## HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

## THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

## PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

## PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

## THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from [www.worldofwisdom.co.uk](http://www.worldofwisdom.co.uk)

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

## Life Path

### Ascendant In Leo

PROFESSIONAL - LIFE-PATH: Self-projection

Building up a strong sense of identity is a major motivating factor for you on a professional level, so you will thrive in a high profile job in which you can win recognition. Your ability to succeed is dependant on many other factors in your chart, but major assets will be your self-confidence, charisma and personal style. You may also have access to creative talents which can manifest in many areas of your life, from art to teaching. It is important for you to be at the centre of things, and - other things being equal - other people will accept you as a leader in their group. When you stand out and excel you are at your happiest, and so are other people. If you hide your light under a bushel, nobody is satisfied. As you are extremely aware of your personal power and the influence to have on others, you will be very sensitive to the unavoidable fluctuations in your personal confidence during the years. The older you get, the more secure you feel about your identity.

PERSONAL - LIFE-PATH: Self-projection

You are extremely aware of yourself and the impression you make on others. The spotlight is on you, and this is reflected in a sense of drama about your life. Basically you are a warm-hearted person, endowed with a sense of humour and fun and with a natural ability to liven up any gathering. Your appetite for life inclines you towards activities which give you a solid sense of who you are. Creative pursuits, romance, and involvement with children are all important areas of interest. You are the kind of person people notice, even to the point of seeming self-centred. Nevertheless, many people will seek your company. In intimate long-term relationships you tend to evoke a certain emotional distance in the partner, who knows you too well to fall for your charming manner. By cultivating a more detached view of yourself, you gain greater intimacy with those close to you.

### Ascendant Sextile Sun

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: I, myself, me

Whether you would prefer to have a low profile or not, you

will often dominate your surroundings through the force of your personality. Professionally you strive to do your very best - for success is a matter of honour for you. You have a magnanimous disposition, and are generous in your dealings with others. Creative work and self-expression must be an important element in your professional life. You stand on your pride too much.

PERSONAL - LIFE PATH: I, myself, me

You have a radiant personality, with a touch of self-importance. You take yourself - and the impression you make on others - very seriously indeed. Some people may consider you self-centred. You tend at least to be the centre of attention, and although you invest all of yourself when you relate to others, you give your own personal development needs priority. You have plenty of surplus energy, and your playful nature can make you a figurehead for young people.

### Ascendant Conjunction Mars

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - LIFE PATH: Undiluted force

You display a rugged personality, and invest energy and enthusiasm in everything you do. An aggressive or overly defensive attitude brings out a competitive attitude in others. This will lead to a number of professional conflicts. You are ever-willing to take up the battle. Nevertheless you are effective in action as long as you are given the freedom to decide things for yourself. You are a good general, but a bad diplomat.

PERSONAL - LIFE PATH: Undiluted force

You create a forceful impression, and people have a tendency to be somewhat nervous when they are around you. Those who know you well will appreciate your forthrightness, but the meek and sensitive will avoid your company - not that you care. You are headstrong, reckless and therefore rather prone to accidents. You are basically frank and honest, so people know where they stand with you.

### Ascendant Square Jupiter

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised

harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - LIFE PATH:** The counsellor

You are not interested in trivia, and therefore seek a profession which gives some kind of overall meaning. You are probably destined for success, and can exert considerable influence through the power of your opinions or good judgement. You have a tendency to overestimate the importance of your ideas, and may be unreceptive to the views of others. Generally, however, you maintain a fine perspective on the important issues. You are an excellent adviser.

**PERSONAL - LIFE PATH:** The counsellor

You are a larger than life character with strong views on most issues, and a deep interest in spiritual issues. You are open and willing to expand your philosophical horizons. Generally blessed with good fortune and an optimistic frame of mind, you have the ability to expect the best of the future. There may be a tendency to overindulge or be too extravagant. People value your ability to understand in depth the things that move them.

## Sun In Gemini

**PROFESSIONAL - IDENTITY:** Explore your ideas

Your chief characteristic is an insatiable curiosity through which you explore and learn about the world in which you live. The world of ideas is a playground in which you roam. The magic of the mind enchants you, as one idea captivates your imagination after another. Meeting people, travelling, reading, talking and learning are all means for you to gain a viewpoint on your own personal identity. You don't let your identity rest on ideas, but rather on the very nature of the mind itself. Thoughts are fleeting but mental activity is endless. You are happiest in a career which utilises your mental talent and gregariousness; you need variety and stimulation. This can involve travel, communication, talking to people - anything which gives you the opportunity to develop your mind and contact others.

**PERSONAL - IDENTITY:** Explore your ideas

The greatest challenges come for you when communication problems arise. Often an important break with a brother, sister or close friend can inaugurate a complete mental revaluation. In your essential search for meaning you can feel a bond to two very different schools of thought, or you can have two mentors with quite different ideas. Variety and polarity is the stuff of life for you, and you feel distinctly uncomfortable if you are asked to identify yourself with one

single direction or opinion. Tension can arise in partnership matters because of your changeability and seeming inconstancy. Often it is enough for you to entertain fleeting ideas as a kind of mental gymnastics. Thus frustration arises in others because you don't always act on your ideas. Nevertheless you are fun to be with; you rarely take yourself too seriously, and are always willing to adapt to change.

## Sun In 11th House

**PROFESSIONAL - IDENTITY:** Group consciousness

You have fine leadership qualities because you know how to integrate yourself into a group without dominating it. As a result people will automatically respect you because they do not feel threatened by you. You function best in a team. You give the impression that the well-being of others is important to your heart - and it is. You have humanitarian instincts, believing in the power of consensus and group enterprise. Obviously these talents are best used through having some kind of social power: you can represent people, act as a spokesman or be a group leader of some sort. Over and above social and political interests, you may have some untraditional talents connected with mental development.

**PERSONAL - IDENTITY:** Group consciousness

Some of the most important personal developments for you come through your experiences in groups and with friends. Your social life is central. You set great store on being accepted and respected in the social scene, and you are in general a loyal and warm-hearted friend. Your social connections have such a high priority that they may affect the harmony of intimate relationships. Your partner may feel that you are avoiding emotional intimacy, but it would be wise to encourage you in your social interests, because you become a more whole person through contact with others. You have a fascination and talent for working in consciousness-raising groups, and benefit greatly from contact with untraditional people from international backgrounds.

### Sun Conjunction Venus

You will often feel the influence of this aspect, though

stronger influences may predominate in other areas of your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

#### PROFESSIONAL - IDENTITY: Style

This contact evokes in you a very strong aesthetic awareness and quite considerable personal charm. You have the ability to make a warm and enriching contact to others and inspire them with your presence. Your diplomatic talents, and strong sense of personal values, gives you many advantages in a variety of areas. You are not a forceful person, and in general you do not like competition, but you can get your way through persuasiveness and charm. Your natural charisma and winning manner ensures personal popularity. You would not be happy in a job in which confrontation and conflict plays a role, and your talents are best utilised dealing with personnel, diplomacy, or matters related to taste, style or a refined judgement.

#### PERSONAL - IDENTITY: Style

It is extremely important for you to feel liked, and you go to considerable lengths to make a good impression. You are personally warm and affectionate, and enjoy both making and being the recipient of romantic gestures. Your mild manner probably comes from your father, who may well have been very loving and considerate. Indeed, women with this aspect often idealise their fathers and have difficulty shaking off their attachment. Later in life they will tend to become romantically involved with a softer type of man, in whom they imagine very gallant properties. For both sexes problems can arise through denial of the shadow side of the personality and the reluctance to see that people cannot always be ladies and gentlemen. Sometimes too, there may be a tendency to manipulate others through the conscious use of charm, and a far too rosy self-portrayal. Nevertheless personal self-esteem is a central issue for the identity, and learning to love and accept yourself is a prerequisite before you can function well in a relationship.

### Sun Opposition Neptune

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Find meaning in spirituality  
On a professional level almost anything is possible for you -

as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and personal ambition. You have high, and perhaps unattainable expectations of yourself...and often of others. You have an intuitive insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

#### PERSONAL - IDENTITY: Find meaning in spirituality

You are a sensitive and impressionable person with a strong need to be able to define who you are. You often feel that your grasp on reality is not tangible. If life becomes boring or monotonous, this can strike at the very core of your identity. Women with this aspect put their men on a pedestal from which they rapidly fall. In your longing to find an ideal that does not dissolve like a mirage in front of you, you will constantly refine your nature. Your longing and dissatisfaction is the engine of spiritual change in your life. You find yourself by going within yourself. Meaning in life comes when you seek to attain idealistic goals and develop a collective vision which benefits others. You would definitely benefit from meditative practice.

### Jupiter transiting Opposition Sun

17-01-2019 -> 19-10-2019

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

#### PROFESSIONAL - IDENTITY: Creating your future

During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision

for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

#### **PERSONAL - IDENTITY: Creating your future**

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

### **Neptune transiting Square Sun**

**03-04-2018 -> 31-12-2020**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

#### **PROFESSIONAL - IDENTITY: Refining the spirit**

As this is a period of self-examination and contemplation, you may not be very motivated professionally. You cannot allow yourself to be the slave of your ambitions now. You have to ask yourself the question: How can my job live up to my long-term ideals about myself and my capacities as a human being? The yardstick as to whether what you are doing is the right thing is the inner feeling of dissatisfaction that wells up from within. Let this guide you in your search for meaningful activity.

The direction you take now is decisive for your long-term spiritual health, so take your time. Knowing what you don't want to do is an important first stage, later you will find something which satisfies every part of your being. This is a time to create room for musical, artistic or creative impulses. Your interest in fellow men and women may inspire you to be more socially involved. The urge for service and even sacrifice is strong.

#### **PERSONAL - IDENTITY: Refining the spirit**

This is the most important time in your life for spiritual growth and self-realisation. At the onset of this period you may feel a dissatisfaction - even a pointlessness - with your existence. No matter what escapist activity you pursue, there is a nagging feeling of meaninglessness which pervades all areas of your life. You have to take the consequences of this and seek to enrich your daily life. Spiritual interests and meditative or creative activity are favoured now, and you would benefit from contact with a person more spiritually aware than yourself.

No partner will be able to alleviate your thirst for existential significance now. Unrealistic expectations concerning loved-ones will surely lead to disappointment, as the bubbles of your private illusions burst. By directing your gaze inwards and understanding the subtle inner processes of the mind, you can achieve a new understanding of your life. The essence of this is that you are alone, and that the world is a stage for your projections. It is important that your acting is good if you would like some applause when you get to heaven.

## **Emotions**

### **Moon In Scorpio**

#### **PROFESSIONAL - EMOTIONS: Give emotional strength**

You are a person with intense emotions, likes and dislikes. On a professional level, you give yourself heart and soul, and you have a special talent for tuning in to the emotional wavelength of others. It is difficult to keep a secret from you. You have the power to influence other people through your emotions. At its most negative level, this manifests as a tendency to manipulate others by creating an icy emotional atmosphere until they do what is necessary for you to feel more secure. It is a relief for all parties when you give up this exhausting habit which can negatively affect both professional and private relationships. You have very accurate intuitions about other people, and can be very forthright in expressing your feelings.

#### **PERSONAL - EMOTIONS: Give emotional strength**

Deep inside you are very vulnerable, but few people are admitted to the inner chamber where your emotions dwell. You are driven unconsciously to fiercely protect the things which are dear to you, and any hint of insecurity in this area evokes strong defensive emotions, jealousy and anxiety. Trust is an essential ingredient in emotional relationships, and it is only when you feel completely secure, that you can finally commit yourself in this area. When this happens, you consider that the bonds that are created are made for life. In

the process of maturing you will learn a more relaxed attitude to relationships. This will only come after a deep sense of loss, which leads you to transform your emotional values in the sense that you learn not to invest all your emotional security in another person.

## **Moon In 3rd House**

**PROFESSIONAL - EMOTIONS:** Caring communication

Family upbringing will have stimulated considerable interest in the outside world, and this probably means you have travelled a lot and perhaps lived in several different locations. Professionally you can succeed in a job where close professional contacts need to be nurtured. You have a compelling persuasive talent and you would be suited to a profession, where communication was essential. When you communicate, you do so with feeling and conviction. There is also a talent for teaching - especially children - so you may wish to work in the field of education. Travel and new environments would be stimulating job-factors. There may be an interest in, or talent for writing, art, or music.

**PERSONAL - EMOTIONS:** Caring communication

You have a tendency to cement very powerful emotional bonds to a sibling or sister-figure in your life, or perhaps to a schoolmistress. Your mother, too, will have had a powerful effect on your mental development, and she may well have been strongly involved in your education. Trying emotional experiences in your life result from strong differences of opinion, perhaps in sibling relationships. You have a tendency to attach yourself uncritically to a set of ideas more through loyalty than conviction, and when you argue your case you are easily swayed by irrational arguments and emotions. You are however an extremely communicative person, and enjoy building up a warm network of contacts in your local environment.

## **Moon Square Saturn**

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - EMOTIONS:** Self-sufficiency

You are a very responsible and dutiful person who is very motivated to live up to your commitments to society. You can work well in a role which requires hard work and a lot of responsibility, especially if this entails formal relations with the public in some way. You can function effectively as a buffer between the public and the authorities. You may have

a special talent for working with old people, or with people who have emotional problems or very difficult life circumstances. You have a measured response to the people you meet and can evoke considerable respect from others, just as long as you do not allow yourself to be crippled by shyness. You can perform monotonous tasks patiently, and are good at systematising things and creating order. Professionally you are strongly motivated by job security and continuity at work. You are not very flexible, and tend to stick to long-term habits and work-patterns. On the other hand you are reliable and conscientious.

**PERSONAL - EMOTIONS:** Self-sufficiency

You are extremely sensitive emotionally, but present a very solid facade to the outer world, giving the impression that you are quite cool, even invulnerable. Behind your formal manners is a person who was never fully allowed to enjoy a carefree childhood. At an early age you took responsibility in the family, repressing your own spontaneity and lowering your expectations because of emotional hurt. In later relationships you have difficulty letting down your protective barriers, even though you have a deep desire for intimacy. If you do get hurt emotionally you rarely let on, and you close the shutters on your feelings so that your loved one has no chance to make amends. After the age of 30 you learn more successful strategies for intimacy. First of all it is essential for you to be emotionally self-sufficient - if you sell yourself for security, you will end up in a prison. From a position of inner strength you can then allow yourself to be more trusting and vulnerable - you have nothing to lose and everything to gain by opening up emotionally without making any demands.

## **Moon Conjunction Uranus**

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

**PROFESSIONAL - EMOTIONS:** Unpredictability

You are something of a gipsy, and this means you can adjust to extremely unusual professional environments. You would thrive in a job in a foreign country for example - the more exotic the better. You are well-suited to working with people who are alienated from society in some way, especially if they come from a different culture. On the other hand you function very badly in a conventional place of work, where the same functions have to be performed day in, day out. You have a very low threshold for boredom, so

you are suited to a job which brings exciting changes and variation during the course of the day - preferably meeting people. You have an advanced intuition and very sensitive antenna - this may give you some talents in the New Age sphere.

#### PERSONAL - EMOTIONS: Unpredictability

You do not have conventional desires as far as domestic harmony is concerned. In your childhood there were many unsettling influences and a general atmosphere of unpredictability, excitement or stress. You need to feel that something is happening around you. This means that you can get very restless in relationships, and if you feel bored - and you often do - then you start getting provocative. You are best suited to relationships which keep you occupied with new daily challenges - and you have a strong need to express your emotional energy in group scenarios. Your partner will not be able to satisfy your need for stimulation on his or her own. You thrive in unusual domestic relationships - for example communal living, flat-sharing or residence abroad. For partnership to function satisfactorily it is essential that you stop distancing yourself emotionally - this gives the impression that you do not care for your loved one.

### Jupiter transiting Conjunction Moon

27-09-2017 -> 24-10-2017

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

#### PROFESSIONAL - EMOTIONS: Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally,

so you will probably also want to expend your energies on domestic or family matters.

#### PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

### Uranus transiting Opposition Moon

03-06-2017 -> 11-02-2020

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

#### PROFESSIONAL - EMOTIONS: Change of environment

This is an exciting and perhaps disturbing period because of radical and unexpected changes in your environment. You cannot expect to feel very secure now - the period requires flexibility as regards working habits and place of work. There may be more travel than usual, and there is a chance of greater international commitment, perhaps involving contact with people from exotic cultures. A growing awareness of social issues may inspire you to work with people who are displaced in society in some way, either as social outsiders or refugees.

As this is a time of considerable emotional awakening and awareness, you can acquire a greater knowledge and consciousness of unconscious processes. If you can integrate this awareness into your work, you may find yourself applying newly-discovered talents for dealing with people - particularly as far as consciousness-raising activities are concerned. There is a strong likelihood of

career involvement with groups and with collective ventures now.

**PERSONAL - EMOTIONS:** Change of environment

This is a time of emotional restlessness and unpredictable change, which will strongly affect the environment you live in. Events can arise which shake you up emotionally and force you to gain greater insight into the unconscious mind and habitual emotional reactions. Greater awareness and objectivity is required when dealing with your feelings now. In reality there is a growing need for change, and this is going to affect family life. There is a strong urge to live a gipsy-like existence - and indeed you may find yourself moving around or in temporary accommodation for a while.

If you are thinking of moving, this is the time when it will happen. It is fine to be somewhat impulsive now, just as long as you get free of environments which no longer mean much to you. It is however not an especially good time for settling down. It is better to be on the move, to travel and to discover new places, countries and people, without allowing yourself to be tied down for too long. You may strike up an important attachment to an untraditional group now, and you will be attracted to people who live on the fringe of society.

## **Mentality**

### **Mercury In Taurus**

**PROFESSIONAL - MENTALITY:** Sell solid values

You are a dogged learner, and you feel most secure with tried and tested facts. When you are sure of your knowledge you can impart it to others in a patient and thorough way. You have a special talent for dealing with practical issues - especially economic matters - and this ability can enable you to achieve business success. You are keenly aware of the value of things, good at making finances multiply and excellent at avoiding mistakes. As you are reluctant to innovate, you may miss opportunities as you feel it's better to be safe than sorry. Therefore you function best in charge of administrative activities.

**PERSONAL - MENTALITY:** Sell solid values

In communication matters, you tend to exude calm and good sense, but you may lack tolerance for other people's point of view - especially if it is provocative. Other things being equal you will communicate rather slowly and sonorously, and with deep conviction. Indeed there may be a certain beauty in your tone of voice, and a fine self-expression. You like to have time to formulate your ideas and hate being interrupted. You have the patience to

give other people your full attention, when they tell you what is on their mind.

Security is a major concern for you, and you may have considerable skill in budgeting and ensuring that you and those close to you are well provided for. You do not feel comfortable with extravagance, but will often show a fine judgement in your purchases.

### **Mercury In 10th House**

**PROFESSIONAL - MENTALITY:** Get your message across  
You have certain specific professional talents which will lead you to work in several different areas in your life. Basically however your greatest professional asset are your mental talents and your special communication abilities. Contact with a variety of people, both locally and internationally, and a sense of being in touch with others - whether it is being up to date on what goes on inside the office or faxing and telephoning outside - are essential ingredients for professional success and satisfaction. You may do a good deal of local travelling, and work for you will be a constant learning and teaching process. New mental challenges are essential for your well-being - otherwise you will get bored. Develop your communication abilities through courses and improving communication techniques.

**PERSONAL - MENTALITY:** Get your message across.

You are a busy person, and your ceaseless search for the good professional opportunity distracts you rather from personal and emotional issues. Sensing your destiny is to communicate, you have a tendency to feel that relationships make you deviate from your path - unless you have a partner who can share your interests in your career. Professional worries and a chronic tendency to plan ahead mean that you set too little time aside for domestic pleasures. A partner who was active in the home would be the ideal counterpoint for you because when you come home from work you need an atmosphere which encourages relaxation.

### **Mercury Sextile Saturn**

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - MENTALITY:** Mental discipline

You have a logical and disciplined mind, and special skills as regards working out systems and performing tasks which

require patience for long periods of time. You prefer to stick to rules and established methods, but you can apply your mind to any task in a very conscientious way, if required. You may be rather suspicious in allowing the imagination to have too much influence - you are the kind of person who reads instructions carefully and follows them. This can make you a little inflexible as regards integrating new methods. Furthermore your admirable attention to detail can hinder you in getting an overall perspective on things. In the first phase of your professional life you can be afflicted by a sense of mental inferiority, so it is important for you to spend time on further education in a constant process of acquiring new skills.

#### PERSONAL - MENTALITY: Mental discipline

You are oversensitive about your intelligence and have a tendency to work twice as hard to prove to yourself and to others that you can meet intellectual demands. As you put so much effort into improving your mind, you can become quite an expert in your chosen field. However in personal relationships you can become very defensive when you are misunderstood, and in situations when you try to understand another person, a mental block can descend because you invest too much self-conscious effort in the process. Relationships would benefit dramatically if you were more relaxed in this respect. You are reluctant to admit it when you do not understand, and this can lead to an escalating situation of misunderstandings. You are also rather a stickler for detail and can be frustratingly pedantic, and your formal style tends to stand in the way of mental spontaneity. Many of the problems around communication improve after the age of 30, as you learn that communication is not a competition but rather a two-way process in which understanding brings mutual benefit.

### Jupiter transiting Opposition Mercury

09-10-2018 -> 06-11-2018

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

#### PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more

to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

#### PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

## Values

### Venus In Gemini

#### PROFESSIONAL - VALUES: Enjoy meeting people

There is a natural talent for communication, often on a creative or aesthetic level. Professionally this gives a number of valuable abilities, not least a charming persuasiveness. You will thrive in situations in which you are required to meet people. You are good at facilitating contact, and may also have talents connected with personnel. As you have extremely good literary judgement, you may wish to try your hand at writing. You have the ability to make rapid adjustments when meeting others, and there is a talent for really reaching people mentally. You will not thrive in an isolated position. You need social stimulation and a variety of tasks to perform. Your friendships will be a powerful resource in your life.

#### PERSONAL - VALUES: Enjoy meeting people

In love relationships there can be a lack of stability, as a single partnership will have difficulty satisfying the need for social contact. Therefore there is a certain innocent flirtatiousness. Both men and women with this position seek stimulating mental relationships, culture, intelligence and a special kind of social mobility. Freedom to get out and about is an essential ingredient in a satisfying relationship. Without change, travel and an active social life, there is a risk of feeling stifled by the partner. In women a youthful charm is apparent, and men with this position are particularly attracted to the elfish, carefree type of partner. Good communication is the cornerstone of a satisfying love-life.

## Venus In 10th House

### PROFESSIONAL - VALUES: Professional taste

You use your profession as a platform for expressing your personal values, and your taste and judgement can have considerable impact on others professionally. Quite apart from aesthetic sensitivity, you are especially good at creating harmony in your working environment, both in your physical surroundings, and especially amongst colleagues. This talent can express itself on a social level, where you can deal with people as part of your job, or even on a physical level, where you can work to beautify people, or deal with precious items. Your ability to appreciate the value of the material world and social connections can bring you the professional status which you desire, if you are prepared to make the effort. You hope success will come the easy way, and if you are lucky, it will. You will be helped on your way by influential women, and you may work with women.

### PERSONAL - VALUES: Professional taste

Relationships have a high priority from the point of view of personal status - perhaps because you were powerfully influenced by the values of your mother, or perhaps because of the example of a sister. Your self-esteem is a little too bound up with outside appearances as regards your relationships. You are attracted to people who have influence and success and tend to marry upwards. Love blossoms in your professional life, and you tend to be romantically attracted to your superiors at work. Later in life you would have great pleasure working with your partner, supporting his or her professional ambitions, or being supported by the partner in yours.

## Venus Sextile Mars

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive

consequences to be strong and very creative, and the negative consequences minimal.

### PROFESSIONAL - VALUES: Enjoyment

You have a dynamic creativity, but how you use it depends greatly on the nature of the aspect. Harmonious contacts between Venus and Mars give an exciting and winning nature, and the ability to work creatively with both sexes in whatever field you may be in. Inharmonious aspects also give considerable creative power, but conflict regarding sexual roles can sabotage success in one way or another. There is a strong erotic element in your character, and this can lead to sexual involvements which distract you from your business. Men with these aspects tend to be more active in their sexual pursuits, women often feel they are on the receiving end. It all depends on the unconscious signals that you send, as you have a natural sex-appeal. If all goes well you can emanate warmth and congeniality which brings professional popularity. This can lead you to success in many fields, especially those in which physical strength is combined with grace in some form. You would also work well in public relations, and in dealing with children. Entertainment and having a good time can be very important for you in your work.

### PERSONAL - VALUES: Enjoyment

As Mars and Venus are the male and female archetypes, this combination brings a powerful need to resolve the dilemma between the sexes. Harmonious aspects show greater ease in this matter, but inharmonious contacts and the conjunction bring extremely difficult challenges. Often confusion about the sexual role stems from the impression given by the parents concerning their love-life, particularly if infidelity was involved. Women with this aspect often experience a strong contrast between the demands of femininity and those of sexuality, and in extreme cases the man is perceived as being a primitive only interested in sexual satisfaction. Actually the woman sends strong sexual signals but gets confused about the response she receives, not knowing whether to take the initiative, (ladies don't do that), or be passive. The paradox is that women with this aspect have strong masculine traits, and can resent the man taking the initiative. Men with this aspect will sometimes have rather feminine traits, and have difficulty taking the initiative.

Whatever the circumstances, the erotic life plays an important role in the character, and there is a strong tendency towards sexual involvements which can be a threat to stable relationships. There is in both sexes a difficulty in integrating the loving nature with passion and

desire - when to be tender and affectionate, when to go your own way? When to be attached, when to be detached? When to be chaste, when to let the body take over? When a balance is found, then there is great potential to have enjoyable relationships on both the physical and spiritual level.

## Venus Opposition Neptune

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

### PROFESSIONAL - VALUES: Acceptance

You have an extraordinarily refined aesthetic sense. Disharmony evokes an almost physical unease in you, so you are strongly motivated to recreate balance in your inner and outer world. Professionally this can manifest in a career where matters of taste are important, or diplomatic talents necessary. You are especially suited to public relations matters, but your genuine compassion for other people may incline you to work helping others in some way. Although you may be strongly inspired by items of physical beauty, you will rarely be satisfied by material well-being alone. You have musical and artistic talents.

### PERSONAL - VALUES: Acceptance

You are willing to make sacrifices for love, and as an incurable romantic you are skilled at creating circumstances for personal disappointment, either through poor judgement regarding potential partners, or unrealistic expectations. You are looking for more than a worldly love - you need to feel as if your soul is touched by your partner, you need to feel a spiritual bond. To be happy in this area of your life you must understand and accept so-called imperfections in others. The perfect partner does not exist and you will never find him or her. It is important to choose an equal - not someone you idealise or want to save - and it is important that the chosen one shares ideals and dreams which transcend conventional relationship needs. Unhappiness and dissatisfaction in love is actually the result of unconscious impressions from your distant past, and these feelings actually have a spiritual purpose now.

## Jupiter transiting Opposition Venus

05-01-2019 -> 02-10-2019

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to

adjust.

### PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

### PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

## Neptune transiting Square Venus

21-03-2017 -> 26-12-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be

able to make dramatic progress in your life.

#### PROFESSIONAL - VALUES: Divine love

During this period you must ask yourself what has value for you. New people come into your life at this time, enhancing the quality of your professional relationships. Through their influence you should be able to discover a new appreciation of your social life, and a greater awareness of the importance of aesthetic factors for enjoyment. It is an excellent period for developing your artistic and creative interests. Indeed it might pay you to put your ambitions on the back-burner for a while, so that you can cultivate your capacity to experience life's pleasures.

Life offers many distractions at this time, and you can be led astray by your desire for magical experience. There is a great emphasis on matters of the heart, though promises made at this time are not destined to pass the test of time. You can also be seduced by economic sandcastles. Whereas it is good to seek greater quality and integrate more beauty and taste into projects, care has to be taken not to invest in glittering ventures which show surface promise but no long-term stability.

#### PERSONAL - VALUES: Divine love

During this period you can develop a greater awareness of the needs of the heart to find lasting values which can be relied on to bring happiness and contentment. It is an excellent time for spiritual discovery and devotion. You need to contact people now who allow themselves to be inspired by aesthetic values. These contacts will enrich your life. If you have any creative or artistic interests, set time aside to pursue these interests now.

It is also a time in which love and romance can blossom and take flower. And just as Spring blossoms bring their blessings yet disappear so fast, love at this time is full of promise, yet rarely delivers lasting results. There is a tendency to get attracted to musical, artistic or spiritual people at this time, who express ideas which really appeal to your dreams. During the course of time, however, reality impinges on romance to reveal a scenario of normality and human weakness, which deflates the early romantic idealisation. The point of love in this period is to refine the heart and bring one in touch with the divine. "Better to have loved and lost, than never to have loved at all".

## Drives

### Mars In Leo

PROFESSIONAL - DRIVES: Develop leadership qualities

You have a very strong sense of identity and are motivated by a desire to create a powerful impression. Recognition of your efforts is essential, and you will tend to measure your success by the prestige you achieve in other's eyes. Never being content with a back seat you seek personal challenges so that you can prove yourself. You are creative and function well when you are at the centre of attention - for example teaching children. You like to see yourself reflected in the work you do. There is a lot of pride, and the very idea of failure is unacceptable for you. This can mean that you stubbornly stick to the wrong course of action just to save face, or that you come into conflict because you have difficulty admitting you are wrong. When you overcome these weaknesses you can be an excellent leader as people will automatically look up to you.

#### PERSONAL - DRIVES: Develop leadership qualities

You are a warm-blooded person with charm and a forceful personality. You have a soft spot for children and considerable creative talent. You like to cultivate a romantic view of yourself, being both gallant and courageous. You are easily manipulated by flattery and appeals to your honour. Men with this position of Mars see themselves as great lovers, and they can launch wooing campaigns in which no expense is spared to sweep women off their feet. Women are attracted to men who have a certain position or prestige, or someone they can look up to in some way. Both sexes are romantic and possess a passionate nature. There is a tendency to get involved in heated love-affairs. There is also a taste for luxury and the good things in life. In long-term relationships, mutual respect is an important ingredient - if this is lost, love dies.

### Mars In 12th House

#### PROFESSIONAL - DRIVES: Inner struggle

It is not easy for you to feel motivated by your work, or to take your ambitions so seriously. You are not a competitive type - or at least you are half-hearted about taking up the fight, basically because you cannot see the point. You function best when you can work in your own space, without too much interference from others. You are not a team person and should find a position behind the scenes in some way. It is difficult for you to define what you really want to do. You feel most inspired when you can work for a cause - especially if you can help people in real trouble in society. Selfless service of this nature can inspire you, and you have a special talent for helping people with mental troubles. The essential element in your professional life is to be inspired by a collective ideal.

#### PERSONAL - DRIVES: Inner struggle

Many of the troubles in your life stem from the inner world of your imagination. Worries and fears often stem from early disturbing experiences in connection with a brother or a father. Because you have a very active imagination you can have a very real sense of being threatened by shadowy forces. You have to take care not to exacerbate these feelings through drugs, pill misuse or alcohol as you are simply oversensitive to bad vibrations. For women with this influence, dealings with men have a tendency to be affected by unrealistic expectations which simply invite disappointment. In sexual matters there may be a dream of a special kind of holy union and rejection of carnal desire. Secret sexual encounters in which you hope to realise this dream lead to confusion and chaos. This influence is best utilised in the search for spiritual understanding - but even here you need to ensure that both feet are planted firmly on the ground. Hard work for the benefit of others purifies your soul.

#### Mars Square Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

#### PROFESSIONAL - DRIVES: Ebullience

You are a person with considerable optimism and energy, and your generally dynamic nature and positive attitude to the future will most probably bring expansion and success in your professional life. You are endowed with great courage and enjoy a challenge, so you would thrive in employment which gave you the opportunity to expand your horizons and travel. There is something of the pioneer in you. As intellectual challenges are also important, you need mental stimulation and the opportunity to discuss issues and get important messages across. You can be very persuasive, but perhaps you also have a tendency to browbeat others. You have an almost religious zeal when it comes to convincing others about what is right and what is wrong. You may even see yourself as a fighter for justice, and whereas this ability to fight for a cause can be very useful under some circumstances, it can also lead to tiring conflicts and disagreements with superiors. Obviously, a job which utilises your energy, enthusiasms and deep convictions would be the best channel for your ebullient energy.

#### PERSONAL - DRIVES: Ebullience

You may well be an exciting person to be with because of your sharp intellect, optimistic nature and sense of fun. If you are a man, you will enjoy the company of your own sex, and be engaged in many activities, perhaps connected with sport or travel. You can excel in mental sparring contests and the thrill of debate. However there may be a tendency to pontificate, or generally make your opinions known in a rather dominating manner. Knowledge and understanding are strong motivating factors for you, so you like to sharpen your mind with discussion and involve yourself in cultural interests.

Women with this aspect are attracted to intelligent men, and often have attachments to foreigners. The most important motivation factor when choosing a man is his ability to expand her mental horizons - either through religious, political, philosophical or cultural interests. An intellectual watershed arises in the relationship, where the man is no longer able to satisfy the intellectual hunger of the woman. How this issue is dealt with is critical for the success of the relationship. The most important thing for both sexes is to take personal responsibility for ensuring constant intellectual or philosophical expansion and personal growth. Relationships would improve dramatically, if you were able to admit that sometimes you are wrong.

#### Mars Trine Neptune

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

#### PROFESSIONAL - DRIVE: Refine your desires

Learning to be motivated and being able to define what you really want to do is one of the greatest challenges for you. You have many talents, especially on the creative side, and these can express themselves in advertising and marketing, matters concerning body energies (for example healing and massage), and many other areas - including social care. Paradoxically you have high ideals, yet may get involved in ethically questionable ventures. You can be driven by a nagging dissatisfaction connected with the meaning of what you are doing, and you thrive best when you work creatively or for a cause which transcends material interests. Doing something you believe in is what motivates you. You have strong socialist impulses.

There is an extraordinarily repetitive theme about being cheated which can affect your working conditions. You will experience on occasions that people go behind your back or

over your head - seemingly without any explanation. This is connected with your perfectionism and a tendency to express dissatisfaction. People hide things from you partially to avoid experiencing your disappointment. If you analyse your own behaviour you will discover that you also have a tendency to hide things from others! By being honest and accepting apparent imperfections, you can avoid unpleasant repetition of these happenings. It is also important for you to speak your mind and take a confrontation when it arises, to clear the air.

#### **PERSONAL - DRIVE: Refine your desires**

There is no doubt that moral issues are a big challenge for you in your life. Early experiences may have inclined you to be wary of acting spontaneously and openly, and this can give rise to great misunderstandings and often deceit in relationships. Women with this aspect will often find themselves getting attracted to men who disappoint them, perhaps through lying or being unfaithful, or through alcohol misuse. Men have problems regulating their material and sexual appetites.

Women are attracted to creative, artistic or spiritual men, who fulfil their inner need to also develop these qualities. Whilst falling for a sensitive man however, there is paradoxically a fear of weaknesses in the male. An exaggerated focus on these supposed weaknesses and a fear of being lied to by the man actually causes the man to conceal his true desires and needs. This can result - in extreme cases - in a double life. The man with this influence cannot find satisfaction in simple material and sexual gratification, no matter how hard he tries - and he tries hard. Happiness comes when both sexes learn that satisfaction is only to be found in creative or spiritual goals - partnership will not in itself provide it. Dissatisfaction has to be seen as a divine discontent which drives the person to higher achievements.

### **Mars Square N.Node**

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

#### **PROFESSIONAL - DESTINY: Survival of the fittest**

You will often find yourself in the midst of the fray in your professional life, with many struggles as regards asserting yourself in groups. Conflict will touch your life in a central way, and no matter what you do you cannot escape the leadership role which puts you in the forefront. You may find

yourself involved in a dynamic co-operative venture involving men and a strong element of competition, though achieving harmony or a unified goal may be an elusive quest.

#### **PERSONAL - DESTINY: Survival of the fittest**

You can portray the essence of masculinity or dynamism in your nature, probably as a result of hard-won battles at key points in your life. This may mean that you are pushy or aggressive in your social relationships, with little regard for opposition, though you may try to choose a life in which you shun confrontation. Coming to terms with the power of sexuality - its pleasures and obsessive quality - is a major life challenge. Dealing with conflict is also a lifelong dilemma for you, as you are denied the opportunity of indulging your weaknesses, and are forced to seek a position of strength in your dealings with others.

### **Jupiter transiting Square Mars**

**28-11-2017 -> 24-08-2018**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

#### **PROFESSIONAL - DRIVES: Burning enthusiasm**

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

#### **PERSONAL - DRIVES: Burning enthusiasm**

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new

intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

## Wisdom

### Jupiter In Taurus

PROFESSIONAL - WISDOM: Believe in abundance

Your talent for creating and maintaining growth coupled with your true appreciation of material values, stands you in good stead in the professional world. True, you have expensive tastes, and you may be extravagant - yet your conviction that money attracts money and that the world will abundantly provide, will normally ensure prosperity - unless there are strong counter-indications in your horoscope. Listen to your instincts in these matters - you know whether material circumstances can sustain growth, and whether to expand or play it safe. In business matters you are careful and reflective, and always willing to lean towards safety, rather than risk. You know how to give and receive solid advice.

PERSONAL - WISDOM: Believe in abundance

You were born in a year where there was a strong focus on the material resources of the world, and the consequences of and possibilities for growth. As such you have the ability to create the circumstances necessary for growth, and enjoy the material benefits of the Earth. By cultivating your ability to experience deep satisfaction - especially of a sensuous nature - you endow the things you touch with intrinsic value. You have strong and perhaps rather old-fashioned convictions and cling to them stubbornly. You may have a particular gift for tuning in to the body, and tapping the energy which lies within it. This can enrich your life both physically and sexually. Because you have a weakness for

the good things in life, there may however be a tendency to overindulge yourself.

### Jupiter In 10th House

PROFESSIONAL - WISDOM: Believe in yourself.

Professional success should come naturally for you, and you may find yourself being helped on your way by influential people who are well-disposed towards you. Success will come in 12 year cycles of expansion and decline. Your ability to grasp opportunities before other people, and a strong belief in your own abilities contribute towards personal success. You are a believer in the principles of growth and laissez-faire, and you know instinctively how important positive thinking is for the achievement of goals. Failures can occur when you rely too much on blind faith, and visions must be backed up by strategic planning. International connections may be an essential ingredient for success. Your personal convictions may have considerable social influence, and people may pay well for your professional advice. This is due to your long-term vision and perspective.

PERSONAL - WISDOM: Believe in yourself.

You were probably fortunate to have a parent who encouraged you strongly to reach out and attain your dreams in life. From this springs a natural confidence in your abilities to get ahead, and a general trust in the world. With success comes influence and a belief in the validity of your views on life. You have to take care not to be too dominating when broadcasting these views in your personal life. Your predisposition for achieving success means that you should be able to guarantee security in partnership matters, and bring the possibility of advancement and higher status to a relationship.

### Jupiter transiting Opposition Jupiter

19-12-2017 -> 21-09-2018

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your

convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

**PERSONAL - WISDOM:** Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

### **Jupiter transiting Conjunction 4th House**

**24-11-2017 -> 18-08-2018**

**PROFESSIONAL - WISDOM:** Moral foundations

One of your greatest assets on a professional level is your good judgement and lucky disposition as regards property. You can expand holdings and generally earn money through dealing with property. You can generally count on the loyal support of your family, for whom you have a strong moral commitment. Business commitments may draw you to foreign countries. Cultural and environmental issues can absorb you on both a national and international level. You will enjoy your retirement, and will probably have a comfortable economy at this time.

**PERSONAL - WISDOM:** Moral foundations

Generally speaking you have had a fortunate upbringing, perhaps growing up in an international environment, or in a large family or a large house. A stimulating intellectual or philosophical atmosphere at home will have provided you with a solid emotional ballast later on in life. Your father, who probably had strong convictions, may have played a strong role in shaping your opinions. You may have found family members rather dominating on an intellectual or moral level, but this has a good effect on you in the long

term. You too will have powerful moral convictions in family matters. You like to live in a large house and may at some time reside abroad.

### **Jupiter transiting Conjunction 5th House**

**15-01-2019 -> 16-10-2019**

**PROFESSIONAL - WISDOM:** Personal expansiveness

Your larger than life personality can give you considerable influence in the business world. You know how to make a good impression and generally have a fine judgement as to when to take risks or not, especially as regards investments. Luck is often on your side and this makes you a winner in situations which require a gamble. You take pride in your intelligence, but you may be unreceptive to other people's opinions or over-sensitive when your own opinions are challenged. You can make a powerful impression on an audience, and this may incline you towards education. You have a generous nature and reap considerable recognition in your professional life.

**PERSONAL - WISDOM:** Personal expansiveness

A happy and expansive childhood has laid the foundation for a trusting attitude in life. You have faith in yourself and this gives you a surplus of energy and enthusiasm to enrich the lives of others. You have strong appetites - also sexually and romantically - and this may lead to too much indulgence in your life. But in general you have charisma and charm, bringing a spark of joy to the people who you choose to be with. You have the capacity and energy to have a large family, although you will also need to express your creative energy in many areas. You may be motivated by the urge to explore personal boundaries through sport or travel.

## **Challenges**

### **Saturn In Leo**

**PROFESSIONAL - SELF-RELIANCE:** Establishing self-esteem

Saturn was in the sign of Leo in the years 1946-48 and 1976-78, and this was reflected in leadership challenges in society, and new systems of child-rearing as well as in a period of emphasis on creativity and entertainment. Inasmuch as you channel this influence in your career, you will feel a strong need to manifest your identity, yet have great doubts as to your ability to live up to a leadership or creative role. You may find that you are subordinated to rather autocratic authority figures, and will feel a strong need to overcome a lack of self-confidence to assume more

personal power yourself. You have to lay your identity on the line, take a gamble and risk being creative, overcoming fears of being subjected to the scrutiny and judgement of others. To become prominent, you need to manifest yourself and take centre stage.

**PERSONAL - SELF-RELIANCE:** Establishing self-esteem

A major area of challenge in your life is concerned with building up a strong sense of identity and overcoming a lack of confidence. You were born at a time of autocratic trends in child-rearing which may have stifled a sense of play and spontaneity, and this means that you tend to take yourself too seriously today. You are oversensitive as regards the impact you make on others, are over-concerned with standing on your dignity, and tend to be hung up on status symbols and gestures of respect or recognition. It is important for you to overcome creative blockages, and you can learn a lot from having children. A little self-irony will go a long way to making you more popular with other people, and it is also important for you to cut loose a little and risk being immature. As you mature you gain greater self-acceptance.

## Saturn In 12th House

**PROFESSIONAL - SELF-RELIANCE:** Spiritual discipline

It is not easy for you to define, let alone realise, your ambitions. You can have difficulty making sense of the expectations the world demands of you, and even when you achieve your goals they tend to dissolve after a short period of time. You cannot create a solid professional foundation by imitating the success or ambitions of others because it is your fate to give up false goals and redefine your life's purpose. You may work in a field in which you are isolated from the rest of society - perhaps in an institution of some sort, perhaps with the old or deprived. Success comes when you turn your back on status and prestige and dedicate yourself unselfishly to others.

**PERSONAL - SELF-RELIANCE:** Spiritual discipline

Isolation can play an important role in your life because you need to spend a lot of time speculating about the nature of existence and your role in the world. You are on a reluctant search for a spiritual foundation in your life. Perhaps as a child you had unhappy experiences connected with religion or the concept of suffering so that now you have an instinctive mistrust of moral rules and religious injunctions. You do not want to reside in some religious dungeon. However if you have blocked the inner channels to personal salvation you will be afflicted by a sense of pointlessness about personal achievement. Only when you have the

courage to turn within and learn about the inner laws of being can you truly experience satisfaction in your life.

## Saturn Square Uranus

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - SELF-RELIANCE:** Structural renewal

This rare combination of planets is part of a 46-year cycle, and the influence will affect everyone over a period of approximately a year. In so far as you channel this influence through your career you have the capacity to deal with large organisations and will often find yourself in the position of establishing a bridge from the old to the new. With one foot in tradition and the established values of collective experience, you will also have to deal with the necessity of reform to adjust to a new future. Depending on which side of this equation you are on, there can be conflict with established authorities. Thus you will often be confronted by two separate and very different camps with very different viewpoints. You deal with social structures which have outlived their usefulness; perhaps a revolution is necessary to make room for the future. You can be skilled at finding ways of putting new technology to practical use. You can work in areas concerned with social reform.

**PERSONAL - SELF-RELIANCE:** Structural renewal

Your personal struggle is very much connected with when to release your attachment to the past and open yourself and your life to the necessity of change. Often you hang on to restrictive life-patterns too long, and when sudden change comes - as it invariably does - the edifice you have built up can disintegrate as you uncompromisingly embark on a completely new venture. You tread the tightrope between generations and have the capacity to bridge the gap between young and old. Sometimes you identify with the establishment, yet there will come decisive breaks as you violently strive to adjust to change. You have a role in society in which you should bear the banner of reform.

## Jupiter transiting Square Saturn

29-09-2017 -> 26-10-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - SELF-RELIANCE:** Expanding the

framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

**PERSONAL - SELF-RELIANCE:** Expanding the framework

At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

## Uranus transiting Square Saturn

11-06-2017 -> 21-02-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - SELF-RELIANCE:** Renewal of plans

This may well be a period of increased social activity and intellectual curiosity. You should ask yourself questions now concerning the viability of long-term plans and well-established traditions in your career. Should things continue as they have been, or would it be wise to experiment and integrate new techniques? Unpredictable events can arise which force you to make changes. It would be to your advantage to consider the humanitarian aspects of your work, and do something which has positive social consequences. International contacts and modern technology can also benefit you. On a deeper level you may want to take a closer look at professional commitments and change your values, so that you can have more freedom

and independence. Freedom, experimentation and flexibility are key words now, as you cannot thrive under the command of others, or with a rigid work schedule.

**PERSONAL - SELF-RELIANCE:** Renewal of plans

If your life is dominated by rigid patterns and tight schedules, you will be wanting to liberate yourself from their tyranny now. Many of the structures that you have built up in your life serve only to constrict you and prevent further development and growth. Now is the time to open doors and take a few risks with your life. Cut back on commitments, put your Time Manager away and brush away the cobwebs of your mind. It is no use being restricted by the same old arguments about responsibility to others - parents and partner must accept that there is also a personal responsibility to develop greater consciousness. Unpredictable things can happen now, structures break down, carefully laid plans are abandoned - you need a dash of excitement.

## Originality

### Uranus In Scorpio Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

### Uranus In 3rd House

**PROFESSIONAL - ORIGINALITY:** Break new mental ground

You have an number of unusual mental talents and interests. Being the type who learns things best by experimentation you don't do so well in a conventional learning environment. You have a low threshold for boredom, and your attention wanders. Yet you are inspired by new horizons and unconventional ideas, and as such you are suited to a career which requires a willingness to be inventive and explore - or perhaps a job connected with electronics, computers, the telephone or the media. Long-distance travel and mental contact with people from other cultures will probably appeal to you. There may a talent for exotic languages.

**PERSONAL - ORIGINALITY:** Break new mental ground

Unusual childhood circumstances were present connected with sibling relationships and your early education. There may have been a sudden interruption of your schooling, and

perhaps a separation from a brother or sister. Events in this connection have a radical effect on your mental attitude. In communication you have many original and perhaps weird and provocative ideas. If you pay close attention to the way you communicate, you may find that you have a tendency to interrupt, or to go off at an angle when talking. There may be deep reasons for this connected with the desire to be listened to.

## **Jupiter transiting Conjunction Uranus**

**13-10-2017 -> 09-11-2017**

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - ORIGINALITY:** The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

**PERSONAL - ORIGINALITY:** The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

## **Uranus transiting Opposition Uranus**

**26-05-2018 -> 24-04-2020**

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

**PROFESSIONAL - ORIGINALITY:** Self-renewal

Everybody experiences this influence at similar ages, each

time Uranus aspects itself during its 84 year orbit around the Sun. The ages of 21, 42 and 63 are the most significant times of change and reorientation. At these times you are challenged to make some form of renewal in your career. Unpredictable events upset plans and force you to keep up with the rapid pace of change going on in the modern world. It is favourable to broaden your horizons through travel and self-development course, and unfavourable to plod on in the same old direction. Self-realisation should take priority over status and ambitions now.

**PERSONAL - ORIGINALITY:** Self-renewal

Uranus makes major stressful aspects to its birth position every 21 years, and major positive aspects every 16 years. These should be times of exciting change and experimentation. Don't let yourself be restricted by the establishment - particularly in the form of parents and partners - during these periods. It is your job to challenge the status quo and preach the doctrine of renewal and change. Travel and change of environment can serve to bring you in contact with the electric energy of life. Be inspired and take a few risks.

# **Transcendence**

## **Neptune In Sagittarius Retrograde**

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

## **Neptune In 4th House**

**PROFESSIONAL - TRANSCENDENCE:** Environmental sensitivity

Professional developments are influenced by fluid conditions in your home environment. You appreciate flexibility in a career, and you do not mind if your job takes you away from the family. You may have a problem with long-term professional commitments, unless your work is in accordance with high ideals. There is a certain attraction to the sea, and a concern for nature and environmental issues. You would be suited for employment in which care for others and emotional sensitivity are important.

**PERSONAL - TRANSCENDENCE:** Environmental sensitivity

The atmosphere around you as a child was tinged with sorrow, for one reason or another. This may have something to do with a parent who suffered through illness,

or who felt deserted and lonely, or who was unhappy for other reasons. There may have been sickness, or medical or alcohol abuse in the family. As a consequence of this, it may be difficult for you to shake off an indefinable sense of dissatisfaction or unhappiness. Perhaps it helps to know that this feeling only comes from your early conditioning. On a positive note, your sensitivity to the moods of others makes you concerned for the needs of your partner and children. You may however have to accept some element of sacrifice in connection with your own family later. It is important for you to accept that certain things are beyond your control. You achieve domestic happiness when you choose not to let your own mood dampen the atmosphere like a wet blanket. You may wish to live near water. Your house can be affected by problems with damp.

### Neptune Sextile Pluto

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

#### PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

#### PERSONAL - TRANSCENDENCE: Mass vision

If you have this influence powerfully evoked by other factors in your horoscope, you will be deeply affected by spiritual issues, and constantly seeking to refine your consciousness. At these times you are likely to experience great personal disorientation and confusion, as old dreams and visions are replaced by new, deep psychological insights. Inner growth will have major priority in intimate relationships. During periods of your life you will undergo

deep transformations in which your fantasy and imagination will play a powerful role. It is essential to learn to use your imagination in a positive way by learning about the power of the unconscious.

### Jupiter transiting Conjunction Neptune

22-12-2018 -> 05-09-2019

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

#### PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

#### PERSONAL - TRANSCENDENCE: Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

### Neptune transiting Square Neptune

01-01-2017 -> 16-02-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

#### PROFESSIONAL - TRANSCENDENCE: Spiritual readjustment

This influence is experienced by everyone around the age of 41, and as such its effect is rather general. It is however important to consider to what extent your career lives up to

your dreams and ideals, because this is the time when you can adjust working rhythms to incorporate some of your dreams. If you have a predisposition for escapism or lack of organisation, you can expect to be confronted by a general sense of dissolution. It can pay to take some time off to tune in to Nature and spiritual or creative interests. At the same time you may wish to review the influence of alcohol or drugs on your life and make some changes.

**PERSONAL - TRANSCENDENCE:** Spiritual readjustment  
Everyone aged 41 will experience this influence, though those with Pisces on their Ascendant may react more strongly than others. This is a good period for spending time on spiritual, creative, musical and artistic interests, and in general you should pay more attention to inner rather than outer needs now. You may expect some spiritual reorientation as you consider the basic meaning of your life. If you feel any inner despair or meaninglessness, then this is a signal for you to take steps to nurture your soul life. Be particularly aware of the negative affects of alcohol and medicine misuse.

## Transformation

### Pluto In Libra Retrograde

Because of the relative position of this planet in relationship to the Sun and Earth, it appears to be moving backwards. This may make you more thoughtful or introverted in the area concerned.

### Pluto In 2nd House

**PROFESSIONAL - TRANSFORMATION:** Cut obsessive attachments

You have an extremely intense desire to build up and maintain personal security. You will often find yourself starting from rock-bottom, and you have the capacity to turn developments around overnight by dint of unrelenting effort. You may achieve material success working transforming things in one way or another - for example extracting materials of value from waste products. At some stage in your life, considerable sums of money will pass through your hands, at another stage you lose everything. You are extremely sensitive to the wealth and status of people around you and are unconsciously driven to emulate the supposed material success of others. Experience will teach you that your values lie on a deeper level than the economic.

**PERSONAL - TRANSFORMATION:** Cut obsessive

attachments

Your values can be transformed from extreme materialism to total asceticism from one moment to the next - especially in your late thirties. This transformation comes when you realise how empty material success is as a yardstick for self-worth. You tend to be attracted to gross status symbols, which suck all your resources until you cast them into the abyss. Inheritance or events connected with death can radically change your financial situation. In personal relationships you will often find yourself irrationally attached to things which have long since lost their meaning for you, and you allow yourself to get drawn into power battles over ownership. This can be compared to trying to swim ashore from a sinking ship clutching a bag of gold. Let go. Your greatest resource is your capacity to see behind the fears of others and offer them support.

### Saturn transiting Square Pluto

13-02-2018 -> 06-01-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - TRANSFORMATION:** Bonds on power  
This influence may not be felt very strongly, unless you have strong Scorpio traits. This is a period when you are confronted with power manifestations in society, and it can be necessary for you to summon up reserves of strength and determination to handle situations which seem beyond your control. Take care in your dealings with police, tax authorities or underworld characters, as you are liable to meet people and groups who are in a position to humiliate you. In professional matters you have to take a closer look at what goes on under the surface. Eliminate any corrupt elements, and look more closely at your motivation when asserting your power.

**PERSONAL - TRANSFORMATION:** Bonds on power  
Though sometimes rather subtle, this influence can release powerful elements in your unconscious mind. If you are a victim of emotional states such as jealousy and paranoia, now is the time to make an effort to deal with them. Deep-rooted psychological complexes which manifest as obsessive behaviour will surface now and the more you try to repress them, the greater power they will have over you. A sure danger sign is if you start accusing other people of evil behaviour, or if you feel that you are being shadowed or persecuted. Inner demons manifest in outer events now, yet solutions are to be found within your own being. You can

contact archetypal forces now, for example through shamanism.

## **Destiny**

### **N.Node In Scorpio, S.Node In Taurus**

**PROFESSIONAL - DESTINY:** Fall of Mammon

The first part of your professional life is defined by a materialistic attitude and a strong drive to attain economic security. You tend to work very hard, accumulate many objects, and become extremely attached to them and to the sensory pleasures they bring. Nevertheless, it seems that as time goes by you have to pay a higher and higher price for your comfort and security. You work harder and harder on the treadmill of your career, and you seem to become more and more bogged down in tasks which offer no promise for the future. Something of a transformation can occur later in your career, in which you completely abandon your material attachments and guarantees of security, and embark on a process of inner investigation. A new interest in hidden matters, psychology and emotional depths arises, and this can lead to a radical new career direction, where you exchange material security for deeper emotional rewards.

**PERSONAL - DESTINY:** Fall of Mammon

Your early years are very security-orientated, and you are strongly motivated to enjoy the many sensory pleasure that the world has to offer. You are determined to give yourself all the material rewards that you see other people enjoy. As you mature these kind of pleasures seem emptier - the more you get, the emptier you feel. Thus you are driven to investigate the whole nature of human desire, and find some satisfaction that goes beyond the senses. Your journey will involve deep erotic experiences, psychological trauma and loss of all those attachments that pull you down and prevent your growth. This decisive transformation comes when you reach the stage at which you are prepared to take a step into the unknown, knowing that there are no guarantees of security, and no economic safety net. This path leads to a new life of inner riches.

### **N.Node In 3rd House, S.Node In 9th House**

**PROFESSIONAL - DESTINY:** Enlighten others

Although you start life very involved in developing personal understanding isolated in an intellectual ivory tower, as you get older you will get more and more satisfaction from your everyday contacts with other people. By availing yourself of the opportunity to disseminate your wisdom through some kind of teaching or communicative activity, you discover how

intellectually nourishing other people can be. Social activities which you may have considered trivial early in your life, may form the basis for your life goals later on - particularly after the age of 37. You become powerfully motivated to replace theories with practical experimentation, and to see other people put your ideas into practice.

**PERSONAL - DESTINY:** Enlighten others

The dichotomy between overall ideologies and everyday application of ideas is very apparent in your life. You discover that intellectual development is no end in itself, and that knowledge is really useful when it is shared and applied. Early in life your personal freedom will be highly prized. There will be considerable travel and deep philosophical flirtations. Later in life, there will be a greater tendency to form bonds and get involved in relationships. By getting to know people, and by relating to the facts of everyday life, you find a new sense of meaningfulness.

### **Jupiter transiting Conjunction N.Node**

**16-11-2017 -> 28-07-2018**

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - DESTINY:** Understanding karma

You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

**PERSONAL - DESTINY:** Understanding karma

This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions - though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.

## THE TWELVE HOUSES

### The Ascendant - Lifepath

This is by far the most important position in the horoscope. It represents you, your life and how you occupy the stage - your style. Planets placed here dominate the life.

### The Second House - Resources

This house is connected with self-worth. How you feel about your body, your assets and talents - and therefore your financial status - is reflected by planets in this house.

### The Third House - Connections

This shows mental abilities and experiences connected with education, siblings, neighbors and everyone in the local environment. The house of travel and networking.

### Descendant (7th) - Relationships

Whilst the Ascendant is connected with yourself, the Descendant is to do with others. This house shows where we reach out and meet people, and form lasting relationships.

### The Eighth House - Intimacy

This house is connected with life's inevitabilities like sex, death and taxes. This is where we feel most anxious and vulnerable, and where we confront emotional and sexual taboos.

### The Ninth House - Understanding

Planets placed here express themselves through insight and understanding gained through travel and further education. This is where beliefs are formed and judgments given.

### The IC of Fourth House - Roots

This shows the family heritage, the atmosphere at home, and the ability to connect to roots and put down new roots. Parents and family are shown here, as well as property and ancestry.

### The Fifth House - Expression

Planets placed in this house are strongly identified with and projected onto the stage. This house is connected with feeling confidence through creativity, children, love and play.

### The Sixth House - Service

Planets placed here show the need to relate with others via practical issues such as work and domestic tasks. This house is connected with health and the daily environment.

### Midheaven (10th) - Achievement

This house represents crowning achievement - your goals and mission. It also shows your career and superior authorities like parents, bosses etc. Planets here achieve success.

### The Eleventh House - Groups

This house is connected with your social life. It has to do with friendships at school and in later life, as well as groups and associations, or the social sphere you are a part of.

### The Twelfth House - Isolation

This shows isolated places in society like prisons and hospitals, or simply living away from it all. Planets placed here show where inner development takes place when feeling alone.

## THE ASTROLOGICAL ASPECTS

### The Conjunction

(0 degrees... orb allowed: 12 degrees)

Key word: Fusion

This aspect is in effect when two planets are close to each other, normally in the same sign. It represents the fusion of planetary principles.

### The Opposition

(180 degrees... orb: 10 degrees)

Key word: Separation

This aspect - when two planets are in opposite signs - shows a split or division between the needs shown by two planets. There is also an attraction between opposites.

### The Square

(90 degrees... orb 6 degrees)

Key word: Tension

This aspect occurs when planets are at right angles to each other in the chart. It shows two needs at war with each other. This brings considerable dynamism, but a lot of trouble.

### The Trine

(120 degrees ... orb 8 degrees)

Key word: Harmony

This aspect occurs when planets are a third of the circle away and normally in the same element. This shows the harmonic confluence of needs, bringing happiness and harmony.

### The Sextile

(60 degrees... orb 4 degrees)

Key word: Creativity

If the circle is divided by a six-pointed star, the sextile would take place on two of the points next to each other. There is both dynamism and pleasure connected with this aspect.
