HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Libra

PROFESSIONAL - LIFE-PATH: Relating

You have a talent for dealing with people. Your social nature combined with a fine aesthetic judgement gives you the opportunity to excel professionally in areas where good taste and an ability to weigh things in the balance are needed. This can vary from creative pursuits dealing with music or objects of beauty, to consultancy or dealing with personnel. You are strongly motivated to create peace and harmony around you, and will often find yourself taking the middle position between warring parties. As a natural diplomat, you will be appreciated by those you come into contact with. Some may feel you are manipulative, but most people benefit from your genuine concern for their well-being. At crucial times in your life, you may appear to be indecisive. You can agonise about taking a decision, and no amount of information gathering will help you. Ultimately you take decisions on an intuitive level.

PERSONAL - LIFE-PATH: Relating

Basically you are a friendly type of person, and you have a genuine and natural interest in other people. You probably come across as a sociable and charming person, and you have a special talent for creating an atmosphere of peace and harmony. Partnerships are alpha and omega for you, and you will seldom be alone in your life. You are willing to make many compromises to ensure that a relationship functions smoothly. Using your ability to see matters from another person's point of view, you can defuse conflict before it begins. However this tendency may be construed by others as a reluctance to confront important matters when they arise, and this in turn evokes a confrontational attitude in those who are close to you. You have a fine discriminating judgement - use this to discern when you should compromise, and when you should make a stand.

Ascendant Conjunction Sun

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - LIFE PATH: I, myself, me

Whether you would prefer to have a low profile or not, you will often dominate your surroundings through the force of your personality. Professionally you strive to do your very

best - for success is a matter of honour for you. You have a magnanimous disposition, and are generous in your dealings with others. Creative work and self-expression must be an important element in your professional life. You stand on your pride too much.

PERSONAL - LIFE PATH: I, myself, me

You have a radiant personality, with a touch of self-importance. You take yourself - and the impression you make on others - very seriously indeed. Some people may consider you self-centred. You tend at least to be the centre of attention, and although you invest all of yourself when you relate to others, you give your own personal development needs priority. You have plenty of surplus energy, and your playful nature can make you a figurehead for young people.

Ascendant Conjunction Uranus

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - LIFE PATH: Light of the future

You bring the spirit of renewal and innovation into whatever projects you involve yourself with. You are strongly motivated by social visions, and are keen to instigate change. You may have some problems accepting the status quo, and this can lead to a certain alienation in society. You have a talent for dealing with New Age interests, technical matters or people from unusual environments.

PERSONAL - LIFE PATH: Light of the future

You can feel that your role in life is connected to future visions and the necessity for change in society. You add a dash of originality to the world, and people are either inspired or provoked by your rather unusual personal style. You shake up your surroundings and often use shock tactics to make an impression. You thrive in an atmosphere of excitement and unpredictability.

Ascendant Conjunction Pluto

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - LIFE PATH: Aura of mystery

You are attracted to positions of power in which you can

exert control over your environment and professional relations. You have the power to deal with unpleasant confrontations, and you can make difficult decisions under pressure. There may be a ruthless streak to your character, as you often imagine threats to your position. This means that you can exhaust your resources in battles for power.

PERSONAL - LIFE PATH: Aura of mystery

You have a magnetic personality and tend to exert a powerful influence on your environment. Secret efforts to feel secure in your personal relationships can be exhausting - both for you and for others. Though you have psychological talents and an ability to penetrate facades, you tend to allow an obsessive ideologies or opinions to poison your relationships. When you relinquish control you discover peace.

Venus In Scorpio

PROFESSIONAL - VALUES: Relationship depth

You are a private person, loyal by nature, with considerable perspicacity in personal relations. You are not suited to employment which demands that you relate superficially to other people, although you certainly know how to maintain an aura of privacy around you if you have to. One or two strong professional bonds to which you are very loyal is more your style. You can deal with many issues, but often some secretiveness is required, especially as regards financial matters. You have a talent for administrating finance. In the first part of your life, you may be strongly attracted to material success and personal prestige, as your personal worth is a central issue for you and a good salary does wonders for self-esteem. This may change later because of a financial crisis, which forces you to re-evaluate what is important to you.

PERSONAL - VALUES: Relationship depth

Emotionally you would prefer to mate for life - love is a serious issue for you, and you are inclined to be faithful, though possessive. There is considerable anxiety in relationships, and often a powerful jealousy, which in reality is testimony to the intensity of your love. Women with this position expect 100% emotional involvement from their mate, and the erotic element of the relationship will be a major factor. Indeed sexual satisfaction may serve as a barometer for the relationship. Men are attracted to the silent type of women, the aura of mystery and the sense of fated attraction. There is a tendency to become enslaved by the passions. It is important to avoid economic and emotional co-dependency. It is difficult for a relationship to survive unfaithfulness - love is all or nothing.

Venus In 2nd House

PROFESSIONAL - VALUES: Satisfaction

You are a person who truly values personal relationships and beautiful things. Professionally you have a talent for dealing with these issues. There may be financial gain in dealing with aesthetically pleasing objects or the world of finance. Your style, judgement and grace are major assets in your career. Other things being equal you will accrue a good deal of money and surround yourself with many objects of value in your life. Your appearance, or a pleasing nature will be important resources in your professional life, and you are often able to gain favours through your ability to make other people feel good. It is crucial for you to feel that you are paid fairly for what you do, and you know how much you are worth. In the same way you are able to give other people a sense of their own worth.

PERSONAL - VALUES: Satisfaction

You exhibit a very warm personality and are capable of creating a stable and secure environment for your loved ones. However you prefer to live the good life, and do not like to deny yourself the pleasures that material things can bring. To feel good, you often resort to buying yourself presents. Your strong attachments and desires - both materially and romantically - can create financial problems. On the other hand you tend to be materially fortunate. In your love life you demand tangible expressions of love - the more expensive the better. You too can be generous, both materially and emotionally. One of your greatest talents is your ability to appreciate the bounties of Nature. Financial issues are important in your relationships.

Identity

Sun In Libra

PROFESSIONAL - IDENTITY: Create balance

It is in the complex inter-reaction with others that you learn to develop a sense of self. You can be an expert in social relationships, and skilled in initiating social contact. You are powerfully motivated by a natural sense of aesthetics, justice and harmony, and in your dealings with other people you are skilled at the art of diplomacy. You dislike taking sides and have the ability to see things from several different points of view. To others you may appear to be indecisive; but actually you need time to consider all the issues. Your natural talent to put yourself in other people's shoes can mean that you play down your own needs. By cultivating an inner firmness which gives you the courage to

take on a confrontation when necessary, you will be able to make the most of your ability to relate harmoniously to others.

PERSONAL - IDENTITY: Create balance

The major formative experiences in your life are connected with relationships. In these key periods changes connected with your intimate bonds to another will lead to a revaluation of who you are and what your role is in life. You learn at these times that being true to yourself means not always compromising your needs for the sake of a relationship. Indeed this kind of compromise often involves an element of manipulation - if only through your natural charm. Nevertheless, you feel a sense of self most strongly when in a harmonious relationship and it is here that your talents lie. Your appreciation of beauty and your good taste brings an atmosphere of peace. You show a natural concern for others, but you demand that this concern goes both ways - you cannot accept a relationship, if the romance has gone out of it, and you are skilled at recreating conditions for love.

Sun In 1st House

PROFESSIONAL - IDENTITY: Actualise your self

You make a strong and very personal impact on your surroundings, and you have a keen awareness of the impression you create. This personal charisma can be used to your advantage professionally through your ability to attract a following. Your natural leadership abilities, personal power and charm ensure that you are the focus of attention when you tread onto the stage. You have considerable creative drive, and generally speaking it is important for you to feel that you can realise yourself and your ideals in your work. A high-profile job would suit you, in which you get what you want by force of personality. Though generous to others, you have difficulty seeing their point of view and tend to overwhelm them with yours.

PERSONAL - IDENTITY: Actualise your self

You tend to see life as a drama where the spotlight is on you. Some people may feel that you are self-centred in this respect, but it is part of your mission in life to realise yourself and your creative abilities. Everything you do in life is done with a powerful self-awareness, and this can be both a blessing and a curse. Aware of the impact you have on your surroundings, you feel that you are on stage all the time, and that much is demanded of you. You may wish to tone down the intensity of your presence, as you do have a tendency to steal the limelight....but you can be fun to be with. You can sparkle and energise other people. And you have genuine good intentions and a natural generosity,

which, though sometimes rather overwhelming, can be of benefit to others.

Sun Conjunction Uranus

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Consciousness change

Your chief contribution to society is your ability to entertain original ideas and experiment with new ways of doing things. You need to work in an independent position or with a company which respects and encourages your originality. You quickly become bored if you have to perform the same functions day in day out. You need to meet people - and you thrive on unusual challenges, especially if they involve travel and dealing with radically different cultures. You may travel long distances to exotic countries, or work with advanced technology. Alternatively you will go your own unique direction in your professional life, developing unconventional talents - perhaps connected with consciousness development in one form or another. You are not one to stand on ceremony either - you hate stuffy protocol and thrive on contacts with young and old, rich and poor. It is your job to pave the way to the future with new ideas and an original life-style.

PERSONAL - IDENTITY: Consciousness change

You are a true individual and other people may regard you as rather eccentric. You like to express yourself through actions which surprise others in some way, and you enjoy embracing ideas which are provocative. You do not like to feel tied down, and function best in a relationship which gives you a lot of personal freedom. Often your friends will seem more important than your family, and as a result partners can feel that they are unable to establish an intimate contact with you, though you are usually quite open and fair-minded. During certain periods of your life you will choose to change your direction radically. These personal revolutions are often accompanied by new interests of an untraditional nature - for example astrology, electronics and technical matters, or mental powers. You have an electric and rather unstable aura around you, and often your nerves are on edge. People feel uncertain around you as they feel that anything can happen, so you would be wise to put them at ease about your intentions.

Saturn transiting Square Sun

04-03-2018 -> 19-01-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - IDENTITY: Long-term strategy

You can use this period to rise to the many professional challenges in your life and create the foundations for lasting growth. This is no easy time; many difficulties arise and you will have to work harder and shoulder more responsibilities. Authority figures make demands on you, seemingly without giving you any recognition. If you try to avoid commitment now, you are likely to be dogged by worries and problems. Your self-confidence may be low, and you may feel that you cannot live up to the expectations of others. Time will show that you can overcome difficulties and achieve goals.

Planning and strategy is of the essence, and it pays to plan months ahead and to tighten up schedules, working to realistic deadlines in a committed manner. By completing your work in stages and dividing large projects into smaller sections, you will find that you can handle enormous responsibility. You will not get something for nothing now, but hard work will be rewarded in the long term, so roll your sleeves up and get down to it.

PERSONAL - IDENTITY: Long-term strategy

At the beginning of this phase you will probably not be feeling so good about yourself. You may feel that you do not get enough - or don't deserve - recognition. There is a strong inner feeling that you must pull yourself together and do something worthwhile, and the sooner you do this, the better you will feel. There is a general feeling of being weighed down by burdens, and there may be a lot of pressure to live up to the expectations of others.

It is time to take responsibility for your own life and to define new goals, whilst you can send a strong signal to other people - parents in particular - that you can look after yourself. By rising to the challenges of the time, you can develop a strong inner feeling of self-satisfaction, based on the results that come from hard work and effort. You will be facing central issues concerned with identity and self-sufficiency, and will emerge from this period as a stronger and more self-reliant person.

Emotions

Moon In Scorpio

PROFESSIONAL - EMOTIONS: Give emotional strength

You are a person with intense emotions, likes and dislikes. On a professional level, you give yourself heart and soul,

and you have a special talent for tuning in to the emotional wavelength of others. It is difficult to keep a secret from you. You have the power to influence other people through your emotions. At its most negative level, this manifests as a tendency to manipulate others by creating an icy emotional atmosphere until they do what is necessary for you to feel more secure. It is a relief for all parties when you give up this exhausting habit which can negatively affect both professional and private relationships. You have very accurate intuitions about other people, and can be very forthright in expressing your feelings.

PERSONAL - EMOTIONS: Give emotional strength

Deep inside you are very vulnerable, but few people are admitted to the inner chamber where your emotions dwell. You are driven unconsciously to fiercely protect the things which are dear to you, and any hint of insecurity in this area evokes strong defensive emotions, jealousy and anxiety. Trust is an essential ingredient in emotional relationships, and it is only when you feel completely secure, that you can finally commit yourself in this area. When this happens, you consider that the bonds that are created are made for life. In the process of maturing you will learn a more relaxed attitude to relationships. This will only come after a deep sense of loss, which leads you to transform your emotional values in the sense that you learn not to invest all your emotional security in another person.

Moon In 2nd House

PROFESSIONAL - EMOTIONS: Attachment to personal values

Security and stability are major issues for you. You have a strong appreciation of what has value, and what doesn't, and as such you can achieve professional success dealing with property, food and catering for the basic needs of others. You prefer a job with a guaranteed income - childhood experiences connected with parental economy have taught you to play it safe and hang on to what you have got. Early memories of economic insecurity, especially as reflected by your mother's attitude to the administration of family finances give you a profound hunger for economic stability, and this inner need to avoid threats to your own financial security can mean that you stay longer than necessary in an unsatisfactory work situation.

PERSONAL - EMOTIONS: Attachment to personal values

You are very attached to the things you own, as they represent important emotional connections for you. You really do tend to hold on to things from the past, and they can clutter up your home. Your children and family

connections are major values for you, and it is a traumatic process when upheavals come in this area, and when bonds have to be cut. Some people may view you as materialistic and possessive, but you are a very giving person, just as long as you feel secure. Sometimes you eat just to feel secure. However you may be too fixated on security, and there will come periods in your life where you will lose the things that you are most attached to. Learning to adjust to economic fluctuations is part of a process of maturity for you.

Moon Sextile Mercury

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Emotional awareness

You have great persuasive talents because you make an emotional investment in everything you say. At its best you can use these communicative talents to sway the feelings of the people around you - obviously a great asset when speaking to a public. You know how to tune in to the mood of the crowd and have an instinctive talent for saying the right thing. You need to be passionately engaged in your work, and function best in a role which gives you human contact. You work better with people than with things, but there is good business talent, especially as regards property. You are not an analytical type, and your judgements are easily swayed by your feelings. Thus you are easy to read, and will often stumble verbally, when you encounter conflict. You would find success in a career in which you utilised your talent for listening and speaking to people.

PERSONAL - EMOTIONS: Emotional awareness

You are a person who likes to communicate on an intimate level with those you are close to, though you have difficulty opening up to those you do not know well. Other people are comfortable entrusting their thoughts and feelings to you however. Your word and tone of voice are always tinged by your emotions, and this ensures you a good audience. Your emotions tend to swing a lot, and when you are feeling negative it can be very difficult for you to express yourself clearly. Under extreme emotional conditions you will be rather irrational. You have probably been profoundly emotionally affected by sibling relationships, and even now may have a powerful emotional bond to a brother or a sister.

Your school years will also have had a great emotional impact on you, for better or worse. You are extremely sensitive to being criticised or misunderstood on a mental level. In many ways you are able to build a mental bridge between the conscious and unconscious mind, clarifying emotions through mental awareness.

Moon Conjunction Venus

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - EMOTIONS: Empathy

You have very winning ways with all kinds of people and can gain a great deal of personal popularity. Dealing with others - particularly the public - in some way or another, can be an important ingredient in your profession. You may simply like people; at least people feel as if you do. You have a particular talent for dealing with women, partly because you have an instinctive understanding of their ways. Women can play an important role in your professional advancement - indeed you may be rather dependent on their goodwill for better or worse. Basically you are a caring and sympathetic person - and you show it. Therefore you would function well in a position which gave you daily contact with people and the opportunity to support and nurture them in some way. You shun hard professional tactics and are easily hurt when rebuffed. This means that you may be too fragile to handle the rough and tumble of the marketplace. To feel secure you need to have a solid economy, otherwise you tend to be afflicted by worry. You have a talent for investment - particularly in property.

PERSONAL - EMOTIONS: Empathy

You have an affectionate nature - you have both the capacity to give succour and love, and a deep need to receive it. Obviously therefore, relationships are extremely important to you, and you tend to form lasting bonds at an early age. Actually the greatest bond will be to your own family, particularly the mother - for better or for worse. Men with this aspect tend to marry early and unconsciously compare their loved one with the mother. There is a tendency to slink back to the family home for a good meal from time to time, and the wife can have great difficulty asserting her own authority over the mother's. In more extreme cases the man evokes maternal behaviour in his partner, and finds her wanting sexually as a mistress. It is difficult to feel sexually attracted to a mother figure, so

unfaithfulness can ensue, as the man seeks to fulfil his sexual needs elsewhere.

Women with this aspect have to learn to integrate the two feminine functions - maternal and erotic - into their lives in some way. If she has difficulty with this she will find the sexual element in the relationship deteriorating, and will end up spending all her time on the house or with the children. A maid might be the answer!

For both sexes there is a tendency to be overattached and clinging, and too fixated on material security. Unconscious and unresolved childhood needs for love and security spill over into later relationships. It pays to develop a more detached attitude and a greater indifference to the need for constant approval.

Moon Sextile Mars

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Temperament

You have a dynamic and forceful personality, and generally get your way in your professional dealings. Your greatest enemy is your temperament - you get angry easily, and when you get angry, you take ill-considered actions. So if your job involves dealing with the public, there will tend to be a lot of conflict. You may however function well if your job entails the need to confront people and get things done, but not if it involves diplomacy or sympathy. You are impatient, but on the other hand you tend to invest your heart and soul into your work and get things done quickly and efficiently. However, you create an atmosphere of tension around you, and are extremely sensitive to criticism. You often imagine attacks which do not actually take place, instinctively going on the offensive, or defensive, to deal with supposed threats. Obviously this kind of reaction evokes the very kind of attack you are seeking to avoid. Only by taking a long, cool look at your assertive nature and by developing greater sensitivity and calm as regards others, can you hope to win goodwill in your professional life.

PERSONAL - EMOTIONS: Temperament

You were brought up in an atmosphere of tension which has made you constantly on guard. Perhaps your mother was an unusually aggressive woman, or perhaps there were many struggles in your family life. Whatever the reason you tend to get easily upset now - especially in your domestic life.

Women with this aspect are often attracted to emotional men who express their feelings passionately and intensely. However this may be because of unconscious provocation from the woman, who - never having experienced peace and calm in her early life - recreates the atmosphere of tension through criticism or angry moods.

Men with this aspect tend to have a short fuse, and often go about in an irritated state of mind. By identifying early childhood patterns of tension it may be possible to combat these negative emotional anger-states, which can be the source of a great deal of internal pain. Expression of anger rarely solves anything. It does not pay to let anger out, as you may fondly imagine. It pays to be conscious of the reasons for anger, before it arises.

As you mature and you gain insight into your emotional nature, you can learn to create an atmosphere of excitement around you. You will be inspiring to be with, and moreover, you learn to combat insecurity by giving freedom of movement and encouraging independence in those you are attached to.

Moon Opposition Saturn

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Self-sufficiency

You are a very responsible and dutiful person who is very motivated to live up to your commitments to society. You can work well in a role which requires hard work and a lot of responsibility, especially if this entails formal relations with the public in some way. You can function effectively as a buffer between the public and the authorities. You may have a special talent for working with old people, or with people who have emotional problems or very difficult life circumstances. You have a measured response to the people you meet and can evoke considerable respect from others, just as long as you do not allow yourself to be crippled by shyness. You can perform monotonous tasks patiently, and are good at systematising things and creating order. Professionally you are strongly motivated by job security and continuity at work. You are not very flexible, and tend to stick to long-term habits and work-patterns. On the other hand you are reliable and conscientious.

PERSONAL - EMOTIONS: Self-sufficiency

You are extremely sensitive emotionally, but present a very solid facade to the outer world, giving the impression that

you are quite cool, even invulnerable. Behind your formal manners is a person who was never fully allowed to enjoy a carefree childhood. At an early age you took responsibility in the family, repressing your own spontaneity and lowering your expectations because of emotional hurt. In later relationships you have difficulty letting down your protective barriers, even though you have a deep desire for intimacy. If you do get hurt emotionally you rarely let on, and you close the shutters on your feelings so that your loved one has no chance to make amends. After the age of 30 you learn more successful strategies for intimacy. First of all it is essential for you to be emotionally self-sufficient - if you sell yourself for security, you will end up in a prison. From a position of inner strength you can then allow yourself to be more trusting and vulnerable - you have nothing to lose and everything to gain by opening up emotionally without making any demands.

Moon Conjunction Neptune

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - EMOTIONS: Develop intuitive sensitivity
You are a supremely sensitive and impressionable person, and this will express itself as a moodiness and indefinable dissatisfaction. Yet you will almost certainly have creative and caring sides to your nature which can stand you in good stead professionally, as long as your job is not monotonous or meaningless. You have a capacity for being very sympathetic and understanding, and this may be a part of your work. You have spiritual talents - perhaps you can work with dreams or the unconscious in some way. You are powerfully influenced by your environment, and including the mood of the people around you. It is wise to choose environments free from pollution, spiritually, emotionally and physically.

PERSONAL - EMOTIONS: Develop intuitive sensitivity
The greatest challenge for you is to attain emotional satisfaction, and this is best done by understanding the nature of your childhood. It is essentially for you to avoid the tempting pleasure of indulging your emotions and sentimentality. You so easily fall into negative emotional states, and this can make life miserable for the people around you. Your emotional impressionability creates serious problems in partnership matters - you simply have difficulty distinguishing the boundaries between yourself and

your loved one. You take on the moods of others or absorb negative vibrations from the environment. The older you get the more you realise that this is just a bad habit, based on early conditioning. Avoid jumping into emotional swamps! Having said this, you have a wonderful talent for tuning in to other people emotionally and understanding them in depth. You are a very sympathetic person.

Jupiter transiting Conjunction Moon

07-01-2018 -> 09-10-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - EMOTIONS: Expanding your base
This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base
This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for

the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Mentality

Mercury In Virgo

PROFESSIONAL - MENTALITY: Create order

Few people possess your capacity to study and analyse information and present things in such an understandable and factual matter. You can develop considerable expertise in several different mental areas, and you will tend to cultivate a perfectionism in these areas. Your love of detail may mean that you get bogged down, and this can perhaps prevent you implementing your ideas. You are strongly motivated to be of service to others. This can however mean that people will dump tasks on top of you, so it is essential for you to discriminate between what you really want to occupy your mind with, and to curb over-helpful tendencies. You function well in an administrative position, where you have to make concrete judgements about what is useful, and what isn't. Natural secretarial skills are a resource you derive benefit from.

PERSONAL - MENTALITY: Create order

You are something of a perfectionist and have a helpful - if somewhat critical - manner. You have an eye for details and it pains you to see something out of place or done inefficiently. As such you tend to involve yourself in many daily tasks, smoothing out the rough edges and getting things to function. You can exhaust yourself with having too much to do. You are businesslike in the way you express yourself, and you may have a rather chiding tone of voice. At best you are very supportive and a great helper, at worst you tend to undermine others with negative comments. Generally however, you prefer to keep a low profile, both as regards your opinions, and your many good deeds.

Mercury In 12th House

PROFESSIONAL - MENTALITY: Mental communion

You have some unusual mental abilities because you are able to harness your intuition and tune in to signals and ideas which other people are not sensitive to. You function best in situations where you can have a low profile mentally and operate behind the scenes with your ideas. You

appreciate having the mental privacy to get on with your business without being disturbed. Being sensitive to mental pollution - the gossip, chattering or superficiality of others - you withdraw into the world of your own imagination. Here you can think up many ideas and projects which can bring professional success - particularly in connection with marketing, advertising or the media. You may also have artistic, creative or musical abilities.

PERSONAL - MENTALITY: Mental communion

The private world of your mind and your thoughts is very important for you. Perhaps as a child you were forced to retreat into your own fairytale world - at least now you can be quite happy with your own company. You are the type who keeps a private diary in which you commune with yourself. In partnership matters it is important that your loved one allows you to withdraw from time to time - but at the same time there will be a lot of misunderstandings - not to mention a growing isolation - if you do not take the trouble to reveal a little of what goes on in your mind. You have a number of spiritual talents - your mental receptivity means that you can derive great benefits from walks alone in nature, and you may even be open to some form of spiritual communication. Poetry, music and art can also be wonderful areas of refuge to you.

Mercury Sextile Venus

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - MENTALITY: Affability

You are a very versatile person, combining good judgement with taste and the ability to convey information in a pleasant manner. Success comes when you work with communication in one form or another. You may excel in the arts or in public speaking. You bring a human element into your professional dealings, and advancement will often come through the goodwill of others. Your mild manner and diplomatic nature leaves a good impression on others. You would function well in a position with lots of contact with people, for example dealing with personnel. You are very concerned about justice and make a strong effort to see both sides of any issues. You can secure agreement because you are willing to listen to others, and you are careful not to alienate people with impulsive remarks. Obviously with these talents you will prefer a harmonious

professional environment to one in which there was too much trouble or competition.

PERSONAL - MENTALITY: Affability

You have a gentle and sensitive nature, and strive to maintain harmony in your personal relationships, going a long way to meet the needs or demands of another, before you allow yourself to feel provoked. In love relationships communication is the single most important factor. This may stem from a very close relationship to a brother or sister when you were a child. Even now, you probably cultivate a brotherly or sisterly manner in your relationships, where games and the element of play have an important role. As mental stimulation is so important for you, you can get bored with your partner, and for some people this may mean a tendency to become romantically involved on the side, though there is rarely any malice involved, should this be the case. Erotic desire is hardly a motivating factor for you, but you do have a tendency to flirt, and this can make your life more complicated than you would wish.

Mercury Conjunction Mars

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - MENTALITY: Sharpness

You have an extremely acute mind, and can generally come to a decision far faster than the average person. You are quick to take action and enjoy the pleasure of outsmarting your competitors. You enjoy the thrill of mental combat. However you often cut corners, and your methods can be questionable. Your brusque manner can evoke considerable hostility in your place of work, so if you find yourself constantly getting into arguments or finding people irritating, you can be quite sure it has something to do with your behaviour. Perhaps you have a tendency to barge in or interrupt conversations, perhaps you speak in too harsh a manner or do not listen enough to others. It pays to plan more patiently, and think twice before you make your opinion known. You would function well in jobs which require tough negotiations or an aggressive verbal style. You have plenty of energy too, and like to travel and meet people. You are a go-getter.

PERSONAL - MENTALITY: Sharpness

You get into too many arguments, and rarely consider the idea that you may be wrong. This truculent manner probably

stems from conflicts in childhood with brothers, or perhaps your father. You worked out then that the best means of defence was offence. Yet troubles arise later in life because your frank and direct manner makes people feel that you are offensive. You don't always have to tell people what is on your mind. You hate to be bossed around or told what to do, so make an effort not to act in this way with others. Give them time to express themselves without interrupting, and resolve to stop criticism and arguments. Women with this aspect are often attracted to rather sharp men who may have questionable morals, or be rather argumentative types, although this is a projection mechanism based on inner conflicts. Men tend to retain adolescent qualities and act at times as if they know everything.

For both sexes it is important to slow down, otherwise the nervous system can be adversely affected. When you channel your enormous energy into creative, fun projects, you can achieve a great deal.

Mercury Trine Saturn

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - MENTALITY: Mental discipline

You have a logical and disciplined mind, and special skills as regards working out systems and performing tasks which require patience for long periods of time. You prefer to stick to rules and established methods, but you can apply your mind to any task in a very conscientious way, if required. You may be rather suspicious in allowing the imagination to have too much influence - you are the kind of person who reads instructions carefully and follows them. This can make you a little inflexible as regards integrating new methods. Furthermore your admirable attention to detail can hinder you in getting an overall perspective on things. In the first phase of your professional life you can be afflicted by a sense of mental inferiority, so it is important for you to spend time on further education in a constant process of acquiring new skills.

PERSONAL - MENTALITY: Mental discipline

You are oversensitive about your intelligence and have a tendency to work twice as hard to prove to yourself and to others that you can meet intellectual demands. As you put so much effort into improving your mind, you can become quite an expert in your chosen field. However in personal relationships you can become very defensive when you are

misunderstood, and in situations when you try to understand another person, a mental block can descend because you invest too much self-conscious effort in the process. Relationships would benefit dramatically if you were more relaxed in this respect. You are reluctant to admit it when you do not understand, and this can lead to an escalating situation of misunderstandings. You are also rather a stickler for detail and can be frustratingly pedantic, and your formal style tends to stand in the way of mental spontaneity. Many of the problems around communication improve after the age of 30, as you learn that communication is not a competition but rather a two-way process in which understanding brings mutual benefit.

Mercury Conjunction Pluto

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - MENTALITY: From secrecy to openness
You have an investigative mind and considerable talent for finding out about hidden issues and analysing things in depth. You are also good at keeping secrets. As such you are a natural detective and are able to find the root cause of problems. This is a useful talent in psychological matters, when working with computers or anything requiring fanatical attention to detail. There is an ability to tap hidden sources of information. In your professional life, however, you are inclined to be suspicious, fearing that important information is being kept from you. People can feel that you interrogate them, and they tend to clam up. Sometimes you express yourself far too forcefully and do not allow people to come with their views. Success comes when you overcome communication problems connected with anxiety.

PERSONAL - MENTALITY: From secrecy to openness
You are a rather secretive person; you think hard and deeply, and sometimes you are plagued by compulsive ideas and fears. Much of this is a result of childhood anxiety connected with lies, secrets or lack of communication. Because you do not always let on what you are thinking, you can easily be misunderstood. Put people's minds at rest by clearing up these misunderstandings and strive to be as open as circumstances permit. When your feelings are hurt you can be silent for long periods. And when you are insecure, you tend to be suspicious of your partner. Harmony in relationships comes when you resist the tendency to argue for hours at a time, or to use silence as a

weapon, and instead learn to be open and trusting.

25-02-2019 -> 20-11-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

Saturn transiting Square Mercury

01-01-2017 -> 26-11-2017

Major irritation factors arise as a result of this influence, yet

if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - MENTALITY: Mental self-discipline

You are challenged now to get organised and to administrate your time sensibly. There is a particularly emphasis on improving and consolidating your talents. Long-term plans for training courses or intellectual improvement can be put into effect. Writing or communication blockages must be overcome. You can develop the necessary mental discipline now to attain your goals. Expect communication problems, and expect plans or travel arrangements to be delayed. There needs to be far more attention to detail. Attend to the small print when signing contracts.

Learning to economise with your words and messages is an essential lesson for this period. How can you express yourself most effectively in the shortest possible time? If you develop the self-discipline to organise your daily life so that you can attend to mental challenges, you can expect very satisfactory long-term results. There is a strong emphasis on business matters at this time - but many minor irritations. Take one problem at a time, be patient, and solve challenges with long-term strategies.

PERSONAL - MENTALITY: Mental self-discipline

This is a period in which you have more than the average amount of worries. There are many practical issues to be solved, and there is no other alternative than to get down to each issue and concentrate on one thing at a time. It is important to organise your time more efficiently. Problems particularly arise in the area of communication. This is the time to address these issues and find practical solutions.

If you feel unsure of your intellectual abilities or that you lack the necessary training to do what you want, then you should make a commitment to improve now. You need to spend more time talking and listening to your partner - there are issues which need to be solved. Problems can also arise in connection with sibling relationships or neighbours, and if you are patient and diligent you can find long-term solutions. Discipline your daily life and realise creative dreams.

Venus Sextile Mars

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - VALUES: Enjoyment

You have a dynamic creativity, but how you use it depends greatly on the nature of the aspect. Harmonious contacts between Venus and Mars give an exciting and winning nature, and the ability to work creatively with both sexes in whatever field you may be in. Inharmonious aspects also give considerable creative power, but conflict regarding sexual roles can sabotage success in one way or another. There is a strong erotic element in your character, and this can lead to sexual involvements which distract you from your business. Men with these aspects tend to be more active in their sexual pursuits, women often feel they are on the receiving end. It all depends on the unconscious signals that you send, as you have a natural sex-appeal. If all goes well you can emanate warmth and congeniality which brings professional popularity. This can lead you to success in many fields, especially those in which physical strength is combined with grace in some form. You would also work well in public relations, and in dealing with children. Entertainment and having a good time can be very important for you in your work.

PERSONAL - VALUES: Enjoyment

As Mars and Venus are the male and female archetypes, this combination brings a powerful need to resolve the dilemma between the sexes. Harmonious aspects show greater ease in this matter, but inharmonious contacts and the conjunction bring extremely difficult challenges. Often confusion about the sexual role stems from the impression given by the parents concerning their love-life, particularly if infidelity was involved. Women with this aspect often experience a strong contrast between the demands of femininity and those of sexuality, and in extreme cases the man is perceived as being a primitive only interested in sexual satisfaction. Actually the woman sends strong sexual signals but gets confused about the response she receives, not knowing whether to take the initiative, (ladies don't do that), or be passive. The paradox is that women with this aspect have strong masculine traits, and can resent the man taking the initiative. Men with this aspect will sometimes have rather feminine traits, and have difficulty taking the

initiative.

Whatever the circumstances, the erotic life plays an important role in the character, and there is a strong tendency towards sexual involvements which can be a threat to stable relationships. There is in both sexes a difficulty in integrating the loving nature with passion and desire - when to be tender and affectionate, when to go your own way? When to be attached, when to be detached? When to be chaste, when to let the body take over? When a balance is found, then there is great potential to have enjoyable relationships on both the physical and spiritual level.

Venus Opposition Saturn

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - VALUES: Formality

You have a strong sense of responsibility regarding your professional relationships, and you value trust and stability most of all. You can therefore function well in long-term business partnerships, and you are especially good at relating to the public in a friendly, though formal manner. You have a pleasing diplomatic nature and a fine sense of protocol. Job security and a strong economy are important to you, and other things being equal you are very careful with money. This may give talents connected with the financial world, banking, investment etc. Women with this aspect can be especially ambitious and willing to endure considerable hardship to get on in a career. In general there is more emphasis on the professional life than on the personal. As time goes by you grow to learn exactly what you are worth, and expect to get paid for it.

PERSONAL - VALUES: Formality

It is unlikely that you will be completely fulfilled in your love relationships during the first 30 years of your life. You may have a rather low sense of self-worth and a correspondingly low threshold of expectation as far as romance is concerned. You prefer to play it safe, having burned your fingers in your young days. You may be attracted to an older partner, who can provide structure and security in a relationship, although security of this kind can prove restrictive in the long run. Intimacy does not come easily to you because of a strong fear of rejection. You maintain a cool facade as a protective measure, though this only makes your world a little colder. As you get older you learn

that it pays to be a little more vulnerable, it pays to take a risk with your emotions. First you need to build up a strong sense of personal self-worth. Then by showing your own feelings without demanding exaggerated demonstrations of love in return, you can create a safe space for the mutual exchange of love.

Venus Conjunction Neptune

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - VALUES: Acceptance

You have an extraordinarily refined aesthetic sense. Disharmony evokes an almost physical unease in you, so you are strongly motivated to recreate balance in your inner and outer world. Professionally this can manifest in a career where matters of taste are important, or diplomatic talents necessary. You are especially suited to public relations matters, but your genuine compassion for other people may incline you to work helping others in some way. Although you may be strongly inspired by items of physical beauty, you will rarely be satisfied by material well-being alone. You have musical and artistic talents.

PERSONAL - VALUES: Acceptance

You are willing to make sacrifices for love, and as an incurable romantic you are skilled at creating circumstances for personal disappointment, either through poor judgement regarding potential partners, or unrealistic expectations. You are looking for more than a worldly love - you need to feel as if your soul is touched by your partner, you need to feel a spiritual bond. To be happy in this area of your life you must understand and accept so-called imperfections in others. The perfect partner does not exist and you will never find him or her. It is important to choose an equal - not someone you idealise or want to save - and it is important that the chosen one shares ideals and dreams which transcend conventional relationship needs. Unhappiness and dissatisfaction in love is actually the result of unconscious impressions from your distant past, and these feelings actually have a spiritual purpose now.

Jupiter transiting Conjunction Venus

05-01-2018 -> 08-10-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and

attitudes in your life.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

Drives

Mars In Virgo

PROFESSIONAL - DRIVES: Develop organisational talents

You are a naturally hard-working person with a great talent for analysis and research. There is also a fine organisational ability and a natural conscientiousness when completing tasks. Indeed there is a tendency to be something of a perfectionist. Whilst this is a very fine quality as regards working with things - especially accounts, files, planning, etc. - it can create problems when dealing with people. Your colleagues may find you too critical, and your tendency to go into the smallest details may mean that you take too long completing tasks, or fail to see the big picture. There is often great talent for technical matters - for example engineering, computers etc. At the same time there is a strong health consciousness which can manifest professionally in connection with diet or the body. You work hard, perhaps too hard. By mastering your natural ability to delegate you will be able to take time off to relax.

PERSONAL - DRIVES: Develop organisational talents

You are conscientious both at home and in your job. You also have a tendency to be rather self-critical and worried - this can affect your stomach and digestive system, so it will pay for you to consciously develop a greater awareness of health matters, diet, exercise etc. Men with this position of Mars are extremely good at making themselves useful in relationships. Women are attracted to the hard-working kind of man who creates a busy atmosphere in the home. For both sexes hygiene and cleanliness is important, both as regards the home, and in sexual matters. There is a tendency to be over-critical and nagging, which of course will have a negative affect on relationship harmony. Perhaps this comes from an inherent perfectionism and physical restlessness. If this energy is channelled constructively it will be reflected in many improvements done in the home and garden.

Mars In 12th House

PROFESSIONAL - DRIVES: Inner struggle

It is not easy for you to feel motivated by your work, or to take your ambitions so seriously. You are not a competitive type - or at least you are half-hearted about taking up the fight, basically because you cannot see the point. You function best when you can work in your own space, without too much interference from others. You are not a team person and should find a position behind the scenes in some way. It is difficult for you to define what you really want to do. You feel most inspired when you can work for a cause - especially if you can help people in real trouble in society. Selfless service of this nature can inspire you, and you have a special talent for helping people with mental

troubles. The essential element in your professional life is to be inspired by a collective ideal.

PERSONAL - DRIVES: Inner struggle

Many of the troubles in your life stem from the inner world of your imagination. Worries and fears often stem from early disturbing experiences in connection with a brother or a father. Because you have a very active imagination you can have a very real sense of being threatened by shadowy forces. You have to take care not to exacerbate these feelings through drugs, pill misuse or alcohol as you are simply oversensitive to bad vibrations. For women with this influence, dealings with men have a tendency to be affected by unrealistic expectations which simply invite disappointment. In sexual matters there may be a dream of a special kind of holy union and rejection of carnal desire. Secret sexual encounters in which you hope to realise this dream lead to confusion and chaos. This influence is best utilised in the search for spiritual understanding - but even here you need to ensure that both feet are planted firmly on the ground. Hard work for the benefit of others purifies your soul.

Mars Trine Saturn

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DRIVE: Discipline

You are the workaholic type, and can during the course of your life develop an incredible self-discipline. You may have special talent for working in the building industry, or with mechanics and engineering, or in any field which requires will-power and hard physical work. On occasions however, you can be stricken with inertia, and find it very difficult to get started. You have a fear of failure and can feel particularly vulnerable in competitive situations with other men. Difficulties can arise with male authorities, as you are very sensitive to being dominated or ordered around. You have the will-power and ability to work for yourself, being particularly good at making long-term plans and strategies. To succeed professionally it would be to your advantage to work smarter rather than harder. You can end up using all your time on monotonous work precisely because you are so disciplined and persevering. It can pay for you to take a risk, even though you have a strong fear of failure. Try to be motivated by anticipation of future success rather than fear of past difficulties.

PERSONAL - DRIVE: Discipline

As a child your spontaneity was probably hindered in some way, and there may have been difficulties with a father or brother connected with discipline and responsibility. Your upbringing may have been rather authoritarian, even to the point of physical violence. There may have been a strict moral code in the family. In later relationships you expect a lot of resistance, so you invest a lot of energy either in self-control, or in trying to impose your authority. Women with this aspect are often attracted to older men, who tend to become buried in their work. Often the relationship develops in such a way that the woman feels dominated - but this can be due to hidden unconscious needs to recreate the atmosphere of structure and discipline from childhood, and a refusal to discipline her own life. Men place a high priority on their professional life to the detriment of their emotional or sexual relations. A fear of being controlled can bring battles of will and severe confrontations. These problems resolve themselves with time, as you learn to relax and be kinder to yourself. Less work and more play and greater flexibility as regards behavioural rules leads to more rewarding relationships.

Mars Conjunction Pluto

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - DRIVE: Cutting through decay

This influence has a major effect on your career. In your life you are confronted with the issue of power - and powerlessness. You may not be aware of how forceful you are, and therefore you often encounter confrontations and get involved in power battles. Your strength in this area equips you to deal with crisis situations which other people would rather avoid. Thus you can get involved politically or socially, perhaps in trade union activity or in the corridors of power. Although you have a lot of abilities in this respect you may not find great satisfaction in these areas. You have a good deal of psychological talent, and may find fulfilment in helping people in crisis, or people who have adjustment problems. You may have psychic or healing talents.

You work hard and very intensely, often into the late hours, and actually you may have difficulty knowing when to stop. It is important to identify this obsessive quality, otherwise you can drive yourself to collapse. By structuring your working hours, you can avoid exhaustion. Life would be easier for

you if you were more relaxed. You are very sensitive to what you consider the misuse of power - this is connected with humiliating situations connected with will and power in childhood. Later in life you run into similar situations, especially with authoritarian or dominating - even tyrannical - men, and you tend to overreact. This leads to battles of the will which are quite exhausting - even more for others than yourself. These situations are best defused by seeing them in a different light. By clearly showing others the limits you are prepared to accept, and by sticking to them diplomatically, you can win respect and avoid power games. Remember, if your motives are straight, you will attract people who will be straight with you. It is important for you to think positively about others. You are a powerful ally and a dangerous enemy.

PERSONAL - DRIVE: Cutting through decay

You have experienced a number of deep traumas in your childhood through events which may be secret or repressed. This can be linked to the influence of men - particular your father or a brother. Often a stepfather or half-brother plays an important role. Sometimes a sexual theme is involved. You may also have been deeply affected by someone who had a deep psychological problem. In some way your will was totally overridden at some point in your childhood, and you are profoundly affected by the humiliation this incurred. It is also possible that you experienced your father - who was dominating, but weak - being humiliated in some way.

Later on, intimate relationships are characterised by great intensity and power games. There is a need for a strong partner who can stand up and fight his or her own battles. Women with this aspect are profoundly attracted to magnetic and powerful men. Such a relationship develops predictably: where the man initially starts as the dominating figure, the woman begins to discover weaknesses as time goes by, and in doing so loses respect. When the relationship ends, the roles have been reversed and the man often ends up in a humiliating position.

Men put too much focus on sexuality and the need to demonstrate masculinity. Jealousy and control can be dominating, though concealed, factors in love. The relationship tends to be marred by criticism of weaknesses and bitter discussions over influence. Often therapy can solve difficulties connected with the complex psychological projections involved in this kind of relationship. As time goes by you will discover the benefits of your enormous energy resources and latent power. As a result you stop struggling against imagined power misuse, and simply no longer feel threatened. Deep satisfaction comes from discovering

psychological and psychic talents.

Jupiter transiting Square Mars

26-01-2019 -> 28-10-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater

consciousness concerning health, and the muscular system, as well as personal sexuality.

Wisdom

Jupiter In Scorpio

PROFESSIONAL - WISDOM: Practice good magic

You were born at a time which highlighted developments in the world of international finance, issues of elitism, secrecy, and power use and misuse. When you fully realise your personal potential in this area, you will be able to use your capacity to deal with and wield power in one way or another. This can give success in the corridors of power or high finance, or alternatively you can develop deep psychological insight based on inner philosophical or religious convictions. Your deep emotional commitment to your beliefs enables you to achieve your will by the magnetic force of your presence alone. Success comes within your reach when you enunciate and act on beliefs which relate in some way to the emotional health or security of other people. You have the power of the magician; when you focus your energy on future transformation, miracles happen.

PERSONAL - WISDOM: Practice good magic

You have a deep and intense emotional nature with powerful, though often secret, convictions. At some point in your life your beliefs will undergo a radical transformation in which you abandon old belief systems. Even when silent you tend to exude a powerful influence on those around you because of the strength of your beliefs. It is wise therefore not to be too forceful outwardly, but to reach inwards into the burning ground of your emotions. Possessiveness, sexual desire, ideological obsessions and other powerful emotional drives can exert a strong influence on you, until the time comes when you eliminate the hold they have. When this time comes you develop even more insight into the secret nature of the human mind and emotions.

Jupiter In 2nd House

PROFESSIONAL - WISDOM: The Universe will provide

You are generally fortunate in economic matters, and one of your greatest resources is your ability to expect the best of the future. Your capacity to have faith in the principle of abundance will be directly reflected in your material success. You are willing to spend money to make money, and many people can benefit from your generosity. You may have a talent for advising others on economic issues, especially as you have considerable financial foresight. You may earn money in connection with abroad. Financial

security is a natural expectation for you. It is unlikely that there will be any anxiety as regards economic matters, but should there be, you are a fast learner and gain insight into major issues when in financial trouble.

PERSONAL - WISDOM: The Universe will provide

Unless other compelling factors prevent this, you will enjoy a very good standard of living. Paradoxically material luxuries will not be of primary importance for you, they just follow in the wake of your generous disposition. You place greater value on self-development and understanding than on material gain, and it is the resultant expertise which brings you rewards. You have remarkably strong moral values and convictions which will manifest in philosophical or political opinions which you stick to through thick and thin. You have a strong sense of ethics, and other factors in your horoscope will indicate whether this is expressed in a tolerant or moralising way.

Jupiter transiting Conjunction Jupiter

06-11-2017 -> 04-12-2017

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in

existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

Jupiter transiting Conjunction 3rd House

08-11-2018 -> 04-12-2018

PROFESSIONAL - WISDOM: Spread your opinions
You are probably a widely-travelled person - at least you have wide interests and constantly seek to expand your mental horizons. You have a natural wisdom and the talent to discern the main issues and true meaning behind everyday events. You have natural abilities as an advisor or teacher, particularly at higher levels of education. You could

be a skilled negotiator, perhaps on an international level. Your unquenchable thirst for knowledge and understanding inclines you towards a profession in which you are asked to draw conclusions after studying a wide variety of material. You may be involved in the further education system.

PERSONAL - WISDOM: Spread your opinions

You experienced considerable mental stimulation as a child, and a family member or teacher will have played an important role - perhaps as a mentor - encouraging you to learn and ask questions about life. Mental Ping-Pong at an early age will have evoked extremely strong mental convictions in you, making you a very persuasive person. You are probably knowledgeable and interesting to listen to, but you may be opinionated and dominating in an innocent kind of way. To be truly wise, one must also be receptive to other people's ideas. In relationships you respect intelligence and demand mental equality. You have little time for superficiality and are always seeking profundity. You find meaning in the small things in life.

Challenges

Saturn In Taurus Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

PROFESSIONAL - SELF-RELIANCE: Solid values

Saturn was in Taurus in the years 1939-42 and 1969-72. At this time there was a strong refocusing on economic resources and the values in society. This will also be a central issue for you in your professional life, and you will find yourself struggling hard to attain the economic stability which can make you feel secure. You have the capacity to administrate resources in one way or another, and you will pull hard, along with your generation, to create foundations for economic growth. You are also acutely aware of your own worth as measured by your own earning power. It is difficult for you to feel satisfaction in this area, and you work hard to constantly improve your financial situation, even though it may seem quite stable in the eyes of other people. You are of course strongly influenced by the spirit of the time when you were born, where society became acutely aware of scarcity.

PERSONAL - SELF-RELIANCE: Solid values

Self-worth is a major issue for you, and it is by no means

easy for you to feel deserving. You may find yourself working extremely hard - for you are a persevering character - to attain material goals which can convince you of your worth as a human being. However there will be times in your life when you have to redefine your attitude towards material things as a yardstick for personal worth. One of the secrets of contentment is learning to feel an inner satisfaction and gratefulness for what you have got, rather than focusing on what you have not got. You can learn a lot by tuning into your physical senses and your bodily needs, and learning to appreciate simple sensory pleasures.

Saturn In 8th House

PROFESSIONAL - SELF-RELIANCE: Relinquishing control During the first part of your life you will feel a strong - even obsessive - need to attain your ambitions and establish a security based on a secure status and solid economy. You exude an air of power and authority, and you can hold down a job which requires tremendous determination and survival powers. However you are not comfortable being under the authority of others - though you will find you often are. Compromising yourself to maintain high status or a secure economic position forces you to establish a rigid facade of emotional coolness. These kind of ambitions does not lead to any long-term satisfaction. If you do achieve the high status or respect that you long for, you will experience it as an emotional prison and will feel considerable anxiety about losing your privileges. It is just a question of time before this kind of false security splinters, and you replace earlier obsessive drives with a total redefinition of your personal values. This brings an emotional release from driving ambitions, and leads to the discovery and definition of new personal goals.

PERSONAL - SELF-RELIANCE: Relinquishing control The major challenge of your life is to break down the emotional barrier that prevents you from enjoying intimacy with others. Early emotional pain has taught you to protect yourself by building up a wall of indifference. This wall can bring despair and frustration to your partner. Behind this wall you are hungry for a deep emotional commitment. As long as the wall exists it is difficult for you to experience any deep satisfaction. Your defensiveness prevents you in particular from enjoying sex. Sexual satisfaction is dependent on showing emotional vulnerability - the thing which you fear most. Paradoxically it is only when you show your vulnerability that you discover you cannot be hurt. When you discover intimacy, the floodgates of emotional gratification

open to you. Life is a long development process of liberation from emotional blockages.

Saturn Opposition Neptune

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - SELF-RELIANCE: Dissolution of structure

These two slow-moving planets form rare aspects as part of a 36-year conjunction cycle. Insofar as you express this influence in your professional life, you will be concerned with making dreams real, and bringing visions down to earth. This may be expressed politically, through concerned social work, or perhaps your career will be touched by some other form of contact with the pressing social issues that this aspect symbolises. This can mean dealing with suffering in one form or another, for example loneliness or poverty, old age, alcoholism etc. As regards your own ambitions, you will often feel that you are driven by a deep sense of professional dissatisfaction, and even the goals you attain may seem empty once they are achieved. True meaning is found in some form of service in which you sacrifice personal ambition for a universal cause.

PERSONAL - SELF-RELIANCE: Dissolution of structure

Though this aspect is felt mostly on a collective level, there will be times in your life when you are struck by a deep sense of sadness or tragedy. In some peripheral area of your existence you will encounter deep suffering which will make a lasting impression on your attitude to life - particularly as regards the drive for personal achievement. This kind of experience may tend to make you escapist in one form or another, or you may feel a strong drive to find personal meaning through work, service and sacrifice. During the course of your life you learn to find hope, when things seem most hopeless. You are very aware that personal status and material achievement give no lasting answers to human dissatisfaction; it is the inner, spiritual qualities in existence which count. If you have personal planets contacting this aspect, you will feel the influence very strongly.

Saturn Trine Pluto

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong

configuration in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - SELF-RELIANCE: Re-evaluate personal power

Normally this influence is felt more collectively than personally. The main issue here is the structure of power - its use and misuse. In your life you are sure to encounter people and organisations who have a powerful position in society, for good or ill. This can for example include the police, tax authorities, corporations or secret organisations. When this influence becomes strong in your life, you will find yourself in a position which requires enormous willpower. This can lead to the overthrow of powerful people, or the collapse and restructuring of powerful institutions. It is your mission to transform the unacceptable use of authority. You also have the capacity to wield power and in doing so reform organisations.

PERSONAL - SELF-RELIANCE: Re-evaluate personal power

You can both be a victim of tyranny, and a person who unconsciously adopts an authoritarian style yourself. The energy you invested in survival early in your life can give you an imposing and even frightening aura. You have to make sure therefore that you use your natural authority to empower rather than weaken others. In intimate relationships you are extremely sensitive to the misuse of power and any sense of helplessness. If you unconsciously overreact in this area it may be you yourself who evokes fear in your partner. In times of crisis you may use the threat of allowing your life structure to disintegrate totally to keep your partner in line. Do not be afraid to be gentle and tender.

Jupiter transiting Opposition Saturn

14-01-2018 -> 15-10-2018

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your

future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework

At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

Originality

Uranus In Libra

Uranus In 1st House

PROFESSIONAL - ORIGINALITY: Be unique

You have many unusual and original character traits, and you take pride the elements of your life which are unique. You have a provocative style and a desire to bring renewal in your personal environment. Professionally you are not suited to a job which cramps your style, and you may prefer to strike out on your own. You have inventive talents, global interests and a need for unpredictability in you day-to-day life. There may be talent for untraditional or futuristic interests. There may be technical talents or be interest in New Age matters - but whatever you do you need to feel that you have a special role, perhaps a little bit on the periphery of society. Sudden and radical changes in your professional direction are to be expected. The lure of exotic climes may bring travel.

PERSONAL - ORIGINALITY: Be unique

You were probably born under unusual circumstances which in some way created an outsider mentality in you. You have not taken kindly to parental influence, preferring to make your own rules as you go along. You tend to prove your point by doing the opposite of what is expected of you. You

have a slightly disturbing influence on others, as you like to provoke changes in your environment. The more extreme your life-style and opinions, however, the more you are likely to feel alienated. You walk the delicate tightrope between creating much-needed renewal or just upsetting others. Nevertheless you can be well-liked, and probably enjoy a wide spectrum of friends. As you do not believe in favouritism in any shape or form, you can attract very unusual people into your sphere of influence. In partnership matters you insist on personal freedom.

Saturn transiting Square Uranus

17-02-2018 -> 08-01-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - ORIGINALITY: Limiting individualism

This influence may not be so obvious in your life, unless you have strong Aquarius characteristics. It is a time when it pays to make constructive use of modern techniques in your career, or perhaps pursue interests connected with exotic cultures or people. Concrete work on untraditional or new age interests is also favoured. You will probably find that you will have to make some compromises with your tendency to be an outsider and to hold society at arm's length. It pays to build a bridge between old traditions and modern trends. Social idealism and commitment is favoured.

PERSONAL - ORIGINALITY: Limiting individualism

During this phase of your life, you will find that you have to take more responsibility for those sides of your nature which are outrageous or provocative. Authority figures will demand more self-discipline and social awareness, and you will not be permitted to merely indulge your extremist views. However this is a good time to develop your interests in original and untraditional subjects, new age matters, and global awareness, especially if you have constructive plans in these fields. This may be a time when you will want to make a more formal commitment to an unusual group.

Transcendence

Neptune In Scorpio

Neptune In 2nd House

PROFESSIONAL - TRANSCENDENCE: Refine personal values

You have a rather haphazard attitude to material values - you may be quite successful at accumulating worldly goods, but they have very little meaning for you. Experiences early on in your career convince you that it is no use selling your soul for material benefit. Professionally it is not the lucrative offer that catches your interest, it is more the ability to use your fantasy and imagination - and these are great personal assets. You have a talent for finding unusual solutions to material problems. You may find material success connected with advertising, film, the oil or chemical industry, or in caring professions. You have a "liquid" attitude to money, and if you are not careful you can be called to account for poor financial administration.

PERSONAL - TRANSCENDENCE: Refine personal values

You are well aware of the idea that money does not bring happiness, and experience tends to bear this out for you. Material loss will have profoundly affected your values at some point in your life, and as a result you hate to prostitute yourself for material gain. Nevertheless you often dream of attaining wealth, and success in this area would be no problem, as you remain unattached. There may be special circumstances in your life which drain your finances - keep an eye on your money! In partnership matters there can be a drain on your finances through some economic folly based on false idealism, or some issue which you refuse to confront. You prefer to live in blissful ignorance about your finances, and you will pay for this.

Neptune Sextile Pluto

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry

there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

PERSONAL - TRANSCENDENCE: Mass vision

If you have this influence powerfully evoked by other factors in your horoscope, you will be deeply affected by spiritual issues, and constantly seeking to refine your consciousness. At these times you are likely to experience great personal disorientation and confusion, as old dreams and visions are replaced by new, deep psychological insights. Inner growth will have major priority in intimate relationships. During periods of your life you will undergo deep transformations in which your fantasy and imagination will play a powerful role. It is essential to learn to use your imagination in a positive way by learning about the power of the unconscious.

Neptune Square N.Node

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DESTINY: Living a dream

Though you tend to keep yourself on the outskirts of the organisations and groups which constitute society, you may be able to exert a quiet influence on the collective mood through your deep concern or high ideals about human life. You may have Utopian principles with completely unrealistic dreams about human nature and social relationships, but you do have a guiding vision for humanity. You may have the ability to channel collective visions through the power of the media. People project their hopes and dreams onto you.

PERSONAL - DESTINY: Living a dream

Your life is a journey in search of the unattainable. You are guided by feelings and intuitions which go completely beyond your personal ego, and you may feel - or long for - a sense of connection with eternal forces in the universe. During the whole course of your worldly existence you are reminded of the emptiness of so-called reality. Many disappointments arise to remind you of the futility of worldly ambition, and the field of human relationships is pervaded by an aura of dissatisfaction. You are in the world, but not of it.

Jupiter transiting Conjunction Neptune

21-10-2018 -> 17-11-2018

Major changes will occur in the area of your life described

here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

PERSONAL - TRANSCENDENCE: Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

Transformation

Pluto In Virgo

Pluto In 12th House

PROFESSIONAL - TRANSFORMATION: Exorcism

You may be able to use a talent for helping people on a psychological level in your career. You have the ability to keep cool when everything around you is in chaos, making decisions and cutting through to the essential issues when there is nothing firm to hold on to. You can deal with people who have gone over the abyss into total mental confusion, psychosis and self-destruction. You can orientate yourself in a psychic landscape populated by the demons of irrational fear and trauma. Perhaps at some point of your life you will work in a secret environment totally removed from the rest of society. You may also choose to throw in your resources into fighting evil forces in society. Having said this, you may be pathologically secretive yourself and afflicted by exaggerated fears of conspiracy, or that people go behind

your back, or with the idea that everything is being manipulated by powerful and shadowy forces behind the scenes.

PERSONAL - TRANSFORMATION: Exorcism

During the course of your life you are going to have to face and purge inner psychological demons which defy the boundaries of rationality. Early in your life your behaviour will be subtly influenced by repressed fears such as the fear of the dark, or fear of nightmares, or fear of being locked away. You are more aware than anybody of the influence of the shadowy world of the unconscious, and this can give rise to a certain paranoia because of the idea that unseen forces are more powerful than you. At its worst you may be obsessed by unprovable conspiracy theories regarding large organisations. However, where there is evil you have the resources to combat it, and where there are people in psychic need you can step into their personal hellworld. You can develop powerful spiritual and psychological insights during the course of your life, and through a process of inner transformation and purification you purify your soul.

Jupiter transiting Square Pluto

09-11-2019 -> 06-12-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSFORMATION: Power play

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

PERSONAL - TRANSFORMATION: Power play

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the

secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

Saturn transiting Square Pluto

03-02-2017 -> 26-12-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSFORMATION: Bonds on power

This influence may not be felt very strongly, unless you have strong Scorpio traits. This is a period when you are confronted with power manifestations in society, and it can be necessary for you to summon up reserves of strength and determination to handle situations which seem beyond your control. Take care in your dealings with police, tax authorities or underworld characters, as you are liable to meet people and groups who are in a position to humiliate you. In professional matters you have to take a closer look at what goes on under the surface. Eliminate any corrupt elements, and look more closely at your motivation when asserting your power.

PERSONAL - TRANSFORMATION: Bonds on power

Though sometimes rather subtle, this influence can release powerful elements in your unconscious mind. If you are a victim of emotional states such as jealousy and paranoia, now is the time to make an effort to deal with them. Deep-rooted psychological complexes which manifest as obsessive behaviour will surface now and the more you try to repress them, the greater power they will have over you. A sure danger sign is if you start accusing other people of evil behaviour, or if you feel that you are being shadowed or persecuted. Inner demons manifest in outer events now, yet solutions are to be found within your own being. You can contact archetypal forces now, for example through shamanism.

Destiny

N.Node In Pisces, S.Node In Virgo

PROFESSIONAL - DESTINY: Rewards in heaven

During the first part of your professional career you work hard and efficiently and you exhibit a rather obsessive perfectionism which may prevent you from realising your full potential. There is a tendency to get snowed under with work, and the older you get the more monotonous work tends to be. There is a gnawing doubt about the value of the

work you do, and it becomes essential for you to gain a greater perspective and define what your life's work should be. Having a sense of meaning in your life becomes more important than drudging on day after day. This can inspire you to work more creatively and become more flexible in your working attitudes, even though you risk losing the security of regular and guaranteed work. Changing your working style can be important for your health.

PERSONAL - DESTINY: Rewards in heaven

During the course of your life there will be a transition in your values as regards the meaning of your existence. An early tendency to structure your life through work, planning and order has the effect of making everyday life mechanical and meaningless. Your work - which tends to dominate your waking hours - brings less and less satisfaction, and an existential crisis or spiritual experience will lead to a revaluation of how you can best use your time. There will be a reorientation from a planned existence to one in which you are more open and flexible. Spiritual, artistic or creative interests are given priority, and this gives you a new sense of meaning. This transition process may involve a sacrifice of some sort, and this sacrifice brings a refinement of the soul.

N.Node In 5th House, S.Node In 11th House

PROFESSIONAL - DESTINY: Identity priorities

You have a natural talent for dealing with groups, but this often prevents you from manifesting your own essential nature. Peer pressure can undermine your confidence and incline you to hide your light under a bushel. True professional satisfaction comes however when you draw on your experience with groups but place greater emphasis on expressing your own individuality. Putting your own creative talents first is not the same as being selfish - you have a duty to express your identity. By your late thirties you should have learned to extricate yourself from group commitments and the goals of consensus, taking a higher personal profile and developing a highly individualised personal style.

PERSONAL - DESTINY: Identity priorities

Social commitments tend to absorb too much of your energy. You are naturally loyal in friendships, but have you ever stopped to ask what you get in return? Often your interests take second place. Happiness and satisfaction come when you cut down on energy-draining social engagements, and concentrate on personal fulfilment. This may mean developing creative talents, perhaps it just means letting yourself experience romantic or erotic joys, rather than being entertained by the crowd. Your partner will

certainly appreciate a change of priorities here. Having children can be a special fate for you - children help you find and express yourself more than anything else.

Jupiter transiting Square N.Node

29-10-2018 -> 25-11-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DESTINY: Understanding karma

You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

PERSONAL - DESTINY: Understanding karma

This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions - though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.
