Birth Report

Dear Vesna Tacic,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Sun Trine Saturn". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

You are a rather formal person who takes life seriously. Childhood experiences - especially the relationship with your father - has undermined your self-confidence and made you reluctant to stick your neck out. You are more likely to bury your "talent" than gamble with it. You have a strong need for approval, but as a child love and approval was always conditional on your performance. You have been more appreciated for what you did, than for who you are. Later in life you tend to judge yourself harshly, and you have a bad conscience about enjoying life and relaxing. You tend to be too dismissive when offered love and affection, and rather severe when giving it. There may be authoritarian tendencies and a lack of flexibility as regards rules. Nevertheless, you are a person who can be trusted. You have high principles, and as you do not indulge expectations of the easy life, you work hard to build up a secure structure in life for those you hold dear.

How this influence affects your professional life:

You are a hard-working and ambitious person with a strong drive to prove yourself in society. There may however be difficulties with authorities, despite your desire to live up to the expectations of society.

The first 30 years of your life will bring a great deal of obstacles to success, but you will learn important lessons and ultimately develop a self-sufficiency and discipline which lays the foundation for success later in life. It is important for you to overcome negativity or pessimism concerning the future. Not all success is won by hard work alone. You are often more motivated by the fear of failure than the promise of reward, and this can hold you back from realising your full potential. If all goes well you will acquire more and more responsibility during the course of your life - and you deserve it. You are conscientious and take your responsibilities seriously. You are the kind of person other people can rely on. You would rather be the power behind the throne, than have a high profile yourself. Remember to take time to enjoy the fruits of your efforts, instead of continuously driving yourself onwards.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Uranus Sextile Venus". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

Radical changes can arise in your personal relationships at this time. If you are free and unattached you will almost certainly get involved with some untraditional romance. Because there is a strong need for a relationship which gives mutual freedom, and because you long for the unpredictable and exciting in love, you could meet someone from a radically different country, age group or culture, or someone who is an outsider in society. You may choose to live alone and have a weekend partner. It is unlikely that you can cement love affairs started at this

time, but the most important consequence is the awakening of your emotions and the stimulation of your erotic awareness. If you are in a stable partnership, sparks can fly as you try to assert a new-found need for autonomy and independence. If you are feeling bored with you partner and in need of a change, try to avoid being over-impulsive and strive to understand your partner's anxiety. You cannot compromise on your need for a renewal in your relationship and more social involvement, but if you value your relationship you should do more to reassure your partner. If your partner does not want to share your new interests, find a group of people with whom you can be inspired. This is a excellent time for involvement in consciousness-raising groups. It is also a good time for the awakening of the creative and aesthetic impulse. Love affairs at this time lead to a dramatic awakening of the feelings but rarely become settled. There is a tendency to have short intense meetings - often in airports - and then to return to the calm of private domestic life. Separations threaten weak partnerships at this time.

How this influence affects your professional life:

Sudden changes of values now can inspire you to make changes and adjustments in your career. This is a more social period, so you will not be content with jobs that just involve facts and figures. You need to get out, travel and meet people - preferably unconventional types who can surprise and inspire you. This need to be surrounded by new people may be a problem if you are working in a very formal and stuffy environment, and you might wish to consider job change, to satisfy your need to be socially and aesthetically stimulated. You would thrive in an international environment now, in which you can make use of language ability and social qualities. You are less likely to be hung up on economy and material things at this time - you discover new values and pleasures through contact with new peoples and cultures. You may discover a capacity for bringing awareness and a new quality of life to others, particularly as regards principles of freedom and unattachment.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply

your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
