Birth Report

Dear Rosnah Zakaria,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mercury Trine Pluto". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

You are a rather secretive person; you think hard and deeply, and sometimes you are plagued by compulsive ideas and fears. Much of this is a result of childhood anxiety connected with lies, secrets or lack of communication. Because you do not always let on what you are thinking, you can easily be misunderstood. Put people's minds at rest by clearing up these misunderstandings and strive to be as open as circumstances permit. When your feelings are hurt you can be silent for long periods. And when you are insecure, you tend to be suspicious of your partner. Harmony in relationships comes when you resist the tendency to argue for hours at a time, or to use silence as a weapon, and instead learn to be open and trusting.

How this influence affects your professional life:

You have an investigative mind and considerable talent for finding out about hidden issues and analysing things in depth. You are also good at keeping secrets. As such you are a natural detective and are able to find the root cause of problems. This is a useful talent in psychological matters, when working with computers or anything requiring fanatical attention to detail. There is an ability to tap hidden sources of

information. In your professional life, however, you are inclined to be suspicious, fearing that important information is being kept from you. People can feel that you interrogate them, and they tend to clam up. Sometimes you express yourself far too forcefully and do not allow people to come with their views. Success comes when you overcome communication problems connected with anxiety.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Pluto Sextile Mars". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This can be a time of crisis in relationships because a shift in the balance of power occurs. Women with this influence will no longer accept subservience in connection with men. A woman in an inferior position will now fight to establish her own power. This is the time that a new decisiveness comes up to the surface under the greatest psychological pressure. Paradoxically there is a tendency at this time to meet men with unusual power and sexual magnetism, and to encounter one's own powerlessness in the face of strong desires and jealousies. Men who experience this influence will also encounter power struggles and strong desires, and will often find themselves under the influence of emotions they cannot control. On a sexual level there is fatal attraction towards tabu issues and the urge to live out desires which have been under control for too long. On the positive side this leads to the discovery and release of new sexual potential, though the costs can be high. There is no astrological influence which gives has a stronger

psychological effect. This is because forgotten anger and repressions now rise to the surface to be dealt with by the conscious mind. Therapy is often advisable during the duration of this transit, and it is a great period for enhancing psychological insight. As anxiety on a deep level is dealt with at this time it is a good idea to eliminate fears by developing a stronger body-consciousness, for example through learning the art of self-defence, or through embarking on a gruelling physical fitness programme.

How this influence affects your professional life:

This is a time of great personal pressure both on a professional and private level. In this testing time there will be a feeling that the odds are against you, perhaps in an unfair way. Power battles are often unavoidable... and it seems as if there is some kind of conspiracy. Trade union issues often come to the fore at this time, for good or ill. Authoritarian and dominating people (mostly male) will seem to put you in a vice. The time demands great perseverance, but you have to know when to draw the line - when to fight and when to give up. It is no use continuing an impossible battle. There is a tendency to overwork - often late at night - because you can be gripped by a fanatical desire to accomplish something. There tends to be a fascination with computers and secret things. Undercover issues surface now - anything you want to keep hidden will surely come up. You will be strongly motivated to act secretly. Any work situation you cannot tolerate will change. Either you will seek new work in which you can feel 100% absorbed, or you will make radical changes in your working environment. There can be interest in social or political work under extreme situations, as well as the discovery of psychological or occult talents. There are good opportunities now to eliminate corruption or pollution problems. This is a ruthless time which requires strength in the face of crisis, the ability to cut through, fire people, to seek a new job, or to give up exhausting power struggles.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in

your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
