Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

### **The Significance of your Age**

At the age of 31 you can slip into overdrive as you begin to reap the benefits of the changes that have been so much a part of your life for the past two or three years. The basic structure is in place for you to expand your influence and harvest some initial results. There may be a hint of overconfidence, but your potential for good fortune is strong, and an optimistic attitude attracts success. The inner expanses of your soul stretch beyond your own identity and into the universe. You seek meaning in cosmic truth and your heart goes out to those who suffer in this world, even though - or perhaps because - your own capacity for suffering is so great. You have psychic talents based on a sensitivity to and understanding of what is unseen. This is expressed very much in home and family matters this year□ parents, children, property etc. An expansion is sure to take place in this area now, and the greatest insight is harvested through an understanding of family dynamics, and an exploration of improvement possibilities at home.

### **The Challenges Ahead**

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges,

delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around January - 2015 and will ebb out around December - 2017. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

In this period of your life you feel that you have set in motion a new plan for your life. The framework is in place, your intentions have been made clear, and when you examine your feelings, you know you are on the right track. Now you enter a transition phase that requires concrete results. You need to consolidate your position and nurture your resources, so that you can actually achieve the new goals you have set yourself. This new influence starts growing around December - 2017 and will ebb out around March - 2020. In this coming period you will be crucially aware of a shortage of funds, and this is an ideal motivation for increasing your earning power. You need to build the structural framework for future prosperity, and this has to start with economy and restraint. Learning about saving and budgeting are key issues, but it is also important for you not to underestimate your potential worth.

### **Opportunities for Success**

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from October - 2017 to November - 2018 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

An awareness of the spiritual forces behind your individual evolution has enriched your understanding of your self and the universe, and this now ushers in a period from November - 2018 to December - 2019 when you are ready to emerge from seclusion and apply this inner wisdom more directly in your dealings with others. A new confidence is reflected by a more forceful personal presence in which your ideas and opinions pave the way for personal expansion.

### **Crucial Issues This Year**

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 31. Three very important issues that make this year special are:

- A time that brings tremendous stimulus to your imaginative powers, and awakens dreams of a utopian future. Without the ballast of common sense, top-heavy dreams will collapse. Correctly channeled this is a time of spiritual development and growth.
- You start a new period of mental excellence, expanding your wisdom, knowledge and understanding, meeting mentors who have the skills you need and traveling considerable distances to learn and teach.
- Your hopes and dreams meet the demands of reality. If you are trying to escape from trying circumstances, you are reminded of your social responsibilities. If you understand how to work with limitations, you may be able to establish the foundations for a creative or social idea.
