Dear lene,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

During the course of your 32nd year you have the need to realize your relationship potential. It is important that your romantic needs are met at this time, and that you feel valued in your relationships. Feelings and passion need to be integrated - love and Eros go hand in hand, and you want fulfillment on all levels. If you are unattached, then this is a year when your attraction peaks, and potential partners come your way. If you are in a relationship, it needs to be satisfying; otherwise your eye may stray. As this is not a year characterized by the best judgment, or wise ethical choices, you may be tempted to allow yourself to be guided by your passions, though this may not necessarily be a bad thing in the long term.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life the major challenges lie in relationships. Living with or relating to another individual and seeing your strength and flaws reflected by this person is a major learning experience. Any weaknesses in the way you have historically related to other people are exposed now, and your future success depends on you resolving them. This influence started growing around January - 2015 and will ebb out around December - 2017. You encounter tough people who

try to impose their authority on you, and you will have to judge how much you are prepared to commit to long-term relationships, and where to set limits. Learning to share your time with another person is part of a maturing process for you now, and the more effort you put in to it, the better the results.

In this period of your life there is a transition in the way you relate to partners and the world. Over the last few years you have made a lot of effort to create harmonious and rewarding relationships, and to a large degree lived up to your responsibility to others, helping those you love if they have been in difficulty. A new period is dawning that challenges you to break down the barriers that prevent true intimacy on an emotional and sexual level. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is not so much what you do or what you say that counts now, but how well you open up emotionally, how vulnerable you dare to be, and how brave you are in confronting your inner demons.

Opportunities for Success

After having built up comfortable circumstances in your domestic life, what is important for you between September - 2016 and October - 2017 is to appreciate the fruits of having a satisfying base, so that you can express yourself through creative activity and enjoy the art of living. Expansion and satisfaction come from living life to the full - through sport, festivity, love, children and romance. This is the time to fully be yourself without reservations or doubt. Larger than life characters will show you how through encouraging you to celebrate existence.

After a period of living life to the full through creative projects, children and festivities, new possibilities arise in your working environment from October - 2017 to November - 2018 because of opportunities abroad, or through an expansion of your area of expertise and encounters with intellectually inspiring colleagues. This is a time to expand the influence of your ideas and disseminate information that you really believe in. It is possible that there is more work to do, but it is more interesting work and it brings personal development for you.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 32. Three very important issues that make this year special are:

- Exhilarating new relationship possibilities arise, particularly in connection with

unconventional or international groups with an agenda for change. If single there is an electric attraction to an outsider type; if in a committed relationship there is a need for freedom and space.

- A time that evokes a deep dissatisfaction or confusion about who you are and where you are going. In your search for answers to existential questions you discover new and inspiring paths that have a social, creative or spiritual content.
- You experience setbacks and trials of endurance when trying to achieve your goals
- particularly in your dealings with male authorities. By steeling your will to overcome these challenges, you develop the necessary muscle to win through with your agenda.
