HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Scorpio

PROFESSIONAL - LIFE-PATH: Penetration

As a person who likes to hold your cards close to your chest you can be entrusted with any job which requires dedication and privacy. You are endowed with X-ray eyes, and this means that you have the capacity to see what lies under the surface in any particular matter. You have a deep and powerful emotional nature, and are interested in, and concerned about, the feelings of other people. However you only let on how you feel when you are completely secure. And you are rarely completely secure. Struggling with anxiety of one sort or another is a major pastime, and professionally you may often feel you are fighting for survival. Jealousies and controversy can surround you, and you expend a great deal of energy trying to control what is going on around you. You have a talent for psychology, dealing with finance, and as a power-broker behind the scenes. You have a capacity for taking difficult decisions in emergencies. You know when to cut off the branch to save the tree.

PERSONAL - LIFE-PATH: Penetration

You are an intense and rather secretive person, who believes in deep emotional involvement. You are powerfully motivated by the need for emotional security and you expend a lot of energy trying to maintain calm in this area. Being unable to control the emotional reactions of others, you have a tendency to be jealous and to engage in emotional brinkmanship. You lack emotional flexibility, see issues as black or white and tend to come with ultimatums. Erotic intimacy is extremely important, and the litmus test of a good relationship for you is a satisfying sex-life. You will attract a calm and stable partner, who reassures you by becoming dependant on you. As inertia builds up in a relationship you often provoke intense emotional crises. You need to feel and explore every facet of the emotional spectrum from love to hate. Having enormous reserves of emotional power, you emanate a powerful aura and people are mysteriously strengthened simply by being close to you.

Ascendant Trine Sun

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences

minimal.

PROFESSIONAL - LIFE PATH: I, myself, me

Whether you would prefer to have a low profile or not, you will often dominate your surroundings through the force of your personality. Professionally you strive to do your very best - for success is a matter of honour for you. You have a magnanimous disposition, and are generous in your dealings with others. Creative work and self-expression must be an important element in your professional life. You stand on your pride too much.

PERSONAL - LIFE PATH: I, myself, me

You have a radiant personality, with a touch of self-importance. You take yourself - and the impression you make on others - very seriously indeed. Some people may consider you self-centred. You tend at least to be the centre of attention, and although you invest all of yourself when you relate to others, you give your own personal development needs priority. You have plenty of surplus energy, and your playful nature can make you a figurehead for young people.

Ascendant Square Mercury

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: The messenger

You are a person of many talents, chiefly in the field of information and communication. Meeting people and creating contacts are a part of your professional life-style - you have a message to deliver, and you do so in a flurry of activity. Intelligent and informed, you keep yourself up-to-date on all the latest developments.

PERSONAL - LIFE PATH: The messenger

You are easy to make contact with, and always willing to exchange the time of day with anyone you meet. Easily distracted, you can find yourself getting involved in many things at the same time - but then you hate to be bored. You give the impression of being a person on the move. Being gregarious and talkative, you are an excellent catalyst for getting people together. You fascinate people with your ideas.

Ascendant Conjunction Neptune

This aspect is of medium strength and its influence will often be felt, though not acutely. This conjunction shows a fusion

of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - LIFE PATH: The spiritual path

You are rarely motivated by purely ambitious interests, and therefore you function best when engaged in a job in which you can invest your ideals and dreams. Ordinary goals can hardly satisfy your needs, which are more orientated towards feelings and sensitivity, or music and creativity. You need to feel moved by influences beyond the personal.

PERSONAL - LIFE PATH: The spiritual path

It is important for you to overcome a subtle feeling of dissatisfaction or sorrow in your life - both in connection with the direction your life takes, and in connection with partners. This involves finding a sense of meaning in your existence. Creative or spiritual interests, and the pursuit of inner purity, can bring much needed inner harmony. You are very impressionable and easily influenced by the vibrations of other people, so you need to indulge in periods of withdrawal.

Ascendant Square N.Node

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DESTINY: No man is an island

Your life path is closely aligned with a common destiny and associated with a greater purpose for the world. You need to be with people and to relate deeply to feel that you are fulfilling your role in life, though you will often be confronted by the dilemma of whether to follow your own needs, or the needs of others. Relationships may play an important role in your professional life.

PERSONAL - DESTINY: No man is an island

You are strongly keyed in to the world that you are a part of, and in a sense you can feel the major and minor tremors that go on in your environment. As such you feel a strong sense of involvement and personal responsibility, because you are so aware of how the individual impinges on the whole. Sometimes you will have an inflated sense of your importance, but at other times you will gain an understanding of the transience of your existence.

Mars In Aquarius

PROFESSIONAL - DRIVES: Create tomorrow today

You are a visionary type with many strong and sometimes

provocative views. There is a willingness to find new solutions to old problems and this may manifest as considerable inventiveness. You are inspired by social issues and often shocked by what you consider to be social injustice. There is a sense of being on the periphery of conventional social life. Paradoxically, even though you may fight for a cause, and have many friends and comrades, you can experience a sense of alienation from others. Perhaps it is your fate to be an outsider. If you wish to experience more social harmony, it will pay for you to be less controversial or provocative. Although your views may be about tolerance, you can have a tendency to express them in an intolerant way. You work well in unconventional areas which require an experimental attitude. There can be talent for social or political involvement on a smaller or larger scale, and perhaps New Age activities.

PERSONAL - DRIVES: Create tomorrow today

You have an extremely strong sense of individuality, and this may have set you at cross-purposes with your family or society at a very early age. You do not like being told what to do, and neither should you be, because it is your job to find unconventional solutions in life. Although you enjoy company, you also feel alone - partly because you have difficulty accepting bourgeois values. You would thrive dealing with people who come from a completely foreign environment. Men with this position may put menfriends and social interests before commitment to a relationship, and they are demonstrative against being smothered by conventional romance. They do however like the excitement of an unpredictable relationship, and can be rather experimental from a sexual point of view. Women with this placement often find themselves getting electrically attracted to the unconventional type of man - perhaps an outsider in society, perhaps a foreigner. Both sexes will experience sudden and unexpected change during the course of relationships.

Mars In 3rd House

PROFESSIONAL - DRIVE: Focus mental activity

You are a person who likes to be on the move and explore new territory. Your dynamic attitude towards expanding your mental horizons will bring success in a career where you have to travel, meet people and perhaps bring them round to your point of view. You are a forceful negotiator, and you make up for in enthusiasm what you lack in diplomatic talent. If you can overcome a tendency to squabble and browbeat other people, you will surely achieve success by dint of mental effort alone. You are powerfully motivated to

constantly educate yourself and also to communicate your ideas. Education, travel and information will be central to your career.

PERSONAL - DRIVE: Focus mental activity

Brothers - or perhaps a youthful father figure or teacher - may have had considerable influence on your mental development. At best there was a competitive environment in your home, and at worst constant argument and provocation. You were forced to learn to defend yourself verbally, hence your argumentativeness today. You may even have developed a sharp voice - all the better to be heard - and provocative opinions. Problems can arise in your local environment with neighbours and the like, partly because you have a defensive attitude to your territory. You would be a formidable spokesman in community matters, but you can easily get distracted by peripheral issues. Many problems can be overcome if you are more willing to give others a hearing, and if you avoid the tendency to be provocative, sarcastic or aggressive. Your mind can be developed to a fine tool.

Pluto In Virgo Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

Pluto In 10th House

PROFESSIONAL - TRANSFORMATION: Transform your ambitions

You can invest enormous energy into achieving your goals - even to the point

of obsession. Behind this compulsion lies a deep subconscious need to prove

yourself. On the positive side, this will bring results, simply because of the

efforts you make. However, there will come a time in your life, where you will

discover that your personal destiny is something quite different from what you

have hitherto strived for. The career transformation which follows - perhaps around the age of 40 - will lead to totally new interests, where your talent for going into depth and giving yourself 100% will bring success. You are suited to a job where you wield a certain amount of power. When it is a question of taking unpleasant decisions, even if this can affect the jobs of others, you are capable of being quite

ruthless - even with yourself. You have a special talent for identifying factors that undermine success, and rooting them out. As such you are a skilled reformer. There may also be a talent for working with computer technology or psychology-related subjects.

PERSONAL - TRANSFORMATION: Transform your ambitions.

You have been powerfully affected by a parent on a hidden psychological level. Perhaps there were unspoken but unpleasant expectations connected with you getting ahead in life. You have developed a hidden need to sabotage the expectations of others because of this parental theme. Later in life you may even find yourself working under a person who is rather unreasonable - even tyrannical - in his or her treatment of you, repeating the pattern from childhood. If you find this kind of situation arising, the root cause is of course your own attitude to authority. The need to sabotage is projected on people who you identify as having too much power. For true success and satisfaction in life you need to unearth these unconscious motivation factors - otherwise you will sabotage your own success.

Identity

Sun In Pisces

PROFESSIONAL - IDENTITY: Make your dreams tangible

You are a mixture of many personality traits, and it is difficult for both you and others to define who you are and what you represent. You may take life seriously, but you can be at a loss to find a true meaning in what you do. Professionally you can be skilled at many things, although you are rarely motivated by material ambitions. You are a sensitive person with a genuine love and concern for others. As an idealist and dreamer you refuse to accept the hard ways of the world and constantly choose to believe in the best in others. Times will come when you feel misunderstood, and disillusion can lead to major crises. It is up to you to avoid putting yourself in impossible situations, which inevitably lead to disappointment. You have a talent for creative work, and you would also function well in a helping role. However you can succeed at anything you put your mind to, on the condition that it inspires you.

PERSONAL - IDENTITY: Make your dreams tangible

Many of the turning points in your life are of a spiritual nature in that you learn to discern a meaning behind events which makes sense of the seemingly meaningless nature of things. These experiences constantly enhance your

sensitivity and personal insight. In this process of personal development it is essential for you to resolutely avoid any feeling of martyrdom, even though you more than most are aware of, and witness to, the tragedies of human existence. Partnerships function best when you avoid the two extremes of having unrealistic expectations of the partner, and going around feeling the odds are stacked against you. By avoiding negative states of mind as far as possible, you can attract good fortune to yourself, and give spiritual sustenance to others.

Sun In 4th House

PROFESSIONAL - IDENTITY: Pride in the family

Professionally your concerns centre around your immediate environment, land and property. You may identify strongly with your family or your country, and you are motivated to form strong bonds of loyalty - whether it be to the company you work for, or larger national interests. You need to feel needed. You have a talent for creating a homely and secure environment for other people and have strong convictions about family values. For you to function well in a career it is important for you to have a secure home base. You are attracted to an expensive home, because living well is a matter of prestige for you.

PERSONAL - IDENTITY: Pride in the family

Your upbringing has had an especially profound effect on your identity, and your father's influence will have been particularly strong in this respect. You have had a compelling need to look up to him and use him as a role model - for good or ill. Later in life you will draw great strength from the family you build up yourself, and your children will probably take a central role in your life. Your home and family will be the most important motivating influence for you, and you will be aggressively protective of them. You identify strongly with your home and may also take a special interest in your family history. You will not mind spending a lot of your time at home - this where you can really be yourself.

Sun Conjunction Venus

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Style

This contact evokes in you a very strong aesthetic awareness and quite considerable personal charm. You

have the ability to make a warm and enriching contact to others and inspire them with your presence. Your diplomatic talents, and strong sense of personal values, gives you many advantages in a variety of areas. You are not a forceful person, and in general you do not like competition, but you can get your way through persuasiveness and charm. Your natural charisma and winning manner ensures personal popularity. You would not be happy in a job in which confrontation and conflict plays a role, and your talents are best utilised dealing with personnel, diplomacy, or matters related to taste, style or a refined judgement.

PERSONAL - IDENTITY: Style

It is extremely important for you to feel liked, and you go to considerable lengths to make a good impression. You are personally warm and affectionate, and enjoy both making and being the recipient of romantic gestures. Your mild manner probably comes from your father, who may well have been very loving and considerate. Indeed, women with this aspect often idealise their fathers and have difficulty shaking off their attachment. Later in life they will tend to become romantically involved with a softer type of man, in whom they imagine very gallant properties. For both sexes problems can arise through denial of the shadow side of the personality and the reluctance to see that people cannot always be ladies and gentlemen. Sometimes too, there may be a tendency to manipulate others through the conscious use of charm, and a far too rosy self-portrayal. Nevertheless personal self-esteem is a central issue for the identity, and learning to love and accept yourself is a prerequisite before you can function well in a relationship.

Sun Trine Neptune

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - IDENTITY: Find meaning in spirituality

On a professional level almost anything is possible for you - as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and personal ambition. You have high, and perhaps unattainable expectations of yourself...and often of others. You have an intuitive insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function

best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

PERSONAL - IDENTITY: Find meaning in spirituality

You are a sensitive and impressionable person with a strong need to be able to define who you are. You often feel that your grasp on reality is not tangible. If life becomes boring or monotonous, this can strike at the very core of your identity. Women with this aspect put their men on a pedestal from which they rapidly fall. In your longing to find an ideal that does not dissolve like a mirage in front of you, you will constantly refine your nature. Your longing and dissatisfaction is the engine of spiritual change in your life. You find yourself by going within yourself. Meaning in life comes when you seek to attain idealistic goals and develop a collective vision which benefits others. You would definitely benefit from meditative practice.

Sun Opposition Pluto

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Transformation of identity

It is important for you to make a strong impression on people, and you invest a lot of energy in this - more than you are aware of. Much can be gained by toning down your personal energy. You are suited to positions requiring the use of power and psychological insight. Whatever you do, you like to be deeply - sometimes fanatically - involved. This may often lead to battles of will, and you tend to win, basically because you cannot contemplate personal defeat. More flexibility would actually benefit you and help you avoid tiring power games.

Personal power is a natural asset - as you will discover after a number of significant personal crises which lead to a revaluation of your role. These crises are centred around achievement at all costs, or fanatical attachment to a particular role which outlives its meaning for you. When you learn to tone down your sensitivity about self-esteem, and invest your considerable willpower into projects which really mean something to you, and to others, you can achieve success. You may have a talent for psychology or dealing with the powers of the unconscious.

PERSONAL - IDENTITY: Transformation of identity

Early personal experiences have made you sensitive about your identity, and anxious about self-esteem. However this means, paradoxically, that you often overwhelm others with your presence. Thus you tend to be a dominating figure in intimate relationships. You need a partner who is not superficial and who shares your intense approach to life. To achieve harmony here you should relax instead of asserting yourself, otherwise relationships will become very exhausting. It is important to realise that power battles are related to inner fears about your identity. Women with this influence will often be attracted to a dominating man, only to find that he does not match her own strength which was acquiring through trying times in childhood. More intimacy can be achieved by daring to show vulnerability.

Jupiter transiting Square Sun

29-12-2018 -> 21-09-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - IDENTITY: Creating your future

During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

PERSONAL - IDENTITY: Creating your future

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and

spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

Neptune transiting Conjunction Sun

10-02-2017 -> 27-01-2020

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - IDENTITY: Refining the spirit

As this is a period of self-examination and contemplation, you may not be very motivated professionally. You cannot allow yourself to be the slave of your ambitions now. You have to ask yourself the question: How can my job live up to my long-term ideals about myself and my capacities as a human being? The yardstick as to whether what you are doing is the right thing is the inner feeling of dissatisfaction that wells up from within. Let this guide you in your search for meaningful activity.

The direction you take now is decisive for your long-term spiritual health, so take your time. Knowing what you don't want to do is an important first stage, later you will find something which satisfies every part of your being. This is a time to create room for musical, artistic or creative impulses. Your interest in fellow men and women may inspire you to be more socially involved. The urge for service and even sacrifice is strong.

PERSONAL - IDENTITY: Refining the spirit

This is the most important time in your life for spiritual growth and self-realisation. At the onset of this period you may feel a dissatisfaction - even a pointlessness - with your existence. No matter what escapist activity you pursue, there is a nagging feeling of meaninglessness which pervades all areas of your life. You have to take the consequences of this and seek to enrich your daily life. Spiritual interests and meditative or creative activity are favoured now, and you would benefit from contact with a person more spiritually aware than yourself.

No partner will be able to alleviate your thirst for existential significance now. Unrealistic expectations concerning

loved-ones will surely lead to disappointment, as the bubbles of your private illusions burst. By directing your gaze inwards and understanding the subtle inner processes of the mind, you can achieve a new understanding of your life. The essence of this is that you are alone, and that the world is a stage for your projections. It is important that your acting is good if you would like some applause when you get to heaven.

Emotions

Moon In Aquarius

PROFESSIONAL - EMOTIONS: Caring humanity

You are a very socially conscious person, strongly motivated to create cohesion in groups. Paradoxically however, you often feel on the fringe as far as your relationships are concerned. You have a taste for unusual environments and function best when you consciously choose alternative relationships where people's differences are more apparent than their similarities. This gives an attraction to foreign environments or experimental life-styles. With your natural friendliness, deep social commitment and group consciousness you will have a special ability for working with people on the social fringe. You have a striking intuition, and may have talents for an unconventional profession.

PERSONAL - EMOTIONS: Caring humanity

You were brought up in an unusual parental environment characterised by rather special family relationships. You probably learned at an early age that it did not pay to be too dependent, and neither does it suit you, as you prefer friendships based on equality and shared interests. As such it is likely that your family relationships were characterised by intellectual principles of equality or liberation, whilst you may have missed the emotional supportiveness most children take for granted, although you may well have had a very friendly relationship to your mother. As many of the deepest bonds in your life are to true friends or groups, some of your greatest difficulties are experienced when these attachments are broken.

Moon In 3rd House

PROFESSIONAL - EMOTIONS: Caring communication

Family upbringing will have stimulated considerable interest in the outside world, and this probably means you have travelled a lot and perhaps lived in several different locations. Professionally you can succeed in a job where close professional contacts need to be nurtured. You have a

compelling persuasive talent and you would be suited to a profession, where communication was essential. When you communicate, you do so with feeling and conviction. There is also a talent for teaching - especially children - so you may wish to work in the field of education. Travel and new environments would be stimulating job-factors. There may be an interest in, or talent for writing, art, or music.

PERSONAL - EMOTIONS: Caring communication

You have a tendency to cement very powerful emotional bonds to a sibling or sister-figure in your life, or perhaps to a schoolmistress. Your mother, too, will have had a powerful effect on your mental development, and she may well have been strongly involved in your education. Trying emotional experiences in your life result from strong differences of opinion, perhaps in sibling relationships. You have a tendency to attach yourself uncritically to a set of ideas more through loyalty than conviction, and when you argue your case you are easily swayed by irrational arguments and emotions. You are however an extremely communicative person, and enjoy building up a warm network of contacts in your local environment.

Moon Conjunction Mercury

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - EMOTIONS: Emotional awareness

You have great persuasive talents because you make an emotional investment in everything you say. At its best you can use these communicative talents to sway the feelings of the people around you - obviously a great asset when speaking to a public. You know how to tune in to the mood of the crowd and have an instinctive talent for saying the right thing. You need to be passionately engaged in your work, and function best in a role which gives you human contact. You work better with people than with things, but there is good business talent, especially as regards property. You are not an analytical type, and your judgements are easily swayed by your feelings. Thus you are easy to read, and will often stumble verbally, when you encounter conflict. You would find success in a career in which you utilised your talent for listening and speaking to people.

PERSONAL - EMOTIONS: Emotional awareness

You are a person who likes to communicate on an intimate

level with those you are close to, though you have difficulty opening up to those you do not know well. Other people are comfortable entrusting their thoughts and feelings to you however. Your word and tone of voice are always tinged by your emotions, and this ensures you a good audience. Your emotions tend to swing a lot, and when you are feeling negative it can be very difficult for you to express yourself clearly. Under extreme emotional conditions you will be rather irrational. You have probably been profoundly emotionally affected by sibling relationships, and even now may have a powerful emotional bond to a brother or a sister. Your school years will also have had a great emotional impact on you, for better or worse. You are extremely sensitive to being criticised or misunderstood on a mental level. In many ways you are able to build a mental bridge between the conscious and unconscious mind, clarifying emotions through mental awareness.

Moon Conjunction Mars

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - EMOTIONS: Temperament

You have a dynamic and forceful personality, and generally get your way in your professional dealings. Your greatest enemy is your temperament - you get angry easily, and when you get angry, you take ill-considered actions. So if your job involves dealing with the public, there will tend to be a lot of conflict. You may however function well if your job entails the need to confront people and get things done, but not if it involves diplomacy or sympathy. You are impatient, but on the other hand you tend to invest your heart and soul into your work and get things done quickly and efficiently. However, you create an atmosphere of tension around you, and are extremely sensitive to criticism. You often imagine attacks which do not actually take place, instinctively going on the offensive, or defensive, to deal with supposed threats. Obviously this kind of reaction evokes the very kind of attack you are seeking to avoid. Only by taking a long, cool look at your assertive nature and by developing greater sensitivity and calm as regards others, can you hope to win goodwill in your professional life.

PERSONAL - EMOTIONS: Temperament

You were brought up in an atmosphere of tension which has made you constantly on guard. Perhaps your mother was an unusually aggressive woman, or perhaps there were many

struggles in your family life. Whatever the reason you tend to get easily upset now - especially in your domestic life. Women with this aspect are often attracted to emotional men who express their feelings passionately and intensely. However this may be because of unconscious provocation from the woman, who - never having experienced peace and calm in her early life - recreates the atmosphere of tension through criticism or angry moods.

Men with this aspect tend to have a short fuse, and often go about in an irritated state of mind. By identifying early childhood patterns of tension it may be possible to combat these negative emotional anger-states, which can be the source of a great deal of internal pain. Expression of anger rarely solves anything. It does not pay to let anger out, as you may fondly imagine. It pays to be conscious of the reasons for anger, before it arises.

As you mature and you gain insight into your emotional nature, you can learn to create an atmosphere of excitement around you. You will be inspiring to be with, and moreover, you learn to combat insecurity by giving freedom of movement and encouraging independence in those you are attached to.

Moon Conjunction Jupiter

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - EMOTIONS: Horizons

You would thrive in a profession which offered you the opportunity to travel and explore different cultures. You could easily work or settle in a foreign country. Being restless in spirit, you get rather bored in a job which does not have an element of exploration - culturally, intellectually or geographically. You are essentially a very curious person, and the pursuit of knowledge is food for your soul. You can also be very caring, and your generous disposition can give you a talent for working with the public, especially as regards public opinion, marketing, or broadcasting values of some sort or another. Children would be especially benefited by your attention, and you have both the humour and educational drive to be a good teacher. You are not the kind of person to stay in any one job for a great length of time, unless it offers opportunities for growth and expansion.

PERSONAL - EMOTIONS: Horizons

Foreign environments may have played an important role in your upbringing, and generally speaking you will enjoy the cultural stimulation of travel and new horizons. You have

very strong empathy, and your emotional life exerts a powerful influence on your environment. You feel things very strongly, especially as regards what is right and what is wrong. You react powerfully to perceived injustice, and instinctively flare up or get upset when you think something is unfair. Above all, you dislike restrictions on your personal freedom, and you can manifest a strong independence if you feel encroached upon. You may often overreact to quite normal expectations on the part of the partner, as regards commitment and responsibility. Generally however, your optimistic and light-hearted nature brings a lot of joy and happiness to personal relationships, just as long as you are allowed to feel free, travel and pursue your intellectual interests.

Moon Opposition Uranus

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Unpredictability

You are something of a gipsy, and this means you can adjust to extremely unusual professional environments. You would thrive in a job in a foreign country for example - the more exotic the better. You are well-suited to working with people who are alienated from society in some way, especially if they come from a different culture. On the other hand you function very badly in a conventional place of work, where the same functions have to be performed day in, day out. You have a very low threshold for boredom, so you are suited to a job which brings exciting changes and variation during the course of the day - preferably meeting people. You have an advanced intuition and very sensitive antenna - this may give you some talents in the New Age sphere.

PERSONAL - EMOTIONS: Unpredictability

You do not have conventional desires as far as domestic harmony is concerned. In your childhood there were many unsettling influences and a general atmosphere of unpredictability, excitement or stress. You need to feel that something is happening around you. This means that you can get very restless in relationships, and if you feel bored - and you often do - then you start getting provocative. You are best suited to relationships which keep you occupied with new daily challenges - and you have a strong need to express your emotional energy in group scenarios. Your partner will not be able to satisfy your need for stimulation

on his or her own. You thrive in unusual domestic relationships - for example communal living, flat-sharing or residence abroad. For partnership to function satisfactorily it is essential that you stop distancing yourself emotionally - this gives the impression that you do not care for your loved one.

Jupiter transiting Square Moon

25-01-2018 -> 22-10-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - EMOTIONS: Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities

can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Mentality

Mercury In Aquarius

PROFESSIONAL - MENTALITY: Inspire renewal

You are a clear thinking person, very open to new and exciting ideas, though you can be rather fixed in your opinions. There may also be an inventive talent or some special and unique interest - perhaps connected with awareness and consciousness. You embrace strong views which run contrary to the accepted norm - you feel it is your duty to shake up the ideas of others and create renewal around you. Whilst this can be refreshing for all concerned, you run the risk of being alienated or misunderstood. You work well in a group environment in which there is a lot of excitement and stimulating people. You are a force for renewal, and have the ability to integrate new technological developments into your work.

PERSONAL - MENTALITY: Inspire renewal

Mental stimulation is very important for you, and you thrive on contact with others and the exchange of exciting ideas. You pride yourself on your openness and tolerance, although when it comes down to it you can't tolerate intolerant people. You are probably strongly motivated by social issues and tend to have unshakeable convictions in this respect. You can actually be rather stubborn in your beliefs, though you will be loath to admit this. You can get a kick out of being provocative, and will often be so if you start getting bored. Other things being equal you will have a number of important friendships with people from very different environments, as you have a taste for exotic and foreign influences.

Mercury In 3rd House

PROFESSIONAL - MENTALITY: Gather and disseminate knowledge

You will have had a very stimulating upbringing which enhanced your natural curiosity. Your constant desire to learn, expand your mental horizons and create contact with people inclines you to a job in which contact, communication, teaching, travel and a social network are important. You have natural secretarial abilities and may be

bilingual. Your early education will be extremely important to you, and you are liable to make good progress. You thrive in school and with friends, and an interest in education will play a role in your later professional life. You are extremely sensitive to how your ideas are received, and you will succeed professionally when you use your latent talent for getting a message across. You are a lover - and spreader - of information, and buzzing with ideas.

PERSONAL - MENTALITY: Gather and disseminate knowledge

A stimulating childhood environment, with important influences from brothers and sisters, will have spurred you to develop your mind as a child. You are extremely information-hungry and probably take pleasure in all forms of intellectual pursuit, reading, film and perhaps especially news and the media. You have the capacity to master a number of mental skills, and will always be actively learning something somewhere. Education is extremely important to you, and many decisive experiences in your life result from developments in this area. You may feel a constant need to improve yourself in this area. Changes in the life-circumstances of siblings can also have a profound effect on your ideas. You are also a great traveller, and have probably taken many an intrepid journey in your life. You may prefer two-wheeled travel to four.

Mercury Conjunction Mars

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - MENTALITY: Sharpness

You have an extremely acute mind, and can generally come to a decision far faster than the average person. You are quick to take action and enjoy the pleasure of outsmarting your competitors. You enjoy the thrill of mental combat. However you often cut corners, and your methods can be questionable. Your brusque manner can evoke considerable hostility in your place of work, so if you find yourself constantly getting into arguments or finding people irritating, you can be quite sure it has something to do with your behaviour. Perhaps you have a tendency to barge in or interrupt conversations, perhaps you speak in too harsh a manner or do not listen enough to others. It pays to plan more patiently, and think twice before you make your opinion known. You would function well in jobs which require tough negotiations or an aggressive verbal style.

You have plenty of energy too, and like to travel and meet people. You are a go-getter.

PERSONAL - MENTALITY: Sharpness

You get into too many arguments, and rarely consider the idea that you may be wrong. This truculent manner probably stems from conflicts in childhood with brothers, or perhaps your father. You worked out then that the best means of defence was offence. Yet troubles arise later in life because your frank and direct manner makes people feel that you are offensive. You don't always have to tell people what is on your mind. You hate to be bossed around or told what to do, so make an effort not to act in this way with others. Give them time to express themselves without interrupting, and resolve to stop criticism and arguments. Women with this aspect are often attracted to rather sharp men who may have questionable morals, or be rather argumentative types, although this is a projection mechanism based on inner conflicts. Men tend to retain adolescent qualities and act at times as if they know everything.

For both sexes it is important to slow down, otherwise the nervous system can be adversely affected. When you channel your enormous energy into creative, fun projects, you can achieve a great deal.

Mercury Conjunction Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - MENTALITY: Disseminating information

One of your great professional assets is your intellectual curiosity and interest in communication and information. You can be something of a perpetual student, accumulating knowledge and insight for a rainy day. These intellectual talents bring you success in fields which require study, writing, meeting people, travel and generally exchanging ideas. You have excellent teaching talents, because you both have the capacity to concentrate on details, and at the same time can draw wide-ranging conclusions. You can maintain an overall perspective, even when drowned in facts and figures. You can also be extremely persuasive, and this can give a talent for sales. People can come to you for advice and information. You are also suited to a position in an office, where you have access to phones and faxes, computers etc. You may be rather restless, so you need to work in a position in which you work with a whole spectrum of daily tasks, or in a situation in which you meet a variety of

different people, perhaps whilst travelling around.

PERSONAL - MENTALITY: Disseminating information

Gaining intelligence is a strong motivating factor in your life. Attending courses and studies, learning languages, travelling and meeting people, are all important activities for you, because they give you the opportunity to train and expand your mind. A foreign language may play an important role in your life - you certainly have the capacity to master more than one language. You can be witty and a mine of information. On the other hand you may feel a strong need to impose your ideas and opinions on others. You hate to be belittled mentally, and you may compensate for this by becoming argumentative, or by dutifully trying to enlighten people about what the truth is. It is better to fulfil this need in some job for which you get paid - rather than tire your partner with your constant need to explain and inform. It is wisest to give your opinion only when it is consciously sought by others.

Mercury Square Neptune

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - MENTALITY: Clarify your thoughts

You have a very refined mental sensitivity which may be expressed through some form of imaginative and creative work. You possess a wonderful intuition, but formal learning and dry facts do not interest you. You can be quite a perfectionist and are very good at spotting mistakes and errors. In your dealings with others, you are very good at tuning in to their ideas, and you will go very far - perhaps too far - to avoid confrontation and argument. You tend to hope difficulties will disappear if you ignore them, and you have a tendency to create a smokescreen around issues. Thus you like to get your own way through being indirect and confusing the opposition. However if you do not make an effort to stick to ethical principles and honest representations, you may find yourself getting ensnared by the stories you create. You have a talent for creative communication - as a writer, in advertising or the media, or as a general part of your work.

PERSONAL - MENTALITY: Clarify your thoughts

In intimate relationships you are very attuned to what your partner is thinking. You are a mind-reader, and as such you often feel you know what another person will say before it is

said. Whilst this is often the case, problems can arise because of a tendency to adjust what you say to conform to the other person's supposed expectations, and to hide thoughts and ideas which you think will not be received well. If this habit goes on for too long, you may find that you start living in another world - isolated and misunderstood. Effort must be made to improve communication and to say what is really on your mind. You are oversensitive to environmental stimuli - particularly noise - and partners may feel you overreact or are over-critical in this area. However you do need to be in a peaceful environment to function well.

Mercury Opposition N.Node

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DESTINY: Mind games

You are possessed of considerable mental talent and more than a touch of genius. It is difficult for you to know where you get your ideas - you are moved by distant memories and seem to be able to tap in to thought processes which have their roots in something universal. What you think, write and say can have a particular significance for your generation, because it touches a chord in them which they instinctively understand. When you work with communication in one form or another, you are close to fulfilling your destiny.

PERSONAL - DESTINY: Mind games

You can have a peculiarly deep mental contact with certain people during the course of your life, and you may feel a particular bond - or perhaps an emptiness - concerned with a brother or sister or some lost connection. You will often find yourself mentally clutching at elusive ideas or memories - searching for words and meaning to describe inner sensations. At times you are gripped by fantastic ideas which seem to have a significance beyond your own identity, though you may be at a loss to communicate your ideas. You might be inspired to keep a diary or commentary on past events in your life, but perhaps your future requires throwing out the mementoes which clutter your past.

Jupiter transiting Square Mercury

16-12-2017 -> 18-09-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be

able to make dramatic progress in your life.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

Values

Venus In Pisces

PROFESSIONAL - VALUES: Seek love on a higher level

You have an extremely caring nature, and you find fulfilment either when working creatively, or when you can really look after the needs of others. Human interest means far more to you than material incentive, and you would simply not be able to thrive in an unloving working environment. You are

always willing to put others first. Your heart goes out to those who suffer, and this may inspire you to work in a caring profession. There are almost no limits to what you will do for others. At the same time you have considerable aesthetic awareness, which you can use extremely imaginatively - for example in advertising, film, cultural matters etc. The world of glamour may also appeal to you, as you have an instinctive awareness of the importance of dreams and fantasy.

PERSONAL - VALUES: Seek love on a higher level

You are a real romantic, quite willing to sacrifice yourself for the ideal of love. This can lead to a number of severe disappointments in relationships, as you have a tendency to imagine qualities in the partner which do not really exist. It is important to establish limits to what you are prepared to tolerate, otherwise you may find your partner taking advantage of your willingness to compromise. The man with this position will be attracted to the dreamy type of woman, perhaps with artistic/musical abilities or spiritual interests. In long-term relationships both sexes may feel a longing for the "ideal" partner, whilst viewing the present partner critically. The ideal partner is never found, and this longing can only be satisfied on a spiritual or creative level.

Venus In 4th House

PROFESSIONAL - VALUES: Domestic harmony

Your strong aesthetic sense may give you talents concerning interior design, gardening - especially flowers - and anything to do with the home. You can increase your wealth by dealing with property and are generally fortunate when buying a house, although there may be a tendency to go for the extravagant option. You form strong bonds through business dealings, and are loyal. Professional advancement is not just a matter of money for you - family values have priority and you do not like to do anything that threatens the harmony of the home.

PERSONAL - VALUES: Domestic harmony

Family life has always been important to you - it is here you seek - and find - love and security. Your upbringing may have been strongly influenced by a sister, or by a mother who was your equal in some way. You have a talent for creating harmony and a loving atmosphere in the home - you did this as a child, and you strive to do this in later relationships. You need an aesthetically pleasing home, and thrive with a beautiful garden and beautiful things around you. You are strongly attached to the objects you collect for your home - they are imbued with a special value and meaning.

Jupiter transiting Square Venus

14-02-2019 -> 13-11-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

Saturn transiting Square Venus

01-01-2017 -> 13-11-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: Building self-worth

Economical issues come to the fore now, and you will probably find yourself having to work long and hard, perhaps without getting the financial rewards you would like. It pays to economise and save now, or to make very secure investments. By careful economical planning you can create the foundations for future growth, although short-term success is unlikely. Working on professional relationships may be necessary now, and you could be asked to make a long-term commitment.

It would be to your advantage to pay more attention to subtle influences on your career, such as your appearance and personal style. If you want to open doors which have been closed for you until now, learn for example the finer points of diplomacy and overcome clumsiness or shyness in dealing with people. An understanding and appreciation of taste and style can be the keys to much desired status improvements.

PERSONAL - VALUES: Building self-worth

You can expect many challenges in your personal relationships now. How great is your commitment? Can your affections stand the test of time? No trivial relationship can survive this period, simply because you feel that you do not have the time to waste on romantic attentions that are not genuine. Those people who are in long-term relationships will go through a testing phase - the old cliché

Mars Conjunction Jupiter

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - DRIVES: Ebullience

You are a person with considerable optimism and energy, and your generally dynamic nature and positive attitude to the future will most probably bring expansion and success in your professional life. You are endowed with great courage and enjoy a challenge, so you would thrive in employment which gave you the opportunity to expand your horizons and travel. There is something of the pioneer in you. As intellectual challenges are also important, you need mental stimulation and the opportunity to discuss issues and get important messages across. You can be very persuasive, but perhaps you also have a tendency to browbeat others. You have an almost religious zeal when it comes to convincing others about what is right and what is wrong. You may even see yourself as a fighter for justice, and whereas this ability to fight for a cause can be very useful under some circumstances, it can also lead to tiring conflicts and disagreements with superiors. Obviously, a job which utilises your energy, enthusiasms and deep convictions would be the best channel for your ebullient energy.

PERSONAL - DRIVES: Ebullience

You may well be an exciting person to be with because of your sharp intellect, optimistic nature and sense of fun. If you are a man, you will enjoy the company of your own sex, and be engaged in many activities, perhaps connected with sport or travel. You can excel in mental sparring contests and the thrill of debate. However there may be a tendency to pontificate, or generally make your opinions known in a rather dominating manner. Knowledge and understanding are strong motivating factors for you, so you like to sharpen your mind with discussion and involve yourself in cultural interests.

Women with this aspect are attracted to intelligent men, and often have attachments to foreigners. The most important motivation factor when choosing a man is his ability to expand her mental horizons - either through religious, political, philosophical or cultural interests. An intellectual watershed arises in the relationship, where the man is no longer able to satisfy the intellectual hunger of the woman. How this issue is dealt with is critical for the success of the relationship. The most important thing for both sexes is to take personal responsibility for ensuring constant intellectual or philosophical expansion and personal growth. Relationships would improve dramatically, if you were able to admit that sometimes you are wrong.

Mars Opposition Uranus

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There

will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DRIVE: Experimentation

You are an extremely dynamic person and you can perform tasks in a flurry of activity in half the time ordinary mortals take. You need excitement and originality in your work, and you do your best work when a deadline is threatening. When you decide to act, you strike like lightning. However you are best at working in short bursts of energy. Longer periods of activity tire and bore you. You have talent for working with technical matters - for example engineering, computers etc. You may also have a taste for more untraditional work, perhaps connected with New Age fields, consciousness-raising etc. The essential ingredient is freedom to experiment and learn from your own experiences. You are not very good at working in a team because you can react violently to being told what to do. You hate restrictions and orders and you need to go your own way. Other people may experience you as rebellious and you have a tendency to get into trouble with authorities. You are something of a pioneer, and may embark on dangerous travels to foreign lands.

PERSONAL - DRIVE: Experimentation

You are an extremely unpredictable person, and your fear of being limited by relationships makes you demonstratively aggressive when duty is required of you. Men with this aspect give their partner the impression that they can pack their bag and go at any time - in actual fact unpredictability is used as a threat to get their own way. Women with this aspect are attracted to unusual men, particularly from abroad or from some unique environment, - men who can promise excitement and freedom. There is a tendency to be enormously provocative and this can lead to explosive conflicts. This satisfies the ever-present craving for excitement in one way or another. To have peace in a relationship it is important to have some unusual interest or job which brings challenge and fulfilment. A relationship will not provide this in any lasting way. If all goes well you are an exciting person to be with, always willing to take a risk or try something new.

Jupiter transiting Square Mars

02-02-2018 -> 26-10-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

Wisdom

Jupiter In Aquarius

PROFESSIONAL - WISDOM: Awaken others

As you are strongly future-oriented, you thrive best in a

career which offers the possibility of personal growth. You would work well in a cosmopolitan environment, especially if this meant dealing with people from very different backgrounds. You are socially and politically conscious, and this can mean success in larger government institutions which offer you the opportunity of realising your ideals. You have a natural talent and openness towards untraditional subjects, and whatever your career, you will almost certainly experience an explosive awakening of awareness at some point in your life. Success comes when you develop your higher consciousness through courses and contact with unusual people. You work well in a job with humanitarian goals.

PERSONAL - WISDOM: Awaken others

The year of your birth was infused with excitement and leaps of human consciousness. You have the capacity to realise the spirit of this time by embracing humanitarian principles and breaking down the boundaries that separate you from your fellow men. You are a socially-oriented person inspired by very powerful ideals. At worst you can be provocative and opinionated, at best you espouse a faith in the principles of equality and fairness. You are destined to awaken other people on a large scale or be inspired by those who do. You have extremely powerful, though rather untraditional convictions. Your beliefs are unshakeable, but you have enough respect not to foist them on other people. Indeed, you believe in the freedom of individuals to follow their own convictions. You are likely to build up a large circle of friends in many different countries during the course of your life.

Jupiter In 3rd House

PROFESSIONAL - WISDOM: Spread your opinions

You are probably a widely-travelled person - at least you have wide interests and constantly seek to expand your mental horizons. You have a natural wisdom and the talent to discern the main issues and true meaning behind everyday events. You have natural abilities as an advisor or teacher, particularly at higher levels of education. You could be a skilled negotiator, perhaps on an international level. Your unquenchable thirst for knowledge and understanding inclines you towards a profession in which you are asked to draw conclusions after studying a wide variety of material. You may be involved in the further education system.

PERSONAL - WISDOM: Spread your opinions

You experienced considerable mental stimulation as a child, and a family member or teacher will have played an important role - perhaps as a mentor - encouraging you to

learn and ask questions about life. Mental Ping-Pong at an early age will have evoked extremely strong mental convictions in you, making you a very persuasive person. You are probably knowledgeable and interesting to listen to, but you may be opinionated and dominating in an innocent kind of way. To be truly wise, one must also be receptive to other people's ideas. In relationships you respect intelligence and demand mental equality. You have little time for superficiality and are always seeking profundity. You find meaning in the small things in life.

Jupiter Opposition Uranus

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - WISDOM: Exhilaration

This aspect can last for a number of months and have a strong collective influence. If you harness this influence in your career you will have a strong idealism both socially and as far as introducing new methods are concerned. Your provocative views will be a challenge to the establishment. You are an internationalist, and wish to concern yourself with issues that cut across national borders. This can bring travel to exotic lands and contact with exotic cultures. You can channel enormous enthusiasm about the future into your career - for you the path of liberation lies in innovation and experimentation. You would thrive in an international organisation, and as you also have strong humanitarian tendencies you may choose to work in a field which has to do with social reform or perhaps consciousness-raising.

PERSONAL - WISDOM: Exhilaration

You have a driving need to expand your philosophical boundaries and this can lead to unusual personal interests and provocative opinions as regards both personal and social development. You can have some form of connection to the New Age movement, and are very interested in reforms. You will almost certainly embark on dramatic long-distance travels and experience enlightenment through new contacts established thereby. In relationships you are inspired by partners and groups who can share your untraditional interests. An international group can have a radical effect on your life. You pride yourself on your open-mindedness and tolerance - yet you are intolerant of intolerance. You tend to upset groups with your radical opinions, but perhaps you could achieve your goals more effectively by understanding the traditions that lie behind

established opinions.

Jupiter transiting Square Jupiter

13-02-2018 -> 31-10-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

Jupiter transiting Conjunction 1st House

13-12-2017 -> 15-09-2018

PROFESSIONAL - WISDOM: Gain understanding

In some ways you have a larger than life image, with considerable intellectual charisma. Generally you will take an optimistic view of life's challenges, and seek to gain a deeper understanding of the meaning of your existence. Professionally you have the ability to motivate others

through your example, especially as regards empowering others with hope and faith in what the future may bring. Other may come to you for professional advice, and your opinions will generally carry weight. Intellectual, philosophical or religious interests, coupled with a desire to expand your horizons, may play a part in your career. Important journeys can bring profound changes in your views about life, and work abroad may have appeal for you. You receive a considerable boost every 12 years of your life, as Jupiter returns to its birth position.

PERSONAL - WISDOM: Gain understanding

You will have considerable influence on others through your opinions. At best you can really expand the vision and understanding of others, but at worst you can be rather intellectually dominating. You like to embrace broad views and have little time for triviality - though plenty of time for humour. You enjoy life and know when not to take things too seriously. Other people can feel small or even ignorant in your presence - make allowances for this. You have deep convictions on a religious, political or philosophical level and probably enjoy a good discussion. Generally you display a great appetite for life, are willing to take a gamble and often ride to success on your unshakeable faith in a benevolent future.

Jupiter transiting Conjunction 2nd House

08-01-2019 -> 07-10-2019

PROFESSIONAL - WISDOM: The Universe will provide

You are generally fortunate in economic matters, and one of your greatest resources is your ability to expect the best of the future. Your capacity to have faith in the principle of abundance will be directly reflected in your material success. You are willing to spend money to make money, and many people can benefit from your generosity. You may have a talent for advising others on economic issues, especially as you have considerable financial foresight. You may earn money in connection with abroad. Financial security is a natural expectation for you. It is unlikely that there will be any anxiety as regards economic matters, but should there be, you are a fast learner and gain insight into major issues when in financial trouble.

PERSONAL - WISDOM: The Universe will provide

Unless other compelling factors prevent this, you will enjoy a very good standard of living. Paradoxically material luxuries will not be of primary importance for you, they just follow in the wake of your generous disposition. You place greater value on self-development and understanding than on

material gain, and it is the resultant expertise which brings you rewards. You have remarkably strong moral values and convictions which will manifest in philosophical or political opinions which you stick to through thick and thin. You have a strong sense of ethics, and other factors in your horoscope will indicate whether this is expressed in a tolerant or moralising way.

Challenges

Saturn In Aquarius

PROFESSIONAL - SELF-RELIANCE: Social structure

Saturn was in this sign during the years 1932-35, 1961-64 and 1991-1994, and this placement inaugurated a period of international co-operation, new alliances, and social restructuring for good or ill. There was a strong emphasis on humanitarianism, and this may be reflected in your own choice of profession. You have a talent for dealing with groups, societies or boards in which you add your voice to those of others in a democratic process of decision. Success in your career demands that you overcome anti-social tendencies or a feeling of shyness in groups, and do something constructive about the needs of your fellow citizens or colleagues. You can offer your services in situations where there is a need to create a functioning structure after radical change. You can find a niche in social services, humanitarian organs or cross-cultural exchange. You can also bridge the gap between generations in your work.

PERSONAL - SELF-RELIANCE: Social structure

During the time of your birth there was a strong collective spirit of internationalism, and powerful awareness of social interactions in society. You are probably more aware than most about social commitment to the group, and the responsibility which individuals must show to the whole for things to function in society. In your personal life you will focus on the energies at play in groups, and be keenly aware of your own ability to function socially. You may have to overcome a certain stiffness in relating to others. Particularly on an emotional level you can exhibit a cool distance which can make intimate friendship difficult. You are a very fair and democratically-minded person, and are strongly motivated to even out divisions in society. By overcoming your innate social inhibitions you can play an important role in the organisation of groups. You function better relating to groups than to individuals.

Saturn In 3rd House

PROFESSIONAL - SELF-RELIANCE: Educate yourself
Education, ease of expression and intelligence are high priorities for you. You work hard and are extremely conscientious, as it is important for you to feel respected for your abilities. When you overcome a lack of self-confidence as regards your intellectual prowess you will succeed in a profession where mastery of information is important. Despite early fears you will continue to meet mental challenges, perhaps taking training courses quite late on in life to develop your abilities. Your realism can be invaluable in meetings... you are the type who likes to be sure of the facts, before drawing any conclusions. When you express an opinion, it is well thought out and generally carries the weight of experience.

PERSONAL - SELF-RELIANCE: Educate yourself
Family influences - particularly in connection with a brother or sister - and early painful experiences at school will have had a rather traumatic effect on your mental development. Your confidence in your intelligence will have been undermined, and you can feel uncomfortable when you meet people. Light conversation does not come naturally. Under pressure a sudden mental block descends, and fear of appearing dim-witted obstructs the mental flow. You work twice as hard as anyone else just to be sure you are not going to be shown up mentally. Mental confidence rarely comes before the age of 30, and if you have given up on an education as a young person, you may take it up again after this age. Your concern with getting the facts right can hinder your ability to get an overall view - often you can't see the wood for the trees. You can become an authority on a specific subject.

Jupiter transiting Square Saturn

29-10-2017 -> 25-11-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to

inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework
At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

Originality

Uranus In Leo Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

Uranus In 10th House

PROFESSIONAL - ORIGINALITY: Make your vision real
Career satisfaction will come to you when you feel you are working with something really original. You may have a professional interest in future-orientated matters, modern technology, international travel or humanitarian issues. If your work is too conventional, you may easily become bored - you have a strong professional need for excitement. It is difficult for you to thrive under the leadership of others, as you are an innovator who wishes to see old things done in new ways. This can lead to sudden professional conflicts, which may result in radical career changes - particularly around the age of 42. At some point in your life you may turn away from being employed by others and strike out on your own in an untraditional area. This may be connected with New Age interests. But as long as you are employed, it can be necessary for you to learn from the professional experience of others, instead of instigating renewal.

PERSONAL - ORIGINALITY: Make your vision real

You like to manifest yourself and your talents in a unique way, and this can make you a rather unusual and even provocative person in society. You have probably inherited this propensity to be unconventional from one of your parents. Radical and unexpected changes in your childhood have awoken in you a sense of the unpredictable. You know that you cannot rely on stability in domestic or career matters, and this gives you a flexible or experimental attitude towards life. In partnership matters you would appreciate support for your need to branch out on an original direction in life, and a partner who can accept your embracing a role in which you have a radically different status in the eyes of others. You may have technical and engineering talents.

Jupiter transiting Square Uranus

16-10-2018 -> 12-11-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - ORIGINALITY: The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

PERSONAL - ORIGINALITY: The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

Transcendence

Neptune In Scorpio Retrograde

Because of the relative position of this planet in relationship to the Sun and Earth, it appears to be moving backwards. This may make you more thoughtful or introverted in the area concerned.

Neptune In 12th House

PROFESSIONAL - TRANSCENDENCE: Spiritual longing

You have a deep consciousness of the universality of suffering and may be moved to work in some field in which you can minister to the spiritual and emotional needs of others. You can work with people who are isolated from society in some way, or you may choose to isolate yourself. On a practical level you have a talent for working with the intangible in the professional world - advertising and film, drugs and chemicals, music and poetry for example. You have the capacity to draw from a deep well of intuitive knowledge in your working life, and this talent can be harnessed in work of a more subtle nature - clairvoyance, prayer or world service in one way or another.

PERSONAL - TRANSCENDENCE: Spiritual longing

You have a need to seek meaning on a deep spiritual level, and you will during the course of your life try to define your spiritual values and beliefs. At an early stage of your life you will be disillusioned by the traditional beliefs you inherit from family and the society around you. Formal spiritual service cannot satisfy your deep longing to be at one with the universe. You may be inspired by ideals of self-sacrifice and martyrdom, and as such find appeal in the Christian faith, yet you are destined to be disappointed if you invest your hopes in doctrines and spiritual figures. Through a lifelong process of inner refinement, and perhaps through some special form of personal sacrifice or withdrawal from society, you will ultimately find meaningful spiritual values. You can find refuge in nature, the sea and creative retirement.

Jupiter transiting Conjunction Neptune

28-11-2017 -> 26-08-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If

being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

PERSONAL - TRANSCENDENCE: Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

Jupiter transiting Square Pluto

05-12-2018 -> 31-12-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSFORMATION: Power play

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

PERSONAL - TRANSFORMATION: Power play

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

Destiny

N.Node In Leo, S.Node In Aquarius

PROFESSIONAL - DESTINY: Let your light burn brightly

The early part of your professional life is characterised by a strong group orientation in which you tend to subordinate your own identity to the needs of whatever professional group you find yourself in. However you cannot be comfortable with this kind of anonymity in the long run, and a time will come when you ignore peer pressure and distance yourself from the crowd to develop your own personal style and identity. Satisfaction comes through self-realisation, and this can involve creative ventures, or learning to stand out in front of others to get your personal message across. Collective ventures tend to peter out into failure, unless you allow yourself to be used as a figurehead.

PERSONAL - DESTINY: Let your light burn brightly

One of the major dilemmas in your life is the dichotomy between realising yourself, or losing your identity in the group. In your early years you will have strong bonds to friends, or some particular group which may be on the fringe of society in some way. Your friendships will mean a lot to you, yet these involvements seem to drain your energy and prevent you making your own personal statement to the world. Experience will show that you have cannot afford to cushion yourself from the world through restless social activity, and that in the long run you cannot rely on your friends. You have to put your creativity on the line and allow the spotlight to fall on you. Children may play an important role in this transformation process.

N.Node In 9th House, S.Node In 3rd House

PROFESSIONAL - DESTINY: Gaining an overview

You are a person with a natural talent for communicating. The need to maintain connections and keep in touch with

others is a powerful motivating factor early in your life. You know a lot of people, and you spend considerable time socialising with them. As you mature, you will derive less and less satisfaction from the endless whirl of your social rounds, and there may be the sense of being full up to the brim with other people's ideas and opinions.

At this point you embark on a wisdom-seeking journey.

PERSONAL - DESTINY: Gaining an overview

A turning point comes at some point of your life - particularly around the age of 37. You feel a strong need to define your own ideas and opinions, instead of regurgitating the ideas of other people. You also need to seek the mountain air, getting away from the demands of family and friends. The triviality of your everyday life begins to pall, your words seem empty or borrowed, and the things you have learned seem bereft of deeper meaning. This dissatisfaction may lead you to a life of serious study, in which you strive to gain an overall perspective which makes sense of people's busy lives. This may be coupled to a strong philosophical or religious experience.

Jupiter transiting Square N.Node

15-12-2017 -> 17-09-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DESTINY: Understanding karma

You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

PERSONAL - DESTINY: Understanding karma

This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions - though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.
