Birth Report

Dear Peter Son,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mercury Opposition Saturn". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

You are oversensitive about your intelligence and have a tendency to work twice as hard to prove to yourself and to others that you can meet intellectual demands. As you put so much effort into improving your mind, you can become quite an expert in your chosen field. However in personal relationships you can become very defensive when you are misunderstood, and in situations when you try to understand another person, a mental block can descend because you invest too much self-conscious effort in the process. Relationships would benefit dramatically if you were more relaxed in this respect. You are reluctant to admit it when you do not understand, and this can lead to an escalating situation of misunderstandings. You are also rather a stickler for detail and can be frustratingly pedantic, and your formal style tends to stand in the way of mental spontaneity. Many of the problems around communication improve after the age of 30, as you learn that communication is not a competition but rather a two-way process in which understanding brings mutual benefit.

How this influence affects your professional life:

You have a logical and disciplined mind, and special skills as regards working out systems and performing tasks which require patience for long periods of time. You prefer to stick to rules and established methods, but you can apply your mind to any task in a very conscientious way, if required. You may be rather suspicious in allowing the imagination to have too much influence - you are the kind of person who reads instructions carefully and follows them. This can make you a little inflexible as regards integrating new methods. Furthermore your admirable attention to detail can hinder you in getting an overall perspective on things. In the first phase of your professional life you can be afflicted by a sense of mental inferiority, so it is important for you to spend time on further education in a constant process of acquiring new skills.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Pluto Opposition Sun". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This is the major time in your life in which you undergo a deep, transformative purging of your identity. The image of yourself you have cultivated in the past, and the ideas you have had about yourself, will now be cast off - you have simply outgrown your previous self. You may feel exhaustion, with a strong sense that old goals are dead. So now it is just a question of burying them and discovering what you really want to do, no matter what it costs. Crises will lead to self-examination. Layer after layer is peeled off, until you come to the core of your being. This

can be a very trying psychological process. You may feel that you are in a dark tunnel, with no hope of light at the other end. Your trials may seem to go on for ever, but within a year you will have experienced a profound transformation and developed a profound insight into yourself. Therapy or psychological interests are favoured at this time. You will discover your personal power. Women who have lived out their identity through their father or partner will cast off the chains of their projection. Powerful men are eliminated from the consciousness, as you assert your own identity.

How this influence affects your professional life:

This is an intense period in which you are under considerable personal pressure. You will radically redefine your identity at this time, so if you identify strongly with your career, you can expect fundamental restructuring of your goals. This is the time to sort out basic issues, as you do not want to waste valuable time on work that does not interest you. If you are dissatisfied with your job, you will now feel that it has no future whatsoever. However you will also feel that there is no alternative but to continue. But there is. You have to take a jump in the dark without expecting any guarantees whatsoever. When you jump, you will land in one piece, but old structures must be destroyed and a new foundation cleared, before you can start anew. Leadership issues will be paramount. If you have an executive position, you will want to totally change your role. Leaders around you may fall from power. After this exhaustive process is over, you will have discovered new depths to your being, and buried talents will have risen to the surface.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
