Report for July 26, 2017 to July 26, 2018

Dear maria,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

As you enter your fifties and commence a new decade, there is the realization that your character is now fully developed - you are who you are - it is now more a question of building on your talents, resources and achievements rather than proving yourself anew. You can be assessed by what you have achieved so far in life, and what there is to come is very much a bonus defined by your attitude and will. The challenge at this time is to find renewed hope and vision, yet it is a time when misjudgments tend to take place, either through lack of confidence or through being overly hopeful about the future. You tend to insist on following your own convictions without being sensitive to the opinions of others. At the same time, there are deeper issues connected with your mortality, and your ability to pass on the body of wisdom you have acquired to those who follow after you. You are poignantly aware of areas in your inner life that need healing, or where there are flaws and weaknesses, for they will surely surface in your 50th year. For you this is profoundly connected with an old spiritual wound that has constantly reminded you of the helplessness of the individual in the greater scheme of things. This is the time when the knowledge of universal suffering brings a wisdom of its own. This is manifested as discomfort in relation to emotional intimacy and sexuality, perhaps because you get involved with individuals that have certain inhibitions. You have the chance to develop unusual psychological talents that can soothe others.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand

on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you are focused on developing your creative skills and displaying the fruit of hard-working efforts to express yourself. This influence started growing around January - 2015 and will ebb out around December - 2017. Overcoming reticence and concern about whether what you produce is good enough is a major issue. There is considerable sensitivity about everything which is a reflection of who you are - your children, your love life and your ability to shine in social gatherings. In brief your ability to enjoy the art of living. If you cannot achieve spontaneity and be carefree, do not worry. What is needed is committed application to activities that interest you. Repeated failure always paves the way to success if you cultivate the virtue of perseverance.

In this period of your life you are searching for ways to apply your creative skills in practice. You have been working hard to overcome blockages in self-expression and to acquire the confidence to put yourself and your creativity on the line. A transition is now taking place that requires committed cooperation with others to put your skills to good use. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is no longer so much about you, but about how you integrate with others and offer your services for the benefit of the whole. In this process you will encounter challenges at work and with colleagues, which test your humility and willingness to serve. It is good training. This is also a time to focus on your body, which, if it is to serve you well, needs to be nurtured with healthy daily habits.

Opportunities for Success

Once you have learned how to capitalize on your unique resources and gain confidence and self-assurance, you need to reach out to others between September - 2016 to October - 2017. This leads to travel and an expansion of your skills educationally. This is a great year to widen your network of contacts. Through increased communication on all levels, you learn how to make sure-footed progress.

Having developed your education and communication skills, and widened your network of contacts through travel, there is an urge to expand your influence and potential on the home front between October - 2017 and November - 2018. This brings insight and good fortune connected with property and family. At this time

you broaden your emotional foundations, partly because you gain understanding of the influence of your upbringing, and partly because you are curious to learn more about how to create a nurturing and stimulating environment for yourself and those near to you.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 50. Three very important issues that make this year special are:

- A time that makes you keenly aware of what is missing from your life and work that would satisfy your dreams and imagination. Music and the arts bring renewed pleasure, repetition and routine undermine your spirit. This is the time to express your creative communicative powers.
- You expand your skills and mental horizons, and have success in educational and communication ventures. This may bring travel and a growth in your personal network. You associate with people who think as you do, and together you can pursue a shared agenda.
- You experience a steroid boost that gives you the strength and courage to fight for what you want. Putting softer considerations aside you take a risk to expand your territory, traveling afar and meeting exciting people. You give yourself fully to your desires, both intellectually and bodily.
