM: Positive thoughts - positive outcomes

You were born in a year in which there was renewal and expansion in the world of education, travel and communication. As such you can be an agent for these changes - and this will manifest in your nature as an insatiable desire to acquire knowledge and create contact with people. Interest in languages, schooling and all forms of mental activities can be a major part of your professional life. There may be talent for writing or working in the media, and you have the ability to maintain your perspective when working with a mass of information. By harnessing the power of your thoughts, you can shape your future the way you want it. Defining how you want it may be more difficult, and this requires mental discipline and planning which is something you have to consciously train, as it may not come naturally.

PERSONAL - WISDOM: Collective ideas

Because you have a wide spread of interests you may lack the capacity to concentrate on one subject for any length of time. You get easily distracted and seem to want to occupy your mind all the time and have an opinion about everything. Perhaps you need to discriminate between what is useful to know, and what isn't. Your talents lie more in understanding the actual workings of the mind, and you can contribute to personal success by learning and applying mental techniques. When you harness this influence positively you can be a veritable encyclopaedia of information. What is more, you may have a particular talent for humour, and can be at your best when exchanging pleasantries socially.

### Jupiter In 11th House

PROFESSIONAL - WISDOM: Social influence

You benefit professionally from the influence of good friends and people in high places. Your social connections are thus very valuable, and you tend to be very lucky as regards meeting the right people in the right places at the right time. You would function well in a large organisation - especially if it has international connections. Your ability to gain an overview over large social organisations, combined with the many friendly relations you cultivate with people who have great influence, will bring success and prosperity in your life.

Perhaps being member of a club will bring certain privileges for you - at least it certainly does not harm your career if you mix with the higher echelons of society.

#### PERSONAL - WISDOM: Social influence

Great benefits come to you through the kind guidance of good friends. A particular person or a particular group can have a considerable influence on your intellectual development. You cultivate the best contacts and other people may experience you as rather elitist or snobbish because of the people you choose to spend your time with. From your point of view, mixing with successful or cultured people is essential for your own development. Their good fortune rubs off on you. You too will in turn be able to benefit other people through your own insight or knowledge - particularly if you work with groups in some way. You can attain an influential position in society thanks to your social vision or ideals about the future.

### Jupiter transiting Opposition Jupiter

10-02-2019 -> 10-11-2019

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

#### PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

#### PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in

existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

### Saturn transiting Opposition Jupiter

01-01-2017 -> 06-11-2017

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

#### PROFESSIONAL - WISDOM: Opportunity knocks

This can be a good time in your professional life, if you are prepared to harness your vision of the future to build something lasting. Doors can open for you now, if you have done the necessary groundwork. You can at least reap the benefit of all the efforts you have made to improve your training and experience. People in authority are liable give you recognition, and this can lead to a change of status or well-earned promotion.

If you overestimate your abilities, and hope for success without making effort, then there will be few benefits from this period. You should be prepared to work harder, to wield more influence, and perhaps to travel in connection with your working responsibilities. This is a good time for dealing with authorities and formalising long-term future commitments.

#### PERSONAL - WISDOM: Opportunity knocks

You can expect some consolidation in your life which will give you greater security now. If you are the lucky type, you will benefit from real estate dealings or home purchase. Your status will be formally confirmed in one way or another. You can move up a few steps in life, if you are prepared to make the necessary efforts and have a positive expectation of the future.

You are challenged to overcome negative thinking now, and to work on your personal capacity to believe in yourself and have faith in the future. It can help for you to redefine your spiritual values and make a concrete effort to build up a more solid spiritual base. This is the time to make your opinions clear and to take a firm standpoint.

### Jupiter transiting Conjunction 4th House

18-10-2017 -> 14-11-2017

#### PROFESSIONAL - WISDOM: Moral foundations

One of your greatest assets on a professional level is your good judgement and lucky disposition as regards property. You can expand holdings and generally earn money through dealing with property. You can generally count on the loyal support of your family, for whom you have a strong moral commitment. Business commitments may draw you to foreign countries. Cultural and environmental issues can absorb you on both a national and international level. You will enjoy your retirement, and will probably have a comfortable economy at this time.

**PERSONAL - WISDOM: Moral foundations**

Generally speaking you have had a fortunate upbringing, perhaps growing up in an international environment, or in a large family or a large house. A stimulating intellectual or philosophical atmosphere at home will have provided you with a solid emotional ballast later on in life. Your father, who probably had strong convictions, may have played a strong role in shaping your opinions. You may have found family members rather dominating on an intellectual or moral level, but this has a good effect on you in the long term. You too will have powerful moral convictions in family matters. You like to live in a large house and may at some time reside abroad.

**Jupiter transiting Conjunction 5th House**

**03-12-2018 -> 29-12-2018**

**PROFESSIONAL - WISDOM: Personal expansiveness**

Your larger than life personality can give you considerable influence in the business world. You know how to make a good impression and generally have a fine judgement as to when to take risks or not, especially as regards investments. Luck is often on your side and this makes you a winner in situations which require a gamble. You take pride in your intelligence, but you may be unreceptive to other people's opinions or over-sensitive when your own opinions are challenged. You can make a powerful impression on an audience, and this may incline you towards education. You have a generous nature and reap considerable recognition in your professional life.

**PERSONAL - WISDOM: Personal expansiveness**

A happy and expansive childhood has laid the foundation for a trusting attitude in life. You have faith in yourself and this gives you a surplus of energy and enthusiasm to enrich the lives of others. You have strong appetites - also sexually and romantically - and this may lead to too much indulgence in your life. But in general you have charisma and charm, bringing a spark of joy to the people who you choose to be

with. You have the capacity and energy to have a large family, although you will also need to express your creative energy in many areas. You may be motivated by the urge to explore personal boundaries through sport or travel.

## Challenges

### Saturn In Capricorn Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

**PROFESSIONAL - SELF-RELIANCE: Goals and strategies**  
Saturn was in Capricorn in the years 1929-32, 1958-61 and 1988-91. These were times of political restructuring and redefinition of goals in society. Inasmuch as this influence is reflected in your professional life, you will be motivated by strong ambitions and the desire to get ahead and prove yourself in society. You will be extremely conscious about who has influence in the professional arena, and may feel inspired to overcome your own reservations about responsibility to rise higher in career hierarchy. If this is the case you will be suited for a position of authority in society. You can command respect because you are extremely conscientious and are capable of reaching the goals you set yourself - however, you make too many demands on others. You can be a good planner and strategist.

**PERSONAL - SELF-RELIANCE: Goals and strategies**

During the period around your birth, there was much emphasis placed on political developments in society. This may manifest personally in you in a strong inner drive to attain your goals and achieve results. As a young person you may have had difficulty defining your ambitions or believing that you could achieve them, but as time goes by you make steady progress towards your goals through a combination of hard work and planning. You may however be too attached to material progress and the status you achieve thereby, and you may have an exaggerated need for respect. When you overcome the need to prove yourself in your society and concentrate on aspects of social service, you can become a pillar in your community.

### Saturn In 6th House

**PROFESSIONAL - SELF-RELIANCE: Overcoming burdens**  
Work and duty play a very important role in your life - although things are never easy in this area. You may feel

that you have to work to hard, or that your work does not fulfil you or is too monotonous. Indeed you may have great difficulties with employment in your youth. If you do not have the courage to go for what you dream of doing, you will end up in some inferior position obeying someone else's orders. You have a lot to learn as regards co-operation with others - and this is connected with a defensive attitude at work. You wish to be respected for what you do, but are often not receptive to the feedback - both positive and negative - co-workers give you. You get the hang of things after the age of 30. If you rise to the challenge of getting down to some formal training, you can become an expert in whatever field you choose. You function well in a role in which you have authority. You are after all a very hard-working person, and employers will appreciate your conscientious attitude. You work economically and are good at making enterprises more efficient. Although you tend to stay in a job for long periods, you will need to make adjustments at work about every 7 years, even though flexibility is not your strong point. If you cultivate an open attitude to the people you work with, and admit to your feelings of professional insecurity, you will be treated with more consideration.

#### **PERSONAL - SELF-RELIANCE: Overcoming burdens**

You hate drudgery in your personal life, and often find yourself swamped by everyday tasks. As a child you may have had a lot of domestic responsibilities or family duties. Often you may feel you have to bear unfair burdens. Actually you learn a lot from working hard, because you train yourself to economise with your time and energy. This ability to be efficient will bring professional advantages later on. In relationships remember it is entirely up to you what tasks you do. You tend to automatically take on unnecessary work, because of habits picked up in your childhood as a result of strict parental expectations, and then complain that your partner does not bear his or her load. Be satisfied with things as they are, and plan your time so that you also can relax and enjoy. This will benefit your relationship. During the course of your life you will learn how important it is for your health - both mentally and emotionally - to cultivate a positive attitude to your everyday life.

### **Saturn Conjunction Uranus**

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

#### **PROFESSIONAL - SELF-RELIANCE: Structural renewal**

This rare combination of planets is part of a 46-year cycle, and the influence will affect everyone over a period of approximately a year. In so far as you channel this influence through your career you have the capacity to deal with large organisations and will often find yourself in the position of establishing a bridge from the old to the new. With one foot in tradition and the established values of collective experience, you will also have to deal with the necessity of reform to adjust to a new future. Depending on which side of this equation you are on, there can be conflict with established authorities. Thus you will often be confronted by two separate and very different camps with very different viewpoints. You deal with social structures which have outlived their usefulness; perhaps a revolution is necessary to make room for the future. You can be skilled at finding ways of putting new technology to practical use. You can work in areas concerned with social reform.

#### **PERSONAL - SELF-RELIANCE: Structural renewal**

Your personal struggle is very much connected with when to release your attachment to the past and open yourself and your life to the necessity of change. Often you hang on to restrictive life-patterns too long, and when sudden change comes - as it invariably does - the edifice you have built up can disintegrate as you uncompromisingly embark on a completely new venture. You tread the tightrope between generations and have the capacity to bridge the gap between young and old. Sometimes you identify with the establishment, yet there will come decisive breaks as you violently strive to adjust to change. You have a role in society in which you should bear the banner of reform.

### **Saturn Conjunction Neptune**

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

#### **PROFESSIONAL - SELF-RELIANCE: Dissolution of structure**

These two slow-moving planets form rare aspects as part of a 36-year conjunction cycle. Insofar as you express this influence in your professional life, you will be concerned with making dreams real, and bringing visions down to earth. This may be expressed politically, through concerned social work, or perhaps your career will be touched by some other form of contact with the pressing social issues that this aspect symbolises. This can mean dealing with suffering in

one form or another, for example loneliness or poverty, old age, alcoholism etc. As regards your own ambitions, you will often feel that you are driven by a deep sense of professional dissatisfaction, and even the goals you attain may seem empty once they are achieved. True meaning is found in some form of service in which you sacrifice personal ambition for a universal cause.

#### PERSONAL - SELF-RELIANCE: Dissolution of structure

Though this aspect is felt mostly on a collective level, there will be times in your life when you are struck by a deep sense of sadness or tragedy. In some peripheral area of your existence you will encounter deep suffering which will make a lasting impression on your attitude to life - particularly as regards the drive for personal achievement. This kind of experience may tend to make you escapist in one form or another, or you may feel a strong drive to find personal meaning through work, service and sacrifice. During the course of your life you learn to find hope, when things seem most hopeless. You are very aware that personal status and material achievement give no lasting answers to human dissatisfaction; it is the inner, spiritual qualities in existence which count. If you have personal planets contacting this aspect, you will feel the influence very strongly.

### Saturn Sextile Pluto

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

#### PROFESSIONAL - SELF-RELIANCE: Re-evaluate personal power

Normally this influence is felt more collectively than personally. The main issue here is the structure of power - its use and misuse. In your life you are sure to encounter people and organisations who have a powerful position in society, for good or ill. This can for example include the police, tax authorities, corporations or secret organisations. When this influence becomes strong in your life, you will find yourself in a position which requires enormous willpower. This can lead to the overthrow of powerful people, or the collapse and restructuring of powerful institutions. It is your mission to transform the unacceptable use of authority. You also have the capacity to wield power and in doing so reform organisations.

#### PERSONAL - SELF-RELIANCE: Re-evaluate personal

power

You can both be a victim of tyranny, and a person who unconsciously adopts an authoritarian style yourself. The energy you invested in survival early in your life can give you an imposing and even frightening aura. You have to make sure therefore that you use your natural authority to empower rather than weaken others. In intimate relationships you are extremely sensitive to the misuse of power and any sense of helplessness. If you unconsciously overreact in this area it may be you yourself who evokes fear in your partner. In times of crisis you may use the threat of allowing your life structure to disintegrate totally to keep your partner in line. Do not be afraid to be gentle and tender.

### Saturn transiting Conjunction Saturn

15-03-2018 -> 06-10-2019

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

#### PROFESSIONAL - SELF-RELIANCE: Adjusting direction

As Saturn takes 29-30 years to orbit the Sun, it makes a major aspect to itself about every 5 years, and these are times when adjustments of direction and goals have to be made. At the age of 29 to 30 however, a major reorientation is necessary. You have to look carefully at what structures you have built up in your life and why. If you don't make changes now, when can you? Are your ambitions your own, or are you simply fulfilling the expectations of your parents or of authority figures in society?

It is essential to spend some time sensing what it is exactly you want for yourself in life. Cast aside all the unnecessary baggage which you have accumulated in your efforts to carve yourself a professional niche in society. Don't worry about personal status and ambition for the time being, and don't listen to people who tell you what they think is good for you. The older you get the more important it becomes not to waste time pursuing superficial career goals which will be of no benefit in the long run.

#### PERSONAL - SELF-RELIANCE: Adjusting direction

All phases of the 30 year Saturn cycle are important, although the ages 30, 44, and 52 are perhaps the most significant. These are times when you have a chance to review the passage of time and assess the unfolding of your life. Are you satisfied with the direction it is taking? If not, change it now. Change need not be radical, you just have to define what it is you truly want to spend time on. Remember

your responsibility is first to yourself. The biggest gift you can give to others, is to show that you are satisfied with your own life.

It is important to weigh the balance between career and family commitments now. Do not be influenced by what other people expect of you - only you can know what it is that you really need in life. The yardstick for decisions at this time is: Imagine you were on your death bed...what then, would you wish you had achieved in your life? The wrong decision now can mean years wasted on unfulfilling work.

## Originality

### Uranus In Capricorn Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

### Uranus In 5th House

**PROFESSIONAL - ORIGINALITY:** Unique self-expression

In professional matters you can project your identity in an original way, inspiring others through your ability to be unique and make the most of untraditional talents. You have an intuitive sense about when it might pay to take a risk. You can bring out the latent creativity in individuals in groupwork. You may also have a special talent with children who feel they are outsiders in some way. If you work with creativity you will feel a strong need to be shocking and provocative, going to extremes to express your own unique qualities.

**PERSONAL - ORIGINALITY:** Unique self-expression

You probably liked to express your individuality in a rather unconventional way as a child - perhaps because you felt you were an outsider in some way. You feel most alive when you break new ground in self-expression. Adventure and daring sports may appeal to you, and you are inspired by risk-taking. In matters of the heart you are inclined towards sudden magnetic attractions with unconventional people, and love-affairs may be characterised by separation and travel. Excitement and the opportunity for change are more important for you in love than security or sexuality. You are willing to experiment in matters of the heart. Unusual circumstances are connected with children in your life. Children are like friends to you - you treat them as equals and do not feel that you own them, or that they owe you anything. As freedom is important for you, you may not wish to have children, but if you do, you will bring them up in

an untraditional way. You are well-equipped to bring up children who are not biologically your own.

### Uranus Conjunction Neptune

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

**PROFESSIONAL - ORIGINALITY:** Spiritual revolution

This long-lasting aspect will be shared by everyone born in any particular 4-year period, but if you express its influence in your career you will be able to channel a talent for working with the electronic media on one level, or personal consciousness on another. There is an electric idealism with this aspect and very little grounding. Some people may be able to tune into latent telepathic and clairvoyant powers, and use them in their job. Contact with international companies which have strong cross-border communications brings good fortune. Work with advanced technology, especially connected with instantaneous communication is another possibility. There is an inbuilt tension between the principles of freedom and service which can be expressed in irrational political and social convictions.

**PERSONAL - ORIGINALITY:** Spiritual revolution

This aspect has an influence on a particular generation, but you may personally feel and express its power through an interest in aspects of human consciousness which are on a very subtle level. This can relate to the power of dreams, clairvoyance etc. - in fact the whole spectrum of the New Age movement. If personal planets also aspect these distant planetary giants, you will feel a deep longing to transcend yourself through some kind of spiritual interest. Drastic changes will occur in the pursuit of your dream, and you may be willing to abandon the secure structures you have built up to follow your ideals. Needless to say you will often be disappointed, but the whole process enhances your awareness and spiritual consciousness. You can be deluded by the allure of charismatic personalities - take care.

### Jupiter transiting Conjunction Uranus

05-12-2019 -> 30-12-2019

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - ORIGINALITY:** The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

**PERSONAL - ORIGINALITY:** The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

## **Saturn transiting Conjunction Uranus**

**24-12-2017 -> 16-11-2018**

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - ORIGINALITY:** Limiting individualism

This influence may not be so obvious in your life, unless you have strong Aquarius characteristics. It is a time when it pays to make constructive use of modern techniques in your career, or perhaps pursue interests connected with exotic cultures or people. Concrete work on untraditional or new age interests is also favoured. You will probably find that you will have to make some compromises with your tendency to be an outsider and to hold society at arm's length. It pays to build a bridge between old traditions and modern trends. Social idealism and commitment is favoured.

**PERSONAL - ORIGINALITY:** Limiting individualism

During this phase of your life, you will find that you have to take more responsibility for those sides of your nature which are outrageous or provocative. Authority figures will demand more self-discipline and social awareness, and you will not be permitted to merely indulge your extremist views.

However this is a good time to develop your interests in original and untraditional subjects, new age matters, and global awareness, especially if you have constructive plans in these fields. This may be a time when you will want to make a more formal commitment to an unusual group.

## **Transcendence**

### **Neptune In Capricorn Retrograde**

Because of the relative position of this planet in relationship to the Sun and Earth, it appears to be moving backwards. This may make you more thoughtful or introverted in the area concerned.

### **Neptune In 6th House**

**PROFESSIONAL - TRANSCENDENCE:** Everyday rituals

You have some very specific talents that can be useful in your professional life. There may be a knowledge of chemicals, liquids, photography, the ocean or advertising. You like to be able to lose yourself in your work - either through being creative, through watching magical processes, or because you can be of help to humanity in some way. You are inspired by the idea of service and sacrifice for the benefit of others. Often you will find situations developing at work which are beyond your control. In the long run you will find that work which does not offer spiritual or creative perspectives will render your life meaningless. Periods of unemployment can actually be beneficial for you, even though you may feel helpless, because they help you meditate on what is really important for you, and how you can be most useful in your life. You need to be able to work alone or at least have a pure and peaceful working environment.

**PERSONAL - TRANSCENDENCE:** Everyday rituals

You are motivated by the spirit of service, but this may mean you do not know where to draw the line as regards work-sharing in partnerships. If you do not set a limit for what you do, you may end up being overloaded with work. You tend to have sloppy work methods, and you would benefit greatly from more efficient planning. Being inefficient is an unconscious tactic effectively preventing other people making demands on you. Being helpful is no help to anyone if you do not take your own needs into accounts. Health problems will often be mysterious or difficult to identify - your body obviously knows how to set limits when you fail to do so yourself. You may have certain talents for healing as a result of an intuitive ability to tune into the physical, mental and spiritual needs of other people.

## Neptune Sextile Pluto

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - TRANSCENDENCE:** Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

**PERSONAL - TRANSCENDENCE:** Mass vision

If you have this influence powerfully evoked by other factors in your horoscope, you will be deeply affected by spiritual issues, and constantly seeking to refine your consciousness. At these times you are likely to experience great personal disorientation and confusion, as old dreams and visions are replaced by new, deep psychological insights. Inner growth will have major priority in intimate relationships. During periods of your life you will undergo deep transformations in which your fantasy and imagination will play a powerful role. It is essential to learn to use your imagination in a positive way by learning about the power of the unconscious.

## Saturn transiting Conjunction Neptune

16-03-2018 -> 08-10-2019

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - TRANSCENDENCE:** Making dreams concrete

This influence may not be felt very strongly, unless you have a strong Pisces influence in your horoscope. It can be difficult to make concrete plans now, things tend to flow in

an uncontrollable way, goals slip through your fingers. Instead of making strategies and long-term goals it would be an advantage to do something constructive with your creative talents. Your greatest asset at this time is your imagination, so try to think of practical applications for creative ideas. If you act in a determined manner you can realise many of your dreams and visions now. This is an excellent time for helping people who are losers in society.

**PERSONAL - TRANSCENDENCE:** Making dreams concrete

This is a time when you will probably feel rather alone and isolated. Money may be short, and security even shorter. You are forced to develop your inner resources now, because outer structures in your life tend to dissolve. This is a good period for developing spiritual discipline, or making long-term plans for creative development and growth. But otherwise there is a tendency to be down-and-out, or on the fringe of society. Nevertheless you may feel moved to take more responsibility for those who suffer now, or to make some sacrifice for others. Avoid negative frames of mind, or tendencies towards alcohol or pill misuse.

## Transformation

### Pluto In Scorpio Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

### Pluto In 4th House

**PROFESSIONAL - TRANSFORMATION:** Renewing foundations

Your professional interests may be related to social or environmental reform, as you are strongly aware of pollution factors in society. A sudden transformation in your own environment can lead to an absorption in ecological matters. You may also have an interest in emotional matters and psychology as a result of early childhood experiences. You would be well-suited for work connected with homelessness and the underprivileged in society. You know how to negotiate the corridors of power as regards local and national issues.

**PERSONAL - TRANSFORMATION:** Renewing foundations  
Certain elements of your childhood will have been deeply unsettling. You have a talent for seeing behind emotional

facades, and you will have sensed hidden factors, secrets or disturbing undercurrents in your parental relationships. Perhaps one of your parents had a hidden psychological problem, perhaps there was even some form of tyranny in your childhood. Whatever the cause you are still affected by unconscious patterns which sabotage attempts to create family harmony. It is dangerous to want to create the ideal home too intensely, because such desires conceal unconscious fears of upheaval and plant therefore self-destructive seeds in family relationships. Domestic dissatisfaction can manifest in a desire to tear down existing structures, move furniture around constantly, or futile attempts to shape the development of your children. Partnerships and children will evoke in you a greater psychological insight.

You must take care when purchasing property. There can be problems with drains and sewage, the toilet, or the foundations.

### **Jupiter transiting Conjunction Pluto**

**24-11-2017 -> 19-08-2018**

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

#### **PROFESSIONAL - TRANSFORMATION: Power play**

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

#### **PERSONAL - TRANSFORMATION: Power play**

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid

explorer of some very dark territory indeed.

## **Destiny**

### **N.Node In Aquarius, S.Node In Leo**

#### **PROFESSIONAL - DESTINY: All is vanity**

The early part of your professional life is characterised by a need for prominence and recognition. You expend a lot of energy selling yourself, attracting attention and trying to create a good impression. You may be especially concerned about personal creativity, struggling to express the essence of your identity in what you do. As such you are extremely sensitive to criticism and anything which undermines your ego. As you mature the need for fame subsides, and selfish creative urges are submerged by an acceptance of the importance of integration. You attain respite from the demands of the ego by involving yourself in ventures which are for the common good, and you find that your natural leadership qualities function much better when you are inspired by the needs of a group. Contact with foreign cultures can bring a turning point in your professional life.

#### **PERSONAL - DESTINY: All is vanity**

During the course of your life you have to struggle with an inner identity dilemma which brings a transition from egocentric behaviour to a more dispassionate commitment to the group. When young you wish to taste life to the fullest. The world can seem like an entertainment supermarket where you can indulge your pleasures. You expend a great deal of energy on love affairs, conspicuous consumption, luxury pursuits and the like, and you may build up quite an image for yourself. As you mature however, vanity is seen to be nothing but vexation of the spirit, pleasures seem hollow, the flame of your identity burns down. You are destined to go through a rather dramatic process of self-realisation which evokes a more humble attitude in you. A need arises to involve yourself with others and offer your services to enhance the energy of the group. Humanitarian interests replace self-indulgence, and you find fulfilment and meaning when you embrace a shared goal with others.

### **N.Node In 7th House, S.Node In 1st House**

#### **PROFESSIONAL - DESTINY: Discovering others**

Major turning points arise concerning your relationship to others in the middle part of your life. Early in your life most of your instincts are concerned with maintaining personal freedom and independence. Professionally you will be split in your attitude as to whether you should cooperate with others, or make it on your own. In your mid-thirties you will

probably accept the necessity to build up a variety of contacts and important professional relationships, and this will bring success. It is essential to shift the emphasis from individual fulfilment to greater consciousness of fulfilling the needs of others.

**PERSONAL - DESTINY: Discovering others**

Self-sufficiency is not a problem for you, but you have a lot to learn in intimate relationships concerning the value of compromise and seeing things from another's point of view. You find as you get older that you derive less and less satisfaction from fulfilling purely personal interests, and this leads to a radical shift of personal values. The greatest personal development arises in your intimate relationships, as you strive to replace egocentric interests with the spirit of partnership. There can be a major turning point here around the age of 37. The greater the depth in your personal relationships, the deeper the level of satisfaction you feel.

**Jupiter transiting Square N.Node**

**19-10-2018 -> 15-11-2018**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - DESTINY: Understanding karma**

You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

**PERSONAL - DESTINY: Understanding karma**

This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions - though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.

## SUN, MOON and PLANETS

### The Sun: Identity

The sun is the core of identity. It represents the influence of the father, and the struggle for individuation in adulthood. The sign the sun is in shows how we express our unique identity.

### Jupiter: Wisdom

Jupiter represents the inner feeling of hope and optimism that enables us to believe in our future. Jupiter shows what we believe, how we express these beliefs, and how these beliefs create our future.

### The Moon: Emotions

The Moon represents the unconscious mind, which rules 97% of everything we do. It is connected to the mother, and the need to create and nurture home and family.

### Saturn: Challenge

Saturn shows where the greatest obstacles need to be overcome. Saturn shows the structures of society we have to accept and work with, and the trials we have to meet.

### Mercury: Contact

This planet represents the mind, and everything to do with communication, education and travel. The sign Mercury is in shows our talents and how we express them, our interests and our skills.

### Uranus: Revolution

This planet shows the collective forces for change in society and the individual. The influence of Uranus is revolutionary on the one hand, and provocative on the other. This planet shows where we are unique.

### Venus: Values

This planet represents the value system and personal taste. It is also connected with women and sisters. Venus shows what we desire to acquire and own to manifest our taste.

### Neptune: Spirit

This planet shows the collective spiritual and media influences that most affect society. It evokes sensitivity and disillusion, but also brings spiritual transformation.

### Mars: Drive

This planet is connected to sexuality and to how we assert ourselves. Mars is the fight or flight mechanism. It is connected with brothers and most experiences with men.

### Pluto: Transformation

## THE TWELVE HOUSES

### The Ascendant - Lifepath

This is by far the most important position in the horoscope. It represents you, your life and how you occupy the stage - your style. Planets placed here dominate the life.

### The Second House - Resources

This house is connected with self-worth. How you feel about your body, your assets and talents - and therefore your financial status - is reflected by planets in this house.

### The Third House - Connections

This shows mental abilities and experiences connected with education, siblings, neighbors and everyone in the local environment. The house of travel and networking.

### Descendant (7th) - Relationships

Whilst the Ascendant is connected with yourself, the Descendant is to do with others. This house shows where we reach out and meet people, and form lasting relationships.

### The Eighth House - Intimacy

This house is connected with life's inevitabilities like sex, death and taxes. This is where we feel most anxious and vulnerable, and where we confront emotional and sexual taboos.

### The Ninth House - Understanding

Planets placed here express themselves through insight and understanding gained through travel and further education. This is where beliefs are formed and judgments given.

### The IC of Fourth House - Roots

This shows the family heritage, the atmosphere at home, and the ability to connect to roots and put down new roots. Parents and family are shown here, as well as property and ancestry.

### The Fifth House - Expression

Planets placed in this house are strongly identified with and projected onto the stage. This house is connected with feeling confidence through creativity, children, love and play.

### The Sixth House - Service

Planets placed here show the need to relate with others via practical issues such as work and domestic tasks. This house is connected with health and the daily environment.

### Midheaven (10th) - Achievement

This house represents crowning achievement - your goals and mission. It also shows your career and superior authorities like parents, bosses etc. Planets here achieve success.

### The Eleventh House - Groups

This house is connected with your social life. It has to do with friendships at school and in later life, as well as groups and associations, or the social sphere you are a part of.

### The Twelfth House - Isolation

This shows isolated places in society like prisons and hospitals, or simply living away from it all. Planets placed here show where inner development takes place when feeling alone.

## THE ASTROLOGICAL ASPECTS

### The Conjunction

(0 degrees... orb allowed: 12 degrees)

Key word: Fusion

This aspect is in effect when two planets are close to each other, normally in the same sign. It represents the fusion of planetary principles.

### The Opposition

(180 degrees... orb: 10 degrees)

Key word: Separation

This aspect - when two planets are in opposite signs - shows a split or division between the needs shown by two planets. There is also an attraction between opposites.

### The Square

(90 degrees... orb 6 degrees)

Key word: Tension

This aspect occurs when planets are at right angles to each other in the chart. It shows two needs at war with each other. This brings considerable dynamism, but a lot of trouble.

### The Trine

(120 degrees ... orb 8 degrees)

Key word: Harmony

This aspect occurs when planets are a third of the circle away and normally in the same element. This shows the harmonic confluence of needs, bringing happiness and harmony.

### The Sextile

(60 degrees... orb 4 degrees)

Key word: Creativity

If the circle is divided by a six-pointed star, the sextile would take place on two of the points next to each other. There is both dynamism and pleasure connected with this aspect.
