**Report for January 19, 2018 to January 19, 2019**

**Dear Jordan,**

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

### **The Significance of your Age**

At the age of 27 you feel a deep connection to your soul, and - perhaps for the first time - there is a sense of emotional maturity, a circle completed. With emotional currents running so deep, you are naturally confronted with the ghosts of the past... your emotional inheritance. This awakens your own paternal/maternal drives as the urge to care for a family in your own unique way makes itself felt. You do what you can this year to create a secure environment, a cozy home, and a contented family. Basically, when your emotions are aroused, you tend to go into escapist mode, dreaming yourself away from the situation. As you are super sensitive to moods and atmosphere, this can happen quite a lot. You are especially sensitive about your mental attributes, which were profoundly formed through sibling relationships and early educational experiences. It is during the course of this year that you get a sense of your destiny, and to a certain extent you are torn between the pull of the past and your family inheritance, and the pull of the future. Nevertheless, a buoyant optimism gives you the belief that the future will be good for you, and you are ready to broadcast your convictions to the world and widen your horizons.

### **The Challenges Ahead**

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

### **Opportunities for Success**

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

### **Crucial Issues This Year**

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 27. Three very important issues that make this year special are:

- A series of educational or communication challenges undermine your confidence in your abilities. Through mental focus and improvement of skills you rise to the challenges and become more adept, even if you are initially overcome by worry or dejection.
- You experience an awakening that shakes you out of the rut and leads you to break out of professional and personal limitations so that you can pursue your own unique path of self-development. Travel and contact with fringe groups bring self-

awareness.

- Deep psychological patterns awakening the power slumbering within you and you can gain deep insight into your unconscious motivations. You can get enrolled with powerful groups or mentors who wield hypnotic power. It is wise to avoid believing in anything too intensely.
