# Birth Report

**Dear Denise Duran Carrillo,**

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Venus Opposition Neptune". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

## **How this influence affects your personal life:**

You are willing to make sacrifices for love, and as an incurable romantic you are skilled at creating circumstances for personal disappointment, either through poor judgement regarding potential partners, or unrealistic expectations. You are looking for more than a worldly love - you need to feel as if your soul is touched by your partner, you need to feel a spiritual bond. To be happy in this area of your life you must understand and accept so-called imperfections in others. The perfect partner does not exist and you will never find him or her. It is important to choose an equal - not someone you idealise or want to save - and it is important that the chosen one shares ideals and dreams which transcend conventional relationship needs. Unhappiness and dissatisfaction in love is actually the result of unconscious impressions from your distant past, and these feelings actually have a spiritual purpose now.

## **How this influence affects your professional life:**

You have an extraordinarily refined aesthetic sense. Disharmony evokes an almost physical unease in you, so you are strongly motivated to

recreate balance in your inner and outer world. Professionally this can manifest in a career where matters of taste are important, or diplomatic talents necessary. You are especially suited to public relations matters, but your genuine compassion for other people may incline you to work helping others in some way. Although you may be strongly inspired by items of physical beauty, you will rarely be satisfied by material well-being alone. You have musical and artistic talents.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Jupiter Conjunction Neptune". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

### **How this influence affects your personal life:**

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

### **How this influence affects your professional life:**

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your

fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
