Birth Report

Dear Kristian Borglund,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mars Opposition Uranus". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

You are an extremely unpredictable person, and your fear of being limited by relationships makes you demonstratively aggressive when duty is required of you. Men with this aspect give their partner the impression that they can pack their bag and go at any time - in actual fact unpredictability is used as a threat to get their own way. Women with this aspect are attracted to unusual men, particularly from abroad or from some unique environment, - men who can promise excitement and freedom. There is a tendency to be enormously provocative and this can lead to explosive conflicts. This satisfies the ever-present craving for excitement in one way or another. To have peace in a relationship it is important to have some unusual interest or job which brings challenge and fulfilment. A relationship will not provide this in any lasting way. If all goes well you are an exciting person to be with, always willing to take a risk or try something new.

How this influence affects your professional life:

You are an extremely dynamic person and you can perform tasks in a flurry of activity in half the time ordinary mortals take. You need

excitement and originality in your work, and you do your best work when a deadline is threatening. When you decide to act, you strike like lightning. However you are best at working in short bursts of energy. Longer periods of activity tire and bore you. You have talent for working with technical matters - for example engineering, computers etc. You may also have a taste for more untraditional work, perhaps connected with New Age fields, consciousness-raising etc. The essential ingredient is freedom to experiment and learn from your own experiences. You are not very good at working in a team because you can react violently to being told what to do. You hate restrictions and orders and you need to go your own way. Other people may experience you as rebellious and you have a tendency to get into trouble with authorities. You are something of a pioneer, and may embark on dangerous travels to foreign lands.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Uranus Conjunction Mars". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This is one of the most impulsive periods in your life, and you can expect a lot of excitement - or trouble - in these months. There is a resurgence of energy and a desire to break free and do something different. Feeling bored is like the ringing of an alarm clock, which is telling you to take steps to create a more stimulating backdrop for your life. People at this time are inclined to take risks - parachuting, karate, mountain climbing and similar activities exert an almost magnetic

attraction. Women at this time are inclined to get restless in their relationships and be rather provocative. If unattached there is a tendency to get involved with a very unpredictable type of man who can bring an element of excitement into the life. Often there are meetings with foreigners or long-distance travel in connection with love. Sexually this can be a time of dramatic awakening, partly due to a more experimental attitude towards sex. Though love-affairs may serve to galvanise the mind and body now, relationships are characterised by tension and periodic separation. Men experiencing this transit will also be restless, and have a roving eye. For men too, this is a good time for sexual experimentation. The urge for freedom tends to threaten established relationships. To avoid sabotaging worthwhile relationships now, it is essential to find new challenges at work or exciting projects to undertake in your private life.

How this influence affects your professional life:

This is a dynamic and inspiring period, though not without an element of danger. You can hardly tolerate anyone telling you what to do now, so you are likely to experience conflict with those in authority. If there is trouble at work, seen objectively it is probably you who is being unreasonable. Your restlessness and desire for change hardly inclines you to compromise and settle in to some boring job now. You need excitement, independence, and a challenge. You would function better on your own now, especially if you could do some travelling internationally. If you have been dreaming of setting yourself up independently, this is the time to do it. There is very little fear of taking risks during this period, and plenty of energy to go it alone. This is an excellent period for taking initiatives concerning change and renewal. There is a strong likelihood of long-distance travel to exotic destinations. Unconventional work is favoured, particularly in connection with New Age matters. However patience is low, and temper is high. This is an explosive cocktail which can make you more provocative than usual, so take care. You may be fascinated by mechanical or technical matters now, and this is a good time to develop talents in this area.

Now you know something about what makes you special, and something about what makes this period of your life special. However,

this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
