## HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

## THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

## PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

## PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

## THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from [www.worldofwisdom.co.uk](http://www.worldofwisdom.co.uk)

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

## Life Path

### Ascendant In Pisces

PROFESSIONAL - LIFE-PATH: Inner communion

You are sensitive and impressionable person, very aware of unhappiness and suffering in the world, which you often experience as a harsh and cruel place. You can find yourself sucked into many professional areas, but if you actively pursue your dreams, then you find success and satisfaction in creative areas. You have a tremendous imagination and a fine attunement to the subtle influences in the environment. This may give you a talent for music or art, or film or advertising. As you show great concern for other people, you may find yourself gravitating towards a caring profession. Preferring to be somewhat withdrawn from the world, you may be suited to either working in a private institution, or in some branch which offers you peace and isolation. Generally speaking you are an impractical person, mostly because you don't see why you should accept the so-called realities of life. Often this results in you feeling alone and misunderstood.

PERSONAL - LIFE-PATH: Inner communion

You are something of a dreamer, and some unfortunate or unhappy experiences in your childhood will have evoked escapist tendencies in you. Conversely you are endowed with an extremely fertile imagination, and you manifest considerable empathy towards both those who are close to you, and complete strangers. You emanate a sensitive and vulnerable impression, but at the same time you display an understanding and acceptance which other people find very reassuring. If you can overcome your inner sense of loneliness and tendency to martyrdom you can truly help other people. You never dominate, and you have an uncanny ability to totally tune in to the feelings of other people. In relationships you often force your partner to take care of practical details, and friction can arise because you appear to let things slide. More effort and organisation on your part could reduce tension here.

### Ascendant Conjunction Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - LIFE PATH: The counsellor

You are not interested in trivia, and therefore seek a

profession which gives some kind of overall meaning. You are probably destined for success, and can exert considerable influence through the power of your opinions or good judgement. You have a tendency to overestimate the importance of your ideas, and may be unreceptive to the views of others. Generally, however, you maintain a fine perspective on the important issues. You are an excellent adviser.

PERSONAL - LIFE PATH: The counsellor

You are a larger than life character with strong views on most issues, and a deep interest in spiritual issues. You are open and willing to expand your philosophical horizons. Generally blessed with good fortune and an optimistic frame of mind, you have the ability to expect the best of the future. There may be a tendency to overindulge or be too extravagant. People value your ability to understand in depth the things that move them.

### Jupiter In Pisces

PROFESSIONAL - WISDOM: Weave your dreams

Professionally you may have considerable creative skills, in which you harness your fantasy and imagination. There can be a particular talent for advertising and the media because of your ability to sell dreams to people. Or you may work in a more humanitarian way, caring for others. In whatever situation you find yourself, you will help others through your understanding nature. You may not be especially motivated by material success as you are well aware that there are more important values in life. However your imagination and visualisation power can create the circumstances for success if you also are willing to come down to earth and make concrete plans. If you are able to define your goals, you can achieve them. You function best when you are inspired by a dream or when your achievements enhance the life-quality of humanity.

PERSONAL - WISDOM: Weave your dreams

You were born at a time of concern and compassion in world affairs. This means you have access to a wealth of deep emotions in your own life which inspire you to tune into the spirit of other people. This can manifest as an outer concern or devotion, or an inner need to expand the personal realms of your imagination. You identify very strongly with the confusion that manifests in world affairs, and you may feel the need to embrace some spiritual concepts to give your life an inner foundation. You have a deep spiritual nature, though you may find difficulty accessing it because of everyday chores. There is an inner longing for peace and tranquillity which can be periodically

fulfilled by withdrawing from society, or enjoying nature, or listening to music or watching movies. You would like to see the world as a wonderland, but are too often confronted with its unhappiness.

## **Jupiter In 12th House**

**PROFESSIONAL - WISDOM:** Spiritual ballast

As you are person with a deep faith and many spiritual and psychological resources you can be of great help to people professionally through giving assurance, advice and support. People can be helped by your faith and ability to have a positive view in a difficult situation. You can work in a large organisation, especially if connected with humanitarian ventures, or with the general well-being of the population - for example with hospitals, welfare institutions etc. You are helped in your work by a deep belief in the qualities of mercy and the importance of service to humanity. You have a keen knowledge of the levelling nature of personal misfortune and the transience of worldly benefits.

**PERSONAL - WISDOM:** Spiritual ballast

Some of the most rewarding experiences in your life come from the spiritual or creative insights that you are blessed with from time to time. For you the inner world of the imagination is richly populated with beneficent influences. It is obvious to you that faith can move mountains, and you can receive great benefits by drawing on your capacity to use this knowledge. Mobilisation of your capacity for positive thinking can bring you success, but your personal values are more spiritual than material. Perhaps you already have a strong religious faith, perhaps you are still on a spiritual journey to find meaning in life. The teachings you receive will enable you to greatly enrich the lives of others who are in spiritual distress. Care must be taken, however, to ensure that you do not foist your own opinions and convictions on others.

## **Neptune In Aquarius**

### **Neptune In 12th House**

**PROFESSIONAL - TRANSCENDENCE:** Spiritual longing

You have a deep consciousness of the universality of suffering and may be moved to work in some field in which you can minister to the spiritual and emotional needs of others. You can work with people who are isolated from society in some way, or you may choose to isolate yourself. On a practical level you have a talent for working with the intangible in the professional world - advertising and film, drugs and chemicals, music and poetry for example. You have the capacity to draw from a deep well of intuitive

knowledge in your working life, and this talent can be harnessed in work of a more subtle nature - clairvoyance, prayer or world service in one way or another.

**PERSONAL - TRANSCENDENCE:** Spiritual longing

You have a need to seek meaning on a deep spiritual level, and you will during the course of your life try to define your spiritual values and beliefs. At an early stage of your life you will be disillusioned by the traditional beliefs you inherit from family and the society around you. Formal spiritual service cannot satisfy your deep longing to be at one with the universe. You may be inspired by ideals of self-sacrifice and martyrdom, and as such find appeal in the Christian faith, yet you are destined to be disappointed if you invest your hopes in doctrines and spiritual figures. Through a lifelong process of inner refinement, and perhaps through some special form of personal sacrifice or withdrawal from society, you will ultimately find meaningful spiritual values. You can find refuge in nature, the sea and creative retirement.

## **Identity**

### **Sun In Aquarius**

**PROFESSIONAL - IDENTITY:** Energise your social environment

Many people will find you an inspiring person to be with, and indeed you are strongly motivated to maintain friendly relationships with people. You may feel inspired by a sense of social equality, and your dealings with others will be infused by your natural sense of humanity and fairness. You are well suited to dealing with groups professionally, and you have a talent for treating people as equals. Paradoxically it can be difficult for you to feel truly a part of the groups you do so much to establish - in some ways you are a visionary and people instinctively sense that this makes demands on them to change. You may not be so willing to change yourself, however, and you can have rather fixed opinions. Basically, though, you are reliable and friendly, and will be a valued colleague. Your own ambitions are not particularly pronounced, and people rarely feel threatened by you.

**PERSONAL - IDENTITY:** Energise your social environment

The great turning points in your life happen in connection with upheavals in social relationships. As your opinions and beliefs change you will find yourself redefining who you want to be together with. The loss of good friends for one reason or another can thus lead to a strong sense of isolation whilst you re-evaluate your visions. Your greatest talent is the

unconscious ability to create an almost magic atmosphere when you are together with people. Although you are warm and friendly, in intimate relationships you can be rather uncomfortable about showing your emotions. When under emotional pressure, you tend to freeze up and establish a distance, and this can be rather disturbing for your partner. A wise partner will never stand in the way of you and your friends.

## **Sun In 12th House**

### **PROFESSIONAL - IDENTITY: Dissolution of ego**

You have the capacity to take on many roles in your life, assuming the professional guise which is expected of you under any given situation. Whatever kind of success you have, you experience difficulty truly identifying with or believing in your role. It is not easy for you to take ambition and striving seriously because you are rarely inspired by the allure of power, prestige or material goals. You seek a sense of personal significance and meaning in your life, and personal glory does not give you this. You would experience greatest satisfaction in a role in which you can express your concern for others, or in a job which allows you the peace to commune with your own feelings - perhaps a creative job of some sort. You work best when you are undisturbed or can operate behind the scenes or removed from society in some way.

### **PERSONAL - IDENTITY: Dissolution of ego**

You have the capacity to take on many roles in your life, assuming the professional guise which is expected of you under any given situation. The greater part of your life is spent in a search to find or define your identity. As a child you probably felt a sense of isolation, and in relation to your father you may have felt that he was remote, a dreamy figure who was difficult to get into contact with. Later in life you also personally feel a sense of remoteness and often find that the goals you pursue lead to disappointment or a sense of meaninglessness. This inner dissatisfaction motivates you to go on an inner journey to understand the nature of yourself. You can find meaning when you withdraw from the world for a period of time - too much contact with others for too long can be confusing for you. You would benefit greatly from meditation, because a spiritual practice or creative work enables you to reach the core of your being. When you are there you discover your place in the cosmos, and the cosmos's place in you. For you to truly find yourself, you must lose yourself. You can discover the interdependency of humanity and the universe.

## **Sun Conjunction Venus**

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

### **PROFESSIONAL - IDENTITY: Style**

This contact evokes in you a very strong aesthetic awareness and quite considerable personal charm. You have the ability to make a warm and enriching contact to others and inspire them with your presence. Your diplomatic talents, and strong sense of personal values, gives you many advantages in a variety of areas. You are not a forceful person, and in general you do not like competition, but you can get your way through persuasiveness and charm. Your natural charisma and winning manner ensures personal popularity. You would not be happy in a job in which confrontation and conflict plays a role, and your talents are best utilised dealing with personnel, diplomacy, or matters related to taste, style or a refined judgement.

### **PERSONAL - IDENTITY: Style**

It is extremely important for you to feel liked, and you go to considerable lengths to make a good impression. You are personally warm and affectionate, and enjoy both making and being the recipient of romantic gestures. Your mild manner probably comes from your father, who may well have been very loving and considerate. Indeed, women with this aspect often idealise their fathers and have difficulty shaking off their attachment. Later in life they will tend to become romantically involved with a softer type of man, in whom they imagine very gallant properties. For both sexes problems can arise through denial of the shadow side of the personality and the reluctance to see that people cannot always be ladies and gentlemen. Sometimes too, there may be a tendency to manipulate others through the conscious use of charm, and a far too rosy self-portrayal. Nevertheless personal self-esteem is a central issue for the identity, and learning to love and accept yourself is a prerequisite before you can function well in a relationship.

## **Sun Conjunction Neptune**

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

### **PROFESSIONAL - IDENTITY: Find meaning in spirituality**

On a professional level almost anything is possible for you -

as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and personal ambition. You have high, and perhaps unattainable expectations of yourself...and often of others. You have an intuitive insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

**PERSONAL - IDENTITY: Find meaning in spirituality**

You are a sensitive and impressionable person with a strong need to be able to define who you are. You often feel that your grasp on reality is not tangible. If life becomes boring or monotonous, this can strike at the very core of your identity. Women with this aspect put their men on a pedestal from which they rapidly fall. In your longing to find an ideal that does not dissolve like a mirage in front of you, you will constantly refine your nature. Your longing and dissatisfaction is the engine of spiritual change in your life. You find yourself by going within yourself. Meaning in life comes when you seek to attain idealistic goals and develop a collective vision which benefits others. You would definitely benefit from meditative practice.

**Jupiter transiting Square Sun**

**03-01-2018 -> 07-10-2018**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - IDENTITY: Creating your future**

During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision

for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

**PERSONAL - IDENTITY: Creating your future**

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

## Emotions

**Moon In Sagittarius**

**PROFESSIONAL - EMOTIONS: Expand emotional horizons**  
Professionally you need a working life which offers plenty of freedom and the opportunity to expand your horizons, especially if this gives you the opportunity to travel internationally. You also have strong cultural interests. Repetitive work bores you. You are an exciting person to be together with, and you create a stimulating mental atmosphere with your outspokenness and direct way of saying things. It is important to realise however, that you are rather oblivious to the sensitivities of other people. A little tact would go a long way. You thirst for knowledge and understanding, and thrive in an intellectually nourishing environment. At the same time you can be rather vociferous ; you are passionately moved by injustice and quick to defend those who have been wronged.

**PERSONAL - EMOTIONS: Expand emotional horizons**

You are a freedom-loving person, who does not take kindly to any form of emotional limitation in your personal relationships. You are inspired by wide horizons, and this will lead to a good deal of travel in your life, or a drive to absorb the culture of the world through the media. This may

result in a period of time spent travelling or living abroad. Some of the great difficulties in your life arise when circumstances force you to accept limitations on your freedom and the need to form stable emotional bonds. Major transformations also happen in connection with disillusion when you outgrow old beliefs and convictions, as you most surely will. You need intellectually challenging partnerships, but things would function better if you avoided strident discussions.

## **Moon In 10th House**

**PROFESSIONAL - EMOTIONS:** A caring career.

Your career will involve you deeply emotionally and to some extent can be a "home from home". You make important emotional bonds to people you work with, and may find yourself playing a significant public role because you are very sensitive to the public's interests. You may also have a talent for dealing with products of the land or with housing. Your mood is strongly affected by the many ups and downs that you experience professionally. This professional sensitivity is an advantage when you cater for the needs of society, nourishing people with your concern, but it could be wise to develop a certain emotional detachment, so that you feel less vulnerable. Your mother may play an important role in your career, and elder successful women will inspire and support you.

**PERSONAL - EMOTIONS:** A caring career.

Your mother had a profound effect on your personal development and you probably still look up to her, or see her often. She was most likely the dominant parent and will have influenced you strongly in your choice of career. A lot of your unconscious professional motivation is aimed at living up to her expectations. Later in your life partners will find themselves competing with either your job or your mother for your attention or your affection. But you have a strong sense of duty, and you may feel that your role is primarily to live up to family expectations. Having children really mobilises all your resources, and you will make a good parent, but true fulfilment will be found when you can manifest your caring energy beyond the limits of the family.

## **Moon Sextile Venus**

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - EMOTIONS:** Empathy

You have very winning ways with all kinds of people and can gain a great deal of personal popularity. Dealing with others - particularly the public - in some way or another, can be an important ingredient in your profession. You may simply like people; at least people feel as if you do. You have a particular talent for dealing with women, partly because you have an instinctive understanding of their ways. Women can play an important role in your professional advancement - indeed you may be rather dependent on their goodwill for better or worse. Basically you are a caring and sympathetic person - and you show it. Therefore you would function well in a position which gave you daily contact with people and the opportunity to support and nurture them in some way. You shun hard professional tactics and are easily hurt when rebuffed. This means that you may be too fragile to handle the rough and tumble of the marketplace. To feel secure you need to have a solid economy, otherwise you tend to be afflicted by worry. You have a talent for investment - particularly in property.

**PERSONAL - EMOTIONS:** Empathy

You have an affectionate nature - you have both the capacity to give succour and love, and a deep need to receive it. Obviously therefore, relationships are extremely important to you, and you tend to form lasting bonds at an early age. Actually the greatest bond will be to your own family, particularly the mother - for better or for worse. Men with this aspect tend to marry early and unconsciously compare their loved one with the mother. There is a tendency to slink back to the family home for a good meal from time to time, and the wife can have great difficulty asserting her own authority over the mother's. In more extreme cases the man evokes maternal behaviour in his partner, and finds her wanting sexually as a mistress. It is difficult to feel sexually attracted to a mother figure, so unfaithfulness can ensue, as the man seeks to fulfil his sexual needs elsewhere.

Women with this aspect have to learn to integrate the two feminine functions - maternal and erotic - into their lives in some way. If she has difficulty with this she will find the sexual element in the relationship deteriorating, and will end up spending all her time on the house or with the children. A maid might be the answer!

For both sexes there is a tendency to be overattached and clinging, and too fixated on material security. Unconscious and unresolved childhood needs for love and security spill over into later relationships. It pays to develop a more detached attitude and a greater indifference to the need for constant approval.

## **Moon Square Uranus**

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

### **PROFESSIONAL - EMOTIONS: Unpredictability**

You are something of a gipsy, and this means you can adjust to extremely unusual professional environments. You would thrive in a job in a foreign country for example - the more exotic the better. You are well-suited to working with people who are alienated from society in some way, especially if they come from a different culture. On the other hand you function very badly in a conventional place of work, where the same functions have to be performed day in, day out. You have a very low threshold for boredom, so you are suited to a job which brings exciting changes and variation during the course of the day - preferably meeting people. You have an advanced intuition and very sensitive antenna - this may give you some talents in the New Age sphere.

### **PERSONAL - EMOTIONS: Unpredictability**

You do not have conventional desires as far as domestic harmony is concerned. In your childhood there were many unsettling influences and a general atmosphere of unpredictability, excitement or stress. You need to feel that something is happening around you. This means that you can get very restless in relationships, and if you feel bored - and you often do - then you start getting provocative. You are best suited to relationships which keep you occupied with new daily challenges - and you have a strong need to express your emotional energy in group scenarios. Your partner will not be able to satisfy your need for stimulation on his or her own. You thrive in unusual domestic relationships - for example communal living, flat-sharing or residence abroad. For partnership to function satisfactorily it is essential that you stop distancing yourself emotionally - this gives the impression that you do not care for your loved one.

## **Moon Sextile Neptune**

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

### **PROFESSIONAL - EMOTIONS: Develop intuitive sensitivity**

You are a supremely sensitive and impressionable person, and this will express itself as a moodiness and indefinable dissatisfaction. Yet you will almost certainly have creative and caring sides to your nature which can stand you in good stead professionally, as long as your job is not monotonous or meaningless. You have a capacity for being very sympathetic and understanding, and this may be a part of your work. You have spiritual talents - perhaps you can work with dreams or the unconscious in some way. You are powerfully influenced by your environment, and including the mood of the people around you. It is wise to choose environments free from pollution, spiritually, emotionally and physically.

### **PERSONAL - EMOTIONS: Develop intuitive sensitivity**

The greatest challenge for you is to attain emotional satisfaction, and this is best done by understanding the nature of your childhood. It is essentially for you to avoid the tempting pleasure of indulging your emotions and sentimentality. You so easily fall into negative emotional states, and this can make life miserable for the people around you. Your emotional impressionability creates serious problems in partnership matters - you simply have difficulty distinguishing the boundaries between yourself and your loved one. You take on the moods of others or absorb negative vibrations from the environment. The older you get the more you realise that this is just a bad habit, based on early conditioning. Avoid jumping into emotional swamps! Having said this, you have a wonderful talent for tuning in to other people emotionally and understanding them in depth. You are a very sympathetic person.

## **Moon Conjunction Pluto**

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

### **PROFESSIONAL - EMOTIONS: Deep emotional involvement**

You are strongly motivated on an unconscious level by a need for security - a need which is very difficult to fulfil. However when you turn outwards and concern yourself with others, you will discover a special talent for helping other people find security. This may manifest as social consciousness. You also have a talent for dealing with people in crisis, possessing an inborn psychological ability to transform how people feel. You are suited to work which requires a deep personal involvement combined with a

certain power and distance. You have the power to investigate deep emotional states in other people, and this can be connected with psychology or the occult.

**PERSONAL - EMOTIONS: Deep emotional involvement**

You are a person who feels everything very deeply, although people who only know you superficially might not be aware of this. Your need to protect yourself emotionally comes from a number of disturbing childhood experiences which mean that you tend to play it cool in times of crisis. Problems arise in intimate relationships because you never let on how you really feel - if you had the courage to show your vulnerability, people would treat you better. You cling to emotional bonds with great intensity, yet in times of crisis you can suddenly amputate your feelings and become ice-cold. It is unwise to deal with crises by giving ultimata. It is essential to overcome these destructive defence mechanisms, if you want to enjoy warm relationships.

### **Jupiter transiting Conjunction Moon**

**13-03-2019 -> 28-11-2019**

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - EMOTIONS: Expanding your base**

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

**PERSONAL - EMOTIONS: Expanding your base**

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action.

Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

### **Saturn transiting Conjunction Moon**

**17-01-2017 -> 11-12-2017**

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - VALUES: Emotional self-sufficiency**

Issues of economic and job security become very pressing at this time, and you will feel a strong drive to overcome any weaknesses in this area. You can however expect a lot of difficulties, especially if you indulge immature expectations, or rely too much on others. Childish behaviour gets you nowhere now, and if you do not have conscious control over your emotional reactions you can expect to be unpopular.

The atmosphere in your working environment may be rather heavy now - perhaps because of an elder woman who is trying to assert her authority. The more mature you are, the better you can handle trying situations. You have to know when to set limits, whilst still living up to your responsibilities. You can develop the self-discipline and patience to work with people in difficulty, if you choose to.

**PERSONAL - EMOTIONS: Emotional self-sufficiency**

During this challenging emotional period you will become more mature and self-sufficient. But this is not normally a happy time - partly because safety and security is no longer what it was. You have to spend time building more secure foundations for your life, and you cannot expect anyone else to be very supportive during this time. It is up to you to shoulder responsibilities uncomplainingly and with dignity.

Time can drag on now because you have to spend more

time attending to everyday details and getting things to function on a practical level. On an inner level you are confronted with the need to change or control unconscious emotions and habits. It is no use allowing your temperament, your jealousy, your distance or your stubbornness to get in the way of a rewarding relationship. The time demands emotional self-improvement, so stop making excuses and start working on yourself.

## **Mentality**

### **Mercury In Capricorn**

**PROFESSIONAL - MENTALITY:** Develop organisational talents

Early in your life, you may have felt a lack of confidence mentally. However, you are powerfully motivated to prove your abilities, and as a late starter you slowly but surely rise in the professional hierarchy. Other things being equal, you are person who can be trusted with responsibility. You can handle a heavy work-load, which you conscientiously plough your way through. If you can combine these qualities with an ability to renew your ideas and be open, you will go a long way. You have the ability to think and plan in a strategic manner. This cautious manner means that you are good at avoiding impulsive errors, but on the other hand you can be overly sceptical and miss opportunities. You are a believer in the values of tradition and experience, and you would work well in an administrative position.

**PERSONAL - MENTALITY:** Develop organisational talents

You are a serious-minded person, careful in self-expression and authoritative in making your opinions known. You have strong views, expressed slowly and thoughtfully. A believer in logic and reason, you like to see proof, before you can accept anything controversial. Other people may feel that you put a damper on their ideas. However, there is more to reality, than meets the eye, and when you do make a discovery you are extremely dedicated in learning more about it. You like to see ideas work in practice, and have little time for dreams which cannot be realised. Other things being equal you are an honest person, who can be relied on.

### **Mercury In 11th House**

**PROFESSIONAL - MENTALITY:** Social contact

You are a very stimulating person to be with, and your talent for inspiring other people may be an important factor in your work. You have a lot of ideas about how groups and society in general should function, and this can give you success in

the field of social services, education, or any employment in which you can get your ideas across to larger groups. You can learn communication techniques for enhancing group consciousness. In other respects it is not what you know but who you know that helps you get on in the world - the social network you are capable of building up stands you in good stead for making professional connections.

**PERSONAL - MENTALITY:** Social contact

Your friendships are extremely important to you and some of your most mentally formative experiences have come from inspiring talks with people who you respect for their intelligence. Belonging to a set of friends or special social group with untraditional interests is the best way for you to express your ideas. You need a wide audience for your ideas, and you can function well in groups who need to hear what you have to say. You also derive great benefit from going on courses which are experiential and group-oriented. Mental contact with others is as important to you as the air you breathe, and in intimate relationships you will still insist on being able to go out and about with your friends.

### **Mercury Opposition Mars**

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - MENTALITY:** Sharpness

You have an extremely acute mind, and can generally come to a decision far faster than the average person. You are quick to take action and enjoy the pleasure of outsmarting your competitors. You enjoy the thrill of mental combat. However you often cut corners, and your methods can be questionable. Your brusque manner can evoke considerable hostility in your place of work, so if you find yourself constantly getting into arguments or finding people irritating, you can be quite sure it has something to do with your behaviour. Perhaps you have a tendency to barge in or interrupt conversations, perhaps you speak in too harsh a manner or do not listen enough to others. It pays to plan more patiently, and think twice before you make your opinion known. You would function well in jobs which require tough negotiations or an aggressive verbal style. You have plenty of energy too, and like to travel and meet people. You are a go-getter.

**PERSONAL - MENTALITY:** Sharpness

You get into too many arguments, and rarely consider the idea that you may be wrong. This truculent manner probably stems from conflicts in childhood with brothers, or perhaps your father. You worked out then that the best means of defence was offence. Yet troubles arise later in life because your frank and direct manner makes people feel that you are offensive. You don't always have to tell people what is on your mind. You hate to be bossed around or told what to do, so make an effort not to act in this way with others. Give them time to express themselves without interrupting, and resolve to stop criticism and arguments. Women with this aspect are often attracted to rather sharp men who may have questionable morals, or be rather argumentative types, although this is a projection mechanism based on inner conflicts. Men tend to retain adolescent qualities and act at times as if they know everything.

For both sexes it is important to slow down, otherwise the nervous system can be adversely affected. When you channel your enormous energy into creative, fun projects, you can achieve a great deal.

### **Mercury Trine Saturn**

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

#### **PROFESSIONAL - MENTALITY: Mental discipline**

You have a logical and disciplined mind, and special skills as regards working out systems and performing tasks which require patience for long periods of time. You prefer to stick to rules and established methods, but you can apply your mind to any task in a very conscientious way, if required. You may be rather suspicious in allowing the imagination to have too much influence - you are the kind of person who reads instructions carefully and follows them. This can make you a little inflexible as regards integrating new methods. Furthermore your admirable attention to detail can hinder you in getting an overall perspective on things. In the first phase of your professional life you can be afflicted by a sense of mental inferiority, so it is important for you to spend time on further education in a constant process of acquiring new skills.

#### **PERSONAL - MENTALITY: Mental discipline**

You are oversensitive about your intelligence and have a tendency to work twice as hard to prove to yourself and to others that you can meet intellectual demands. As you put

so much effort into improving your mind, you can become quite an expert in your chosen field. However in personal relationships you can become very defensive when you are misunderstood, and in situations when you try to understand another person, a mental block can descend because you invest too much self-conscious effort in the process. Relationships would benefit dramatically if you were more relaxed in this respect. You are reluctant to admit it when you do not understand, and this can lead to an escalating situation of misunderstandings. You are also rather a stickler for detail and can be frustratingly pedantic, and your formal style tends to stand in the way of mental spontaneity. Many of the problems around communication improve after the age of 30, as you learn that communication is not a competition but rather a two-way process in which understanding brings mutual benefit.

### **Mercury Sextile Uranus**

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

#### **PROFESSIONAL - MENTALITY: Inventiveness**

You have some mental qualities that border on genius. Being receptive to signals in the environment which go over the head of the average person, you know how to integrate radical new ideas into your work. You have the inventor spirit, and you are always willing to experiment with new methods. By developing your knowledge of the scientific functioning of the mind, you can be a driving force for renewal at work. You may be skilled at technical matters, computers or untraditional, even provocative subjects. It is important for you to learn to put your ideas across in a constructive manner however. You have a tendency to talk at cross purposes, without ensuring the other person is following you. Coupled with this you may also be impatient with people as they fumble with old concepts and ideas. You can be provocative, or go off at a tangent - and this may only serve to alienate you. Clarify your intentions when you communicate. You have a talent for exotic languages.

#### **PERSONAL - MENTALITY: Inventiveness**

Other things being equal you have a very quick mind, and you attract attention through your ability to give conversations a surprising turn. You are quickly bored by conventional waffling and you are prepared to say anything, repeat anything, to give conversation more interest.

Although at times you can be very amusing, this tendency easily leads to confusion and misunderstandings in relationships. You break the flow of communication - a habit you learned in childhood - and this leads to a rather stressful atmosphere in intimate relationships. You need to involve yourself with friends or groups which have similar interests to you, rather than expecting to get all the mental stimulation you desire from your partner. When you get bored in intimate relationships, you tend to say and do the opposite of what is expected, just to get results. You also tend to make provocative statements. This can be exasperating for the partner.

### **Jupiter transiting Square Mercury**

**18-09-2017 -> 16-10-2017**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - MENTALITY:** Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

**PERSONAL - MENTALITY:** Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with

different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

### **Uranus transiting Square Mercury**

**29-04-2017 -> 31-03-2019**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - MENTALITY:** New communication boundaries

This is a period of great mental inspiration and excitement. To attain professional success now it is essential to think in new channels, and not allow yourself to be limited by conventional ideas or "the voice of experience". It is the new and untraditional that brings success, so experiment, invent and surprise people. If you are involved in a long and boring period of education or training, then you are in trouble. Mental restlessness at this time will incline you to abandon traditional teaching and seek new ideas which will stimulate your imagination. You will learn best in experiential groups or by yourself.

This is an excellent time for improving New Age interests - particularly astrology. It is a time to travel and meet different kinds of people, and a good period to learn or use another language. You should modernise communication systems now, improve computer capacity and generally hook into networks which unite people. As far as contacts and agreements are concerned, this period is rather unpredictable. Being tied down or committed to time schedules does not suit your needs at this time.

**PERSONAL - MENTALITY:** New communication boundaries  
During this inspiring period, you should grasp opportunities to drop activities which bore you, and start learning new things which keep you up to date with modern trends. Many inventive ideas pop up into your mind now, and you have to find people to share them with. You will be impatient with people with entrenched ideas and opinions, and you may feel the urge to provoke others into thinking in new ways. This impatience can bring tension and misunderstanding in relationships, in which case you should associate with people with whom you can communicate and share your visions.

Time moves fast in this period, and you too may be on the move, travelling and meeting people. Avail yourself of new transport opportunities, buy yourself a car, or hop on a plane. Develop language talents, and immerse yourself in new technological developments, particularly as regards communication. Enrol on consciousness-raising courses, or get involved in grass-roots movements. There are very few times in your life when you will be so mentally open to radically new ideas,

## Values

### Venus In Aquarius

**PROFESSIONAL - VALUES:** Love of freedom

You are a very socially-oriented person and you are suited to professional work which involves dealing with people - particularly specific groups in a social context. You work best in a team, and you are good at mobilising team spirit, even though you also can feel that the rest of the team do not live up to your ideals. You have strong principles regarding fairness, and as such you are a genuine humanitarian, reaching out to people from all walks of life. This social consciousness is best used in a profession where you can manifest a humanitarian spirit - especially if this also involves international issues. You are motivated more by ideals, than by material interests or personal ambitions.

**PERSONAL - VALUES:** Love of freedom

Friendship is holy for you, and in your personal relationships it is more important to be friends and have shared ideals, than to be consumed by passion. You cannot thrive in a relationship in which you are smothered. Sometimes however you give the impression that you are cool and detached in love, and this may alienate your partner. Men with this position will be attracted to unconventional women, perhaps from another country or social group. Women tend to hold the banner of liberation high. Principles of equality form the basis for lasting attachments. Romantic meetings tend to arise under exotic circumstances and the relationship will often function best when there are frequent partings because of outer circumstances. It is best for the relationship when there is an element of unpredictability.

### Venus In 12th House

**PROFESSIONAL - VALUES:** Spiritual devotion

You are a romantic at heart, and would function well in a job which gave you the opportunity to express your aesthetic sensitivity. You are undoubtedly a very giving and

devotional type, and these qualities can be expressed in many ways. On the one hand you may wish to find a channel for your compassion by giving your services to people in need of care. You may also have creative talents in connection with the arts or marketing because you know what has subliminal appeal to the broad mass of people. And you may prefer your own private, inner world where your aesthetic qualities can be expressed for your inner benefit alone. Although you may experience material benefits from your work, this will not be an important motivating factor. Inner satisfaction is far more important for you.

**PERSONAL - VALUES:** Spiritual devotion

You have a deep longing for a meaningful love relationship. It is not the sexual or material benefits that are important so much as the need to experience a form of spiritual communion or ecstasy. In your pursuit of romantic ideals you have a tendency to imagine qualities in the partner which he or she does not possess. Of course experience will divest you of your illusions, and you may be afflicted by a feeling of disappointment in your partner. If you indulge this feeling too much, your partner will begin to feel unsure or unhappy, and become isolated in relation to you. Women with this influence often have a tendency to become involved in love affairs in which they are the courtesan - wife number 2. Obviously such a relationship allows one to indulge the illusion that if the man left wife number one, then everything would be rosy. This of course never happens, or if it does, how can one then maintain the precious romantic illusions? Men too have the longing for the ideal love - but only through spiritual devotion can these deep longings be satisfied.

### Venus Conjunction Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

**PROFESSIONAL - VALUES:** Fortune

You have excellent aesthetic judgement, and strong personal values and convictions. You are suited to any profession which can make use of your ability to evaluate and compare - especially if this is connected to cultural or artistic projects. You also have a great ability to impress others with your charm and insight. You would be wasted in a job which did not allow you the opportunity to meet and influence people. You can deal with cultural issues or artistic

objects, you can travel in your career, you have diplomatic talent, you have a great sense of style. Success often comes easily for you, and you may thrive in the company of women, and have their professional support. Normally you are lucky, and a great deal of money can flow through your hands. How fast it flows is another question altogether. Your warm personality and optimistic view of the future are your greatest assets.

#### **PERSONAL - VALUES: Fortune**

You are an extremely loving and romantic person, and this brings both benefits and problems. Often you fall in love with love, and have difficulty settling into stable relationships because of your hunger for romance and emotional stimulation. You are however a great lover, and your attention makes your loved one blossom. There is a tendency to be attracted to a person who comes from a different culture or country - perhaps this is because of a need to widen your emotional horizons. There is a tendency to marry upwards in society. The most important value for you in a relationship is intellectual or cultural stimulation. You need to be able to respect your partner for his or her intelligence. A woman with this aspect has a great need for attention and appreciation, and particularly values the mental stimulation the partner can give. A man with this aspect has a great appetite for the opposite sex, and whilst intelligence is important, there is often a taste for exotic or good-looking women. Faithfulness may not be a strong point, though sooner or later there will be a tendency to tighten up moral values regarding love.

#### **Venus Conjunction Neptune**

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

#### **PROFESSIONAL - VALUES: Acceptance**

You have an extraordinarily refined aesthetic sense. Disharmony evokes an almost physical unease in you, so you are strongly motivated to recreate balance in your inner and outer world. Professionally this can manifest in a career where matters of taste are important, or diplomatic talents necessary. You are especially suited to public relations matters, but your genuine compassion for other people may incline you to work helping others in some way. Although you may be strongly inspired by items of physical beauty, you will rarely be satisfied by material well-being alone. You have musical and artistic talents.

#### **PERSONAL - VALUES: Acceptance**

You are willing to make sacrifices for love, and as an incurable romantic you are skilled at creating circumstances for personal disappointment, either through poor judgement regarding potential partners, or unrealistic expectations. You are looking for more than a worldly love - you need to feel as if your soul is touched by your partner, you need to feel a spiritual bond. To be happy in this area of your life you must understand and accept so-called imperfections in others. The perfect partner does not exist and you will never find him or her. It is important to choose an equal - not someone you idealise or want to save - and it is important that the chosen one shares ideals and dreams which transcend conventional relationship needs. Unhappiness and dissatisfaction in love is actually the result of unconscious impressions from your distant past, and these feelings actually have a spiritual purpose now.

#### **Jupiter transiting Square Venus**

**12-10-2018 -> 08-11-2018**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

#### **PROFESSIONAL - VALUES: Blessings**

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

#### **PERSONAL - VALUES: Blessings**

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and

sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

## Drives

### Mars In Leo Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

**PROFESSIONAL - DRIVES:** Develop leadership qualities

You have a very strong sense of identity and are motivated by a desire to create a powerful impression. Recognition of your efforts is essential, and you will tend to measure your success by the prestige you achieve in other's eyes. Never being content with a back seat you seek personal challenges so that you can prove yourself. You are creative and function well when you are at the centre of attention - for example teaching children. You like to see yourself reflected in the work you do. There is a lot of pride, and the very idea of failure is unacceptable for you. This can mean that you stubbornly stick to the wrong course of action just to save face, or that you come into conflict because you have difficulty admitting you are wrong. When you overcome these weaknesses you can be an excellent leader as people will automatically look up to you.

**PERSONAL - DRIVES:** Develop leadership qualities

You are a warm-blooded person with charm and a forceful personality. You have a soft spot for children and considerable creative talent. You like to cultivate a romantic view of yourself, being both gallant and courageous. You

are easily manipulated by flattery and appeals to your honour. Men with this position of Mars see themselves as great lovers, and they can launch wooing campaigns in which no expense is spared to sweep women off their feet. Women are attracted to men who have a certain position or prestige, or someone they can look up to in some way. Both sexes are romantic and possess a passionate nature. There is a tendency to get involved in heated love-affairs. There is also a taste for luxury and the good things in life. In long-term relationships, mutual respect is an important ingredient - if this is lost, love dies.

### Mars In 5th House

**PROFESSIONAL - DRIVE:** Creative enthusiasm

You are a dynamic person, willing to take a risk and happy to have a high personal profile. Other things being equal you love competition and are inspired by a good challenge. Sport may attract you or anything connected with gambling. Diplomacy is not your style, you prefer to be honest and direct in your dealings. It is important for you to express your identity in a spontaneous and hearty way. Your rough and ready charm makes you an attractive companion. You are courageous and very active and like to make things happen around you. In business you are often willing to make the first move and have a good instinct for quick profit.

**PERSONAL - DRIVE:** Creative enthusiasm

You may be something of a Don Juan - or if you are a woman you will be attracted to the Don Juan type. You set about conquering the heart of your loved one with determination and enthusiasm. You are not deterred by resistance - quite the opposite in fact, for you love a challenge. You probably have strong sexual appetites...perhaps they are just a part of your general healthy vitality. However troubles will come through love affairs because your lack of sexual discipline undermines relationships. At first you may see children as restrictive, but actually being a parent can be very fulfilling to you because you can have someone to play with. Your partner will appreciate your childish enthusiasm and physical lust, but anger can arise if you are not faithful.

### Mars Sextile Saturn

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

#### PROFESSIONAL - DRIVE: Discipline

You are the workaholic type, and can during the course of your life develop an incredible self-discipline. You may have special talent for working in the building industry, or with mechanics and engineering, or in any field which requires will-power and hard physical work. On occasions however, you can be stricken with inertia, and find it very difficult to get started. You have a fear of failure and can feel particularly vulnerable in competitive situations with other men. Difficulties can arise with male authorities, as you are very sensitive to being dominated or ordered around. You have the will-power and ability to work for yourself, being particularly good at making long-term plans and strategies. To succeed professionally it would be to your advantage to work smarter rather than harder. You can end up using all your time on monotonous work precisely because you are so disciplined and persevering. It can pay for you to take a risk, even though you have a strong fear of failure. Try to be motivated by anticipation of future success rather than fear of past difficulties.

#### PERSONAL - DRIVE: Discipline

As a child your spontaneity was probably hindered in some way, and there may have been difficulties with a father or brother connected with discipline and responsibility. Your upbringing may have been rather authoritarian, even to the point of physical violence. There may have been a strict moral code in the family. In later relationships you expect a lot of resistance, so you invest a lot of energy either in self-control, or in trying to impose your authority. Women with this aspect are often attracted to older men, who tend to become buried in their work. Often the relationship develops in such a way that the woman feels dominated - but this can be due to hidden unconscious needs to recreate the atmosphere of structure and discipline from childhood, and a refusal to discipline her own life. Men place a high priority on their professional life to the detriment of their emotional or sexual relations. A fear of being controlled can bring battles of will and severe confrontations. These problems resolve themselves with time, as you learn to relax and be kinder to yourself. Less work and more play and greater flexibility as regards behavioural rules leads to more rewarding relationships.

#### Jupiter transiting Square Mars

24-10-2017 -> 20-11-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

#### PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

#### PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

#### Uranus transiting Square Mars

29-04-2019 -> 31-12-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

#### PROFESSIONAL - DRIVES: Sparks

This is a dynamic and inspiring period, though not without an element of danger. You can hardly tolerate anyone telling you what to do now, so you are likely to experience conflict with those in authority. If there is trouble at work, seen objectively it is probably you who is being unreasonable. Your restlessness and desire for change hardly inclines you to compromise and settle in to some boring job now. You need excitement, independence, and a challenge. You would function better on your own now, especially if you could do some travelling internationally. If you have been dreaming of setting yourself up independently, this is the time to do it. There is very little fear of taking risks during this period, and plenty of energy to go it alone.

This is an excellent period for taking initiatives concerning change and renewal. There is a strong likelihood of long-distance travel to exotic destinations. Unconventional work is favoured, particularly in connection with New Age matters. However patience is low, and temper is high. This is an explosive cocktail which can make you more provocative than usual, so take care. You may be fascinated by mechanical or technical matters now, and this is a good time to develop talents in this area.

#### PERSONAL - DRIVES: Sparks

This is one of the most impulsive periods in your life, and you can expect a lot of excitement - or trouble - in these months. There is a resurgence of energy and a desire to break free and do something different. Feeling bored is like the ringing of an alarm clock, which is telling you to take steps to create a more stimulating backdrop for your life. People at this time are inclined to take risks - parachuting, karate, mountain climbing and similar activities exert an almost magnetic attraction. Women at this time are inclined to get restless in their relationships and be rather provocative. If unattached there is a tendency to get involved with a very unpredictable type of man who can bring an element of excitement into the life. Often there are meetings with foreigners or long-distance travel in connection with love.

Sexually this can be a time of dramatic awakening, partly due to a more experimental attitude towards sex. Though love-affairs may serve to galvanise the mind and body now, relationships are characterised by tension and periodic separation. Men experiencing this transit will also be restless, and have a roving eye. For men too, this is a good time for sexual experimentation. The urge for freedom tends to threaten established relationships. To avoid sabotaging worthwhile relationships now, it is essential to find new

challenges at work or exciting projects to undertake in your private life.

### Jupiter Sextile Pluto

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

#### PROFESSIONAL - WISDOM: Transformation of beliefs

This influence is often felt more collectively than personally. This is a combination that shows power in one form or another: big money, the power of ideology, the law. You will have very strong convictions and a intense sense of justice, and as such will often find yourself getting involved in issues connected with beliefs, righteousness, power and the misuse of power - especially as far as large organisations are concerned. Success comes when you encourage tolerance in yourself, and flexibility concerning your views, thereby overcome a tendency to be unreceptive to the opinions of others. Systems of positive thinking can transform your life.

#### PERSONAL - WISDOM: Transformation of beliefs

Your beliefs will undergo a profound transformation during the course of your life. It is important for you to bear this in mind, as you often defend your convictions with an compulsive persuasiveness which can be dominating in personal relationships. You may be aware of an obsessive need to be right, or a consuming hunger to acquire insight, and this can be rather exhausting for those closely involved with you. By resisting the temptation to impose your beliefs on your partner, and by being open and curious about other people's opinions, you can attain harmony. You will certainly develop considerable psychological insight in your life, and this may benefit you both privately and professionally.

### Jupiter transiting Square Jupiter

19-11-2018 -> 15-12-2018

Major irritation factors arise as a result of this influence, yet

if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - WISDOM: Development of insight**

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

**PERSONAL - WISDOM: Development of insight**

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

**Jupiter transiting Conjunction 8th House**

**01-01-2017 -> 19-09-2017**

**PROFESSIONAL - WISDOM: Depth understanding**

You understand the importance of influence and power in all your professional dealings. You have the intellectual ability to see behind appearances and draw wise conclusions as regards most matters concerning finance and investment. In this respect you like to think big. People trust you with their money and other resources, and you can make them grow. You may also have good fortune concerning legacies or inheritances. You have a choice of direction as far as expansion is concerned. You can make a lot of money, if you put your mind to it. You certainly have the know-how.

But it is unlikely that you will be satisfied by material success, and you would achieve greater satisfaction expanding your influence, ideology and power. True satisfaction especially comes when you turn your understanding and investigative talents onwards to explore the fascinating realm of psychology and related subjects.

**PERSONAL - WISDOM: Depth understanding**

You can have a rich and rewarding emotional life. Not being satisfied with any superficial relationships, you have a hunger for intimacy and a deep understanding of the emotional motivations of your partner. You are both curious and talented as regards gaining access to the feelings of others, and you have the capacity for explaining hidden psychological factors. You may have a tendency to tout your own opinions and beliefs in a rather dominating way though. Stubborn insistence on matters of principle or conviction can easily sabotage emotional harmony. When you look back on your life you will notice that you have totally changed your own convictions at least once, so why let them become an issue in relationships? In a good relationship there should be plenty of space for a divergence of opinion.

**Jupiter transiting Conjunction 9th House**

**26-01-2018 -> 23-10-2018**

**PROFESSIONAL - WISDOM: Expansion of understanding**

As you have considerable intellectual depth and a fine overall perspective you are suited to a profession in which your powers of judgement and capacity to exert influence play an important role. Matters concerning the law, or the broadcasting of cultural values, or any situation in which you can get convictions across to the general public are all areas of employment in which you can thrive. Higher education can be important for you, and in your professional life you would appreciate the chance to constantly enhance your abilities through further training. You tend to be tolerant and cosmopolitan so you will demand a job which gives you wide intellectual and cultural horizons - even the opportunity to travel long distances abroad.

**PERSONAL - WISDOM: Expansion of understanding**

You have been endowed with considerable natural wisdom and the capacity to understand the significance of your life. Your upbringing will have been influenced by strong parental convictions, and this has stimulated you to work things out for yourself and develop your own understanding of the world. Powerful religious, political or philosophical beliefs shape your life. You are extremely persuasive in your beliefs, but you should bear in mind that other people may

find you rather dominating. It is important for you to listen to the world view of other people if you want to avoid becoming bigoted. You may be profoundly influenced by a mentor or guru-figure from a foreign land.

## Challenges

### Saturn In Libra Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

**PROFESSIONAL - SELF-RELIANCE:** Social responsibility  
Saturn was in this sign in the years 1921-23, 1950-53 and 1980-82. There was a strong emphasis in society on the principles of justice, and on partnership institutions. Expressed in your own career, you may find yourself assuming a professional role in which your judgement and diplomatic abilities are important. You will often find yourself sandwiched between people with differing views, and your word will carry weight in these situations. You are slow to pass judgement, and very concerned about any miscarriage of justice. You are good at dealing with people, and can acquire a position of authority in this respect. Your own role in society is important for you, and professional advancement depends on your overcoming shyness and fears about relating. You can feel a little stiff and formal when dealing with people, but you will quickly win their respect once you let the barriers down.

**PERSONAL - SELF-RELIANCE:** Social responsibility  
There was a general theme around the year of your birth in which commitment to others, particular in relationships, was an important issue. In your own relationships you will strive to overcome selfish needs and discipline yourself to take the needs of others into account before you take action. In this sense you are a person of your word when you make a relationship commitment. You are also characterised by fair-mindedness and patience when it comes to dealing with others. One of the major challenges in your life is to relax more with others, and to drop a defensive formal shield which prevents a deeper, emotional intimacy. Though you are good at dealing with people on a superficial level, you can be at a loss when emotional themes are broached. Though your early life will bring challenges and difficulties in partnerships, deeper devotion arises in your love life as you mature.

### Saturn In 7th House

**PROFESSIONAL - SELF-RELIANCE:** Maturity through partnership

To achieve success and satisfaction in your career you have to overcome the feeling that other people stand in your way. You are suspicious of the motivations of others. You learn basic lessons through dealing with other people, especially when they have a position of authority. As you mature you will learn to rise above a sense of inferiority in your dealings with others, and find a role in some official capacity in which other people actually look up to you as an authority. You function best when you are a buffer between the outside world and inner company workings. Nothing can get past you, unless you choose to let it. It may help you in your personal life, however, if you work on becoming more approachable - other people hesitate before taking you into their confidence. Business partnerships will bring great challenges for you - you can certainly be very loyal, but you must learn to be more flexible.

**PERSONAL - SELF-RELIANCE:** Maturity through partnership

You will spend the greater part of your life working on improving the way you relate to other people. You may cement a relationship out of a sense of duty, or to attain security and a sense of structure in life. Yet you are blocked as regards being spontaneous with your partner, and as time goes by there is a tendency to experience him or her as a restrictive influence. Actually what normally happens is that you force your partner to assert a parental role because you are reluctant to structure or take personal responsibility for your own life. By become more disciplined, you relieve the pressure on your partner to make all the rules. In this way your partner can change from being rather oppressive to being far more relaxed and tolerant. Partnership brings inescapable responsibility, and when you shoulder it you experience a deep sense of satisfaction.

### Saturn Square Pluto

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - SELF-RELIANCE:** Re-evaluate personal power

Normally this influence is felt more collectively than personally. The main issue here is the structure of power - its use and misuse. In your life you are sure to encounter people and organisations who have a powerful position in

society, for good or ill. This can for example include the police, tax authorities, corporations or secret organisations. When this influence becomes strong in your life, you will find yourself in a position which requires enormous willpower. This can lead to the overthrow of powerful people, or the collapse and restructuring of powerful institutions. It is your mission to transform the unacceptable use of authority. You also have the capacity to wield power and in doing so reform organisations.

**PERSONAL - SELF-RELIANCE:** Re-evaluate personal power

You can both be a victim of tyranny, and a person who unconsciously adopts an authoritarian style yourself. The energy you invested in survival early in your life can give you an imposing and even frightening aura. You have to make sure therefore that you use your natural authority to empower rather than weaken others. In intimate relationships you are extremely sensitive to the misuse of power and any sense of helplessness. If you unconsciously overreact in this area it may be you yourself who evokes fear in your partner. In times of crisis you may use the threat of allowing your life structure to disintegrate totally to keep your partner in line. Do not be afraid to be gentle and tender.

### **Jupiter transiting Square Saturn**

**08-12-2019 -> 02-01-2020**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - SELF-RELIANCE:** Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

**PERSONAL - SELF-RELIANCE:** Expanding the framework  
At this time of your life you have the opportunity to loosen

some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

### **Saturn transiting Square Saturn**

**30-12-2017 -> 23-11-2018**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - SELF-RELIANCE:** Adjusting direction

As Saturn takes 29-30 years to orbit the Sun, it makes a major aspect to itself about every 5 years, and these are times when adjustments of direction and goals have to be made. At the age of 29 to 30 however, a major reorientation is necessary. You have to look carefully at what structures you have built up in your life and why. If you don't make changes now, when can you? Are your ambitions your own, or are you simply fulfilling the expectations of your parents or of authority figures in society?

It is essential to spend some time sensing what it is exactly you want for yourself in life. Cast aside all the unnecessary baggage which you have accumulated in your efforts to carve yourself a professional niche in society. Don't worry about personal status and ambition for the time being, and don't listen to people who tell you what they think is good for you. The older you get the more important it becomes not to waste time pursuing superficial career goals which will be of no benefit in the long run.

**PERSONAL - SELF-RELIANCE:** Adjusting direction

All phases of the 30 year Saturn cycle are important, although the ages 30, 44, and 52 are perhaps the most significant. These are times when you have a chance to review the passage of time and assess the unfolding of your life. Are you satisfied with the direction it is taking? If not, change it now. Change need not be radical, you just have to define what it is you truly want to spend time on. Remember your responsibility is first to yourself. The biggest gift you can give to others, is to show that you are satisfied with your own life.

It is important to weigh the balance between career and family commitments now. Do not be influenced by what other people expect of you - only you can know what it is that you really need in life. The yardstick for decisions at this time is: Imagine you were on your death bed...what then, would you wish you had achieved in your life? The wrong decision now can mean years wasted on unfulfilling work.

## Originality

### Uranus In Pisces

### Uranus In 1st House

**PROFESSIONAL - ORIGINALITY:** Be unique

You have many unusual and original character traits, and you take pride the elements of your life which are unique. You have a provocative style and a desire to bring renewal in your personal environment. Professionally you are not suited to a job which cramps your style, and you may prefer to strike out on your own. You have inventive talents, global interests and a need for unpredictability in you day-to-day life. There may be talent for untraditional or futuristic interests. There may be technical talents or be interest in New Age matters - but whatever you do you need to feel that you have a special role, perhaps a little bit on the periphery of society. Sudden and radical changes in your professional direction are to be expected. The lure of exotic climes may bring travel.

**PERSONAL - ORIGINALITY:** Be unique

You were probably born under unusual circumstances which in some way created an outsider mentality in you. You have not taken kindly to parental influence, preferring to make your own rules as you go along. You tend to prove your point by doing the opposite of what is expected of you. You have a slightly disturbing influence on others, as you like to provoke changes in your environment. The more extreme your life-style and opinions, however, the more you are likely to feel alienated. You walk the delicate tightrope between creating much-needed renewal or just upsetting others. Nevertheless you can be well-liked, and probably enjoy a wide spectrum of friends. As you do not believe in favouritism in any shape or form, you can attract very unusual people into your sphere of influence. In partnership matters you insist on personal freedom.

### Jupiter transiting Square Uranus

27-02-2019 -> 21-11-2019

Major irritation factors arise as a result of this influence, yet

if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - ORIGINALITY:** The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

**PERSONAL - ORIGINALITY:** The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

### Saturn transiting Square Uranus

04-01-2017 -> 29-11-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - ORIGINALITY:** Limiting individualism

This influence may not be so obvious in your life, unless you have strong Aquarius characteristics. It is a time when it pays to make constructive use of modern techniques in your career, or perhaps pursue interests connected with exotic cultures or people. Concrete work on untraditional or new age interests is also favoured. You will probably find that you will have to make some compromises with your tendency to be an outsider and to hold society at arm's length. It pays to build a bridge between old traditions and modern trends. Social idealism and commitment is favoured.

**PERSONAL - ORIGINALITY:** Limiting individualism

During this phase of your life, you will find that you have to

take more responsibility for those sides of your nature which are outrageous or provocative. Authority figures will demand more self-discipline and social awareness, and you will not be permitted to merely indulge your extremist views. However this is a good time to develop your interests in original and untraditional subjects, new age matters, and global awareness, especially if you have constructive plans in these fields. This may be a time when you will want to make a more formal commitment to an unusual group.

### Neptune In 12th House

Please read page 2 : Neptune In 12th House

### Jupiter transiting Square Neptune

25-02-2018 -> 03-11-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - TRANSCENDENCE:** Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

**PERSONAL - TRANSCENDENCE:** Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the

nature of reality and the illusion of identity.

## Transformation

### Pluto In Capricorn

### Pluto In 10th House

**PROFESSIONAL - TRANSFORMATION:** Transform your ambitions

You can invest enormous energy into achieving your goals - even to the point

of obsession. Behind this compulsion lies a deep subconscious need to prove

yourself. On the positive side, this will bring results, simply because of the

efforts you make. However, there will come a time in your life, where you will

discover that your personal destiny is something quite different from what you

have hitherto strived for. The career transformation which follows - perhaps around the age of 40 - will lead to totally new interests, where your talent for going into depth and giving yourself 100% will bring success. You are suited to a job where you wield a certain amount of power. When it is a question of taking unpleasant decisions, even if this can affect the jobs of others, you are capable of being quite ruthless - even with yourself. You have a special talent for identifying factors that undermine success, and rooting them out. As such you are a skilled reformer. There may also be a talent for working with computer technology or psychology-related subjects.

**PERSONAL - TRANSFORMATION:** Transform your ambitions.

You have been powerfully affected by a parent on a hidden psychological level. Perhaps there were unspoken but unpleasant expectations connected with you getting ahead in life. You have developed a hidden need to sabotage the expectations of others because of this parental theme. Later in life you may even find yourself working under a person who is rather unreasonable - even tyrannical - in his or her treatment of you, repeating the pattern from childhood. If you find this kind of situation arising, the root cause is of course your own attitude to authority. The need to sabotage is projected on people who you identify as having too much power. For true success and satisfaction in life you need to unearth these unconscious motivation factors - otherwise you will sabotage your own success.

### Jupiter transiting Conjunction Pluto

10-12-2019 -> 05-01-2020

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - TRANSFORMATION:** Power play

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

**PERSONAL - TRANSFORMATION:** Power play

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

## Saturn transiting Conjunction Pluto

03-01-2018 -> 29-11-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - TRANSFORMATION:** Bonds on power

This influence may not be felt very strongly, unless you have strong Scorpio traits. This is a period when you are confronted with power manifestations in society, and it can be necessary for you to summon up reserves of strength and determination to handle situations which seem beyond your control. Take care in your dealings with police, tax authorities or underworld characters, as you are liable to meet people and groups who are in a position to humiliate you. In professional matters you have to take a closer look at what goes on under the surface. Eliminate any corrupt elements, and look more closely at your motivation when

asserting your power.

**PERSONAL - TRANSFORMATION:** Bonds on power

Though sometimes rather subtle, this influence can release powerful elements in your unconscious mind. If you are a victim of emotional states such as jealousy and paranoia, now is the time to make an effort to deal with them. Deep-rooted psychological complexes which manifest as obsessive behaviour will surface now and the more you try to repress them, the greater power they will have over you. A sure danger sign is if you start accusing other people of evil behaviour, or if you feel that you are being shadowed or persecuted. Inner demons manifest in outer events now, yet solutions are to be found within your own being. You can contact archetypal forces now, for example through shamanism.

## Destiny

N.Node In Capricorn, S.Node In Cancer

**PROFESSIONAL - DESTINY:** Growing up

Achieving professional success in your case involves your overcoming dependent tendencies and a feeling of being vulnerable. Early in your career you may choose to work in a caring profession, or in a job which affords you security. You expect to be provided for and looked after. As time goes by you find that the price of dependence is a feeling of being stifled. An inner need to manifest your executive talents arises, and this will often involve a powerful emotional transition in which you demonstratively take responsibility for your life. At such times you may even wish to start out for yourself as your own boss, and you will manifest great determination and self-discipline in this process. New businesslike tendencies replace the vulnerable softness which previously characterised your nature.

**PERSONAL - DESTINY:** Growing up

You are strongly attached to the bonds of the past, and your family can play an extremely important role in maintaining feelings of dependence in you. At some point in your life these bonds have to be cut, so that you have the opportunity to take responsibility for your own life. When young you are tempted to manipulate partners by appealing to their protective nature, and this results in your being held in a childish role. In reality there is a grown-up in you bursting to get out, and the sooner you manifest your maturity in this respect, the more satisfaction you will feel. Children and family represent something of a dilemma for

you, perhaps because you instinctively sense the great responsibilities that parenthood will bring. Raising a family is easier when you make the transition from dependence to self-sufficiency. You are an emotional person, yet as you get older you learn that there is greater dignity in self-control.

## **N.Node In 11th House, S.Node In 5th House**

### **PROFESSIONAL - DESTINY: Group visions**

Early on in your professional life you may be motivated by a drive for fame and recognition. You certainly have creative talents, but you will not find true fulfilment in your drive for personal recognition, even though you may achieve it. Your destiny lies in dealing with groups or in connection with your social visions. When you put individual needs behind you, and discover the satisfaction of working with others to achieve joint goals, you will feel that you have found your path in life.

### **PERSONAL - DESTINY: Group visions**

You have a strong need to be respected as an individual, yet you will discover that this need is exaggerated and cannot be fulfilled. Should you for example choose to find self-confirmation through love-affairs, you will end up in a very complex situation, and your self-respect will take a dive. Romance is often an abyss which undermines your ego even further. Children can result from romantic ventures and be a burden on your progress in life. Having children will not satisfy your need for personal significance. It is essential for you to realise as soon as possible that personal happiness comes when you devote yourself to enhancing your consciousness through social involvement. Group interests bring great satisfaction, and other people will benefit greatly from your creative efforts in social fields.

## **Jupiter transiting Square N.Node**

**01-01-2017 -> 04-09-2017**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

### **PROFESSIONAL - DESTINY: Understanding karma**

You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas

about your destiny or personal importance lead you astray.

### **PERSONAL - DESTINY: Understanding karma**

This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions - though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.

## **Saturn transiting Conjunction N.Node**

**17-02-2019 -> 11-01-2020**

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

### **PROFESSIONAL - DESTINY: Group responsibilities**

This period is characterised by a professional commitment with a group and the responsibilities that this commitment involves. The interests of the collective may turn out to be more relevant for your career development than your own ambitions or desire for status. Older people in authority may impose limitations on your development, and you can experience a compelling need for greater self-discipline to deal with the demands made on you. The decisions made now can have an important formative effect on your destiny. Benefit comes through subordinating ego needs for the good of others, and accepting the hand of fate, as it moves in your career.

### **PERSONAL - DESTINY: Group responsibilities**

This is a time when time will stand still for a while, so that you can take stock of your ambitions and goals in life and see where they have led you. It is a fateful period in which your responsibilities to others and your role in society can become very important. Some people feel that their life direction leads to a blind alley in these months, or that plans for the future are futile and empty. There is benefit to be attained through inner spiritual discipline, as the hunger felt at this time can not be satiated by outer success.

You may be required to take a position as regards the use and misuse of power on a collective level. You can expect to be challenged in a mysterious and fateful way now, and your personal integrity will be put to the test.

**PERSONAL - DESTINY: Change of direction**

At this time you will be confronted with the negative effects of some dominating personal habits. There is an irresistible pressure to reform certain aspects of your life, and to clear the path for future progress. You will be forced to consider your personal values and ethical position, and it is at this time that the battle between the strong and weak sides of your personal nature is at its highest. When this process is over you may feel that the pages of history have been turned, and that you have rooted out a lot of negativity from your life.
