**Report for July 20, 2017 to July 20, 2018**

**Dear ellen,**

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

### **The Significance of your Age**

During the course of your 32nd year you have the need to realize your relationship potential. It is important that your romantic needs are met at this time, and that you feel valued in your relationships. Feelings and passion need to be integrated - love and Eros go hand in hand, and you want fulfillment on all levels. If you are unattached, then this is a year when your attraction peaks, and potential partners come your way. If you are in a relationship, it needs to be satisfying; otherwise your eye may stray. As this is not a year characterized by the best judgment, or wise ethical choices, you may be tempted to allow yourself to be guided by your passions, though this may not necessarily be a bad thing in the long term.

### **The Challenges Ahead**

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period the major challenges lie in your working life, which probably needs to be made more efficient through streamlining working methods and improving interaction with colleagues. Health-wise too, this is an excellent time for working on self-improvement. This influence started growing around January - 2015 and will ebb out around December - 2017. You will probably encounter considerable frustration in your dealings with people in the working environment, and this

process is designed to enhance your ability to compromise and to fit in for the good of the whole. To be happy at work now you need to work hard and have a plan. You do not have to have a subordinate role, if you are willing to shoulder responsibility. But you do not have to stick at a job which is beneath you either. Establish your credentials, work hard and advance.

In this period of your life there is a transition in your dealings with people, as you move from interacting with people on a practical level in connection with your work and daily life, to actually learning how to deal with partners on a one to one basis. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is the beginning of an outgoing epoch in your life; the big test comes in how you live up to partnership responsibilities. There are major challenges, demands are made on you, and you have to on the one hand resist giving others the blame for your issues, whilst on the other you need to establish limits to what you are prepared to accept in a relationship. You have to work at partnership now and make a commitment, though it is no use expending any more time on hopeless relationships. What you start now can last a long time.

### **Opportunities for Success**

Having developed your education and communication skills, and widened your network of contacts through travel, there is an urge to expand your influence and potential on the home front between September - 2016 and October - 2017. This brings insight and good fortune connected with property and family. At this time you broaden your emotional foundations, partly because you gain understanding of the influence of your upbringing, and partly because you are curious to learn more about how to create a nurturing and stimulating environment for yourself and those near to you.

After having built up comfortable circumstances in your domestic life, what is important for you between October - 2017 and November - 2018 is to appreciate the fruits of having a satisfying base, so that you can express yourself through creative activity and enjoy the art of living. Expansion and satisfaction come from living life to the full - through sport, festivity, love, children and romance. This is the time to fully be yourself without reservations or doubt. Larger than life characters will show you how through encouraging you to celebrate existence.

### **Crucial Issues This Year**

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities

during the age of 32. Three very important issues that make this year special are:

- You experience an awakening that shakes you out of the rut and leads you to break out of professional and personal limitations so that you can pursue your own unique path of self-development. Travel and contact with fringe groups bring self-awareness.
- Unpredictable events raise your adrenal levels and bring out the fighting spirit in the coming months, making you more inclined to take considerable risks. Whilst the samurai spirit is awakened, you may provoke others unnecessarily.
- Your belief in yourself, your plans and your future runs into a major obstacle as the forces of the establishment stand in your path and demand a far more realistic assessment of what is possible. This is the time to readjust and redefine your goals for the future.
