Birth Report

Dear graca ,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Sun Conjunction Saturn". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

You are a rather formal person who takes life seriously. Childhood experiences - especially the relationship with your father - has undermined your self-confidence and made you reluctant to stick your neck out. You are more likely to bury your "talent" than gamble with it. You have a strong need for approval, but as a child love and approval was always conditional on your performance. You have been more appreciated for what you did, than for who you are. Later in life you tend to judge yourself harshly, and you have a bad conscience about enjoying life and relaxing. You tend to be too dismissive when offered love and affection, and rather severe when giving it. There may be authoritarian tendencies and a lack of flexibility as regards rules. Nevertheless, you are a person who can be trusted. You have high principles, and as you do not indulge expectations of the easy life, you work hard to build up a secure structure in life for those you hold dear.

How this influence affects your professional life:

You are a hard-working and ambitious person with a strong drive to prove yourself in society. There may however be difficulties with

authorities, despite your desire to live up to the expectations of society. The first 30 years of your life will bring a great deal of obstacles to success, but you will learn important lessons and ultimately develop a self-sufficiency and discipline which lays the foundation for success later in life. It is important for you to overcome negativity or pessimism concerning the future. Not all success is won by hard work alone. You are often more motivated by the fear of failure than the promise of reward, and this can hold you back from realising your full potential. If all goes well you will acquire more and more responsibility during the course of your life - and you deserve it. You are conscientious and take your responsibilities seriously. You are the kind of person other people can rely on. You would rather be the power behind the throne, than have a high profile yourself. Remember to take time to enjoy the fruits of your efforts, instead of continuously driving yourself onwards.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Neptune Sextile Mars". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This is a time when the will to achieve, and the ability to take an initiative seems to be undermined. You don't like what you have, but don't know what you want. By refining your motives and actions, and tuning in to spiritual or creative needs, you can acquire new talents. Women at this time are disposed towards very curious experiences with men. There can be attractions to inspiring, musical or artistic men who later turn out to be frauds or disappointing in some way. Rather shady

affairs can arise, as the woman seeks to recapture some of the magic she expects from love and sexuality. This is a projection process by which the woman seeks in the man creative and magical qualities she should be developing in herself. Men of weak character - particularly those who are easily seduced by their desires - tend to make a mess of relationships at these times through infidelity. Sexual satisfaction is found to be illusory however. It is beneficial to develop a better contact with the body now, perhaps channelling the invisible energies in the environment through Tai Chi, yoga, dance, swimming or similar activities. A new-found awareness of the body can give greater sexual satisfaction at this time. The power of the imagination and of film, music, wine etc. as sexual stimulants may be discovered. Take time off work to develop your creativity.

How this influence affects your professional life:

You will probably experience a lot of confusion as regards your goals right now. It can be extremely difficult for you to define exactly what it is you want to do, and even if you know, it can be difficult to know how to do it. This confusion will be felt as an inner dissatisfaction - at least you know what you don't want to do! Using this feeling to guide you, strive to attain your ideals and work only on those things which really interest and inspire you. This is an excellent period for idealistic work, both as far as social, creative and spiritual issues are concerned. In your dealings with others you need to take great care. There is an air of decadence or dissolution about the people you meet at this time - particularly men. Alcohol and drugs can play a particularly negative role, and it is best to avoid stimulants as far as possible. You are very vulnerable to being cheated or led astray now - your moral fibre is being tested. There is a tendency to go behind people's backs, or to feel that others go behind your back. Keep on the straight and narrow path if you wish to avoid swampy ground.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can

obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
