Report for December 26, 2017 to December 26, 2018

Dear Robin,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

As you enter your fifties and commence a new decade, there is the realization that your character is now fully developed - you are who you are - it is now more a question of building on your talents, resources and achievements rather than proving yourself anew. You can be assessed by what you have achieved so far in life, and what there is to come is very much a bonus defined by your attitude and will. The challenge at this time is to find renewed hope and vision, yet it is a time when misjudgments tend to take place, either through lack of confidence or through being overly hopeful about the future. You tend to insist on following your own convictions without being sensitive to the opinions of others. At the same time, there are deeper issues connected with your mortality, and your ability to pass on the body of wisdom you have acquired to those who follow after you. You are poignantly aware of areas in your inner life that need healing, or where there are flaws and weaknesses, for they will surely surface in your 50th year. For you this is profoundly connected with an old spiritual wound that has constantly reminded you of the helplessness of the individual in the greater scheme of things. This is the time when the knowledge of universal suffering brings a wisdom of its own. This is manifested as discomfort in relation to the infrastructure of your environment, notably daily travel, but also all forms of communication and education. There may also be the awakening of a specific pain concerning siblings.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand

on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

Opportunities for Success

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 50. Three very important issues that make this year special are:

- There are daunting challenges ahead which initially undermine your self confidence and belief in your capabilities. Progress is slow or non-existent as obstacles arise at every turn. Through concerted effort and perseverance you prove

to yourself that you can do it.

- A series of educational or communication challenges undermine your confidence in your abilities. Through mental focus and improvement of skills you rise to the challenges and become more adept, even if you are initially overcome by worry or dejection.

- You enter a period of financial expansion and good fortune in relationships, as trends peak to enable you to harvest what you have earned. The tendency to overindulge is strong and some restraint is advised, but it is also important to celebrate the good things in life.
