Report for October 07, 2017 to October 07, 2018

Dear bruno018,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

During the course of your 32nd year you have the need to realize your relationship potential. It is important that your romantic needs are met at this time, and that you feel valued in your relationships. Feelings and passion need to be integrated - love and Eros go hand in hand, and you want fulfillment on all levels. If you are unattached, then this is a year when your attraction peaks, and potential partners come your way. If you are in a relationship, it needs to be satisfying; otherwise your eye may stray. As this is not a year characterized by the best judgment, or wise ethical choices, you may be tempted to allow yourself to be guided by your passions, though this may not necessarily be a bad thing in the long term.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you are working hard to develop educational and communication skills that will serve you well into the future. This is a challenging task, and there will be times when confidence in your intellectual abilities is low, or when you simply feel the process is too long or too full of setbacks. This is when you have to apply yourself with more determination than ever. Avoid being defensive about what you do not know or cannot do; just plan to improve step by step. These

influences started growing around January - 2015 and will ebb out around December - 2017. You will reach your goal, and in the process you will build a valuable network of contacts who appreciate your diligence and application.

In this period of your life there is a major transition process that puts the focus on home-building and family life. For several years it has been important for you to develop your educational and communication skills and increase your reach through travel and networking with others. But now it is crucial to put down roots, and you find yourself thinking back to your own heritage and upbringing with a view to create a nurturing environment for those who are dependant on you. These new influences start growing around December - 2017 and will ebb out around March - 2020. During this time you will have established a very solid base from which to make forays out into the world. But it is early days yet, and right now you may feel ill-prepared. It starts by taking responsibility for the family and working on the home.

Opportunities for Success

An awareness of the spiritual forces behind your individual evolution has enriched your understanding of your self and the universe, and this now ushers in a period from September - 2016 to October - 2017 when you are ready to emerge from seclusion and apply this inner wisdom more directly in your dealings with others. A new confidence is reflected by a more forceful personal presence in which your ideas and opinions pave the way for personal expansion.

Having gained tremendous insight into the direction your life in the period, a new period is ushered in from October - 2017 to November - 2018 when the focus moves to your earning capacity. You gain a better understanding as to what it takes to strengthen your economy, and what assets you need to develop. This understanding leads to increased personal resources and a broadening of your economic base, which will provide the foundation for increased growth.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 32. Three very important issues that make this year special are:

- A period that brings intense experiences in relationships on an erotic and psychological level, perhaps because your tastes and values are undergoing a deep transformation. Economic and emotional bonds that have outlived their relevance

are dropped and replaced by new.

- There are very exciting and unforeseen events that revolutionize the way you think in the months to come. Sudden journeys bring unexpected change. You learn new technologies for communication. Mental stress can lead to abrupt breaks in contacts

- A period when you are put under considerable psychological pressure and there may be power battles too, but this only serves to awaken the samurai spirit within you. This leads to a new recharged sexual life and a positive transformation of your work situation.
