Birth Report

Dear Ana ,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mercury Square Neptune". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

In intimate relationships you are very attuned to what your partner is thinking. You are a mind-reader, and as such you often feel you know what another person will say before it is said. Whilst this is often the case, problems can arise because of a tendency to adjust what you say to conform to the other person's supposed expectations, and to hide thoughts and ideas which you think will not be received well. If this habit goes on for too long, you may find that you start living in another world - isolated and misunderstood. Effort must be made to improve communication and to say what is really on your mind. You are oversensitive to environmental stimuli - particularly noise - and partners may feel you overreact or are over-critical in this area. However you do need to be in a peaceful environment to function well.

How this influence affects your professional life:

You have a very refined mental sensitivity which may be expressed through some form of imaginative and creative work. You possess a wonderful intuition, but formal learning and dry facts do not interest you. You can be quite a perfectionist and are very good at spotting

mistakes and errors. In your dealings with others, you are very good at tuning in to their ideas, and you will go very far - perhaps too far - to avoid confrontation and argument. You tend to hope difficulties will disappear if you ignore them, and you have a tendency to create a smokescreen around issues. Thus you like to get your own way through being indirect and confusing the opposition. However if you do not make an effort to stick to ethical principles and honest representations, you may find yourself getting ensnared by the stories you create. You have a talent for creative communication - as a writer, in advertising or the media, or as a general part of your work.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Uranus Opposition Jupiter". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This may well be a period of increased social activity and intellectual curiosity. During these months revolutionary new opinions can lead to a radical change in your viewpoint. Contact with foreigners and their cultures can be a catalyst in this process. You may find yourself getting involved with New Age or international groups. This is a great time for inspiration and radical consciousness change, but you may find yourself at cross purposes with people who have traditionally had a strong influence in your life. You have a desire to overthrow intellectual and religious authorities now, and replace restrictive ideologies with ideals about freedom of the individual. You want to define and follow your own path to personal growth at this time, without the heavy hand of any

guru or mentor.

How this influence affects your professional life:

This is a very dynamic period for the expansion of your horizons. There will often be long-distant travel to exotic destinations at this time, or increased contact with foreign countries. International contacts can prove valuable to your profession, and should be cultivated. During this explosively expansive period there can be considerable restlessness - you can hardly be satisfied with a desk job now, or any kind of education or training which does not offer an experiential curriculum. Surprising and unpredictable developments can arise - particularly in connection with legal matters; therefore care should be taken as regards contracts or commitments. You can use the energies of this period optimally by integrating new visions of the future into your goals. Enhanced consciousness and interest in unconventional subjects can play a role in your future.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
