Dear roshan,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

During your 56th year self-worth issues come to a head in relation to your love life and economy. If you are lucky in love, then more luck is due now. If you are looking for a relationship, then there is likely to be one, and if you are currently in a relationship, then this is a time to consolidate and cherish it, not least by cultivating the art of romance. As your aesthetic values become more important to you now, you may want to spend more money on life's pleasures, and this brings your whole economic situation into focus. What you value most is independence and dynamism in relationships and freedom in your economic affairs. You don't mind a fight to get what you want in matters of the heart. Love and longing go hand in hand in your search for the ideal soul mate - if such a person exists. There are spiritual solutions. With your senses and desires so stimulated at this time, good judgment is required in the management of your economy. However you tend to be unresponsive to the advice of others, or too inclined to be guided by your personal convictions. Take care not to overreach yourself; seek the advice of experts. You need to be especially careful in matters connected with justice and the law. It is crucial at this time that you take stock of your life situation and make the adjustments necessary to work and relationships, so that they accord with your inner convictions of what your life is about.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your

vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life the major challenges lie in breaking down emotional barriers between yourself and those you love. This influence started growing around January - 2015 and will ebb out around December - 2017. There are hidden complexes both in yourself and in partners, which can prevent intimacy, and these will be especially reflected in sexual frustrations that at their root are to do with anxiety. Working with therapy can loosen these blockages. Dealing with faceless authorities like the tax, police, council, trade unions and powerful financial institutions can also be a challenge at this time, because you are likely to meet a power over which you have no control. Generally this is a very challenging period emotionally, because you have to deal with more extreme circumstances than normal but you develop great resilience and survival power.

In this period of your life old emotional challenges make way for new philosophical growth. On the one hand there are still a great number of issues concerned with emotional relationships, sexuality and sharing that you are working on. There are times when it feels like you are in a state of purgatory, and that a cloud obscures the future. Nevertheless you will soon emerge from this rather heavy emotional state, and see the path ahead. This new influence starts growing around December - 2017 and will ebb out around March - 2020. In the process you gain an overview of what the future will bring, and develop the skills and understanding necessary to tackle it. You will develop your full intellectual potential and build up your influence in the world through travel and cultural exchange. A new set of beliefs will take form, bringing a positive view of the future.

Opportunities for Success

After a period of living life to the full through creative projects, children and festivities, new possibilities arise in your working environment from September - 2016 to October - 2017 because of opportunities abroad, or through an expansion of your area of expertise and encounters with intellectually inspiring colleagues. This is a time to expand the influence of your ideas and disseminate information that you really believe in. It is possible that there is more work to do, but it is more interesting work and it brings personal development for you.

Having thoroughly established considerable success in your working environment, you are ready to build up one-to-one relationships through partnership in the period

from October - 2017 to November - 2018, expanding your sphere of influence and reaching out socially. Fortunate meetings with cosmopolitan and wise people can bring happiness and a new optimistic view of your potential to make an impact on others.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 56. Three very important issues that make this year special are:

- A time that awakens a new mental sensitivity and interest in the arts, film and all areas of the imagination. It can be difficult to persevere with boring work, studies and other projects at this time as you long for some other kind of stimulation.
- Your heart is opened and there is a growing desire for both romantic satisfaction and material comfort. Appetites are strong - so strong that they can lead you astray. Ethical principles and moral consideration tend to recede into the background when desires rule.
- If you want to express your unique qualities at this time, you have to find ways of working within the system, which will be very supportive. You can consolidate innovatory work and build a bridge from past traditions to modern solutions.
